Acquisition and Performance of Cognitive Skills Oct 21 2021 Investigates the acquisition of cognitive skills and considers factors that affect their performance. Reviews both laboratory-based and applied research on problem-solving, reading, computing, dual task performance, exceptional memory and motor skills, including the affects on performance due to diurnal variations, stress, drugs and aging.

Motivation and Performance Nov 21 2021 Identify what really drives, unites and divides your workforce so you can improve satisfaction, boost productivity and reduce staff turnover.

Structural Evaluation and Performance of Plastic Pipe Sep 27 2019

The Design and Performance of the Jet Compressor Dec 31 2019

Shakespeare and Modern Theatre Oct 09 2020 The book gathers together a particularly strong line-up of contributors from across the literary-performative divide to examine the relationship between Shakespeare, the 'culture industries', modernism and live performance.

Promise and Performance of American Democracy May 04 2020 Combines basic factual information about American Government and institutions with discussions of current problems which show how the system is actually working. Problem areas covered are relations, poverty, and foreign affairs.

The Feedback Book Oct 01 2022 "Maintaining performance today is no longer simply about having an annual appraisal and telling employees "you must try harder." Research demonstrates that regular discussions about performance and providing feedback to the people you manage is a more effective way to motivate them and keep them on track. Distilled into this single, handy-sized volume are 50 tips, advice and techniques to help any manager become quickly skilled at regularly discussing performance, setting goals and objectives and providing the necessary feedback to ensure individuals and teams thrive in the company. Structured into five key parts, each of the 50 concise chapters also contains a practical exercise to help the reader understand and implement the concepts and ideas of this book." LID Publishing's popular Concise Advice Lab notebooks are designed to be quick and comprehensive brainstorming tools and skill-building resources for busy professionals. The small trim size makes it easy to take along in a briefcase or purse. Interior pages are matte finish, so ink won't smear, and there's plenty of space to jot notes. A ribbon makes it easy to mark your place, and the elastic outer band keeps the notebook closed.

Reliability and Performance of Disk Arrays Sep 07 2020

Recent Policies and Performance of the Low-Income CIS Countries--An Update of the CIS-7 Initiative Jun 16 2021 NULL

Design and Performance of Modulation-doped Field Effect Transistors Nov 29 2019

The Performance of Open Source Applications Jan 24 2022 In 1974, Donald Knuth wrote, "We should forget about small efficiencies, say about 97% of the time: premature optimization is the root of all evil." With computers available now that are millions of times faster than those available then, today's programmers have even less reason to worry about shaving cycles and saving bytes than those a generation ago. But "less" isn't "none": every once in a while, squeezing the last ounce of performance out of the machine really does matter. This book is written by over a dozen developers who have grappled with slow code, memory leaks, or uncontrollable latency in open source software. They share their mistakes and successes, and give the reader an over-the-shoulder view of how they approached their specific challenges. With examples from bioinformatics research code to web browsers, the solutions are as varied as the problems. This book will help junior and senior developers alike understand how their colleagues think about performance.

The Performance of Healing Apr 14 2021 Medical systems need to be understood from within, as experienced by healers, patients, and others whose minds and hearts have both become involved in this important human undertaking. Exploring how the performance of healing transforms illness to health, initiate to ritual specialist, the authors show that performance does not merely refer to, but actually does something in the world. These essays on the performance of healing in societies ranging from rainforest horticulturalists to dwellers in the American megalopolis will touch readers' senses as well as their intellects.

Identification and Performance of Juglans Hybrids Aug 07 2020

Addiction and Performance Jul 30 2022 *Addiction and Performance* is a collection of essays offering a multidisciplinary exploration of the intertwined relationships between addiction, culture and performance. The problem of addiction is multifaceted, but existing approaches to it often emerge from the frameworks of single disciplines, foregrounding therapeutic or perhaps physiological perspectives over and above a combined approach. However, addictions are not formed or sustained in a vacuum, but are blended with and supported by a wide range of factors. Moreover, the role of culture both in understanding addiction and offering useful strategies of recovery has often been dismissed. In this book, James Reynolds and Zoe Zontou have gathered together leading practitioners and academics in order to explore addiction and performance, and to trouble, theorise, and describe specific ways of approaching their many relationships. This volume consequently offers an alternative conversation, bringing together a variety of discourses to generate a more politicised conceptualisation of addiction, one that facilitates a more complex understanding of addiction and performance, and their many facets. *Addiction and Performance* is a new and significant resource for students, artists, cultural organisations, service providers, academic researchers and therapeutic professionals working in the field of addiction.

