The Cool Apple Express Nov 01 2022 My inspiration for doing this journal and writing this book is basically an outlet to have a say. Never have been one to get up in front of a group of people and speak. I always had this excellent memory and writing was a way for me to get it out and so, I decided to do just that. So many times down through the years I was told by friends and even some professional people, I should write a book. My attempt to live in a normal family, from the time I was very young, it was never destined to happen. Thats just the way it was, a higher power was and is the ruler over that. The thing that most people take for granted, family, has always been a missing link in my life. As a result, I have to talk mostly about experiences; things; hobbies; friends etc. and that is why you will find the absence of family in the context of my story. I would have loved to have had family to be a part of my life. When I retired from the Teamster via the BOEING Co. in October 1995, I already had work to go to immediately and worked clear into 2002. My Mother passed away in August 1999 and she had lived a full life to 95 years of age. Even though I had 3 daughters living and doing their thing in different parts of the country, at that particular time, my relationship with 2 of them was minimal and non-existent with the 3rd. After having moved up to Camano Island in 2003 and planning to stay there permanently, well.it turned out that wasnt what I really wanted after I got there and only lived there for 10 months, sold that house, packed up all my stuff and hauled it to Texas. I had decided I would make an attempt to live near my oldest daughter. It would at least give me a chance to maybe have a bond with my flesh and blood once in awhile. It worked in the very short term till she changed jobs and moved to Dallas. Too little, too late, it was not in the cards. At this point my oldest daughter and I have a pleasant relationship even though we see each other maybe twice a year. Flying up to my home area in Washington state once or twice a year is one of

the things I really look forward to. I have some real solid friends in Washington that will always be my best friends. Im really a Lucky Guy! Mike Hicks

The Love Songs of Henry Canary Jul 29 2022 Henry's is a life filled with loves and losses, hopes and dreams, with happiness and tragedy balanced by humor and kindness. His life is full, yet empty -- crowded with emotional, psychological, and philosophical dichotomies. He is John Doe wandering across the landscape and recent history of America. Henry Canary, a middle-aged writer and part-time truck driver, receives a surprise visit from Kelly Kane, the illegitimate daughter of his first girlfriend. Although Henry is not her father, 25-year-old Kelly wants to write a story about him for her magazine. She tracks him down with the intention of interviewing him, but gets involved in his life. As they travel from Santa Cruz to Los Angeles in his truck, she learns the story of a boy growing up in a factory town in Connecticut in the 1950s. During trips from L.A. to Las Vegas to Death Valley and Arizona, Kelly learns about the happy, sad, humorous and tragic events from grade school to college to Vietnam and back and hears about his successes and failures in love and life. Henry tries not to fall in love with the girl who reminds him so much of her mother Kelly tries not to fall in love with Henry as she learns about his family, friends, lovers and other strangers. She hears loving descriptions of favorite people, places and things as well as the tragedies and losses that we all endure in our own lives. Henry talks about his first crush at 14 on a 26-year-old woman; a high school street battle dubbed the Creampuff War; his on/off, love/hate relationship with Kelly's mother; his tour in Vietnam where he kills an "enemy"; his move to New York City after the Army; his girlfriend who was a third generation orphan; his job at a bank where the workers plot to kill their boss; his cross-country adventure with a friend and two call girls; his whirlwind marriage to a girl he hardly knew; the Summer of Love in San Francisco; graduate school; the birth and death of his son; driving a taxi in New York City; his short-lived career as a TV sit-com writer in Hollywood; the various women that came and went after his divorce; the sex, drugs and rock and roll of Greenwich Village in the early 80s; his third move to California, and his philosophis on life and God's mistakes. The story ends with an unpredictably surprising revelation.
