**ShipPlotter - A User Guide for the Ship Spotting Enthusiast (Contains Greyscale Images)** Dec 18 2021 ShipPlotter is a unique piece of software that enables a user to have a quasi live radar type display of shipping in their local coastal region or other regions and waterways around the world. The software decodes radio signals, received using a VHF radio receiver or scanner, from ships transmitting digital data using the marine Automatic Identification System (AIS). The book provides an excellent description of the AIS system and messaging. ShipPlotter visually displays the position and identification of each ship either as radar view or on a chart created from a graphic image file, a satellite image download or a downloaded Open Street Map. Whilst mariners, small boat owners and yachtsmen can use the ShipPlotter software this book is written for and intended solely for the hobbyist and ship-spotting enthusiast. Its contents therefore should not be used as any sort of guidance or advice for those who are not firmly fixed to their seats in the comfort of their homes on dry ground!

**The iPhone 12 Pro Photography User Guide** Aug 26 2022 A Complete Guide to Using the iPhone 12 Pro CameraThe best camera for the job is the one you have in your hands when there is an opportunity for a photoshoot, especially when that camera is the iPhone 12 Pro.Maximize the use of your iPhone 12 to take great shotsA Complete Guide to Using the iPhone 12 Pro CameraThe best camera for the job is the one you have in your hands when there is an opportunity for a photoshoot, especially when that camera is the iPhone 12 Pro. The question then becomes, are you making the most of that powerful tool in your pocket? Do the photos you take seem to be from an amateur because of how blurry they look, and very different from the kind of picture you had in mind to take? If this is you and you want to be able to take incredible pictures with your iPhone, then this book is for you.At the end of this book, you should be comfortable taking great shots with your iPhone 12 Pro even in low light conditions. You will also be equipped with the skills needed to capture awesome portrait pictures of people and nail down your composition such that others can be amazed at how professional your pictures consistently look, as you create jaw-dropping landscapes, food, and travel photos of the events you are involved in.The book starts by covering some of the basic things about the iPhone 12 Pro and the relevance of some of these features on the iPhone and how they affect the quality of the pictures taken with it. In no time after you start using this book, you will begin to start snapping with your camera with far more confidence and dexterity than others who simply go through the motions of pointing their cameras at an object and taking pictures without some of these basic knowledge and skills.Some contents to expect to see in this book include:How to create animojis and even share memoji with other types of phone usersHow to take stunning pictures for your social media platformsHow to take stunning pictures with the portrait mode and lots moreWith this book in your hands, you can move from being just a mediocre basic iPhone user to an iPhone photography specialist. It will save you the time and energy of stumbling into some of these features by deliberately exposing you to these features and functions. If what you want is a go-to guide on matters surrounding just iPhone photography, then this is a great reference guide for you, very different from what a generic iPhone 12 Pro manual can achieve because of how such books gross over different topics.Not only that, but you can also order this book as a gift for a friend, son, daughter, or a loved one to help them quickly get started with using their phone as soon as they start exploring the pages of this book.Special BonusThat is not all, at the end of this book, we have a special gift for you, something we believe you will love.Click the “Add to Cart” to purchase on your closeout or click the “Buy Now” to purchase at least one copy now.
