[Questioning Minds](#) Feb 17 2022 "The most intellectually exhilarating work published in 2018 . . . A lasting treasure." —Michael Dirda, *The Washington Post* Hugh Kenner (1923–2003) and Guy Davenport (1927–2005) first met in September 1953 when each gave a paper on Ezra Pound at Columbia University. They met again in the fall of 1957, and their correspondence begins with Kenner's letter of March 7, 1958. In the next forty-four years, they exchanged over one thousand letters. An extraordinary document of a literary friendship that lasted half a century, the letters represent one of the great and—with the dawn of the age of text and Twitter—one of the last major epistolary exchanges of its kind. Students and lovers of modernism will find, in the letters, matchless engagements with Eliot, Joyce, Beckett, Basil Bunting, Charles Tomlinson, R. Buckminster Fuller, Stan Brakhage, Jonathan Williams, and the American modernists William Carlos Williams, Marianne Moore, and Louis Zukofsky. The correspondence ends with Kenner's letter of August 9, 2002, lamenting how they had drifted apart. The extensive notes and cross-referencing of archival sources in *Questioning Minds* are a major contribution to the study of literary modernism. The letters contained within explore how new works were conceived and developed by both writers. They record faithfully, and with candor, the urgency that each brought to his intellectual and creative pursuits. Here is a singular opportunity to follow the development of their unique fictions and essays.

[The Pound Era](#) Oct 25 2022 A critical discussion of Pound's poetry and an insightful analysis of his sources.

[Samuel Beckett, a Critical Study](#) May 20 2022 Examines the themes, structure, and significance of selected works by the nobel prize-winning playwright

Historical Fictions Jul 10 2021 Kenner applies his extraordinarily nimble mind and unrivaled style to the alchemy of speech turning into language, language becoming art, and art finally settling down as culture. A variety of literary topics are addressed in forty-three lively, often humorous, and wonderfully informative essays.

*A Colder Eye* Mar 18 2022 Hugh Kenner's theme is the Irish Literary Revival, that seizure of the English language by writers whose relation to it was oddly uncomfortable, even alien -- and their creation of a new idiom that would dominate and define International Modernism. His technique is anecdote and example. In his hands, biography jostles with critical insight, social history erupts into choice quotation, "facts" reveal themselves to be invention.

*Dublin's Joyce* Jan 04 2021 One of the most important books ever written on Ulysses, Dublin's Joyce established Hugh Kenner as a significant modernist critic. This pathbreaking analysis presents Ulysses as a "bit of anti-matter that Joyce sent out to eat the world." The author assumes that Joyce wasn't a man with a box of mysteries, but a writer with a subject : his native European metropolis of Dublin. Dublin's Joyce provides the reader with a perspective of Joyce as a supremely important literary figure without considering him to be the revealer of a secret doctrine.

*Exiled in the Word* May 28 2020 A poetry anthology that explores the range of Jewish verse from tribal remnants of pre-Judaic times to the works of contemporary Israelis and that traces the course of Jewish thought

**A Homemade World** Oct 13 2021 An assessment of the modernist writings of Faulkner, Wallace Stevens, William Carlos Williams, Marianne Moore, Hemingway, and Fitzgerald and the American conditions that shaped each one.

*Flaubert, Joyce and Beckett* Nov 14 2021 Opening with an explanation of the effect of the printing press on book culture, Hugh Kenner's study of Flaubert, Joyce, and Beckett explores the way this technological advancement altered the way fiction could be written. Using this as his starting point, Kenner details the ways the three authors listed in the title found new possibilities for writing in unique, yet connected ways: Flaubert as the "Comedian of the Enlightenment," categorizing man's intellectual follies; Joyce as the "Comedian of the Inventory," with his meticulously constructed lists; and Beckett as the "Comedian of the Impasse," eliminating facts and writing novels about a man writing.

*Ezra Pound in Context* Nov 02 2020 Long at the centre of the modernist project, from editing Eliot's *The Waste Land* to publishing Joyce, Pound has also been a provocateur and instigator of new movements, while initiating a new poetics. This is the first volume to summarize and analyze the multiple contexts of Pound's work, underlining the magnitude of his contribution and drawing on new archival, textual and theoretical studies. Pound's political and economic ideas also receive attention. With its concentration on the contexts of history, sociology, aesthetics and politics, the volume will provide a portrait of Pound's unusually international reach: an American-born, modern poet absorbing the cultures of England, France, Italy and China. These essays situate Pound in the social and material realities of his time and will be invaluable for students and scholars of Pound and modernism.

