Day One Apr 17 2021 The electrifying prequel to VACATION by Matthew Costello, debuting this fall from St. Martin's Press. 76th Precinct, Union Street, Brooklyn - 8 a.m. NYPD cop and family man Jack Murphy starts his first day of work at the 76th Precinct in Red Hook. Back at the academy, they had heard stories about these first few days, about being paired up with an old timer and getting "mentored." It was more like hazing. The salary wasn't bad. You could still retire after twenty years. Benefits were good. And you always had the brotherhood of blue. It didn't sound bad to Jack. But those days were over. With the onset of a food shortage, society is crumbling. Grocery store shelves are emptier by the week, and the city has gone from bad to worse. People are getting desperate. And hungry. Jack and his new partner, Schiller, take to the streets on a blistering hot summer day, cruising around for hours until they can grab lunch. But when they get a routine noise complaint call, they get more than they bargained for, and must do all they can to avoid becoming lunch themselves... Universal Design 2014: Three Days of Creativity and Diversity Jan 27 2022 Universal Design, Design for All and Inclusive Design are all aimed at dismantling physical and social barriers to inclusion in all areas of life. Engagement in universal design is on the increase worldwide as practitioners and researchers explore creative and desirable solutions to shape the future of universal design products and practices. This book is a collection of the papers presented at UD2014, the International Conference on Universal Design, held in Lund, Sweden, in June 2014. The conference offered a creative and diverse meeting place for all participants to exchange knowledge, experiences and ideas, and to build global connections and creative networks for future work on universal design. The themes of UD2014 span many aspects of societal life, and the papers included here cover areas as diverse as architecture, public transport, educational and play environments, housing, universal workspaces, and the Internet of things, as well as designs and adaptations for assistive technology. The book clearly demonstrates the breadth of universal design and its ongoing adoption in societies all over the world, and will be of interest to anyone whose work involves building a more inclusive environment for all.

All the Tors Oct 04 2022 Dartmoor. 119 tors over 10 days. 300km. Solo. "Never did I imagine that I would have trouble finding the tors. This was supposed to be an endurance challenge, not a navigational one." To mark Dartmoor Rescue's 50th Anniversary and her 25th year on the planet, Emily Woodhouse sets out on a solo expedition across Dartmoor. Boldly independent, she should have all the experience she needs from Dartmoor Rescue, mountain leading and 15 years of living on the moors. Although she has never walked so far for so long or wild camped alone before. Never mind that she can barely lift her over-packed rucksack. But when horrendous weather sets in, Emily realises that a pleasantly strenuous challenge has turned into a survival mission. Battling forwards against the elements, she crosses the backdrop of her childhood, haunted by feeling so connected to this landscape and yet still being an outsider. As the tor count clocks up, Emily wrestles with the rules she's set herself and the fine line between strong willed and stupid. Expect fog, bog and a personal journey towards belonging.

Six Months, Three Days Aug 02 2022 Doug and Judy have both had a secret power all their life. Judy can see every possible future, branching out from each moment like infinite trees. Doug can also see the future, but for him, it's a single, locked-in, inexorable sequence of foreordained events. They can't both be right, but over and over again, they are. Obviously these are the last two people in the world who should date. So, naturally, they do. Six Months, Three Days is the winner of the 2012 Hugo Award for Best Novelette. WTO Dispute Settlement Understanding Jun 27 2019 In the course of the first decade of the existence of the World Trade Organisation (WTO), the Understanding on Rules and Procedures Governing the Settlement of Disputes (DSU) has shown itself to be the foundation upon which the stable base of the organisation rests. In essence, the DSU created a system of binding dispute settlement based on legal rules and procedures closely resembling a domestic, judicially based court system. The DSU established the procedures and rules to solve the dispute between the WTO Members and its formation has unquestionably added to the stability and positively influenced the performance of the international trading system. In short, the DSU is the procedural law within the WTO legal system. Although a strict system of precedent is not contemplated in the DSU itself, a system of de facto precedent has emerged and every panel or appellate body carefully considers past cases in its decisions. Accordingly, a rich body of case law has developed from the jurisprudence of the Dispute Settlement Board (DSB). This major new publication is the first comprehensive exploration of this jurisprudence. Through an article-by-article interpretation of the DSU, this book analyses how the panels and Appellate Body have read, interpreted and construed the provisions of the DSU. Its expert authors provide detailed juridical essays on each of the 27 articles of the DSU, with precise commentary on how panel and Appellate Body reports and arbitral awards (over 100 to date) affect the interpretation and application of the various DSU provisions. The coverage also includes the special or additional rules and procedures referred to in some of the agreements covered by the DSU, especially the manner in which the DSB has applied such rules to anti-dumping, subsidies and countervailing measures, and textiles. In addition, the volume reprints all of the DSU-related documents for easy reference. WTO Dispute Settlement Understanding: A Detailed Interpretation provides complete and thorough evaluation of the practical working meaning of the DSU. It will be of invaluable assistance to government officials, legal practitioners, scholars, media participants, non-governmental organisations, and other in their practical and important endeavors. The detailed analysis of this very important legal material will be welcomed by all concerned with matters of world trade and globalisation.

