Emperors' Clothes Jun 19 2021 Part cautionary tale, part farce, *Emperors' Clothes* tells the story of two executives and one mob boss who put a Sopranos' style spin on corporate strategy. Stewart Narciss, whose accomplished father prefers the company of his hairless cats to that of his only son, equates executive status with self-worth. To impress the movers and shakers, Stewart hooks his career to the rising power of human resources. Unfortunately for the employees on his watch, lying prostrate before his cold-fish father is the closest this executive comes to touchy feely. As his

efforts to bond with his father, and his company's CEO, are rebuffed, Stewart manipulates the succession process at TMC, assuring his place as consigliere to a future boss. Enter Carol Himmler, a beautiful yet ruthless executive who chews up employees with the indifference of a wild animal eating her young. When a chemical spill results from workforce cuts she made, Carol hires mobster Sal Scruci to make the problem go away. Only problem is Scruci never goes away. All hell breaks loose when Sal reinvents himself as an executive talent scout--not a guy who takes no for an answer. As self-centered agendas drive shortsighted decisions, TMC Corporation heads down a bumpy road--and everything from carefully cultivated allegiances to personal integrity suffers. *Emperors' Clothes* is a rollicking tale told with trenchant wit and insight, leaving readers to wonder who's really the bad guy and if the emperors ever had any clothes.

The Baby Owner's Manual Oct 04 2022 At Last! A Beginner's Guide to Newborn Baby Technology You've programmed your DVR, you've installed a wireless Internet connection, you can even check Facebook on your cell phone. But none of this experience will prepare you for the world's biggest technological marvel: a newborn baby. Through step-by-step instructions and helpful schematic diagrams, *The Baby Owner's Manual* explores hundreds of frequently asked questions: What's the best way to swaddle a baby? How can I make my newborn sleep through the night? When should I bring the baby to a doctor for servicing? Whatever your concerns, you'll find the answers here—courtesy of celebrated pediatrician Dr. Louis Borgenicht and his son, Joe Borgenicht. Together, they provide plenty of useful advice for anyone who wants to learn the basics of childcare.

Hungry Heart Feb 13 2021 "Generous and entertaining." -Publishers Weekly (starred review) Finalist for the PEN/Diamonstein-Spielvogel Award for the Art of the Essay From the #1 New York Times bestselling author and columnist comes a "fiercely funny, powerfully smart, and remarkably brave" (Cheryl Strayed) collection of heartwarming personal essays "as wonderful as her fiction" (Mindy Kaling) that "will enthusiastically reach out to readers and swiftly draw them close" (Publishers Weekly, starred review). Jennifer Weiner is many things: a bestselling author, a Twitter phenomenon, and an "unlikely feminist enforcer" (The New Yorker). She's also a mom, a daughter, and a sister, a clumsy yogini, and a reality-TV devotee. In this "unflinching look at her own experiences" (Entertainment Weekly), Jennifer fashions tales of modern-day womanhood as uproariously

funny and moving as the best of Nora Ephron and Tina Fey. No subject is off-limits in these intimate and honest essays: sex, weight, envy, money, her mother's coming out of the closet, her estranged father's death. From lonely adolescence to hearing her six-year-old daughter say the F word-fat-for the first time, Jen dives into the heart of female experience, with the wit and candor that have endeared her to fans all over the world.

The Management of Technological Innovation Jan 27 2022 The management of technological innovation (MTI) is one of the most important challenges facing businesses today. Innovation has become the fundamental driver of competitiveness for firms of all sizes in virtually all business sectors and nations. The first edition of this book has become one of the most popular texts for students of innovation and technology management. This new edition sees David Gann and Ammon Salter join Mark Dodgson as authors, drawing on their combined experience of 60 years of researching and teaching MTI. It combines the most relevant theoretical analysis with contemporary and historical empirical evidence to provide a comprehensive, yet concise and readable, guide to the challenges of MTI. By explaining the innovation process the book reveals the broad scope of MTI and its importance for company survival, growth and sustainability. It describes how MTI has to be managed strategically and how this is successfully achieved by formulating and implementing strategy and delivering value. Chapters provide frameworks, tools and techniques, and case studies on managing: innovation strategy, communities, and networks, R&D, design and new product and service development, operations and production, and commercialization. Based on robust analysis, the book provides a wide range of empirical evidence from a huge diversity of case studies, with around fifty case studies newly written for this edition. It analyses MTI in all parts of the world, in companies large and small, and in services, manufacturing, and resource-based business sectors. This new edition has been fully revised and updated to reflect the latest teaching and research, and to ensure its continuing relevance to the contemporary world of MTI. It will be an important resource for academics, students, and managers throughout the world, is a recommended text for students of innovation and technology management at postgraduate and undergraduate level, and is particularly valuable for MBA courses.

A Life of Resiliency Dec 14 2020 Have you ever felt that life is playing against you that you have given everything but it seems like the only option left is to give up? Well, this book is for you. Joseph Boyou's *A Life of Resiliency* empathizes with your life and shares with you life's morals. This book is a memoir written passionately to impart life's experiences and its way of dealing and accepting life's storms and obstacles. From his early childhood experience in the civil war, packing to flee, hearing gun fights, staying in refugee camps, and running for their lives have never stopped him from moving forward and seeing opportunities in the military. The loss of Veronica, his wife, on the day she gave birth is totally devastating but Joey Jr. has marked the beginning of his new life. *A Life of Resiliency* reminds how the past prepares you for the future. It conveys love and appreciation. It serves as a reminder that in life, we experience love and war, triumph and failure, peace and sorrow, and life and death. But these experiences should never shake us, make us weak, nor pull us down. Rather, we have to bounce back and respond to that life's experience. Life is full of surprises and giving up is never an option. Life is about moving forward. We may not appreciate some of our experiences, but later on we will understand its importance.