Stuttering Jan 24 2020 As a stutterer who was always afraid of speaking vurt was rarely able to jeep his mouth shut, I have a story to tell. "A Zen and the Art of Speech Therapy....Jezer, when he's discussing relevant bits of genetics, neurology, or psychology,

never loses sight of the universality of themes like human communication, vulnerability, and self-worth." --Kirkus Reviews Questioning Minds Feb 23 2020 "The most intellectually exhilarating work published in 2018 . . . The Mechanic Muse Apr 19 2022 Examines how inventions as various as the linotype, the typewriter, the subway, and the computer altered the way the world was viewed and depicted, in readings of works by writers including Pound, Joyce, Beckett, and Eliot

The First Moderns Aug 19 2019 A lively and accessible history of Modernism, The First Moderns is filled with portraits of genius, and intellectual breakthroughs, that richly evoke the fin-de-siècle atmosphere of Paris, Vienna, St. Louis, and St. Petersburg. William Everdell offers readers an invigorating look at the unfolding of an age. "This exceptionally wide-ranging history is chock-a-block with anecdotes, factoids, odd juxtapositions, and useful insights. Most impressive. . . . For anyone interested in learning about late 19th- and early 20th- century imaginative thought, this engagingly written book is a good place to start."—*Washington Post Book World* "The First Moderns brilliantly maps the beginning of a path at whose end loom as many diasporas as there are men."—Frederic Morton, *The Los Angeles Times Book Review* "In this truly exciting study of the origins of modernist thought, poet and teacher Everdell roams freely across disciplinary lines. . . . A brilliant book that will prove useful to scholars and generalists for years to come; enthusiastically recommended."—*Library Journal*, starred review "Everdell has performed a rare service for his readers. Dispelling much of the current nonsense about 'postmodernism,' this book belongs on the very short list of profound works of cultural analysis."—*Booklist* "Innovative and impressive . . . [Everdell] has written a marvelous, erudite, and readable study."—Mark Bevir, *Spectator* "A richly eclectic history of the dawn of a new era in painting, music, literature, mathematics, physics, genetics, neuroscience, psychiatry and philosophy."—Margaret Wertheim, *New Scientist* "[Everdell] has himself recombined the parts of our era's intellectual history in new and startling ways, shedding light for which the reader of The First Moderns will be eternally grateful."—Hugh Kenner, *The New York Times Book Review* "Everdell shows how the idea of "modernity" arose before the First World War by telling the stories of heroes such as T. S. Eliot, Max Planck, and Georges Serault with such a lively eye for detail,

irony, and ambiance that you feel as if you're reliving those miraculous years."—Jon Spayde, *Utne Reader*

***Strange Meetings*** Jul 18 2019 *Strange Meetings* provides a highly original account of the War Poets of 1914-1918, written through a series of actual encounters, or near-encounters, from Siegfried Sassoon's first, blushing meeting with Rupert Brooke over kidneys and bacon at Eddie Marsh's breakfasts before the war, through famous moments like Sassoon's encouragement of Owen when both are in hospital at the same time; on to the poignant meeting between Edward Thomas's widow and Ivor Gurney in 1932; and the last, strange lunch and 'longish talk' of Sassoon and David Jones in 1964, half a century after the great war began. Among the other poets and writers we encounter are Vera Brittain, Roland Leighton, Robert Graves, Isaac Rosenberg, Robert Nichols and Edmund Blunden. Ricketts's unusual approach allows him to follow their relationships, marking their responses to each other's work and showing how these affected their own poetry - one potent strand, for example, is the profound influence of Brooke, both as a model to follow and a burden to reject. The stories become intensely personal and vivid - we come to know each of the poets, their family and intellectual backgrounds and their very different personalities. And while the accounts of individual lives achieve the imaginative vividness of a novel, they also give us an entirely fresh sense of Georgian poetry, conveying all the excitement and frustration of poetic creation, and demonstrating how the whole notion of what poetry should be 'about' became fractured and changed for ever by the terrible experiences of the war.

