[Frederick II](#) Mar 29 2022 Frederick II of Hohenstaufen, Holy Roman Emperor, King of Sicily, King of Jerusalem, has, since his death in 1250, enjoyed a reputation as one of the most remarkable monarchs in the history of Europe. His wide cultural tastes, his apparent tolerance of Jews and Muslims, his defiance of the papacy, and his supposed aim of creating a new, secular world order make him a figure especially attractive to contemporary historians. But as David Abulafia shows in this powerfully written biography, Frederick was much less tolerant and far-sighted in his cultural, religious, and political ambitions than is generally thought. Here, Frederick is revealed as the thorough traditionalist he really was: a man who espoused the same principles of government as his twelfth-century predecessors, an ardent leader of the Crusades, and a king as willing to make a deal with Rome as any other ruler in medieval Europe. Frederick's realm was vast. Besides ruling the region of Europe that

encompasses modern Germany, Czechoslovakia, Poland, eastern France, and northern Italy, he also inherited the Kingdom of Sicily and parts of the Mediterranean that include what are now Israel, Lebanon, Malta, and Cyprus. In addition, his Teutonic knights conquered the present-day Baltic States, and he even won influence along the coasts of Tunisia. Abulafia is the first to place Frederick in the wider historical context his enormous empire demands. Frederick's reign, Abulafia clearly shows, marked the climax of the power struggle between the medieval popes and the Holy Roman Emperors, and the book stresses Frederick's steadfast dedication to the task of preserving both dynasty and empire. Through the course of this rich, groundbreaking narrative, Frederick emerges as less of the innovator than he is usually portrayed. Rather than instituting a centralized autocracy, he was content to guarantee the continued existence of the customary style of government in each area he ruled: in Sicily he appeared a mighty despot, but in Germany he placed his trust in regional princes, and never dreamed of usurping their power. Abulafia shows that this pragmatism helped bring about the eventual transformation of medieval Europe into modern nation-states. The book also sheds new light on the aims of Frederick in Italy and the Near East, and concentrates as well on the last fifteen years of the Emperor's life, a period until now little understood. In addition, Abulafia has mined the papal registers in the Secret Archive of the Vatican to provide a new interpretation of Frederick's relations with the papacy. And his attention to Frederick's register of documents from 1239-40--a collection hitherto neglected--has yielded new insights into the cultural life of the German court. In the end, a fresh and fascinating picture develops of the most enigmatic of German rulers, a man whose accomplishments have been grossly distorted over the centuries.

**Houses in Roman Cirencester** Jul 01 2022 Results from the excavations of the 1960s.

The Sirens of Surrentum Sep 03 2022 Mystery and adventure for four young detectives in Ancient Roman times... It's summer in the Bay of Naples - time for fun and relaxation. Everyone is thinking about love at the beautiful Villa Limona, but danger lurks beneath the luxury. A famous murder was committed nearby, and a poisoner is at large amongst the guests. Can Flavia and her friends set a trap to catch the culprit before it's too late?

**Macedonia** May 31 2022 This book offers an excellent introduction to the history, culture, art, architecture and archaeology of ancient Macedonia, and is packed full of illustrations bringing to life the society and culture of those peoples brought under Macedonian control.

**Procopius: Persian war** Oct 31 2019

*The Fragmentary History of Priscus* Mar 17 2021 Attila, king of the Huns, is a name universally known even 1,500 years after his death. His meteoric rise and legendary career of conquest left a trail of destroyed cities across the Roman Empire. At its height, his vast domain commanded more territory than the Romans themselves, and those he threatened with attack sent desperate embassies loaded with rich tributes to purchase a tenuous peace. Yet as quickly he appeared, Attila and his empire vanished with startling rapidity. His two decades of terror, however, had left an indelible mark upon the pages of European history. Priscus was a late Roman historian who had the ill luck to be born during a time when Roman political and military fortunes had reached a nadir. An eye-witness to many of the events he records, Priscus's history is a sequence of intrigues, assassinations, betrayals, military disasters, barbarian incursions, enslaved Romans and sacked cities. Perhaps because of its gloomy subject matter, the History of Priscus was not preserved in its entirety. What remains of the work consists of scattered fragments culled from a variety of later sources. Yet, from these fragments emerge the most detailed and insightful first-hand account of the decline of the Roman Empire, and nearly all of the information about Attila's life and exploits that has come down to us from antiquity. Translated by classics scholar Professor John Givens of East Carolina University, this new translation of the Fragmentary History of Priscus arranges the fragments in chronological order, complete with intervening historical commentary to preserve the narrative flow. It represents the first translation of this important historical source that is easily approachable for both students and general readers.

