**The Lost City of the Monkey God** Oct 11 2020 The #1 New York Times and Wall Street Journal bestseller, named one of the best books of the year by The Boston Globe and National Geographic: acclaimed journalist Douglas Preston takes readers on a true adventure deep into the Honduran rainforest in this riveting narrative about the discovery of a lost civilization -- culminating in a stunning medical mystery. Since the days of conquistador Hernán Cortés, rumors have circulated about a lost city of immense wealth hidden somewhere in the Honduran interior, called the White City or the Lost City of

the Monkey God. Indigenous tribes speak of ancestors who fled there to escape the Spanish invaders, and they warn that anyone who enters this sacred city will fall ill and die. In 1940, swashbuckling journalist Theodore Morde returned from the rainforest with hundreds of artifacts and an electrifying story of having found the Lost City of the Monkey God—but then committed suicide without revealing its location. Three quarters of a century later, bestselling author Doug Preston joined a team of scientists on a groundbreaking new quest. In 2012 he climbed aboard a rickety, single-engine plane carrying the machine that would change everything: lidar, a highly advanced, classified technology that could map the terrain under the densest rainforest canopy. In an unexplored valley ringed by steep mountains, that flight revealed the unmistakable image of a sprawling metropolis, tantalizing evidence of not just an undiscovered city but an enigmatic, lost civilization. Venturing into this raw, treacherous, but breathtakingly beautiful wilderness to confirm the discovery, Preston and the team battled torrential rains, quickmud, disease-carrying insects, jaguars, and deadly snakes. But it wasn't until they returned that tragedy struck: Preston and others found they had contracted in the ruins a horrifying, sometimes lethal—and incurable—disease. Suspenseful and shocking, filled with colorful history, hair-raising adventure, and dramatic twists of fortune, **THE LOST CITY OF THE MONKEY GOD** is the absolutely true, eyewitness account of one of the great discoveries of the twenty-first century.

With the entire town in shock, FBI Agent Pendergast arrives from New Orleans to investigate. Who murdered her? **REVENGE IS NOT SWEET**: It is essential. **COLD VENGEANCE**: Devastated by the discovery that his wife, Helen, was murdered, Special Agent Pendergast must have retribution. And he is stunned to learn that Helen may have been a collaborator in her own murder. Peeling back the layers of deception, Pendergast realizes that the conspiracy is deeper, goes back generations, and is more monstrous than he could have ever imagined—and everything he's believed, everything he's trusted, everything he's understood . . . may be a horrific lie. **TWO GRAVES**: For twelve years, he believed she'd died in an accident. Then, he was told she'd been murdered. Now, FBI Special Agent Aloysius Pendergast discovers that his beloved wife, Helen, is alive. And Pendergast must embark on a furious cross-country chase to rescue her. But all this turns out to be mere prologue to a far larger plot: one that unleashes a chillingly—almost supernaturally—adept serial killer on New York City. His pursuit of the murderer will take Pendergast deep into the trackless forests of South America, to a hidden place where the evil that has blighted both his and Helen's lives lies in wait . . . a place where he

*The Monster of Florence* Feb 12 2021 In the nonfiction tradition of John Berendt and Erik Larson, the author of the #1 NYT bestseller *The Lost City of the Monkey God* presents a gripping account of crime and punishment in the lush hills surrounding Florence as he seeks to uncover one of the most infamous figures in Italian history. In 2000, Douglas Preston fulfilled a dream to move his family to Italy. Then he discovered that the olive grove in front of their 14th century farmhouse had been the scene of the most infamous double-murders in Italian history, committed by a serial killer known as the Monster of Florence. Preston, intrigued, meets Italian investigative journalist Mario Spezi to learn more. This is the true story of their search for--and identification of--the man they believe committed the crimes, and their chilling interview with him. And then, in a strange twist of fate, Preston and Spezi themselves become targets of the police investigation. Preston has his phone tapped, is interrogated, and told to leave the country. Spezi fares worse: he is thrown into Italy's grim Capanne prison, accused of being the Monster of Florence himself. Like one of Preston's thrillers, *The Monster of Florence*, tells a remarkable and harrowing story involving murder, mutilation, and suicide--and at the center of it, Preston and Spezi, caught in a bizarre prosecutorial vendetta.

**Attic** Jul 08 2020 Brutale Morde an Obdachlosen und ein mörderisches Geheimnis in den U-Bahn-Tunneln von New York: Teil 2 der Thriller-Reihe um Special Agent Pendergast von Douglas Preston und Lincoln Child Aus dem stinkenden Schlamm des Hudson River in New York ziehen Polizeitaucher zwei Skelette, denen der Kopf abgetrennt wurde. Weil eines davon grotesk deformiert ist, bitten Lieutenant Vincent D'Agosta und Special Agent Aloysius Pendergast Margo Green vom Labor des Naturhistorischen Museums um Unterstützung bei den Untersuchungen. Zur gleichen Zeit wird New York von einer Mord-Serie an Obdachlosen heimgesucht: Die Leichen der Opfer werden in den Tunneln tief unter den Straßen Manhattans abgelegt, meist wurde ihnen der Kopf abgetrennt. Kann es sein, dass die Mord-Serie viel weiter zurückreicht, als man bislang annahm?
