[Atlantis](#) Nov 05 2020 A fantastic activity book for fans of LEGO Atlantis complete with a LEGO Atlantis mini figurine. Down in the murky ocean depths, there are fierce creatures guarding unimaginable treasures. Build your Shark Warrior, read all about the world of Atlantis and then tackle the treacherous missions, coming face-to-face with the terrifying guardians, in this awesome LEGO adventure activity book.

Sophia Dec 18 2021 Shortlisted for the Slightly Foxed Best First Biography Prize Winner of the Eastern Eye Alchemy Festival award for Literature In 1876 Sophia Duleep Singh was born into royalty. Her father, Maharajah Duleep Singh, was heir to the Kingdom of the Sikhs, a realm that stretched from the lush Kashmir Valley to the craggy foothills of the Khyber Pass and included the mighty cities of Lahore and Peshawar. It was a territory irresistible to the British, who plundered everything, including the fabled Koh-I-Noor diamond. Exiled to England, the dispossessed Maharajah transformed his estate at Elveden in Suffolk into a Moghul palace, its grounds stocked with leopards, monkeys and exotic birds. Sophia, god-daughter of Queen Victoria, was raised a genteel aristocratic Englishwoman: presented at court, afforded grace-and-favour lodgings at Hampton Court Palace and photographed wearing the latest fashions for the society pages. But when, in secret defiance of the British government, she travelled to India, she returned a revolutionary. Sophia transcended her heritage to devote herself to battling injustice and inequality, a far cry from the life to which she was born. Her causes were the struggle for Indian independence, the fate of the Lascars, the welfare of Indian soldiers in the First World War – and, above all, the fight for female suffrage. She was bold and fearless, attacking politicians, putting herself in the front line and swapping her silks for a nurse's uniform to tend wounded soldiers evacuated from the battlefields. Meticulously researched and passionately written, this enthralling story of the rise of women and the fall of empire introduces an extraordinary individual and her part in the defining moments of recent British and Indian history.

Middle School English Grammar and Composition Jan 27 2020 Primary School English Grammar & Composition (PSEGC) and Middle School English Grammar & Composition (MSEGC) is a set of two books designed to be used as a prequel to the highly popular English grammar reference book, High School English Grammar & Composition. Both PSEGC and MSEGC provide ample guidance and practice in sentence building, correct usage, comprehension, composition and other related areas so as to equip the learners with the ability to communicate effectively in English.

TripAdvisor Travelers' Choice Awards 2012, 2013, 2014, 2015 and 2016 winner in Favorite Travel Guide category 'Lonely Planet guides are, quite simply, like no other.' – New York Times 'Lonely Planet. It's on everyone's bookshelves; it's in every traveller's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' – Fairfax Media (Australia) Important Notice: The digital edition of this book may not contain all of the images found in the physical edition.

The Heart of the Photograph Mar 09 2021

Learn to ask better, more helpful questions of your work so that you can create stronger and more powerful photographs.

Photographers often look at an image—one they've either already created or are in the process of making—and ask themselves a simple question: "Is this a good photograph?" It's an understandable question, but it's really not very helpful. How are you supposed to answer that? What does "good" even mean? Is it the same for everyone?

What if you were equipped to ask better, more constructive questions of your work so that you could think more intentionally and creatively, and in doing so, bring more specific action and vision to the act of creating photographs? What if asking stronger questions allowed you to establish a more effective approach to your image-making? In *The Heart of the Photograph: 100 Questions for Making Stronger, More Expressive Photographs*, photographer and author David duChemin helps you learn to ask better questions of your work in order to craft more successful photographs—photographs that express and connect, photographs that are strong and, above all, photographs that are truly yours.

From the big-picture questions—What do I want this image to accomplish?—to the more detail-oriented questions that help you get there—What is the light doing? Where do the lines lead? What can I do about it?—David walks you through his thought process so that you can establish your own. Along the way, he discusses the building blocks from which compelling photographs are made, such as gesture, balance, scale, contrast, perspective, story, memory, symbolism, and much more. *The Heart of the Photograph* is not a theoretical book. It is a practical and useful book that equips you to think more intentionally as a photographer and empowers you to ask more helpful questions of you and your work, so that you can produce images that are not only better than "good," but as powerful and authentic as you hope them to be.

### TABLE OF CONTENTS

Better Questions

#### PART ONE: A GOOD PHOTOGRAPH?

Is It Good?

The Audience's Good

The Photographer's Good

#### PART TWO: BETTER THAN GOOD

Better Subjects

#### PART THREE: BETTER EXPRESSION

Exploration and Expression

What Is the Light Doing?

What Does Colour Contribute?

What Role Do the Lines and Shapes Play?

What's Your Point of View?

What Is the Quality of the Moment?

Where Is the Story?

