***New Approaches in History and Theology to Same-Sex Love and Desire Jun 17 2019 This book offers a range of interdisciplinary evaluations of the history of same-sex relationships in the Church as they have been understood in different periods and contexts. The relationships between diverse forms of religious and sexual identities have been widely contested in the media since the rise of the lesbian and gay liberation movement in the 1970s. One of the key images that often appears in public debate is that of 'lesbians and gays in the Church' as a significant 'problem'. Research over the past forty years or so into queer theology and the history of same-sex desire has shown that such issues have played an important role in the story of Christianity over many centuries. The contributors to this volume have all been inspired by the challenges of such revisionist study to explore religion and same-sex desire as a field of opportunity for investigation and debate. They uncover some of the hidden histories of the Church and its theologies: they tell sometimes unexpected stories, many of which invite serious further study. It is quite clear through history that some in the churches have been at the vanguard of legislative and social change. Similarly, some churches have offered safe queer spaces. Overall, these essays offer new interpretations and original research into the history of sexuality that helps inform the contemporary debate in the churches as well as in the academy.***

After landing rave reviews for their transformation of Eleven Madison Park from a French brasserie into a fine dining restaurant, chef Daniel Humm and general manager Will Guidara decided to refashion their Manhattan restaurant into a showcase for New York's food artisans. Instead of looking abroad for inspiration, Humm and Guidara headed to their own backyards, exploring more than fifty farms in the greater New York area and diving into the city's rich***

Included among these dishes designed explicitly for the home cook are reinterpretations of New York classics, like Oyster Pan Roast, Manhattan Clam Chowder, and the Bloody Mary. Lushly illustrated with photographs of the area's dramatic landscapes and the farmers who tend the land, this unique ode introduces the concept of New York regional cuisine as it celebrates the bounty of this exceptional state.**

**New Philosophical Essays on Love and Loving Jan 05 2021 New philosophical essays on love by a diverse group of international scholars. Topics include contributions to the ongoing debate on whether love is arational or if there are reasons for love, and if so what kind; the kinds of love there may be (between humans and artificial intelligences, between non-human animals and humans); whether love can explain the difference between nationalism and patriotism; whether love is an necessary component of truly seeing others and the world; whether love, like free will, is "fragile," and may not survive in a deterministic world; and whether or not love is actually a good thing or may instead be a force opposed to morality. Key philosophers discussed include Immanuel Kant, Iris Murdoch, Bernard Williams, Harry Frankfurt, J. David Velleman, Niko Kolodny, Thomas Hurka, Bennett Helm, Alfred Mele and Derk Pereboom. Essays also touch on the treatment of love in literature and popular culture, from Graham Greene's *The End of the Affair* to Spike Jonze's movie *her*.**

***The Harmony of Love: A Christian Romance* Feb 06 2021 To those around her, her life plays like a simple melody. But she hears the whole song, complete with the harsh sounds of discordant notes. Along with everything else she does at the family's lodge, Leah McNamara also finds the time to write music, using it as an outlet for the things she's experiencing in her life. Leah would be perfectly content with her life at the lodge and her music if she wasn't worried about the secrets she's kept hidden from her family that are now threatening to be revealed. If that were to happen, the betrayal her mom and siblings would feel could damage everything. The realization of his dream had been like a beautiful song, until someone else's actions brings it all to an end. Gavin Colley is unsettled, set adrift when the popular contemporary Christian music group he'd founded crashes and burns in a fiery scandal. When he hears a song being sung by a woman whose voice resonates with him, he sets off to convince her to write and record a song with him. He hopes it might help to give him the direction he needs to move forward. As he bides his time, waiting for the right moment to ask her to collaborate with him, Gavin finds himself intrigued by the prickly woman. Being around her is the perfect distraction from the mess his career is in. But there's also something more there that he hadn't expected to find when he'd made his way to New Hope Falls. When Gavin shows up at the lodge, Leah knows who he is and what's happened. She has long admired his talent as a fellow musician, so she finds herself getting closer to him than she would normally with a guest at the lodge. But even as they draw closer, Leah knows that anything beyond friendship is impossible. Their lives don't harmonize since Gavin's life is on the other side of the country and he's frequently on tour, while Leah prefers being behind the scenes and helping at her family's lodge. But when love finds its way into their hearts, will they try to bring their lives into**

