**Living on Paper** Jan 25 2022 For the first time, novelist Iris Murdoch's life in her own words, from girlhood to her last years Iris Murdoch was an acclaimed novelist and groundbreaking philosopher whose life reflected her unconventional beliefs and values. But what has been missing from biographical accounts has been Murdoch's own voice—her life in her own words. *Living on Paper*—the first major collection of Murdoch's most compelling and interesting personal letters—gives, for the first time, a rounded self-portrait of one of the twentieth century's greatest writers and thinkers. With more than 760 letters, fewer than forty of which have been published before, the book provides a unique chronicle of Murdoch's life from her days as a schoolgirl to her last years. The result is the most important book about Murdoch in more than a decade.

The letters show a great mind at work—struggling with philosophical problems, trying to bring a difficult novel together, exploring spirituality, and responding pointedly to world events. They also reveal her personal life, the subject of much speculation, in all its complexity, especially in letters to lovers or close friends, such as the writers Brigid Brophy, Elias Canetti, and Raymond Queneau, philosophers Michael Oakeshott and Philippa Foot, and mathematician Georg Kreisel. We witness Murdoch's emotional hunger, her tendency to live on the edge of what was socially acceptable, and her irreverence and sharp sense of humor. We also learn how her private life fed into the plots and characters of her novels, despite her claims that they were not drawn from reality. Direct and intimate, these letters bring us closer than ever before to Iris Murdoch as a person, making for an extraordinary reading experience.

*Handbook of the English Novel of the Twentieth and Twenty-First Centuries* Mar 15 2021 The Handbook systematically charts the trajectory of the English novel from its emergence as the foremost literary genre in the early twentieth century to its early twenty-first century status of eccentric eminence in new media environments.

Systematic chapters address 'The English Novel as a Distinctly Modern Genre?', 'The Novel in the Economy', 'Genres', 'Gender' (performativity, masculinities, feminism, queer), and 'The Burden of Representation' (class and ethnicity). Extended contextualized close readings of more than twenty key texts from Joseph Conrad's *Heart of Darkness* (1899) to Tom McCarthy's *Satin Island* (2015) supplement the systematic approach and encourage future research by providing overviews of reception and theoretical perspectives.

Something Special Sep 20 2021 Something Special was previously unpublished except in a 1950s anthology and in Japan, and rediscovered after her death. It is the only short story that Iris Murdoch ever wrote for publication. Set in Dublin, against the vividly recognisable backdrop of the writer's native city in the late fifties, Something Special is the story of Yvonne, an ordinary, bold young Irish woman who believes there's more to life than marriage to Sam, the respectable young man who's courting her. Written with verve and characteristic sly humour, it moves to a surprising climax and conclusion - a poignant, strangely haunting story about the incompatibility of dreams and desires.

**The Sand Sea** Mar 27 2022 "An astounding epic novel of J.R.R. Tolkien proportions!" — Steven Pressfield, Bestselling author of *Gates of Fire* and *The War of Art* Raiders of the Lost Ark playing *A Game of Thrones* *The Sand Sea* takes place on an alternative Earth roiled by war and conquest that mirrors our own Gilded Age. The treasure that ignites greed and folly in this parallel world is not petroleum, but beserite—a mineral of immeasurable value. Captivated by an ancient prophecy and the call of adventure, inexperienced nobleman and scholar Peter Harmon (think of a young Winston Churchill-like naif) joins an expedition to stake his nation's claim to a global empire. Harmon's destination is a vast and inhospitable desert halfway around the world, dominated by the iron-fisted Grand Vizer Jemojeen Jongdar. A tyrant on a mission to secure the ancient and supernatural Staff of the Ram, the Lion, and the Serpent, Jongdar knows the truth that others can only imagine: The one who controls the staff

will possess the power to rule the world. Before he can seize his destiny, Jongdar must find and destroy the one person capable of thwarting his ambition, the rightful heir to the Sand Sea realm, an innocent woman named Selena Savanar. Can the brave and indomitable Selena accept her true destiny and rally her people in the eye of a gathering storm? To do so will require her to outwit the man who burned her father alive and left her an orphan and beggar a lifetime ago. Or will Peter Harmon and the cadre of opportunists he rides with conquer the divided empire? With the mythic structure of J.R.R. Tolkien's *The Lord of the Rings* trilogy in a world as rich and real as George R.R. Martin's *Westeros*, *The Sand Sea* is an immersive experience made to order for epic fantasy fans and anyone who enjoys grand-scale historical fiction.

