How to Transform Your Life Sep 01 2022 A practical manual for daily life that shows how we can develop and maintain inner peace, how we can reduce and stop our experience of problems, and how we can bring about positive changes in our lives that will enable us to experience deep and lasting happiness. This is a significantly revised edition of one of Venerable Geshe Kelsang's most popular and accessible books.

A Room with a View Illustrated Sep 20 2021 "A Room with a View is a 1908 novel by English writer E. M. Forster, about a young woman in the restrained culture of Edwardian era England. Set in Italy and England, the story is both a romance and a humorous critique of English society at the beginning of the 20th century. Merchant Ivory produced an award-winning film adaptation in 1985.The Modern Library ranked A Room with a View 79th on its list of the 100 best English-language novels of the 20th century (1998)."

How to Make, Market and Sell Ebooks - All for Free Jan 25 2022 "...the best book, hands down for any author looking to self-publish." "...a refreshing change from the hard-sell type of internet marketing I'd been exposed to previously." "I would have given this book 10 stars if I could!" Subjects: sell ebooks, ebook business, publish ebooks, self-publishing, writers, writers reference, writing, e-publishing, book marketing, kindle, indie authors

The Rust Programming Language (Covers Rust 2018) Feb 11 2021 The official book on the Rust programming language, written by the Rust development team at the Mozilla Foundation, fully updated for Rust 2018. The Rust Programming Language is the official book on Rust: an open source systems programming language that helps you write faster, more reliable software. Rust offers control over low-level details (such as memory usage) in combination with high-level ergonomics, eliminating the hassle traditionally associated with low-level languages. The authors of The Rust Programming Language, members of the Rust Core Team, share their knowledge and experience to show you how to take full advantage of Rust's features--from installation to creating robust and scalable programs. You'll begin with basics like creating functions, choosing data types, and binding variables and then move on to more advanced concepts, such as: Ownership and borrowing, lifetimes, and traits Using Rust's memory safety guarantees to build fast, safe programs Testing, error handling, and effective refactoring Generics, smart pointers, multithreading, trait objects, and advanced pattern matching Using Cargo, Rust's built-in package manager, to build, test, and document your code and manage dependencies How best to use Rust's advanced compiler with compiler-led programming techniques You'll find plenty of code examples throughout the book, as well as three chapters dedicated to building complete projects to test your learning: a number guessing game, a Rust implementation of a command line tool, and a multithreaded server. New to this edition: An extended section on Rust macros, an expanded chapter on modules, and appendixes on Rust development tools and editions.

Everybody Worries Mar 03 2020 Even the bravest of the brave and the coolest of the cool worry. Worrying is normal when so much has changed. Inspired by conversations with his parent friends who weren't sure how to explain what is happening right now to their small children, artist and writer Jon Burgerman decided to do something to help. I decided to write a book about worry and stress and how normal it is and how we can try and mitigate it. I think we might not acknowledge that small children worry as much as they do. Without a means of expressing their anxieties the stress can manifest and have adverse effects. It's important to talk openly about what is going on and that the feelings we're experience are being felt by a lot of people, and that by sharing and caring for each other we can try and make it a little better.

The Rough Guide to Jamaica (Travel Guide with Free Ebook) Sep 28 2019 The Rough Guide to Jamaica Make the most of your time on Earth with the ultimate travel guides. We pride ourselves on our accurate, honest and informed travel guides.

Emma Aug 08 2020 Emma, by Jane Austen, is a novel about youthful hubris and the perils of misconstrued romance. The story takes place in the fictional village of Highbury and the surrounding estates of Hartfield, Randalls, and Donwell Abbey and involves the relationships among individuals in those locations consisting of "3 or 4 families in a country village". The novel was first published in December 1815 while the author was alive, with its title page listing a publication date of 1816. As in her other novels, Austen explores the concerns and difficulties of genteel women living in Georgian-Regency England; she also creates a lively comedy of manners among her characters and depicts issues of marriage, gender, age, and social status.

