The City as Anthology Nov 24 2021 Household anthologies of seventeenth-century Isfahan collected everyday texts and objects, from portraits, letters, and poems to marriage contracts and talismans. With these family collections, Kathryn Babayan tells a new history of the city at the transformative moment it became a cosmopolitan center of imperial rule. Bringing into view people's lives from a city with no extant state or civic archives, Babayan reimagines the archive of anthologies to recover how residents shaped their communities and crafted their urban, religious, and sexual selves. Babayan highlights eight residents—from king to widow, painter to religious scholar, poet to bureaucrat—who anthologized their city, writing their engagements with friends and family, divulging the many dimensions of the social, cultural, and religious spheres of life in Isfahan. Through them, we see the gestures, manners, and sensibilities of a shared culture that configured their relations and negotiated the lines between friendship and eroticism. These entangled acts of seeing and reading, desiring and writing converge to fashion the refined urban self through the sensual and the sexual—and give us a new and enticing view of the city of Isfahan.

Redefining Russian Literary Diaspora, 1920-2020 Sep 30 2019 Over the century that has passed since the start of the massive post-revolutionary exodus, Russian literature has thrived in multiple locations around the globe. What happens to cultural vocabularies, politics of identity, literary canon and language when writers transcend the metropolitan and national boundaries and begin to negotiate new experience gained in the process of migration? *Redefining Russian Literary Diaspora, 1920-2020* sets a new agenda for the study of Russian diaspora writing, countering its conventional reception as a subsidiary branch of national literature and reorienting the field from an excessive emphasis on the homeland and origins to an analysis of transnational circulations that shape extraterritorial cultural practices. Integrating a variety of conceptual perspectives, ranging from diaspora and postcolonial studies to the theories of translation and self-translation, World Literature and evolutionary literary criticism, the contributors argue for a distinct nature of diasporic literary expression predicated on hybridity, ambivalence and a sense of multiple belonging. As the complementary case studies demonstrate, diaspora narratives consistently recode historical memory, contest the mainstream discourses of Russianness, rewrite received cultural tropes and explore topics that have remained marginal or taboo in the homeland. These diverse discussions are framed by a focused examination of diaspora as a methodological perspective and its relevance for the modern human condition.

Can Pharaoh Hatshepsut's people accept her unorthodox reign, and her plans to usurp the men's place as rulers of a Kingdom, decreeing that only women are suitable leaders?

No More Masterpieces Jun 27 2019 This groundbreaking account of postwar American art traces the profound influence of Antonin Artaud. Proposing an original reassessment of art from the 1950s to the 1970s, *No More Masterpieces* reveals how artistic practice in postwar America was profoundly shaped by the work of the rebellious French poet and dramatist Antonin Artaud (1896-1948). A generation of artists mobilized Artaud's countercultural ideas to imagine new forms of representation and to redefine the relationship between artist and audience. The book shows how Artaud's radical writings inspired the experimental theatrical work of John Cage, Rachel Rosenthal, and Allan Kaprow; the attack on artistic and social conventions launched by assemblage artists Wallace Berman and Bruce Conner; and the feminist work of Carolee Schneemann and Nancy Spero. Lucy Bradnock traces the dissemination of Artaud's writings in America and demonstrates how his interest in political and cultural disorder, the dangers of authority, and the unreliability of representation found fertile ground in the context of the Cold War, disillusionment with the ideals of Abstract Expressionism, and the early years of identity politics.

Garth Brooks The Anthology Oct 04 2022 The first five years were filled with high adventure, with dreams coming true, with new friendships beginning and old friendships growing. Most of all, though, the years were filled with music being made. We thought about songs night and day, chased the things. I was surrounded by songwriters, musicians, producers, engineers, managers, by people who lived to make music, and we got to see the world through songs. There were a lot of firsts, one after another: First time leaving Oklahoma for Nashville, first time hearing one of our songs on the radio, first time hitting number one. We won't ever get to go through all those firsts again, but this book is my chance to get together with the people who shared the experiences and together remember how it all went down. This book gathers what comes to our minds when we think of the first five years and the songs that came to life during that time. Inside these pages you'll find the music that got released in those first five years, five CDs of it. But you'll also find a few recordings that we've never shared, some of my favorites. You'll find photographs that have never been made public, behind-the-scenes images from before the first record and others from during the journey. There are artifacts from the vaults, things I've saved myself, bits and pieces of this history that mean a lot to me. I've always wanted to bring people closer to what I saw, what I experienced. This feels like the closest I've come to doing just that.