Superstructure Mar 05 2020 Mark Power is a photographer who has had exclusive, unfettered access to all areas of the Greenwich millennium site since 1997, when it was merely a derelict, polluted building site. Since then, virtually day by day, he has captured the creation of the Dome and its contents on film. His pictures are astonishingly powerful; they are certainly the most coherent, complete vision of the Dome by an individual photographer. Having visited the Dome well over a hundred times, Mark Power has truly managed to convey the spirit of the place.

Shtetl Days Sep 03 2022 Professional actors Veit Harlan and his wife Kristi are happy citizens of the prosperous, triumphant Reich. It's been over a century since the War of Retribution cleaned up Europe, long enough that now curious tourists flock to the painstakingly recreated "village" of Wawolnice, where--along with dozens of colleagues--Veit and Kristi re-enact the daily life of the long-exterminated but still frightening "Jews." Veit and Kristi are true professionals, proud of their craft. They've learned all there is to know about this vanished way of life. They know the dead languages, the turns of phrase, the prayers, the manners, the food. But now they're beginning to learn what happens when you immerse yourself long enough in something real...in Harry Turtledove's Shtetl Days. Tor! Feb 02 2020 Germany did not have professional players or a national league until the 1960s, yet it became one of the most successful football nations in the world. Tor! (Goal!) traces the extraordinary story of Germany's club and international football, from the days when it was regarded as a dangerously foreign pastime, through the horrors of the Nazi years to postwar triumphs and the crisis of the new century. Tor! challenges the myth that German football is 'predictable' or 'efficient' and brings to life the fascinating array of characters who shaped it: the betrayed pioneer Walther Bensemann; the enigmatic genius Sepp Herberger; the all-conquering Franz Beckenbauer; the modern misfit Lothar Matthäus. And even the radio commentator Herbert Zimmermann, whose ecstatic cries of 'Tor!' greeted the winning goal in the 1954 World Cup final and helped change a whole nation's view of itself. Fully revised and updated ahead of the 2022 World Cup, Tor! is the definitive history of German football.

Mistress of Birds Apr 05 2020 Enjoy this gentle and kind historical fantasy romance set in the magical community of Great Britain after the Great War. Thalia wants to make an impact. Thalia's life is full of artists, authors, and other creative minds, but she's barely keeping herself together. After yet another rejection of her writing, she's willing to keep an eye out on a remote home on the edge of Dartmoor while her reclusive great-aunt takes a rest cure. Reggie hasn't been the same since the Great War. Reggie's family have long since run out of tolerance for his continuing shell shock. His uncle's broken leg is the perfect excuse to get Reggie out of the house - at least he can make himself useful fetching and carrying. Reggie's not at all sure he can be any sort of help to anyone. When he visits his uncle's apple orchard, he's even more confused by what he finds - and no one else seems to find the late-ripening apples at all unusual. The house has its own secrets. At first, the house seems a pleasant enough retreat for Thalia. The housekeeper and maid are competent, if distant. The food is wonderful, and she didn't have to buy or cook it herself. But there's the odd noise from the attic, the locked rooms, the ageless photographs. When she meets Reggie, they at least agree that something is odd. Can they discover the secret and change their futures? Mistress of Birds is the seventh book of the Mysterious Powers series, exploring the institutions of Albion during and after the Great War. All of Celia Lake's Albion books exploring the magical community of the British Isles can be read in any order. It is full of gothic mystery, feeling out of place, apples, birds, and how to move forward into a new stage of life. Enjoy this charming romantic fantasy set in 1927 with a happily ever after ending!