Late Roman Army Feb 13 2021 Using a full range of original literary sources, modern Continental scholarship, and current archaeological research, Pat Southern and Karen R. Dixon provide a

stimulating overview of the historical period, the critical changes in the army, and the way these changes affected the morale of the soldiers.

**The Story of the Romans** Dec 26 2021 From the earliest hill tribes to the cultural peak of the Pax Romana, and finally to the Western Empire's chaotic decline - H. A. Guerber's history of Rome is superb for young readers. The legends that accompanied the founding of the Roman Republic were part of the popular consciousness; the twin boys Romulus and Remus, raised by a wolf, going on to found Rome. First ruled by kings, Rome transitioned to a republic, with a ruling Senate and offices. The author mixes legend with the known facts of the era; that Italy was divided into tribes such as the Etruscans and the Latins. The feuds between these groups were gradually consigned to the past, as all of Italy united under a single, Roman culture. Yet there were threats to the young nation; to the South, across the Mediterranean Sea, was the prosperous Carthage. To the north were the Gallic tribes. Overcoming these established Rome as the strongest power of Europe. However, political infighting led to the end of the Republic's government: beginning with Augustus, Rome was an Empire - with very much political power concentrated in the hands of the Emperor. In this illustrated and well-written history, H. A. Guerber successfully summarizes the feats and accomplishments of classical Rome.

Structure and Scale in the Roman Economy Sep 30 2019 Duncan-Jones presents a series of studies and debates on interlocking themes which explore central areas of the Roman economy and the ways those areas connect and interact. The studies are grouped into five sections: Time and Distance, Demography and Manpower, Agrarian Patterns, The World of Cities, and Tax-payment and Tax-assessment.

*Usages of the Past in Roman Historiography* Nov 12 2020 *Usages of the Past in Roman Historiography* contains 11 articles on how the Ancient Roman historians used, and manipulated, the past. Key themes include the impact of autocracy, the nature of intertextuality, and the frontiers between history and other genres.

**Praetorian (Eagles of the Empire 11)** May 07 2020 IF YOU DON'T KNOW SIMON SCARROW, YOU DON'T KNOW ROME! PRAETORIAN is the gripping eleventh novel in Simon Scarrow's bestselling Eagles of the Empire series. Essential reading for fans of Bernard Cornwell and Conn Iggulden. 'A new book in Simon Scarrow's series about the Roman army is always a joy' The Times AD 51. Legionaries Cato and Macro have forged a bond that has survived war, rebellion and torture. Yet nothing has prepared them for a daunting mission on the deadliest battlefield of all: the bloody streets of Rome. Traitors are threatening to plunge the Empire into bloody chaos and no one can be trusted. The Emperor has ordered Cato and Macro to go on a deadly mission, working undercover to root out the traitors before Rome tears itself apart. As the true scale of the corruption dawns, they realise they are facing terrifying odds. Two men against many, in a desperate race to save not only the Empire, but each other...

The Epistle of Paul the Apostle to The Romans Oct 04 2022 Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell

*Ancient Rome as a Museum* Mar 05 2020 *Ancient Rome as a Museum* considers how cultural objects from the Roman Empire came to reflect, construct, and challenge Roman perceptions of power and identity. Rutledge argues that Roman cultural values are indicated in part by what sort of materials Romans deemed worthy of display and how they chose to display, view, and preserve them.

*The Roman Villa in the Mediterranean Basin* Jan 27 2022 This volume offers a comprehensive survey of Roman villas in Italy and the Mediterranean provinces of the Roman Empire, from their origins to the collapse of the Empire. The architecture of villas could be humble or grand, and sometimes luxurious. Villas were most often farms where wine, olive oil, cereals, and manufactured goods,

among other products, were produced. They were also venues for hospitality, conversation, and thinking on pagan, and ultimately Christian, themes. Villas spread as the Empire grew. Like towns and cities, they became the means of power and assimilation, just as infrastructure, such as aqueducts and bridges, was transforming the Mediterranean into a Roman sea. The distinctive Roman/Italian villa type was transferred to the provinces, resulting in Mediterranean-wide culture of rural dwelling and work that further unified the Empire.

**The Roman Forum** Sep 10 2020 This richly illustrated volume provides an architectural history of the central section of the Roman Forum during the Empire (31 BCE-476 CE).