Design and Performance of Tall Buildings for Wind Mar 26 2022 *Design and Performance of Tall Buildings for Wind*, MOP 143, provides a framework for the design of tall buildings for wind, based on the current state-of-practice in tall building structural design and wind tunnel testing.

The Weathering and Performance of Building Materials Jan 12 2021

Play, Philosophy and Performance Apr 26 2022 *Play, Philosophy and Performance* is a cutting-edge collection of essays exploring the philosophy of play. It showcases the most innovative, interdisciplinary work in the rapidly developing field of Play Studies. How we play, and the relation of play to the human condition, is becoming increasingly recognised as a field of scholarly inquiry as well as a significant element of social practice, public policy and socio-cultural understanding. Drawing on approaches ranging through morality and ethics, language and the nature of reality, aesthetics, digital culture and gaming, and written by an international group of emerging and established scholars, this book examines how our performance at play describes, shapes and influences our performance as human beings. This is essential reading for anybody with an interest in leisure, education, childhood, gaming, the arts, playwork or many branches of philosophical enquiry.

The Design and Performance of a Fractional Crystallizer Mar 02 2020

Structure and Performance of the U.S. Communications Industry Jan 30 2020

Costs and Performance of Criminal Justice Apr 02 2020

The Structure and Performance of Euripides' Helen Sep 19 2021 In his detailed study of Euripides' play, Helen, C. W. Marshall expands our understanding of

Athenian tragedy and Classical performance.

Performing Music Research May 28 2022 Performing Music Research is a comprehensive guide to planning, conducting, analyzing, and communicating research in music performance. The book examines the approaches and strategies that underpin research in music education, psychology, and performance science.

Structure and Performance of Western Irrigated Agriculture Aug 26 2019

Properties and Performance of Natural-Fibre Composites Dec 23 2021 Concern about global warming has led to renewed interest in the more sustainable use of natural fibres in composite materials. This important book reviews the wealth of recent research into improving the mechanical properties of natural-fibre thermoplastic composites so that they can be more widely used. The first part of the book provides an overview of the main types of natural fibres used in composites, how they are processed and, in particular, the way the fibre-matrix interface can be engineered to improve performance. Part two discusses the increasing use of natural-fibre composites in such areas as automotive and structural engineering, packaging and the energy sector. The final part of the book discusses ways of assessing the mechanical performance of natural-fibre composites. With its distinguished editor and team of contributors, Properties and performance of natural-fibre composites is a valuable reference for all those using these important materials in such areas as automotive and structural engineering. Provides an overview of the types of natural fibres used in composites Discusses fibre-matrix interface and how it can be engineered to improve performance Examines the increasing use of natural-fibre composites in automotive and structural engineering and the packaging and energy sector

Structure and Performance of Western Irrigated Agriculture Jul 26 2019

Design and Performance of a High Power Pulsed Klystron Oct 28 2019

Critical Theory and Performance Aug 19 2021 The first comprehensive survey of the major critical currents and approaches in the lively field of performance studies

Embodying Charisma Feb 10 2021 The continued vitality of Sufism as a living embodied postcolonial reality challenges the argument that Sufism has 'died' in recent times. Throughout India and Bangladesh, Sufi shrines exist in both the rural and urban areas, from the remotest wilderness to the modern Asian city, lying opposite banks and skyscrapers. This book illuminates the remarkable resilience of South Asian Sufi saints and their cults in the face of radical economic and political dislocations and breaks new ground in current research. It addresses the most recent debates on the encounter between Islam and modernity and presents important new comparative ethnographic material. Embodying Charisma re-examines some basic concepts in the sociology and anthropology of religion and the organization of religious movements.

Power and Performance Jul 18 2021 Power and Performance in Enterprise Systems is a guide to solving performance problems in modern systems. Beginning with the necessary architectural background as a foundation, the book demonstrates the proper usage of performance analysis tools in order to pinpoint the cause of performance problems, also including best practices for handling the common performance issues that those tools identify. The text presents ideas to improve architectures running mobile, desktop, or enterprise platforms and explains the importance of parallelism and profiling to determine the source of performance issues. It finishes with case studies that highlight how all of these methodologies are combined to produce measurable results. Provides expert perspective from a key member of Intel's optimization team on how processors and memory systems influence performance Presents ideas to improve architectures running mobile, desktop, or enterprise platforms Demonstrates best practices for designing experiments and benchmarking throughout the software lifecycle Explains the importance of profiling and measurement to determine the source of performance issues

