RDS-1 Operations Manual Jun 02 2020 The RDS-1 was created as a prototype for evaluation of a complex, portable, turnkey, video / audio recording studio for today's Concert Video Producers, TV Producers, industrial Media departments, high end Videographer, or well-funded Band that wants to produce their own video segments. The 24

track 24 bit hard disk recording deck from Mackie takes the 24 tracks from the 2 on board retractable Mackie 1604 VLZ mixing boards and cleanly records them onto a removable computer hard disk. This unit also provides equipment to direct a 6 video camera crew including video screens, preview and program out switchers and an intercom system. Even though major pieces of equipment like the Mackie 24/96 hard disk recorder are out of production there are a number of even better recorders that can take its place when you decide to make your own recording console. This book will be an invaluable tool at the design stage as well as a guide to write your own OPERATIONS MANUAL. Captain Willy

Anything You Can Do, I Can Do Better Dec 09 2020 Ladies: Are you sick of sitting on the bench while the men in your life talk Fantasy Football? Have you always wanted to know how to kick down a door? Build a fire? For any gal who's ready to go head-to-head with the guys on their own turf this book is brimming with sassy, do-it-yourself style. It's chock-full of instructions on the manliest of manly arts, from the highbrow (know the difference between single malt and blended whiskey), to the lowbrow (learn to spit farther than a trucker). Authors Jennifer Axen and Leigh Phillips have written this comprehensive, how-to

manual for all the smart, capable women who are sick and tired of being laughed at for not knowing which way is North, intimidated by the finer points of grilling, or just plain excluded for not knowing the (let's face it, very convoluted) infield fly rule. So, for the women out there who know they can do it better just as soon as they learn how help is finally at hand!