The End of Policing Nov 10 2020 LOS ANGELES TIMES BESTSELLER The problem is not overpolicing, it is policing itself. Why we need to defund the police and how we get there. Recent weeks have seen an explosion of protest against police brutality and repression. Among activists, journalists and politicians, the conversation about how to respond and improve policing has focused on accountability, diversity, training, and community relations. Unfortunately, these reforms will not produce results, either alone or in combination. The core of the problem must be addressed: the nature of modern policing itself. This book attempts to spark public discussion by revealing the tainted origins of modern policing as a tool of social control. It shows how the expansion of police authority is inconsistent with community empowerment, social justice— even public safety. Drawing on groundbreaking research from across the world, and covering virtually every area in the increasingly broad range of police work, Alex Vitale demonstrates how law enforcement has come to exacerbate the very problems it is supposed to solve. In contrast, there are places where the robust implementation of policing alternatives—such as legalization, restorative justice, and harm reduction—has led to a decrease in crime, spending, and injustice. The best solution to bad policing may be an end to policing.

Alice in wonderland Jan 01 2020

Persuasion Nov 30 2019 Anne Elliot was once engaged to Captain Frederick Wentworth, but she broke off the engagement when a family friend persuaded her that it was an imprudent match. Several years later, Captain Wentworth returns from the Napoleonic Wars, but his seeming indifference towards Anne convinces her that it is too late to win him back. Meanwhile, the charming Mr. Elliot—Anne's cousin and her father's heir to Kellynch Hall—plots to marry her to ensure he remains the sole heir to the family estate. Will Captain Wentworth rediscover his feelings for Anne, or will she be forced to marry the scheming Mr. Elliot? English author Jane Austen wrote this novel of manners in 1816, one year before her death at the age of 41. This unabridged version of her last completed novel is taken from the 1818 copyright edition.

The Cruise of the Gyro-car Jul 31 2022

The Rough Guide to France (Travel Guide with Free Ebook) Jul 27 2019 Practical travel guide to France with a free eBook featuring points-of-interest structured lists of all sights and off-the-beaten-track treasures, with detailed colour-coded maps, practical details about what to see and to do in France, how to get there and around, pre-departure information, as well as top time-saving tips, like a visual list of things not to miss in France, expert author picks and itineraries to help you plan your trip. Honest Evangelism Jun 25 2019 Hostility and hunger that's the response to the message of Jesus. The first is painful, the second is wonderful, and Rico Tice is honest about both. Short, clear, realistic and humorous, this book will challenge you to be honest in your conversations about Jesus, help you to know how to talk about him, and thrill you that God can and will use ordinary people to change eternal destinies.

Revelation For You Jun 17 2021 Expository guide to Revelation that can be read as a book; used as a devotional; and utilised in teaching and preaching Many Christians are confused by the book of Revelation. It moves from strange and disturbing images to warm and practical encouragement; from the fires of Hell to wonderful pictures of a glorious eternity. And yet the message of the final book of the Bible is both clear and simple. Despite everything that is going wrong with our world, God remains in control. And when we see history, our present, and our future from heaven's perspective, it will encourage us to trust God and remain faithful to the end. This accessible, absorbing expository guide opens up this book for new and mature Christians alike. It is more applied than a typical commentary, making it a great resource for personal devotion, as well as useful for leading small group studies or sermon preparation.

Perfect Sinners Aug 20 2021 How am I meant to feel as a Christian? You can go to an evangelical church on a Sunday and be told: "Christian, you are loved by God, no matter what you've done. God could not love you more than he does." You can go to another evangelical church and be told: "You're a wretched sinner." The emphasis can feel very different, and yet both churches are teaching truth. Holding both truths together in balance can be tricky but it's essential for healthy Christian living. Overemphasizing one at the expense of the other causes all sorts of problems. Perfect Sinners will help us keep the balance, as we distinguish between our "status" before God and our "walk" with him.

How to Transform Your Life Jul 19 2021 A practical manual for daily life that shows how we can develop and maintain inner peace, how we can reduce and stop our experience of problems, and how we can bring about positive changes in our lives that will enable us to experience deep and lasting happiness. This is a significantly revised edition of one of Geshe Kelsang Gyatso's most popular and accessible books. How to Transform Your Life forms the basis of hundreds of popular drop-in meditation classes and courses around the world. If you want the opportunity to study or find out more about the practices presented in this book, visit your nearest Kadampa Meditation Centre or branch.