**Love in the Time of Contagion Jul 11 2021 In this timely, insightful, and darkly funny investigation, the acclaimed author of Against Love asks: what does living in dystopic times do to our ability to love each other and the world? COVID-19 has produced new taxonomies of love, intimacy, and vulnerability. Will its cultural afterlife be as lasting as that of HIV, which reshaped consciousness about sex and love even after AIDS itself had been beaten back by medical science? Will COVID end up making us more relationally conservative, as some think HIV did within gay culture? Will it send us fleeing into emotional silos or coupled cocoons, despite the fact that, pre-COVID, domestic coupledness had been steadily losing fans? Just as COVID revealed our nation to itself, so did it hold a mirror up to our relationships. In Love in the Time of Contagion, Laura Kipnis weaves (often hilariously) her own (ambivalent) coupled lockdown experiences together with those of others and sets them against a larger backdrop: the politics of the virus, economic disparities, changing gender relations, and the ongoing institutional crack-ups prompted by #MeToo and Black Lives Matter, mapping their effects on the everyday routines and occasional solaces of love and sex.**

Conspiracies abound in a community that normalizes paranoia and suspicion. **Attached Oct 14 2021 "Over a decade after its publication, one book on dating has people firmly in its grip." —The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways: • Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back • Avoidant people equate intimacy with a loss of independence and constantly try to**

**The New Laws of Love Apr 27 2020 Online dating has become a widespread feature of modern social life. In less than two decades, seeking partners through commercial intermediaries went from being a marginal and stigmatized practice to a common activity. How can we explain this rapid change? And what does it tell us about the changing nature of love and intimacy? In contrast to those who praise online dating as the democratization of love and those who condemn it as the commodification of intimacy, this book tells a different story about how and why online dating became big. The key to understanding the growing prevalence of online dating lies in what Marie Bergström calls “the privatization of intimacy.” Online dating takes courtship from the public to the private sphere, and makes it a domestic and individual practice. Unlike courtship in traditional meeting venues, such as school, work and gatherings of family and friends, online dating makes a clear distinction between social and sexual sociability, and makes dating much more discrete. Apparently banal, this privatizing feature is fundamental for understanding both the success and the nature of digital matchmaking. It also sheds light on a broader social transformation: that of an increasingly private social life where interactions move indoors, narrow down to small circles and rely primarily on elective affinities. Drawing on a wide range of empirical material from interviews, national surveys and dating platforms, this book challenges what we think we know about online dating and gives us a new understanding of who, why and how people go online to seek sex and love.**

**The End of Love Jan 25 2020 Western culture has endlessly represented the ways in which love miraculously erupts in people’s lives, the mythical moment in which one knows someone is destined for us, the feverish waiting for a phone call or an email, the thrill that runs down our spine at the mere thought of him or her. Yet, a culture that has so much to say about love is virtually silent on the no less mysterious moments when we avoid falling in love, where we fall out of love, when the one who kept us awake at night now leaves us indifferent, or when we hurry away from those who excited us a few months or even a few hours before. In *The End of Love*, Eva Illouz documents the multifarious ways in which relationships end. She argues that if modern love was once marked by the freedom to enter sexual and emotional bonds according to one’s will and choice, contemporary love has now become characterized by practices of non-choice, the freedom to withdraw from relationships. Illouz dubs this process by which relationships fade, evaporate, dissolve, and break down “unloving.” While sociology has classically focused on the formation of social bonds, *The End of Love* makes a powerful case for studying why and how social bonds collapse and dissolve. Particularly striking is the role that capitalism plays in practices of non-choice and “unloving.” The unmaking of social bonds, she argues, is connected**

**to contemporary capitalism which is characterized by practices of non-commitment and non-choice, practices that enable the quick withdrawal from a transaction and the quick realignment of prices and the breaking of loyalties. Unloving and non-choice have in turn a profound impact on society and economics as they explain why people may be having fewer children, increasingly living alone, and having less sex. The End of Love presents a profound and original analysis of the effects of capitalism and consumer culture on personal relationships and of what the dissolution of personal relationships means for capitalism.**

***All About Love* Oct 26 2022 A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness—not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The *Utne Reader* declared bell hooks one of the "100 Visionaries Who Can Change Your Life." *All About Love* is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.**

***Labor of Love* May 09 2021 "Does anyone date anymore?" Today, the authorities tell us that courtship is in crisis. But when Moira Weigel dives into the history of sex and romance in modern America, she discovers that**