**#1 Son and Other Stories** Nov 10 2020 "Michael Marcus takes us on a wild adventure through the darkest depths of addiction, sexuality, deceit, and depravity with a raw grace and eloquence that brings to mind the voices of Jim Carroll in *THE BASKETBALL DIARIES*, Irvine Welsh in *TRAINSPOTTING*, Denis Johnson in *JESUS' SON*, and Junot Diaz in *DROWN*. Not for a moment do we question our narrator's truth as he depicts larger-than-life characters who are in a constant struggle to survive. "Marcus has an engaging voice as an author that is matched by his raucous humor. To read *#1 SON* is an experience of monumental proportions. A powerful, fresh new voice has taken center stage on the literary scene." --Jon Hess, from his introduction

*Iris of the Willow* Oct 02 2022 Iris Paisley doesn't know that she committed a horrific

crime of passion in a past life, for all souls lose their memory upon entering a new body. She believes she is merely unlucky when catastrophe follows her, from losing loved ones, to a war breaking out across the world. In actuality, the universe is carefully coordinating these hardships, to correct the steep karmic imbalance her prior incarnation caused. Iris finds refuge from her avalanching life in her dreams, where she is visited by a charismatic stranger named Mada Retina. As Iris falls in love with him, she makes the startling discovery that he is not a figment of her imagination, but a real man that she can see in the flesh-if she is willing to make some sacrifices. Iris and Mada are actively fighting on opposite sides of the war that is raging. Choosing him will mean forsaking her friends and potentially costing them the victory they so desperately seek. It doesn't occur to Iris that Mada's love may be yet another ploy, a trap set by the orchestrators of fate, to make her pay for the crime she left to fester over centuries.

*Modern Utopian Fictions from H. G. Wells to Iris Murdoch* Nov 03 2022 This book aims to put the fiction back into utopian fictions. While tracing the development of fiction in the writing of modern utopias, especially in Britain, it seeks to demonstrate in specific ways how those utopias have become increasingly literary--possibly as a

reaction not only against the "social scientification" of modern utopias but also in reaction against the modern attempt to institute "utopia" in reality, notably in the former Soviet Union but also in consumerist, late-twentieth-century America.

**Dinosaurs of Darkness** Aug 08 2020 Dinosaurs of Darkness opens a doorway to a fascinating former world, between 100 million and 120 million years ago, when Australia was far south of its present location and joined to Antarctica. Dinosaurs lived in this polar region. How were the polar dinosaurs discovered? What do we now know

about them? Thomas H. Rich and Patricia Vickers-Rich, who have played crucial roles in their discovery, describe how they and others collected the fossils indispensable to our knowledge of this realm and how painstaking laboratory work and analyses continue to unlock the secrets of the polar dinosaurs. This scientific adventure makes for a fascinating story: it begins with one destination in mind and ends at another, arrived at by a most roundabout route, down byways and back from dead ends. *Dinosaurs of Darkness* is a personal, absorbing account of the way scientific research is actually conducted and how hard and rewarding it is to mine the knowledge of this remarkable life of the past. The award-winning first edition has been thoroughly updated with the latest discoveries and interpretations, along with over 100 new photographs and charts, many in color.

**Planetary Economics** Apr 15 2021 How well do our assumptions about the global challenges of energy, environment and economic development fit the facts? Energy prices have varied hugely between countries and over time, yet the share of national income spent on energy has remained surprisingly constant. The foundational theories

of economic growth account for only about half the growth observed in practice. Despite escalating warnings for more than two decades about the planetary risks of rising greenhouse gas emissions, most governments have seemed powerless to change course. Planetary Economics shows the surprising links between these seemingly unconnected facts. It argues that tackling the energy and environmental problems of the 21st Century requires three different domains of decision-making to be recognised and connected. Each domain involves different theoretical foundations, draws on different areas of evidence, and implies different policies. The book shows that the transformation of energy systems involves all three domains - and each is equally important. From them flow three pillars of policy – three quite distinct kinds of actions that need to be taken, which rest on fundamentally different principles. Any pillar on its own will fail. Only by understanding all three, and fitting them together, do we have any hope of changing course. And if we do, the oft-assumed conflict between economy and the environment dissolves – with potential for benefits to both. Planetary Economics charts how.

*Listening to Iris Murdoch* Feb 23 2022 When we think of Iris Murdoch's relationship with art forms, the visual arts come most readily to mind. However, music and other sounds are equally important. Soundscapes – music and other types of sound – contribute to the richly textured atmosphere and moral tenor of Murdoch's novels. This book will help readers to appreciate anew the sensuous nature of Iris Murdoch's prose, and to listen for all kinds of music, sounds and silences in her novels, opening up a new sub-field in Murdoch studies in line with the emerging field of Word and Music Studies. This study is supported by close readings of selected novels exemplifying the subtle variety of ways she deploys music, sounds and silence in her fiction. It also covers Murdoch's knowledge of music and her allusions to music throughout her work, and includes a survey of musical settings of her words by various composers.

**Living on Paper** Oct 22 2021 'Love is the extremely difficult realisation that something other than oneself is real' This selection of Iris Murdoch's most interesting and important letters gives us a living portrait of one of the twentieth century's greatest writers and thinkers. Here for the first time is Murdoch in her own words, from her schoolgirl days to her last years. The letters show a great mind at work - we watch the young Murdoch struggling with philosophical issues, often unsure of herself; witness

her anguish when a novel won't come together; observe her involved in world events and exploring sensuality. They are full of sharp humour and irreverence. They also reveal her personal life, the subject of much speculation, in all its intriguing complexity: her emotional hunger and her tendency to live on the edge of what was socially acceptable. Gradually, we see how this fed into her novels' plots and characters, despite her claims that her fiction was not drawn from reality. Quite apart from giving these valuable insights, her letters bring us closer than ever before to Iris Murdoch as a person. They make for an extraordinary and intimate reading experience: she is wonderful company.
