*E-Learning Solutions on a Shoestring* Oct 07 2020 Is e-learning at your organization chronically underfunded? Discover how you can create workplace solutions with minimal budget in *E-Learning Solutions on a Shoestring*. Author Jane Bozarth, recognized as e-Learning Centre's October 2005 Pick of the Month, provides the nuts-and-bolts information you need to incorporate e-learning solutions at minimal cost. She offers myriad strategies for building from-scratch programs, recycling, reusing, and repurposing resources; negotiating reasonable expenses for "store bought" e-learning products; and incorporating real-world ideas for assembling tools, techniques, and strategies into workplace

solutions.

Eating My Words Dec 29 2019 EVE JOHNSON contributes to the Globe and Mail newspaper, was the previous Food Editor for the Vancouver Sun and has written two best-selling cookbooks, *Five-Star Food* and *Six O' Clock Solutions*.

**Christmas Eve Eve** Sep 25 2019 This is a whimsical poem, in the style of Dr. Seuss, to make the Christmas season more enjoyable.

**Find Your Unicorn Space** Jan 28 2020 'Magnificent! Eve Rodsky illuminates the importance of investing in the creative pursuits that make your life more deeply fulfilling.' Reese Witherspoon 'Backed by science and full of personal insights, Eve Rodsky shows us how to create important time and space for

ourselves so that we can truly thrive in all aspects of our lives.' Arianna Huffington, founder and CEO, Thrive Global Creativity is not optional. With her acclaimed New York Times bestseller (and Reese's Book Club pick) *Fair Play*, Eve Rodsky ignited a national conversation about greater equity in the home. But she soon realised that even when the domestic workload becomes more balanced, people still report something missing in their lives - that is, unless they prioritize and devote time for activities that not only fill their calendars but also unleash their creativity. Rodsky calls this vital time Unicorn Space - the active and open pursuit of creative self-expression in any form that makes you uniquely you. To help readers embrace all the unlikely,

surprising, and delightful places where their own Unicorn Space may be found, she speaks with trailblazers, thought leaders, academics, and countless others who have discovered theirs everywhere - from activism to artistic endeavors to second careers. Rodsky reveals what researchers already know: Creativity is not optional. It's essential. Though most of us need to remind ourselves how and where to find it. With her trademark mix of research-based how-to advice and big-picture inspirational thinking, Rodsky shows you a clear path to reclaim your permission to have fun, manifest your own Unicorn Space in an already too-busy life, and unleash your special gifts and talents into the world.

*Graphic Design Solutions* Nov 07 2020 *Graphic Design Solutions* is the most comprehensive, how-to reference on graphic design and typography. Covering print and interactive media, this book examines conceiving, visualizing and composing solutions to design problems, such as branding, logos, web design, posters, book covers, advertising, and more. Excellent illustrations of historical, modern and contemporary design are integrated throughout. The Fifth Edition includes expanded and updated coverage of screen media, including mobile, tablet, desktop web, and motion as well as new interviews, showcases, and case studies; new diagrams and illustrations; a broader investigation of creativity and concept generation; visualization and color; and an updated timeline.

Accompanying this edition, CourseMate with eBook brings concepts to life with projects, videos of designers in the field, and portfolio-building tools. Additional online-only chapters—Chapters 14 through 16—are available in PDF format on the student and instructor resource sites for this title, accessed via CengageBrain.com; search for this book, then click on the “Free Materials” tab. Lessons from the Lobster Jun 22 2019 How forty years of research on thirty neurons in the stomach of a lobster has yielded valuable insights for the study of the human brain. Neuroscientist Eve Marder has spent forty years studying thirty neurons on the stomach of a lobster. Her focus on this tiny network of cells has yielded valuable insights into the much more complex workings of the human brain; she has become a leading voice in neuroscience. In *Lessons from the Lobster*, Charlotte Nassim describes Marder's work and its significance accessibly and engagingly, tracing the evolution of a supremely gifted scientist's ideas. From the lobster's digestion to human thought is very big leap indeed. Our brains selectively recruit networks from about ninety billion available neurons; the connections are extremely complex. Nevertheless, as Nassim explains, Marder's study of a microscopic knot of stomatogastric neurons in lobsters and crabs, a small network

with a countable number of neurons, has laid vital foundations for current brain research projects. Marder's approach is as intuitive as it is analytic, but always firmly anchored to data. Every scrap of information is a pointer for Marder; her discoveries depend on her own creative thinking as much as her laboratory's findings. Nassim describes Marder's important findings on neuromodulation, the secrets of neuronal networks, and homeostasis. Her recognition of the importance of animal-to-animal variability has influenced research methods everywhere. Marder has run her laboratory at Brandeis University since 1978. She was President of the Society for Neuroscience in 2008 and she is the recipient of numerous awards, including the 2016 Kavli Award in Neuroscience and the 2013 Gruber Prize in Neuroscience. Research that reaches the headlines often depends on technical fireworks, and especially on spectacular images. Marder's work seldom fits that pattern, but this book demonstrates that a brilliant scientist working carefully and thoughtfully can produce groundbreaking results.