The Late Roman West and the Vandals Jun 19 2021 The impact of Roman civilisation on the Empire's clients in the West forms the subject of the first parts of this volume. Even the most successful Germanic kingdoms of the 5th-6th centuries, the author argues, such as that of the Vandals in North Africa, could not escape the grasp of the Roman Empire: their politics and culture remained conditioned by imperial models and by the continuing reality of imperial power throughout late antiquity. The subsequent articles deal with the *Historia Augusta*, but approaching that difficult text from the periphery, by first attempting to establish its broad literary and topical context before considering questions of its nature and date. L'impact de la civilisation romaine sur les clients de l'empire en Occident forme le sujet des premières parties de ce recueil. Selon l'auteur, même les royaumes germaniques, bénéficiant du plus grand des succès aux 5e et 6e siècles, tel celui des Vandales en Afrique du Nord, ne pouvaient échapper à l'emprise de l'empire romain: leurs politiques et leurs cultures restaient sous l'influence des modèles impériaux et de la réalité constante du pouvoir impérial tout au long de l'Antiquité tardive. Les études suivantes traitent de l'*Historia Augusta*, approchant cependant ce texte ardu depuis sa périphérie, tentant tout d'abord d'établir son contexte littéraire et thématique, ce, avant d'en considérer la nature et la date.

*The Cambridge Economic History of the Greco-Roman World* Apr 05 2020 In this, the first comprehensive one-volume survey of the economies of classical antiquity, twenty-eight chapters summarise the current state of scholarship in their specialised fields and sketch new directions for research. The approach taken is both thematic, with chapters on the underlying determinants of economic performance, and chronological, with coverage of the whole of the Greek and Roman worlds extending from the Aegean Bronze Age to Late Antiquity. The contributors move beyond the substantivist-formalist debates that dominated twentieth-century scholarship and display a new interest in economic growth in antiquity. New methods for measuring economic development are explored, often combining textual and archaeological data that have previously been treated separately. Fully accessible to non-specialist, the volume represents a major advance in our understanding of the economic expansion that made the civilisation of the classical Mediterranean world possible.

**Late Roman Bronze Coinage - An attribution guide for poorly preserved coins** Feb 02 2020 In the course of the fourth century, millions of bronze coins were struck in the Roman Empire: an area extending from modern Britain to Egypt. The iconography present in these modest remnants of a distant past provides a fascinating insight into the realities, hopes and desires not only of the common people, but also of those who ruled over them. It is possible to identify with a remarkable degree of precision where, when and by whom coins of this period were struck. Traditional numismatic works rely heavily on a textual description and assume that one has a perfectly preserved specimen. Perhaps unsurprisingly, given their age, the majority of coins encountered are worn or incomplete, making identification difficult. However, as demonstrated by this work, a closer study of their composition and iconography yields more than enough information to identify all but the most poorly preserved specimens. Translation of *Die spätrömische Kupferprägung - Ein Bestimmungsbuch für schlecht erhaltene Münzen* (1961).

Roman Questions II Jun 27 2019 The first volume of *Roman Questions* appeared in 1995 and was received very positively by the scholarly community. The present collection contains 71 papers written mostly in English (with one paper in German and one in Latin) and predominantly published in the last 20 years in various leading journals in Europe and America. They are all reset, and supplied with

addenda. There are also 5 inedita, and addenda to the previous volume. They deal with Roman republican and imperial history and constitutional law, prosopography, epigraphy, Latin philology, Roman religion, and the history of classical scholarship. They ask questions, try to answer them, and do not avoid polemic. They uphold the unity of *Altertumswissenschaft*: history cannot be understood without philology, and philology is blind without history; and history, law and literature are infused with ideology and religion. And the tool to knowledge is the painstaking linguistic dissection of texts.

**Classified List ...** Jun 07 2020

**The Roman Empire: A Very Short Introduction** Aug 22 2021 The Roman Empire was a remarkable achievement. With a population of sixty million people, it encircled the Mediterranean and stretched from northern England to North Africa and Syria. This Very Short Introduction covers the history of the empire at its height, looking at its people, religions and social structures. It explains how it deployed violence, 'romanisation', and tactical power to develop an astonishingly uniform culture from Rome to its furthest outreaches.

*Great Women of Imperial Rome* Dec 02 2019 Drawing from a broad range of documentation this book vividly characterizes eleven royal women who are brought visually to life through photographs of over 300 ancient coins and through the author's own illustrations. Spanning the period from the death of Julius Caesar in 44BC to the third century AD, and with an epilogue surveying empresses of later eras, the author's compelling biographies reveal their remarkable contributions towards the legacy of Imperial Rome. Examining the wives, daughters, sisters and mothers of emperors, the study includes: a pregnant Roman princess who saves a Roman army through an act of personal heroism three third-century empresses who rule the most powerful state on Earth, presiding over unprecedented social and political reform an empress, though revered by her husband, is immortalized in history for infidelity and corruption by students of her greatest enemy. Jasper Burns paints portraits of these exceptional women that are colourful, sympathetic, and above all profoundly human. This book will be highly valuable to numismatists, students and scholars of Roman history or women's studies.

