[Existential Kink](#) Apr 29 2022 A smart, sexy guide to embracing the repressed, tabooed, and often unwanted aspects of ourselves so we can discover our inner power and finally live the life we deserve. "We always get exactly what we want; but often, though we may not be aware of it, what we most want is dark—very dark." Each of us has a dual nature: we are light (conscious) and dark (unconscious). The dark side of our personality—the "other," the shadow side—is made up of what we think is our primitive, primal, negative impulses—our "existential kink." Our existential kink also drives the dark or negative repeating patterns in our life: always choosing the abusive partner or boss, settling for less, thinking that we're undeserving, not worthy. But it also is the source of our greatest power. In *Existential Kink*, Carolyn Elliott, PhD, offers a truth-telling guide for bringing our shadow into the light. Inviting us to make conscious the unconscious, Elliott asks us to own the subconscious pleasure we get from the stuck, painful patterns of our existence. *Existential Kink* provides practical advice and meditations so we truly see our shadow side's "guilty pleasures," love and accept them, and integrate them into our whole being. By doing so, Elliott shows, we bring to life the raw, hot, glorious power we all have to get what we really want in our lives.

Swedenborg's Secret Oct 24 2021 *Swedenborg's Secret* is the first major study of the eighteenth-century Swedish philosopher and mystic Emanuel Swedenborg (1688-1772) to be published in English for over fifty years. Using a wealth of historical material, Lars Bergquist paints a vivid portrait of an ambitious and practical man who was one of the greatest figures of the Enlightenment and who captivated generations of thinkers with his stunning vision of human destiny.

Fearless Jul 21 2021 When your last name is Charming, rescuing virgins comes with the territory -- even when the virgin in question is a nineteen-year-old college boy. Someone, somewhere, has declared war on Kevin Kichida, and that someone has a long list of magical predators on their rolodex. The good news is that Kevin lives in a town where Ted Cahill is the

new sheriff and old ally of John Charming. The attacks on Kevin seem to be a pattern, and the more John and his new team follow that thread, the deeper they find themselves in a maze of supernatural threats, family secrets, and age-old betrayals. The more John learns, the more convinced he becomes that Kevin Kichida isn't just a victim, he's a sacrifice waiting to happen. And that thread John's following? It's really a fuse... What Painting Is Sep 10 2020 Unlike many books on painting that usually talk about art or painters, James Elkins' compelling and original work focuses on alchemy, for like the alchemist, the painter seeks to transform and be transformed by the medium. In What Painting Is, James Elkins communicates the experience of painting beyond the traditional vocabulary of art history. Alchemy provides a magical language to explore what it is a painter really does in her or his studio - the smells, the mess, the struggle to control the uncontrollable, the special knowledge only painters hold of how colours will mix, and how they will look. Written from the perspective of a painter-turned-art historian, What Painting Is is like nothing you have ever read about art.

A Perfect Red Dec 02 2019 A Perfect Red recounts the colourful history of cochineal, a legendary red dye that was once one of the world's most precious commodities. Treasured by the ancient Mexicans, cochineal was sold in the great Aztec marketplaces, where it attracted the attention of the Spanish conquistadors in 1519. Shipped to Europe, the dye created a sensation, producing the brightest, strongest red the world had ever seen. Soon Spain's cochineal monopoly was worth a fortune. Desperate to find their own sources of the elusive dye, the English, the French, the Dutch, and other Europeans tried to crack the enigma of cochineal. Did it come from a worm, a berry, a seed? Could it be stolen from Mexico and transplanted to their own colonies? Pirates, explorers, alchemists, scientists, and spies - all joined the chase for cochineal, a chase that lasted for more than three centuries. A Perfect Red tells their stories - true-life tales of mystery, empire, and adventure, in pursuit of the most desirable colour on earth.

The British National Bibliography Dec 14 2020

Catalogue of English Bible Translations Jul 09 2020 While other "Bible" catalogs are available, this comprehensive reference book is destined to become the standard in the field.

Chamberlin's one-volume work traces the publication history of multiple editions of "Bible" translations and offers valuable descriptive annotations. The catalog not only includes complete Bibles, but also Old and New Testaments, partial texts, commentaries that include translations, children's "Bibles," Apocryphal writings, and the "Koran," as well. Other bibliographies are usually limited to editions commonly found in academic libraries, but Chamberlin's guide also includes Bibles found in private collections. Overall, this catalogue contains more than five times as many entries of different English translations as two other "Bible" bibliographies, those by Hill and Herbert, combined. The entries are grouped in 151 categories, and within each category entries are listed in chronological order. The accompanying annotations identify the translator and provide an overview of the contents of each work. The detailed indexes make this bibliography a convenient tool for researchers. Bible scholars, collectors, and rare book dealers will find this catalogue a necessary addition to their libraries.

Low Elf Esteem Oct 04 2022 John Charming. Ex knight. Current monster hunter. A descendant from a long line of monster hunters, John Charming isn't really in the business of saving monsters from humans, but Samuel Blanco is a monster who isn't so. . . monstrous. Unfortunately, the road to a safe haven for Samuel is a treacherous path through ancient Chinese immortals, a commune where the supernatural do what comes supernaturally, a custody battle over a very special child, and a cult of half elves who are badly overcompensating for only being half elf. Forget happily ever after; it's going to take all of John Charming's brains, skill, and luck just to make it through this Midsummer nightmare.