Tellings and Texts Dec 11 2020 Examining materials from early modern and contemporary North India and Pakistan, Tellings and Texts brings together seventeen first-rate papers on the relations between written and oral texts, their performance, and the musical traditions these performances have entailed. The contributions from some of the best scholars in the field cover a wide range of literary genres and social and cultural contexts across the region. The texts and practices are contextualized in relation to the broader social and political background in which they emerged, showing how religious affiliations, caste dynamics and political concerns played a role in shaping social identities as well as aesthetic sensibilities. By doing so this book sheds light into theoretical issues of more general significance, such as textual versus oral norms; the features of oral performance and improvisation; the role of the text in performance; the aesthetics and social dimension of performance; the significance of space in performance history and important considerations on repertoires of story-telling. The book also contains links to audio files of some of the works discussed in the text. Tellings and Texts is essential reading for anyone with an interest in South Asian culture and, more generally, in the theory and practice of oral literature, performance and story-telling.

The Philosophy of Play Mar 14 2021 Play is a vital component of the social life and well-being of both children and adults. This book examines the concept of play and considers a variety of the related philosophical issues. It also includes meta-analyses from a range of philosophers and theorists, as well as an exploration of some key applied ethical considerations. The main objective of The Philosophy of Play is to provide a richer understanding of the concept and nature of play and its relation to human life and values, and to build disciplinary and paradigmatic bridges between scholars of philosophy and scholars of play. Including specific chapters dedicated to children and play, and exploring the work of key thinkers such as Plato, Sartre, Wittgenstein, Gadamer, Deleuze and Nietzsche, this book is invaluable reading for any advanced student, researcher or practitioner with an interest in education, playwork, leisure studies, applied ethics or the philosophy of sport.

Emotion and Performance Feb 22 2022 In this special issue, five papers address the study of emotions from a variety of viewpoints. Two are theoretical essays that deal respectively with emotion and creativity and the relationships between individual and team performance. Three are empirical studies that canvas the emotion-performance nexus across levels of analysis: within-person, between-person, and in groups. Between them, the five papers present a strong case for the nexus of emotions and performance, but more importantly provide a platform for potentially fruitful future research in this burgeoning area.

Strategy and Performance Jun 28 2022 This text comprises a three volume set, explaining in practical terms how to develop an effective strategy for a manufacturing business and how to measure the performance of processes and procedures.

Perceptions, Motivations, and Performance of Women Legislators Jun 24 2019

Organization and Performance of Cotton Sectors in Africa May 16 2021 This book provides an empirically based, analytical assessment of the experience of reform in nine countries across Sub Saharan Africa representing a range of cotton sector structures, a must-read for all persons with a serious interest in an empirical evaluation of the performance of cotton industry structures in Africa.

Analysis and Performance of Fiber Composites Jul 06 2020

Biocompatibility and Performance of Medical Devices Nov 02 2022 Biocompatibility and Performance of Medical Devices, Second Edition, provides an understanding of the biocompatibility and performance tests for ensuring that biomaterials and medical devices are safe and will perform as expected in the biological environment. Sections cover key concepts and challenges faced in relation to biocompatibility in medical devices, discuss the evaluation and characterization of biocompatibility in medical devices, describe preclinical performance studies for bone, dental and soft tissue implants, and provide information on the regulation of medical devices in the European Union, Japan and China. The book concludes with a review of histopathology principles for biocompatibility and performance studies. Presents diverse insights from experts in government, industry and academia Delivers a comprehensive overview of testing and interpreting medical device performance Expanded to include new information, including sections on managing extractables, accelerating and simplifying medical device development through screening and alternative biocompatibility methods, and quality strategies which fasten device access to market

Measuring the Performance of Human Service Programs Aug 31 2022 Government and nongovernmental human service organizations are under increasing pressure to demonstrate that their programs work. As stakeholders demand more accountability, human service organizations are increasingly utilizing performance accountability and performance measurement as a way of demonstrating the efficiency, quality, and effectiveness of their programs. Measuring the Performance of Human Service Programs, Second Edition examines the reasons why performance measurement has become the major method of performance accountability today. In this second edition of their classic work, Martin & Kettner explain in detail how to develop and utilize output, quality, and outcome performance measures in human service programs. Special attention is given to the four types of outcome performance measures: numeric counts, standardized measures, level of functioning (LOF) scales and client satisfaction.