The History of Rome Apr 29 2022

**Nile Into Tiber** May 19 2021 "Egypt in the Roman world" --- Studies on the meaning of *Aegyptiaca Romana* and the understanding of the cults of Isis in their local context.

**The Histories** Sep 22 2021 Written in the 2nd century by the Greek historian Polybius, "The Histories" is a multi-volume work detailing many of the events, people, and ideas of the Hellenistic Period. While his focus is the space of time in which ancient Rome became a world power from 220 to 167 BC, Polybius also discusses his role as a 'pragmatic historian', a discourse on fate (called *tyche*), and the superiority of the mixed constitution. Though all forty volumes have not survived to the present day, the complete books extant today cover the affairs of all the important nations of the time, including Egypt, Greece, and Spain, as well as the first and second Punic Wars. Polybius speaks at length on the government of the Romans, citing it as the reason for Rome's success as a force of the world. Though it includes a couple of digressions concerning lesser issues of the time, "The Histories" has proven and continues to be a valuable text when studying the Hellenistic time period and manner of writing. Presented here in this volume are the complete extant histories of Polybius in a translation by W. R. Paton printed on premium acid-free paper.

*Roman Will Fall* Oct 24 2021 She can't work with him. They've been partners for barely a week, and Roman Smith (if that even was his real last name!) is already driving Harper Crane absolutely insane. His list of faults is a mile long. Roman is secretive, controlling, and far too sexy. Okay, the sexiness doesn't matter. It can't matter. What matters is that Roman never listens to orders, he is far too quiet and intense, and Harper is pretty sure that he is up to some seriously shady side business. He isn't supposed to want his new training partner. Roman has spent his life in the darkness. He is far too well acquainted with evil, and working at Wilde? Well, joining the security and protection firm is supposed to be the first step to turning things around in his world. The first step to becoming someone new. But some habits are hard to shake. And Roman knows that his way too beautiful trainer, Harper, is already suspicious of him. Yeah, so...she is right to be suspicious. Until recently, he has been the bad guy in

the story. His list of past deeds could give anyone nightmares. Too bad he only wants to give Harper sweet dreams. Trouble has followed Roman. Roman has some unfinished business from his past—in the form of deadly enemies—who have tracked him. And now those enemies have gotten the wrong idea about Harper. (Probably because Roman couldn't keep his hands off her on a case.) They think she is Roman's lover. They think they can use her in order to get to him. They are about to make the worst mistake of their lives. When Roman's enemies kidnap Harper, he drops the good guy role. Roman races to rescue her—and they are thrown together in close confines. Intimately close. In order to fight the enemies closing in, Harper and Roman have to trust each other. They have to work together. Stay together. Except the longer they are together, the more Roman realizes just how much he wants the fiery Harper. And soon...Roman can't imagine his life without her. Can a reformed bad guy get a chance at happily ever after? Maybe. If things get Wilde enough... Author's note: The badder they are, the harder they fall. And Roman is about to fall...HARD. His training partner blindsides him from the very beginning. Bad guys aren't supposed to believe in love at first sight, and, hell, Roman doesn't even believe in love at all. But...then Harper barrels into his life. When she's threatened, he will do anything and everything necessary to assure her safety. And as for Harper, if she gives him the chance, he will prove to her that even bad guys can be good...at least, with the right person. The Wilde crew is back. Buckle up and get ready for hot times, danger, and a whole lot of surprises.

The Politics of Munificence in the Roman Empire Aug 29 2019 A study of public benefactions by elite individuals to their communities in Roman Asia Minor.

*Historia Romana* Jan 15 2021 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

**The Amber Lands in the Time of the Roman Empire** Dec 14 2020 This work is primarily devoted to the history of the Amber Lands in Roman times. It is based on archaeological data dating back to the beginning of the 2nd millennium AD, and studies the local material and culture of this region.

Geographically, the Amber Lands include the western outlying district of the southeast sector of the Baltic Sea littoral, or oSoutheast Baltico. This part of Central Europe, limited by the lower reaches of the River Vistula in the west, and the Neman in the east, has a complex landscape formed in the Late Glacial. Dating to this historical period are the amber-bearing layers of glauconit (obluie groundo), covered by a mass of sandy soils carried by the glacier sweeping in from east Europe approximately 2 million years ago.

**The Sirens of Surrentum** Aug 10 2020 Eleven-year-old Flavia and her friends Jonathan, Lupus, and Nubia are invited to visit Pulchra, who asks them to uncover who is trying to poison her mother.

**Roman Syria and the Near East** Feb 25 2022 Table of contents

*The Encyclopaedia Britannica* Nov 05 2022 This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.