**The Attack on Eve** Jul 16 2021 Racing through life can be exhausting. There's nothing like wasted time and wasted life. Are we here to just eat, work, and sleep? Do you find yourself unable to think straight? Have you ever been clouded by evil thoughts? Do you have trouble getting past your past? Do you need help overcoming? Are your thoughts racing through your mind like a headline news report? Are you clueless as to how to stop the process? Time well spent with God is insurance for peace of mind, satisfaction, and happiness. As we navigate through this garden, we must have the proper information and weapons of spiritual warfare to equip ourselves with knowledge and understanding of the Word. In my life, as you will read parts of my testimony in this book, you'll begin to see the attacks, failures, defeats, and restoration I've had and still endure. Inside, you'll have simple chapter titles to sum up with

a few words of attacks. The chapters will be easy to navigate points of origin, reasons of attacks, and spiritual solutions. *The Attack on Eve* was given to me on February 27, 2009. I was at my lowest and darkest chapter of my life. In December 2008, my son's heart stopped beating! We were faced with either a funeral or genetic testing to investigate why our baby did not survive. I had been taught either by family or pastors to hear from God and He will lead you. I was not prepared to audibly hear from Him! I was not even in prayer nor deep thought when He spoke to me. I was taking the laundry from the dryer and at the same time my family decided to come into the laundry room to see me. Somehow they were muted and God's voice was all I heard! He spoke clearly and calmly. He said, "Daughter, write a book and call it *The Attack on Eve*. I will give you eight chapters." I immediately put pen to paper and wrote the chapters down. He spoke and birthed a book into my life to bring answers and solutions to many who are struggling as I was. Truly amazing grace! I began my journey with, "Yes, Lord!" God may ask you, too. Will you hear His voice in the wilderness to point people to Him? It is He who will bring them out from the dry, dark desert of loss and loneliness. He is opening a gate with each chapter of wisdom and understanding. It's your choice to open the door of your eyes and heart to allow healing to abide. When you feel unable and faithless, He is able and faithful!

*Beyond Technique in Solution-focused Therapy*

Sep 29 2022 This book adds a dimension to the solution-focused therapy literature, providing a framework to facilitate nonformulaic clinical decision making. Focus is on how emotional issues can help pave the way to successful solutions. Case material is also used showing not only what a clinician does at particular moments in therapy but why.

**Eve Revised** Oct 19 2021 After a search for the reason of its destruction they find traces of a mysterious beam of unknown origins. Tracking the residue of the beam back to its point of release, they discover two separate star systems billions of miles away from our galaxy that had been at war and had settled their differences by a deterrent in the shape of a giant ship. A ship that now threatens their earth. One of the young scientists must participate in a process which will change him forever to infiltrate the ship. The story shows how this young man, a homophobic, chauvinistic bigot, copes with the irony of being placed in a situation where he cannot control his destiny or his fate. I hope you enjoy.

**The Toronto Embryo** Sep 05 2020 Sixteen-year-old science-geek Eve gets pregnant on a service trip over her winter break, and pro-life Mom and pro-choice Dad want her to study both sides of the abortion debate to figure out what to do. The unaware father Adam is still serving as a volunteer at the Dominican Republic orphanage where they met. Since there's no WiFi at the orphanage, he looks forward to being able to text and Face Time

with Eve once he gets back to Germany in mid-August. By then, she'll be eight months pregnant--or not. Eve's best friend Claire urges a quick abortion, but pro-choice Eve believes she still has to do "the choice part." As the deadline for her decision approaches, Eve discovers a radical solution--if she's willing to be the first person to do it. Throughout the ordeal, Eve and Claire commiserate about the situation, and about obvious solutions to the very existence of unwanted pregnancies--solutions which science and medicine have failed to develop for women. They're pretty sure these remedies wouldn't be merely "futuristic" if men got periods and carried unwanted pregnancies. They dream of a day when women will be united rather than ripped apart by these issues. Eve has an idea as to how she might be able to nudge the ball forward in spite of the certainty she'll face ridicule and the possibility of death-threats. "Some thing are more important than a hell-free senior year." *Ecole d'Ete de Probabilites de Saint Flour XIV*, 1984 Jul 24 2019