**authorities have always said this. Ever since young men and women started to go out together, older generations have scolded them: That's not the way to find true love. The first women who made dates with strangers were often arrested for prostitution; long before "hookup culture," there were "petting parties"; before parents worried about cell phone apps, they fretted about joyrides and "parking." Dating is always dying. But this does not mean that love is dead. It simply changes with the economy. Dating is, and always has been, tied to work. Lines like "I'll pick you up at six" made sense at a time when people had jobs that started and ended at fixed hours. But in an age of contract work and flextime, many of us have become sexual freelancers, more likely to text a partner "u still up?" Weaving together over one hundred years of history with scenes from the contemporary landscape, *Labor of Love* offers a fresh feminist perspective on how we came to date the ways we do. This isn't a guide to "getting the guy." There are no ridiculous "rules" to follow. Instead, Weigel helps us understand how looking for love shapes who we are—and hopefully leads us closer to the happy ending that dating promises.**

For readers ready to commit, the authors detail the best proposal spots; where to go ring shopping; the coolest places to register for gifts; and information about the legal requirements for marrying in the city (gay and straight), including a rundown on the classic City Hall wedding—with the best places to buy flowers and to celebrate afterwards, naturally. ***In Love* Dec 24 2019 Hayes's masterpiece is an exquisite depiction of a doomed love affair set in noirish, 1950s New York. In a Manhattan bar, a middle-aged man tells a pretty girl a story: of how he fell into a relationship with a lonely young divorcee; of how one night she was offered a thousand dollars to sleep with a stranger; and of how he and she would subsequently betray each other in turn. In Alfred Hayes's exquisite novella, love - in all its bewildering turns of longing, elation, heartbreak and regret - is dissected with unforgettable honesty and heartbreaking clarity.**

**New Love Poems Nov 03 2020 What is love? How do we get and keep that almost indescribably happy feeling? The collection, *New Love Poems*, by award-winning poet Terry Benczik moves with tenderness, sensitivity, and humor through love's many moods. The book reflects the wild adventure and charming idyll that romantic feelings provide. It describes a woman's journey of love through a jungle of emotions, from attraction and excitement through hurt, despair, longing, and hope. There are also portraits of feelings of love that soar and bring the reader to an elevated territory. The thoughts and feelings here are images and stories we might all recognize and cherish. Some poems spark sentiment, wistfulness, desire, and laughter. Other poems reflect love, not just for a romantic partner, but for humanity and the divine beloved; conveying a realization that the love we carry in our hearts is the most precious gift we can give to ourselves and to others. "Reading poetry awakens our own inner artisan energies and transforms us. *New Love Poems* is a treasure of blessing-filled healing poems for both heart and soul. Terry Benczik is truly Rumi's daughter with her profound, authentic heart poetry." -Rev. Jayne Howard Feldman, author of *Commune with the Angels*, *Driving Under the Influence of Angels*, and *Angels by My Side* "Well, a rare combination of talents is our Terry Benczik! She is fully conscious of the joys of human life—that 'pleasing, anxious being,' as Thomas Gray so memorably described it; and simultaneously she is movingly mindful of Virgil's 'tears of things'; (*lacrimae rerum*). Yet she somehow manages to suffuse a tender charm over both these aspects of our mortal experiences, both the weeping and the laughter. I'm sure it is her aesthetic sensitivity which I find so appealing -that gentle power, that verbal elegance, that poignant memorability, which characterizes her poetic achievement." -Colin Dexter, creator, *Inspector Morse* <https://www.kirkusreviews.com/book-reviews/terry-benczik/new-love-poems/>**

**Going into Town Jun 29 2020 The Washington Post "10 Best Graphic Novels of the Year" New York magazine "The Year's Most Giftable Coffee-Table Books" Newsday "Best Fall Books" The Verge "10 Best Comics of the Year" Oklahoman "Best Graphic Novels of the Year" Winner of the New York City Book Award From the #1 NYT bestselling author of *Can't We Talk About Something More Pleasant?*, Roz Chast, an "absolutely laugh-out-loud hysterical" (AP) illustrated ode/guide/thank-you to Manhattan. New Yorker cartoonist and NYT bestselling author Roz Chast, native Brooklynite-turned-suburban commuter deemed the quintessential New Yorker, has always been intensely alive to the glorious spectacle that is Manhattan--the daily clash of sidewalk racers and dawdlers, the fascinating range of dress codes, and the priceless, nutty outbursts of souls from all walks of life. For Chast, adjusting to life outside the city was surreal (you can own trees!? you have to drive!?), but she recognized that the reverse**

**was true for her kids. On trips into town, they would marvel at the strange visual world of Manhattan--its blackened sidewalk gum wads, "those West Side Story-things" (fire escapes)--its crazily honeycombed systems and grids. Told through Chast's singularly zany, laugh-out-loud, touching, and true cartoons, Going into Town is part New York stories (the "overheard and overseen" of the island borough), part personal and practical guide to walking, talking, renting, and venting--an irresistible, one-of-a-kind love letter to the city.**