R for Data Science Sep 08 2020 Learn how to use R to turn raw data into insight, knowledge, and understanding. This book introduces you to R, RStudio, and the tidyverse, a collection of R packages designed to work together to make data science fast, fluent, and fun. Suitable for readers with no previous programming experience, R for Data Science is designed to get you doing data science as quickly as possible. Authors Hadley Wickham and Garrett Grolemund guide you through the steps of importing, wrangling, exploring, and modeling your data and communicating the results. You'll get a complete, big-picture understanding of the data science cycle, along with basic tools you need to manage the details. Each section of the book is paired with exercises to help you practice what you've learned along the way. You'll learn how to: Wrangle—transform your datasets into a form convenient for analysis Program—learn powerful R tools for solving data problems with greater clarity and ease Explore—examine your data, generate hypotheses, and quickly test them Model—provide a low-dimensional summary that captures true "signals" in your dataset Communicate—learn R Markdown for integrating prose, code, and results

Dracula (Annotated) Mar 15 2021 Jonathan Harker's Journal 3 May. Bistritz. --Left Munich at 8:35 P. M, on 1st May, arriving at Vienna early next morning; should have arrived at 6:46, but train was an hour late. Buda-Pesth seems a wonderful place, from the glimpse which I got of it from the train and the little I could walk through the streets. I feared to go very far from the station, as we had arrived late and would start as near the correct time as possible. The impression I had was that we were leaving the West and entering the East; the most western of splendid bridges over the Danube, which is here of noble width and depth, took us among the traditions of Turkish rule. We left in pretty good time, and came after nightfall to Klausenburgh. Here I stopped for the night at the Hotel Royale. I had for dinner, or rather supper, a chicken done up some way with red pepper, which was very good but thirsty. (Mem. get recipe for Mina.) I asked the waiter, and he said it was called "paprika hendl," and that, as it was a national dish, I should be able to get it anywhere along the Carpathians. I found my smattering of German very useful here, indeed, I don't know how I should be able to get on without it. Having had some time at my disposal when in London, I had visited the British Museum, and made search among the books and maps in the library regarding Transylvania; it had struck me that some foreknowledge of the country could hardly fail to have some importance in dealing with a nobleman of that country.

The Book of Briars Jun 05 2020 No one remembered the books but her. Alistair Mead only remembers one thing from the year she went missing as a child: A series of books that don't exist. After years of searching, she stumbles on a clue that proves the books were real but were somehow erased from existence. Desperate for answers, Alistair is drawn into an ancient literary underworld whose members believe she might be the key to unraveling the books, and the altered history of the world. Ben Kriminger hasn't written in a year. Traumatized by the fanatical reaction to his novel about unsolved disappearances, Ben is still trying to undo the bloody damage caused by his writing and the unhinged reader who couldn't tell fiction from fact. When book pages about a young woman named Alistair begin showing up on Ben's doorstep, he finds that her story mirrors events in his own ill-fated novel. Still unsure if what he's reading is fiction, Ben can't help but act when the pages depict the same people who destroyed his life turning their twisted attention on Alistair. As their parallel paths spiral toward an impossible revelation, Ben and Alistair learn that seeing this story through may damn the world to darkness before the final page is turned. The Book of Briars is a reality-smashing tale of fiction and fate, a story that explores what happens when the lines that separate memory, magic, and the mundane world are shattered beyond repair.

Deep Learning Jul 07 2020 An introduction to a broad range of topics in deep learning, covering mathematical and conceptual background, deep learning techniques used in industry, and research perspectives. “Written by three experts in the field, Deep Learning is the only comprehensive book on the subject.” —Elon Musk, cochair of OpenAI; cofounder and CEO of Tesla and SpaceX Deep learning is a form of machine learning that enables computers to learn from experience and understand the world in terms of a hierarchy of concepts. Because the computer gathers knowledge from experience, there is no need for a human computer operator to formally specify all the knowledge that the computer needs. The hierarchy of concepts allows the computer to learn complicated concepts by building them out of simpler ones; a graph of these hierarchies would be many layers deep. This book introduces a broad range of topics in deep learning. The text offers mathematical and conceptual background, covering relevant concepts in linear algebra, probability theory and information theory, numerical computation, and machine learning. It describes deep learning techniques used by practitioners in industry, including deep feedforward networks, regularization, optimization algorithms, convolutional networks, sequence modeling, and practical methodology; and it surveys such applications as natural language processing, speech recognition, computer vision, online recommendation systems, bioinformatics, and videogames. Finally, the book offers research perspectives, covering such theoretical topics as linear factor models, autoencoders, representation learning, structured probabilistic models, Monte Carlo methods, the partition function, approximate inference, and deep generative models. Deep Learning can be used by undergraduate or graduate students planning careers in either industry or research, and by software engineers who want to begin using deep learning in their products or platforms. A website offers supplementary material for both readers and instructors.

