Some Trick May 10 2021 Hailed a "Best Book of the Year" by NPR, Publishers Weekly, Vulture, and the New York Public Library, *Some Trick* is now in paperback For sheer unpredictable brilliance, Gogol may come to mind, but no author alive today takes a reader as far as Helen DeWitt into the funniest, most far-reaching dimensions of possibility. Her jumping-off points might be statistics, romance, the art world's piranha tank, games of chance and games of skill, the travails of publishing, or success. "Look," a character begins to explain, laying out some gambit reasonably enough, even in the face of situations spinning out to their utmost logical extremes, where things prove "more complicated than they had first appeared" and "at 3 a.m. the circumstances seem to attenuate." In various ways, each tale carries DeWitt's signature poker-face lament regarding the near-impossibility of the life of the mind when one is made to pay to have the time for it, in a world so sadly "taken up with all sorts of paraphernalia superfluous, not to say impedimental, to ratiocination."

Women Who Work Mar 08 2021 NEW YORK TIMES BESTSELLER! Ivanka is donating the unpaid portion of her advance and all future royalties received from Women Who Work to the Ivanka M. Trump Charitable Fund, a donor advised fund that will make grants to organizations that empower and educate women and girls.* "This is a chatty step-by-step guide to living a happy life and getting ahead in a career." —USA Today "The advice is spot-on for everyone, not just women." —Tony Hsieh, CEO of Zappos.com and author of *Delivering Happiness* I believe that when it comes to women and work, there isn't one right answer. The only person who can create a life you'll love is you. Our grandmothers fought for the right to work. Our mothers fought for the choice to be in an office or to stay at home. Our generation is the first to fully embrace and celebrate the fact that our lives are multidimensional. Thanks to the women who came before us and paved the way, we can create the lives we want to lead—which look different for each of us. I've been fortunate to be able to build my career around my passions, from real estate to fashion. But my professional titles only begin to describe who I am and what I value. I have been an executive and an entrepreneur, but also—and just as importantly—a wife, mother, daughter, and friend. To me, "work" encompasses my efforts to succeed in all of these areas. After appearing on *The Apprentice* years ago and receiving a flood of letters from young women asking for guidance, I realized the need for more female leaders to speak out publicly in order to change the way society thinks and talks about "women who work." So I created a forum to do just that. This book evolves the conversation that started on *IvankaTrump.com*, where so many incredible women (and men!) have shared their experiences, advice, ambitions, and passions. Women who work lead meetings and train for marathons. We learn how to cook and how to code. We inspire our employees and our children. We innovate at our current jobs and start new businesses. *Women Who Work* will equip you with the best skills I've learned from some of the amazing people I've met, on subjects such as identifying opportunities, shifting careers smoothly, negotiating, leading teams, starting companies, managing work and family, and helping change the system to make it better for women—now and in the future. I hope it will inspire you to redefine success and architect a life that honors your individual passions and priorities, in a way only you can. * The Ivanka M. Trump Charitable Fund (the "Fund") is a donor advised fund that supports the economic empowerment of women and girls. Ivanka Trump is the grant advisor to the Fund and sole member of IT WWV Pub, LLC (the "LLC"), which receives royalties from the publication of *Women Who Work*. The LLC will contribute a minimum \$425,000 to the Fund, which is the unpaid portion of the advance, net of expenses. In addition, the LLC will contribute all future royalties it receives that are in excess of the advance to the Fund during the period from May 1, 2017 to May 1, 2022.

Public Personnel Administration and Labor Relations Jan 06 2021 The readings in this volume will enlighten and enliven the contents of any standard public administration text covering human resource management. Selected mainly from the pages of *Public Administration Review* and *Review of Public Personnel Administration*, these classic articles trace the historical and evolutionary development of the fields of public personnel administration and labor relations from the point at which the first civil service law was passed - the Pendleton Act in 1883 - through the 21st century. The collection covers everything from the seminal concerns of civil service (e.g., keeping spoils out) to topics that early reformers would never have envisioned (e.g., affirmative action and drug testing). These works continue to inform the theory and practice of public personnel and labor relations. To facilitate an instructor's ability to assign readings that illuminate lectures and course material, a correlation matrix on the M.E. Sharpe website shows how this book can be used easily alongside eight leading textbooks.

[Public Administration](#) Feb 07 2021 This is a complete and up-to-date revision of the classic text for public administration which presented public administration as a tension between the necessary exercise of power and the search for accountability by public servants. In this revision, the authors have initiated a new approach to the study of public administration by focusing on middle- and lower-level managers. These are positions that most students will occupy for the bulk of their professional careers. The book recognizes that most of the administration is in field offices, in state and local government, and in cooperation with the private sector. It then focuses on power and its potential for influencing the behavior of the bureaucracy. This leads to the relationship between theories about administration and the actual practice.

Drawing on insights from biology and anthropology, the author suggests how we can make exercise more enjoyable, rather than shaming and blaming people for avoiding it

[A Manual for Cleaning Women](#) Sep 26 2022 The New York Times bestseller. 'This selection of 43 stories should be by all rights see Lucia Berlin as lauded as Jean Rhys or Raymond Carver' - Independent Introduced by Lydia Davis, Lucia Berlin's stories in A Manual for Cleaning Women make for one of the most remarkable unsung collections in twentieth-century American fiction. With extraordinary honesty and magnetism, Lucia Berlin invites us into her rich, itinerant life: the drink and the mess and the pain and the beauty and the moments of surprise and of grace. Her voice is uniquely witty, anarchic and compassionate. 'With Lucia Berlin we are very far away from the parlours of Boston and New York and quite far away, too, from the fiction of manners, unless we are speaking of very bad manners. . . . The writer Lucia Berlin most puts me in mind of is the late Richard Yates.' - LRB, 1999

The Poetry Home Repair Manual Nov 16 2021 Recently appointed as the new U. S. Poet Laureate, Ted Kooser has been writing and publishing poetry for more than forty years. In the pages of *The Poetry Home Repair Manual*, Kooser brings those decades of experience to bear. Here are tools and insights, the instructions (and warnings against instructions) that poets— aspiring or practicing— can use to hone their craft, perhaps into art. Using examples from his own rich literary oeuvre and from the work of a number of successful contemporary poets, the author schools us in the critical relationship between poet and reader, which is fundamental to what Kooser believes is poetry's ultimate purpose: to reach other people and touch their hearts. Much more than a guidebook to writing and revising poems, this manual has all the comforts and merits of a long and enlightening conversation with a wise and patient old friend—a friend who is willing to share everything he's learned about the art he's spent a lifetime learning to execute so well.