[The Adam Chronicles](#) Nov 27 2019 It is the first morning in the Garden of Eden as the creatures of the forest awaken to see something beautiful and different lying among them. As all the angels in the heavenly realm watch with great anticipation, the Creator breathes into the nostrils of the still body. Suddenly, the creature begins to move. Adam, who has been given life, is the first man and is created in the very image and likeness of God. After Adam comes to understand the gift of life and love with help from the Father, God takes him by the hand and shows him the garden paradise created just for him. As Adam and God part for the night, Adam

lies down to sleep, marveling at the power of his Creator and the beauty surrounding him. On the seventh day, God introduces Adam to the fruits of the garden and a woman created from his very own rib. But just as Adam and Eve realize their love for each other, a black force emerges to test everything they know and understand about God's love, life and nature. In this historical novel, actual and imagined events weave together to bring to light the meanings and truths behind the story of the first Adam. "The Adam Chronicles transports readers into a realm where they can see, feel, touch, and smell the beginning of God's mighty journey with humankind." --Mark Winheld, Author and Literary Critic

**Intelligent Knowledge-Based Systems** Feb 08 2021 This five-volume set clearly manifests the great significance of these key technologies for the new economies of the new millennium. Together, they comprise a significant and uniquely comprehensive reference source for research workers, practitioners, computer scientists, academics, students, and others on the international scene for years to come.

**Life of Adam and Eve and Related Literature** Aug 17 2021 The Life of Adam and Eve once belonged to the most popular literature in the Christian world. Retelling the Genesis 3 story, it gives an elaborate

description of Adam's death and his assumption to Paradise in the third heaven. His continued existence, as well as his future resurrection, are as much a paradigm for humanity as his transgression, condemnation and death. For a long time attention was focused on the Greek and Latin versions only. More recently, editions of Georgian and Armenian versions have become available, occupying a middle position between the Greek and the Latin. This new material now makes it necessary to sort out the relationships between no less than five clearly related but in many respects different documents. Taken together they present a complex but interesting mosaic of reflections on the human plight, inspired by the Genesis story. [Exact Solutions in Three-Dimensional Gravity](#) Dec 09 2020 A self-contained and unique text systematically presenting the determination and classification of exact solutions in three-dimensional Einstein gravity. Including contributions by David Chow, Christopher N. Pope and Ergin Sezgin (chapters 16-19).

*Eve Was Framed* Jun 26 2022 *Eve Was Framed* offers an impassioned, personal critique of the British legal system. Helena Kennedy focuses on the treatment of women in our courts - at the prejudices of judges, the misconceptions of jurors, the labyrinths of court procedures and the influence of the media. But the inequities she uncovers could apply equally to any disadvantaged group - to those whose cases are

subtly affected by race, class poverty or politics, or who are burdened, even before they appear in court, by misleading stereotypes.

**Eve's Apple** Feb 29 2020 *Eve's Apple* is the story of how one lady, Eve, contracted and spread the most fatal disease ever known to mankind as an act of her mind and will. The name of this disease is sin. This disease of sin is the root cause of all war, murder, stealing, lies, and every other known form of evil in the world. The result has been the death of every generation of mankind who has ever lived. "But wait a minute," you say. "I believe death is caused by old age or cancer, a heart attack, or some other physical problem or disease and not by some religious belief called sin." This is partly true. But what is the root cause of all known diseases? And if all known diseases result in death, isn't this just another way sin manifests itself? In addition to all these facts, I believe the story of Eve's apple defines the history of the human race. Ralph Waldo Emerson once wrote, "There is no such thing as history, only biography." Well, if history is a collection of biographies, or stories, then this story of Eve's apple ranks among the most important of all. The story of Eve's apple began mankind's conflict with a good and evil in our world. This struggle by you and me and the rest of the human race has affected our world and history more than any other challenge in life. How mankind has chosen to struggle with this conflict has shaped the history of our world. If the above reasons for Eve's importance to

history and your life are not enough, may I suggest one more: contained in this story of Eve is the prophecy of God's answer to Eve's sin, which contains faith, hope, and love.