**Forbidden Signs** Jul 30 2020 *Forbidden Signs* explores American culture from the mid-nineteenth century to 1920 through the lens of one striking episode: the campaign led by Alexander Graham Bell and other prominent Americans to suppress the use of sign

language among deaf people. The ensuing debate over sign language invoked such fundamental questions as what distinguished Americans from non-Americans, civilized people from "savages," humans from animals, men from women, the natural from the unnatural, and the normal from the abnormal. An advocate of the return to sign language, Baynton found that although the grounds of the debate have shifted, educators still base decisions on many of the same metaphors and images that led to the misguided efforts to eradicate sign language. "Baynton's brilliant and detailed history, *Forbidden Signs*, reminds us that debates over the use of dialects or languages are really the linguistic tip of a mostly submerged argument about power, social control, nationalism, who has the right to speak and who has the right to control modes of speech."—Lennard J. Davis, *The Nation* "Forbidden Signs is replete with good things."—Hugh Kenner, *New York Times Book Review*

**Young Eliot** Mar 06 2021 Published simultaneously in Britain and America to mark the fiftieth anniversary of the death of T. S. Eliot, this major biography traces the life of the twentieth century's most important poet from his childhood in the ragtime city of St Louis right up to the publication of his most famous poem, *The Waste Land*. Meticulously detailed and incisively written, *Young Eliot* portrays a brilliant, shy and wounded American who defied his parents' wishes and committed himself to life as an immigrant in England, authoring work astonishing in its scope and hurt. Quoting extensively from poetry and prose as well as drawing on new interviews, archives, and previously undisclosed memoirs, Robert Crawford shows how Eliot's background in Missouri, Massachusetts and Paris made him a lightning conductor for modernity. Most impressively, *Young Eliot* shows how deeply personal were the experiences underlying masterpieces from 'The Love Song of J. Alfred Prufrock' to *The Waste Land*. T. S. Eliot wanted no biography written, but this book reveals him in all his vulnerable complexity as student and lover, stink-bomber, banker and philosopher, but most of all as an epoch-shaping poet struggling to make art among personal disasters.

Everything and Less Aug 11 2021 National Book Critics Circle Award Finalist Best Book of Fall (Esquire) and a Most Anticipated

Book of 2021 (Lit Hub) What Has Happened to Fiction in the Age of Platform Capitalism? Since it was first launched in 1994, Amazon has changed the world of literature. The “Everything Store” has not just transformed how we buy books; it has affected what we buy, and even what we read. In *Everything and Less*, acclaimed critic Mark McGurl explores this new world where writing is no longer categorized as high or lowbrow, literature or popular fiction. Charting a course spanning from Henry James to E. L. James, McGurl shows that contemporary writing has less to do with writing per se than with the manner of its distribution. This consumerist logic—if you like this, you might also like ...—has reorganized the fiction universe so that literary prize-winners sit alongside fantasy, romance, fan fiction, and the infinite list of hybrid genres and self-published works. This is an innovation to be cautiously celebrated. Amazon’s platform is not just a retail juggernaut but an aesthetic experiment driven by an unseen algorithm rivaling in the depths of its effects any major cultural shift in history. Here all fiction is genre fiction, and the niches range from the categories of crime and science fiction to the more refined interests of Adult Baby Diaper Lover erotica. *Everything and Less* is a hilarious and insightful map of both the commanding heights and sordid depths of fiction, past and present, that opens up an arresting conversation about why it is we read and write fiction in the first place.

Mazes Jan 16 2022 *Mazes* provides a pleasurable journey through a lively mind at its best. In this collection of fifty essays, critic Hugh Kenner turns an appraising gaze on an astonishing range of subjects - from Einstein's time dilation principle and Mandelbrot's fractals to Georgia O'Keefe and R. Buckminster Fuller, from computer literacy and the "poetry" of Richard Nixon to Buster Keaton and King Kong.

