Fallocaust Mar 17 2021 Over two hundred and thirty years ago the Fallocaust happened, killing almost everything that lived and creating what is now known as the greywastes. A dead wasteland where cannibalism is a necessity, death your reality, and life before the radiation nothing but pictures in dog-eared magazines. Reaver is a greywaster, living in a small block controlled by a distant ruler said to have started the Fallocaust. He is a product of the savage world he was raised in and prides himself on being cold and cruel. Then someone new to his town catches his eye, someone different than everyone else. Without knowing why he starts to silently stalk him, unaware of where it will lead him.

Fragments of Horror Aug 10 2020 A new collection of delightfully macabre tales from a master of horror manga. An old wooden mansion that turns on its inhabitants. A dissection class with a most unusual subject. A funeral where the dead are definitely not laid to rest. Ranging from the terrifying to the comedic, from the erotic to the loathsome, these stories showcase Junji Ito's long-awaited return to the world of horror. -- VIZ Media

Conservation Science 2007 May 19 2021 "Conservation Science 2007 was organised jointly by the Institute of Conservation (Icon) Heritage Science Group (formerly the Institute of Conservation Science, ICS, at the time the conference was first planned), the Politecnico di Milano, Italy, and the University of Milan, Italy, and held at the Politecnico di Milano 10-11 May 2007. This was the second ICS conference." "Almost all of the papers from the plenary session From science laboratory to conservation practice, both papers and poster abstracts from the three working sessions, and posters on the theme of Architecture are published here. The 30 papers have all been peer reviewed. This volume provides a valuable overview of current research being carried out worldwide in conservation science."--BOOK JACKET.

C for Programmers with an Introduction to C11 May 07 2020 The professional programmer's Deitel® guide to procedural programming in C through 130 working code examples Written for programmers with a background in high-level language programming, this book applies the Deitel signature live-code approach to teaching the C language and the C Standard Library. The book presents the concepts in the context of fully tested programs, complete with syntax shading, code highlighting, code walkthroughs and program outputs. The book features approximately 5,000 lines of proven C code and hundreds of savvy tips that will help you build robust applications. Start with an introduction to C, then rapidly move on to more advanced topics, including building custom data structures, the Standard Library, select features of the new C11 standard such as multithreading to help you write high-performance applications for today's multicore systems, and secure C programming sections that show you how to write software that is more robust and less vulnerable. You'll enjoy the Deitels' classic treatment of procedural programming. When you're finished, you'll have everything you need to start building industrial-strength C applications. Practical, example-rich coverage of: C programming fundamentals Compiling and debugging with GNU gcc and gdb, and Visual C++® Key new C11 standard features: Type generic expressions, anonymous structures and unions, memory alignment, enhanced Unicode® support, `_Static_assert`, `quick_exit` and `at_quick_exit`, `_Noreturn` function specifier, C11 headers C11 multithreading for enhanced performance on today's multicore systems Secure C Programming sections Data structures, searching and sorting Order of evaluation issues, preprocessor Designated initializers, compound literals, `bool` type, complex numbers, variable-length arrays, restricted pointers, type generic math, inline functions, and more. Sex Shamans Sep 10 2020 20 transformative stories and sexual healing practices from international pioneers in the sexual shamanism movement • Reveals intimate details about how each sex shaman overcame personal struggles with heartache, jealousy, mental illness, or social shame to realize their calling as a sacred sexual healer • Includes 20 in-depth embodiment exercises such as soul gazing, contacting your spirit guides, sexual divination, energetic sex, self-pleasuring, moon blood rituals, and sacred sexual storytelling • Includes contributions from 20 diverse voices in the sexual shamanism community, all part of the mystery school ISTA: International School of Temple Arts Drawing on traditional and modern practices, a sex shaman uses the power of erotic energy as a healing medicine. They channel divine love and embrace sexuality freely, practicing polyamory, sexual healing, and even sex magic. They teach tantra, trance dance, kundalini yoga, and other techniques for healing shame, guilt, fear, and sexual trauma. Designed to guide the reader on a journey into their own sacred sexual awakening, this book shares true stories from 20 visionary pioneers in the sexual shamanism movement, all of them associated with the International School of Temple Arts (ISTA), a mystery school that works to illuminate the path of sexual shamanism and heal the split between sex and spirit, release the shame surrounding sexual awakening, and inspire more sexual liberation around the world. The teachers reveal intimate details of their life stories and sexual awakening journeys, showing how, by surrendering to the wisdom of the erotic current of the universe, transformation occurs. Each story is accompanied by an in-depth embodiment exercise with step-by-step instructions, including soul gazing, contacting your spirit guides, sexual divination, energetic sex, self-pleasuring, moon blood rituals, and sacred sexual storytelling. Underlying these exercises is the belief that the body is a temple that opens with pleasurable worship so spirit may dwell more fully within. The 20 contributors include Baba Dez Nichols, Bruce Lyon, Crystal Dawn Morris, Dawn Cherie, Deborah Taj Anapol, Ellie Wilde, Janine Ma-Ree, KamalaDevi McClure, Komala Lyra, Laurie Handlers, Lin Holmquist, Matooka Moonbear, Mia Mor, Ohad Pele Ezrahi, Patrik Olterman, Raffaello Manacorda, Ria Bloom, Sean O'Faolain, Stephanie Phillips, and Stephen SouLove.