**Adam Was Trapped Eve Was Framed** Oct 31 2022 Finally a book that will not challenge the stories of religion, but rather help you understand and deal with the impact that "spiritual abuse " has had on relationships. "At last, here is a practical book for helping women and men address their problems by getting at the root causes--prehistoric events that led to male insecurity and the subordination of women, transmitted to us over the ages by religious views of a male God and inferior, submissive women. What Dr. Singer terms "spiritual abuse" is a major contributor to the problem between the sexes, and she provides a guide to help couples to escape from it." -- Robert S. McElvaine Author, *Eve's Seed: Biology, the Sexes and the Course of History* Chair, Department of History, Millsaps College, Jackson, Ms. "What a clever and brilliant title ADAM WAS TRAPPED EVE WAS FRAMED and the substance of the book easily compliments the title. It is as good, or better than any book I have read on the quest for personal freedom. Part One, alone, on being "Awake" is worth the price of the book. Life is in session...are you present?" This book, in a beautiful and profound way, tells you how you can become "present" on your personal road to freedom." -- William Edelen Former Minister of the First Congregational Church in Tacoma, Washington

Lecturer for the Department of Religion at the University of Puget Sound Columnist, Writer and Lecturer Follow Adam and Eve in their therapy with Dr. Lita after he tells about his affair and he wants to leave the marriage, and watch what happens --- This is a book about Change. Your Change . ----Follow the five steps AWAKE, NOTICE, CATCH, INTERRUPT AND CHANGE, and you will have the keys to Partnership, Balance and Freedom . ---It is not what happens in your life, but how you deal with it that matters . ---To find love, inner peace, is an inside job and starts with the journey within."

**Adam & Eve & Heart Energy** Jun 02 2020 "Adam & Eve & Heart Energy" is an art book, a story about discovering your own personal power, while experiencing the beauty of falling in love and loving another with one's body,

mind, and spirit. My intention in life has always been to do what I love every day and to believe in myself. "We are all powerful beings; absolutely everything you need is inside of you." Each day, I practice making every decision from my heart energy, that piece of God love universe Creator inside of me.

*The Art of Solution Focused Therapy* Jun 14 2021 What is Solution-Focused Therapy? Solution Focused Therapy (SFT) is a unique, goal-directed therapy aimed at helping clients regain autonomy by determining and achieving their own goals. Solution focused therapists encourage clients to focus on solutions, not problems, and help clients effectively plan how to reach their goals. Unlike other therapies, SFT holds an abiding belief in clients' abilities to know what is best for them, rather than have a therapist tell them. Why this book? This book not only provides an overview of the Solution Focused therapy model, its basic tenets, and theories; it also presents intimate interviews with expert practitioners-all of whom use SFT in their own practice. To this end, the book offers a wealth of insight into the theory and practice of SFT, to help practitioners decide whether SFT is right for them and their clients. These experts offer details of their apprehensions, goals, breakthroughs, and overall experiences with the therapy. The team of expert contributors includes Eve Lipchik, Yvonne Dolan, Alasdair Macdonald, Thorana Nelson, and many more. Questions the experts address include: How did you discover that SFT

was the model that fit your clients' needs? What characteristics of this model drew you towards it? How has SFT impacted your personal life? What is it about SFT that makes it so effective? What are your favorite cases and how did they affect your work as a therapist?

**Computer and Information Security Handbook** Oct 26 2019 The second edition of this comprehensive handbook of computer and information security provides the most complete view of computer security and privacy available. It offers in-depth coverage of security theory, technology, and practice as they relate to established technologies as well as recent advances. It explores practical solutions to many security issues. Individual chapters are authored by leading experts in the field and address the immediate and long-term challenges in the authors' respective areas of expertise. The book is organized into 10 parts comprised of 70 contributed chapters by leading experts in the areas of networking and systems security, information management, cyber warfare and security, encryption technology, privacy, data storage, physical security, and a host of advanced security topics. New to this edition are chapters on intrusion detection, securing the cloud, securing web apps, ethical hacking, cyber forensics, physical security, disaster recovery, cyber attack deterrence, and more. Chapters by leaders in the field on theory and practice of computer and information security technology, allowing the reader to develop a new level of technical expertise Comprehensive and up-to-date

coverage of security issues allows the reader to remain current and fully informed from multiple viewpoints Presents methods of analysis and problem-solving techniques, enhancing the reader's grasp of the material and ability to implement practical solutions Computational Science — ICCS 2004 May 14 2021 The International Conference on Computational Science (ICCS 2004) held in Kraków, Poland, June 6–9, 2004, was a follow-up to the highly successful ICCS 2003 held at two locations, in Melbourne, Australia and St. Petersburg, Russia; ICCS 2002 in Amsterdam, The Netherlands; and ICCS 2001 in San Francisco, USA. As computational science is still evolving in its quest for subjects of investigation and efficient methods, ICCS 2004 was devised as a forum for scientists from mathematics and computer science, as the basic computing disciplines and application areas, interested in advanced computational methods for physics, chemistry, life sciences, engineering, arts and humanities, as well as computer system vendors and software developers. The main objective of this conference was to discuss problems and solutions in all areas, to identify new issues, to shape future directions of research, and to help users apply various advanced computational techniques. The event harvested recent developments in computational grids and next generation computing systems, tools, advanced numerical methods, data-driven systems, and novel application fields,

such as complex - stems, ?nance, econo-physics and population evolution.