The Book of Hopes Oct 22 2021 First published online to comfort, inspire and entertain children during lockdown, Katherine Rundell's collection of over 100 works from the best authors and illustrators of children's books has been read by almost half a million people. A donation from the sale of each book will go to NHS Charities Together

The Call of the Wild Oct 02 2022 The Call of the Wild is a novel by Jack London. The story is set in the Yukon during the 1890s Klondike Gold Rush—a period when strong sled dogs were in high demand. The novel's central character is a dog named Buck, a domesticated dog living at a ranch in the Santa Clara valley of California as the story opens. Stolen from his home and sold into the brutal existence of an Alaskan sled dog, he reverts to atavistic traits. Buck is forced to adjust to, and survive, cruel treatments and fight to dominate other dogs in a harsh climate. Eventually he sheds the veneer of civilization, relying on primordial instincts and lessons he learns, to emerge as a leader in the wild.

Nineteen Eighty-Four Apr 27 2022 "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

How to Self-Publish Your Book Oct 10 2020 Did you ever consider self-publishing your own book but were daunted by the complex process of actually doing it? 'Insight Guides has spawned many imitators but is still the best of its type.' - Wanderlust Magazine"

The War of the Worlds Illustrated Mar 27 2022 The War of the Worlds is a science fiction novel by English author H. G. Wells, first serialized in 1897 by Pearson's Magazine in the UK and by Cosmopolitan magazine in the US. The novel's first appearance in hardcover was in 1898 from publisher William Heinemann of London. Written between 1895 and 1897, [2] it is one of the earliest stories to detail a conflict between mankind and an extraterrestrial race.[3] The novel is the first-person narrative of both an unnamed protagonist in Surrey and of his younger brother in London as southern England is invaded by Martians. The novel is one of the most commented-on works in the science fiction canon

Middlemarch Nov 22 2021 Who that cares much to know the history of man, and how the mysterious mixture behaves under the varying experiments of Time, has not dwelt, at least briefly, on the life of Saint Theresa, has not smiled with some gentleness at the thought of the little girl walking forth one morning hand-in-hand with her still smaller brother, to go and seek martyrdom in the country of the Moors? Out they toddled from rugged Avila, wide-eyed and helpless-looking as two fawns, but with human hearts, already beating to a national idea; until domestic reality met them in the shape of uncles, and turned them back from their great resolve. That child-pilgrimage was a fit beginning. Theresa's passionate, ideal nature demanded an epic life: what were many-volumed romances of chivalry and the social conquests of a brilliant girl to her? Her flame quickly burned up that light fuel; and, fed from within, soared after some illimitable satisfaction, some object which would never justify weariness, which would reconcile self-despair with the rapturous consciousness of life beyond self. She found her epos in the reform of a religious order.

Lanzarote and Fuertaventura - Insight Pocket Guide May 05 2020 Insight Pocket Guides: ideal itineraries and top travel tips in a pocket-sized package. Free Air Apr 03 2020 Free Air Sinclair Lewis - Fame was just around the corner when Sinclair Lewis published Free Air in 1919, a year before Main Street. The latter novel zeroed in on the town of Gopher Prairie; the former stopped there briefly and then took the reader by automobile in search of America. Free Air heads toward a West that was brimming with possibilities for suddenly mobile Americans at the end of a world war. The vehicle in Lewiss novel, not a Model T but a Gomez-Dep roadster, takes Claire Boltwood and her father from Minnesota to Seattle, exposing them all to the perils of early motoring. On the road, the upper-crust Boltwoods are at once more insignificant and more noble. The greatest distance to be overcome is the social one between Claire and a young mechanic named Milt, who, with a cat as his traveling companion, follows close behind. If Free Air anticipates many of the themes of Lewiss later novels, it also looks forward to a genre that includes John Steinbecks Travels with Charley and Josh Greenfeld and Paul Mazurskys Harry and Tonto. And the character of Claire, blazing her own trail across the West, looks back to the nineteenth-century pioneer woman and ahead to the independent-minded movie heroines played by Katherine Hepburn.

Free Kindle Books Jan 13 2021 Do you love to read? Do you want to get your books free? Do you have a Kindle, Nook, ipad, laptop, or a desktop computer? You can get access too and read thousands of books any any of these devices. Amazon has a free app you can download and read for free.