The Judas Mandala Jul 09 2020 Early in the 21st century, after the Great Recession, poet and young mother Maggie Roche is harassed by a lovely woman, Sriyanie, and a famous neuroscientist, David Elfield. She doesn't know it yet, but she is about to become history's first time traveler. When agents from the far future attempt to kill her, in baffled fury she slingshots herself into the 7th millennium. Instantly she's on the run from the Ull Lords and their virtual reality devotees. These superbeings are cyborged humans constructed to live forever, with the ambition to rule the universe. Maggie is having none of this. Encountering an earlier version of Sriyanie, her fated future role in the formation of the multiverse falls upon her shoulder like a thunderous lightningbolt. A Being at the end of time she calls the Something wages endless war with its foes, the Ull Lords. Torn from her beloved child and her own time, Maggie must choose whether to accept this alienating path into an alternative cosmic history fit for a poet and a free woman.

Salt Boy Jan 15 2021 When danger to the sheep leaves no alternative, a young Navajo boy breaks his promise to his father and is rewarded for his courage and good judgment.

The Meditations of Marcus Auerlius Feb 13 2021 The timeless wisdom of an ancient Stoic can become a companion for your own spiritual journey. Stoicism is often portrayed as a cheerless, stiff - upper - lip philosophy of suffering and doom. Yet as experienced through the thoughtful and penetrating writings of Roman emperor Marcus Aurelius (121 - 180 CE), the Stoic approach to life is surprisingly rich, nuanced, clear - eyed and friendly. With facing - page commentary that explains the texts for you, Russell McNeil, PhD, guides you through key passages from Aurelius's Meditations, comprised of the emperor's collected personal journal entries, to uncover the startlingly modern relevance his words have today. From devotion to family and duty to country, to a near - prophetic view of the natural world that aligns with modern physics, Aurelius's words speak as potently today as they did two millennia ago. Now you can discover the tenderness, intelligence and honesty of Aurelius's writings with no previous background in philosophy or the classics. This SkyLight Illuminations edition offers insightful and engaging commentary that explains the historical background of Stoicism, as well as the ways this ancient philosophical system can offer psychological and spiritual insight into your contemporary life. You will be encouraged to explore and challenge Aurelius's ideas of what makes a fulfilling life - and in so doing you may discover new ways of perceiving happiness.