*Ezra Pound, Italy, and the Cantos* Mar 26 2020 "Pound spent most of his life in Italy and wrote about it incessantly in his poetry. Only by following his footsteps, acquaintances and composition processes can we make sense of and enjoy his forbidding *Cantos*. This study provides for the first time an account of Pound's Italian wanderings and of what they became in his work. After this study we will be able to read Pound as a guide to the places, people and books he loved, and we will share the poet traveler's joys and discoveries"--

*Roth Unbound* Apr 26 2020 Philip Roth – one of the most renowned writers of his generation – hardly needs introduction. From his debut, *Goodbye, Columbus*, which won the National Book Award, to his Pulitzer Prize-winning *American Pastoral*, to his eternally inventive later works such as *Exit Ghost* and *Nemesis*, Roth has produced some of the greatest literature of the past hundred years. And yet there has been no major critical work about him, until now. Here, at last, is the story of Roth's creative life. Claudia Roth Pierpont tells an engaging story even as she delves into the many complexities of Roth's work and the controversies it has raised. This is not a biography – though it contains many biographical details – but something more rewarding: an attempt to understand a great writer through his art. Pierpont, who has known Roth for several years, peppers her gracefully written and carefully researched account with conversational details, providing insights and anecdotes previously accessible only to a very few, touching on Roth's family, his inspirations, his critics, the full range of his fiction, and his literary friendships with such figures as Saul Bellow and John Updike. *Roth Unbound* is a major achievement, a fascinating and highly readable work that will set the standard for Roth scholarship

for years to come.

*The Dance of the Intellect* Dec 23 2019 Must poetic form be, as Yeats demanded, "full, sphere-like, single", or can it accommodate the "impurities" Yeats and his Modernist generation found so problematic? Sixty years later, these are still open questions, questions to which Marjorie Perloff addresses herself in the essays collected here. The first group of essays deals with Pound's own poetics as that poetics related to two of his great contemporaries, Stevens and Joyce, as well as to the visual arts of his day. The second group deals with the more technical aspects of verse and prose. In the last four essays, Perloff takes up broader issues, including the current pessimism about the state of poetry, and the work of experimental poets and conceptual poets.

**The Art of Poetry** Oct 21 2019

**The Bughouse** Dec 03 2020 'An extraordinary book of real passionate research' Edmund de Waal In 1945, Ezra Pound was due to stand trial for treason for his broadcasts in Fascist Italy during the Second World War. But before the trial could take place Pound was pronounced insane. Escaping a potential death sentence he was shipped off to St Elizabeths Hospital near Washington, DC, where he was held for over a decade. At the hospital, Pound was at his most contradictory and most controversial: a genius writer – 'The most important living poet in the English language' according to T. S. Eliot – but also a traitor and now, seemingly, a madman. But he remained a magnetic figure. Eliot, Elizabeth Bishop, Robert Lowell and John Berryman all went to visit him at what was perhaps the world's most unorthodox literary salon: convened by a fascist and held in a lunatic asylum. Told through the eyes of his illustrious visitors, *The Bughouse* captures the essence of Pound – the artistic flair, the profound human flaws – whilst telling the grand story of politics and art in the twentieth century.

**A Serious Character** Jun 28 2020 Ezra Pound's greatness as a man of letters - poet, translator, critic, editor, pedagogue, universal correspondent - made him a central figure in the literature of the twentieth century. He was an exotic and controversial character throughout his life, and his public career achieved melodrama in 1945 when he was indicted on a charge of treason, for broadcasting Axis propaganda on Rome radio during the war. He was eventually confined to a Washington psychiatric hospital for thirteen years. The final period of his life, after his release and return to Italy, was as dramatic - and tragic - as anything that had gone before. In this vigorous and fully documented biography Humphrey Carpenter carefully scrutinizes and often takes issue with the accepted valuation of Pound's achievements and his personality. He had access to Pound's vast correspondence - including highly revealing letters to his parents - and to medical records and confidential American government memoranda relating to Pound's indictment and trial. *A Serious Character* is rich in fascinating detail and acutely challenging in its judgements and commentary. Its title is taken from one of Pound's favourite sayings (first recorded in 1913): 'Are you or are you not, a serious character?'

**Geodesic Math and How to Use It** Sep 12 2021 In 1976 literary critic Hugh Kenner published this fully-illustrated practical manual for the construction of geodesic domes, which had been invented 25 years previously by R. Buckminster Fuller. Now returned to print for the first time since 1990.

*Ezra Pound and the Visual Culture of Modernism* Nov 21 2019 An important contribution to the study of Pound's influences and of the relationship between modernism and art.

*Joyce's Voices* Jun 21 2022

*The Poetry of Ezra Pound* Sep 24 2022 This pioneering study did much to rehabilitate Ezra Pound's reputation after a long period of critical hostility and neglect. Published in 1951, it was the first comprehensive examination of the Cantos and other major works that would strongly influence the course of contemporary poetry.