A Troubled Peace Jan 03 2020 March 1945 World War II may be ending, but for nineteen-year-old pilot Henry Forester the conflict still rages. Shot down behind enemy lines in France, Henry endured a dangerous trek to freedom, relying on the heroism of civilians and Resistance fighters to stay alive. But back home in Virginia, Henry is still reliving air battles with Hitler's Luftwaffe and his torture by the Gestapo. Mostly, Henry can't stop worrying about the safety of those who helped him escape—especially one French boy, Pierre, who, because of Henry, may have lost everything. When Henry returns to France to find Pierre, he is stunned by the brutal after-math of combat: starvation, cities shattered by Allied bombing, and the shocking return of concentration camp survivors. Amid the rubble of war, Henry must begin a daring search for a lost boy—plus a fight to regain his own internal peace and the trust of the girl he loves. L. M. Elliott's sequel to *Under a War-Torn Sky* is an astonishing account of surviving the fallout from war.

Arcana Dec 26 2021 Experimental music has been called "difficult," perhaps more in relation to the open-mindedness needed to let it settle between your ears than the break from traditional technique required to play it. But does that explain the scarcity of critical writing about this music form relative to visual arts -- film, photography, sculpture, painting -- that also use experimentation as a main creative force? *Arcana: Musicians on Music* is an answer to that call. Delving into recent development in avantgarde music, this long overdue anthology looks at the current generation of experimental players and composers. Collecting writings, working notes, scores, interviews, and manifestos, editor John Zarn gets deep under the surface of experimental music, and looks at the creative methods and philosophies of some of the most innovative experimental musicians. Among the 29 contributors are: Mark Dresser, John Oswald, Marilyn Crispell, Bill Frisell, Ikue Mari, Larry Ochs, Elliott Sharp, Anthony Coleman, Fred Frith, David Roseboom, George Lewis, Guy Klucsevsek, Peter Garland, Z'ev, and Gerry Hemmingway. Containing discographies and bios on the musicians presented, this

book is an excellent resource for fans and critics as well as a good introduction for the curious.

Advances in Littorinid Biology Sep 30 2019 Members of the gastropod family Littorinidae are common throughout the world. They form a very abundant component of many intertidal and shallow subtidal ecosystems and, by their grazing, often play a central role in shaping these communities. They also display a wide range of life history strategies and many are polymorphic, making them attractive model organisms for ecologists, evolutionary biologists and physiologists alike. Areas of particular interest include ecological interactions with other animals and with algae, the effects of pollutants and the use of littorinids as sentinel species for monitoring pollution, the effects of parasites on growth and ecology, taxonomy, and the study of genotypic/phenotypic responses to environmental factors. There is still much to be done, and the littorinids are proving to be an ideal group on which to work. Audience: Primarily targeted at the research level. Will also provide useful information for advanced first-degree students conducting research projects.

Awaken Your Genius Sep 22 2021 Do you have a nagging suspicion that you're not living up to your creative potential? Do you feel hindered by the deeply embedded programming of social conformity and core limiting beliefs? Most of all, are you ready to shed those shackles and unleash the raging genius deep inside? In Awaken Your Genius, author Carolyn Elliott helps you do just that with a seven-step course that shows you how to live at your fullest creative potential and make manifest your deepest desires and dreams. In Step 1, Hearing the Heart's Call, you'll learn how to determine your true passions and create a vision for yourself at your most fully realized best. Step 2, Accepting the Call, helps you turn that vision into a commitment. Step 3, Meeting the Guide, opens the door to dialoguing with your inner mentor--the subconscious part of yourself that knows what's missing and how to get it. Step 4, Crossing the Threshold, shows you how to let go of socially programmed conformity and venture into your own personal imaginative dreamscape. Step 5, Enduring Trials, gives you tools and tips on navigating the inevitable obstacles that arise when doing this kind of transformational work. Step 6, Becoming Divine, shows you how to tune in to your most expansive, unconditionally loving self, which in turn gives you the power to manifest your dreams and inspire those around you. Step 7, Taming Your Genius, shows you how to negotiate with your newfound genius--a mighty power to be reckoned with--so that it gets sustenance without becoming disruptive. Each step comes with excellent explanations of the powers at work, as well as assignments (called "experiments") and check-ins to make sure you're keeping up with

the previous steps. If you're ready to unleash your inner genius and take your life by storm, *Awaken Your Genius* will put you on the path, give you the tools you need, and keep you sustained, inspired, and supported along the way. If you're serious about cultivating your most imaginative, fearless, intuitive self, don't miss this book.

The Motherlode May 19 2021 An illustrated highlight reel of more than 100 women in rap who have helped shape the genre and eschewed gender norms in the process *The Motherlode* highlights more than 100 women who have shaped the power, scope, and reach of rap music, including pioneers like Roxanne Shanté, game changers like Lauryn Hill and Missy Elliott, and current reigning queens like Nicki Minaj, Cardi B, and Lizzo—as well as everyone who came before, after, and in between. Some of these women were respected but not widely celebrated. Some are impossible not to know. Some of these women have stood on their own; others were forced into templates, compelled to stand beside men in big rap crews. Some have been trapped in a strange critical space between respected MC and object. They are characters, caricatures, lyricists, at times both feminine and explicit. This book profiles each of these women, their musical and career breakthroughs, and the ways in which they each helped change the culture of rap.