Empress of Flames May 31 2022 In this epic conclusion to *The Girl King*, two sisters war for a crown that was never meant to be theirs - though only one can wear it. As the late-Emperor's first-born, Princess Lu knows the throne rightfully belongs to her. She also can't forget her promise to shapeshifter Nok, the boy she loves, to win justice for his now powerless people. Yet even with an army at her side, Lu must face a major obstacle: the current Empress, her younger sister, Min. Princess Min used to live in Lu's shadow. Now she wields an ancient magic, one she's determined to use to forge her own path for the Empire,

even if that means making enemies in court. But first, she must learn to control her power - before it consumes her . . . and the entire realm. Lu and Min are set for an epic confrontation, but the Empire faces a threat even greater than their rivalry. One that could cost them both the throne - and their lives. Praise for *The Girl King*: 'Everything I want in a high fantasy' Samantha Shannon, *Sunday Times* bestselling author 'Mimi Yu has that gift of magic' Marjorie Liu, *New York Times* bestselling author 'If you're down with dangerous magic, clans of shapeshifters, and worthy girls who somehow STILL need to prove their worth, then you will love this as much as I did' Kendare Blake, *New York Times* bestselling author

Fire in Montana Nov 12 2020 In the summer of 1949 fifteen smokejumpers parachuted into a remote Montana canyon called Mann Gulch. It started as a very small fire in rugged country but within two hours after landing, thirteen of these young men were caught in a raging inferno and were killed. They died bravely, together with their friends, and in the service of their country. Everyone was young and attractive, healthy and strong, enthusiastic and in love. They were bursting into the prime of their lives. There were no malcontents here. Everyone did their best but events overtook them. Until now the actual time line has never been connected to the people involved. *Fire in Montana* connects the lives of young smokejumpers who lived with a joy of life and expectations of shining futures, the forest rangers and volunteers who fought valiantly to rescue them, and their families, lovers, and friends who were forced to wait and pray, then face the devastating and heart wrenching loss.

Group Techniques Jun 07 2020 This sourcebook of techniques, designed to supplement theory or practicum books, explores the place and the usefulness of techniques, as well as their abuse. The authors hope to stimulate creativity in the readers approach to group work and to encourage group leaders to develop their own therapeutic styles. They therefore offer this book as an outline for leaders to build upon in adapting techniques for their own situations, not as a cookbook of recipes to be rigidly followed. The goal is not to catalog techniques for every conceivable situation, but to teach leaders how to adapt the techniques presented and to develop others sensitively, creatively, and appropriately. The authors primarily

assume that techniques are means, not ends, and that they are fundamentally at the service of the client, not the therapist. The book is especially strong on the leaders executive functions in the group: maneuvering and facilitating the group to optimize its effectiveness and relying on the members themselves to do the majority of the therapy. In addition, the authors hope to stimulate interest in the philosophical and ethical dimensions of group work, and they make reference to the Association for Specialists in Group Work (ASGW) ethical guidelines when relevant.

Handbook of Developmental Science, Behavior, and Genetics Jun 19 2021 The Handbook of Developmental Science, Behavior, and Genetics brings together the cutting-edge theory, research and methodology that contribute to our current scientific understanding of the role of genetics in the developmental system. • Commemorates the historically important contributions made by Gilbert Gottlieb in comparative psychology and developmental science • Includes an international group of contributors who are among the most respected behavioral and biological scientists working today • Examines the scientific basis for rejecting the reductionism and counterfactual approach to understanding the links between genes, behavior, and development • Documents the current status of comparative psychology and developmental science and provides the foundation for future scientific progress in the field

Medical Anthropology Sep 22 2021 Intended as the primary text for introductory courses on medical anthropology, this book integrates human biological data relevant to health and disease with both evolutionary theory and the social environments that more often than not produce major challenges to health and survival. Because students who take this fastest-growing anthropology course come from a variety of disciplines (anthropology, biology, especially pre-med students, and health sciences, especially), the text does not assume anything beyond a basic high-school level familiarity with human biology and anthropology. The authors first present basic biological information on a particular health condition and then expand their analysis to include evolutionary, historical, and cross-cultural perspectives. Among the topics covered are nutrition, infectious disease, stress, reproductive health, behavioral disease, aging, race/racism and health, mental health, and healers and healing.