### **Genetic Programming Theory and Practice**

**XIII** Aug 05 2020 These contributions, written by the foremost international researchers and practitioners of Genetic Programming (GP), explore the synergy between theoretical and empirical results on real-world problems, producing a comprehensive view of the state of the art in GP. Topics in this volume include: multi-objective genetic programming, learning heuristics, Kaizen programming, Evolution of Everything (EvE), lexibase selection, behavioral program synthesis, symbolic regression with noisy training data, graph databases, and multidimensional clustering. It also covers several chapters on best practices and lesson learned from hands-on experience. Additional application areas include financial operations, genetic analysis, and predicting product choice. Readers will discover large-scale, real-world applications of GP to a variety of problem domains via in-depth presentations of the latest and most significant results.

*Eve's Trial* Nov 19 2021 Trapped aboard a space station, Sheena Steele's options are limited, to say the least. She's just been fired from her position and literally has nowhere to go, but still more worried about her best friend, Tishia Bach, who was facing execution. A mesmerizing emerald-eyed beauty, who attracts trouble from everywhere with her charismatic and alluring nature. Tish could hold the very secrets of life within her enigmatic body- and

that's why she's a target. Only Sheena knows Tish's secret....for now. Their only hope seems to be finding refuge with Vigdor Beckenstein, a brilliant but obscure physicist that is intrigued by the extreme behavior of a frightened woman in love, and upon closer examination finds unusual, but attractive character traits. After disguising the fugitives and introducing them to society he rocks their world with a plan that only destiny could have designed, while well hidden secrets are unexpectedly revealed. Explosive unpredictability only surpassed by originality. This is the epic journey of two incredible women with all the odds stacked against them, thrown into elite circles and witnessing behind the scene corruption of world powers. Don't miss the sensational conclusion, Legend of the White Dragon.

**Fair Play** Jul 28 2022 AN INSTANT NEW YORK TIMES BESTSELLER A REESE'S BOOK CLUB PICK Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh\*t I Do List. Tired of being the "shefault" parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family--and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it.

The result is Fair Play: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, Fair Play helps you prioritize what's important to your family and who should take the lead on every chore, from laundry to homework to dinner. "Winning" this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space--the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try Fair Play? Let's deal you in.

*Eve's Second Chance* Mar 31 2020 Evelyn is trapped in an unhappy marriage, fearful for the safety and happiness of herself and her two children, David and Mandy. In a move that is bold for a woman in 1958, she takes the children and escapes to Stott's Corner, a large country town in central Victoria, Australia. Determined to give her family a new and happy life, Evelyn knows that she must find the strength to leave the pains of her past behind. She reaches out into her adopted community and quickly makes friends. Her new landlord,

Thom, is eager to help her build a new life both professionally and personally. He and Evelyn go into business together, opening a café and then a shop. Evelyn dares to dream of a brighter future, but a woman from Thom's past threatens everything. Martha, Thom's childhood friend and the financier of his new ventures, begins to interfere when she realizes that Evelyn is becoming more than just Thom's business partner. Jealous, Martha holds Thom to ransom over the business's future.

Bewildered by this unexpected battle of wills, Thom struggles to keep his inner demons at bay. After a lifetime of successfully suppressing his dark side, however, Martha's jealousy causes him to erupt. Thom's devious and manipulative attempts to remove those who stand in the way of his marriage to Evelyn may threaten the happy future she wants with him. Will her second chance at a happy life be ruined by the man she loves?  
**The Greek Life of Adam and Eve** Apr 24

2022 For the first time, Jack Levison offers the English-speaking world a comprehensive commentary on the Greek Life of Adam and Eve, an epic of pain, death, and hope. An exhaustive introduction clarifies issues of literary character, manuscripts and versions, and provenance; the commentary itself provides rich discussions of the Greek text, illuminated by Jewish scripture and ancient Greek and Hebrew literature. Fresh translation and bibliography.