Where Is the Contrast?  
What About Balance and Tension?  
What Is the Energy?  
How Can I Use Space and Scale?  
Can I Go Deeper?  
What About the Frame?  
Do the Elements Repeat?  
Harmony  
Can I Exclude More?  
Where Does the Eye Go?  
How Does It Feel?  
Where's the Mystery?  
Remember When?  
Can I Use Symbols?  
Am I Being Too Literal?

Caretas Jan 19 2022

Travels to the Edge Aug 22 2019 \* A selection of some of the most adventurous and stunning imagery from a master \* Inspirational for those who seek to travel and explore our beautiful planet \* Landscapes, wildlife, and cultures of Alaska, Bolivia, Ethiopia, India, Kenya, Madagascar, Patagonia, Peru, South Georgia Island, the Southwest (US), and beyond Revel in the beauty of awe-inspiring landscapes and the unique animals and people that inhabit them as captured through an artist's lens in *Travels to the Edge*, the newest book from internationally acclaimed photographer Art Wolfe. Wolfe has personally selected his 100 favorite images of majestic glaciers, expansive deserts, teeming rainforests, remote mountain peaks, and exotic tribal gatherings—all captured on location while traveling for the PBS television program "Travels to the Edge." Brief essays and captions, recorded during his journeys, share Wolfe's knowledge about the world around him and reveal his curiosity and enthusiasm for places, cultures, and creatures great and small. Funding for "Travels to the Edge with Art Wolfe" is generously provided by Canon U.S.A., Inc. and the Microsoft Corporation. Additional funding is provided by Conservation International.

Journey of the Soul Aug 02 2020 Journey of the Soul presents the best of Doris Klein's portfolio. The internationally recognized artist gathers twenty-five images with accompanying text that engage and inspire us. The images resonate deeply within the human spirit. The text stands side-by-side with her art to help us uncover and embrace the Spirit's mystery and power. The artwork inspires us. The text mines the layers, and together they present an integrated experience that transforms.

PHP & MySQL: The Missing Manual May 31 2020 If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

Canon EOS Rebel T7/2000D For Dummies Oct 16 2021 A photography class—in a book! Your Canon EOS Rebel T7/1400D provides enough camera power to take the pro-style shots you've dreamed of shooting—and this book shows you how. Canon EOS Rebel T7/1400D For Dummies bridges the gap between taking quick shots in auto mode and taking charge of the settings that offer full control of your pictures' focus, color, and light balance. Take a peek inside to discover all the expert tips and tricks to take brag-worthy portraits, action shots, and close-ups—in a flash. No matter your subject, you'll get all the know-how and instruction you need to get the picture-perfect shot every time. Get started with automatic and creative modes Take full control of exposure to achieve better results Understand the settings that control light and color Follow steps on properly using flash Even if you've never picked up a DSLR camera, this friendly guide makes it fast and easy to unlock all your powerful Canon has to offer!

Exposure Photo Workshop Jul 25 2022 New and updated techniques for working with exposure Exposure involves a variety of skills, but once mastered, can turn a hobbyist into a bona fide photographer. This hands-on resource dissects the components of exposure—ISO, aperture, shutter speed—and shows how they work together to capture the photographer's vision. You'll learn how to leave the safety of automatic settings and understand how controlling the settings can result in beautiful photos. Stunning photos of people, wildlife, and landscapes serve to inspire you to practice your new skills in exposure and create memorable and frame-worthy photos. Unveils the many intricate levels of exposure and clearly explains how to master each one so that you can capture amazing photos Encourages you to apply each of the techniques you learn with patience and experimentation when photographing people, wildlife, landscapes, or any other subject matter Details the essentials for taking frame-worthy photos in a variety of challenges, such as action, night scenes, low light, bad weather, and more Features updated, stunning, and inspiring full-color photos throughout Expose yourself to the fantastic and unparalleled advice contained within the pages of Exposure Photo Workshop, Second Edition!

Peep at the Pictures Jul 01 2020 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The She-Hulk Diaries Dec 06 2020 JANUARY 1 CURRENT STATUS: No job, no boyfriend, no permanent place to live, no car, and most of my clothes are held together with staples and duct tape. Bank account almost wiped out. Many of my former associates have expressed a desire that I never darken their doorways again for legal and financial reasons. She-Hulk got us got us kicked out of the Avengers Mansion. People keep posting videos online of her New Year's Eve shenanigans: twirling flaming telephone poles in Times Square, climbing the Empire State Building while dangling Anderson Cooper, dancing wildly at parties, and commandeering a motorcycle cop's ride to do wheelies across the Brooklyn Bridge. Saying there are two sides to Jennifer Walters's personality is an understatement. When she hasn't morphed into a 650-pound, crime-fighting, hard-partying superhero, she's a single lawyer trying to get her act together. Hilarious and action-packed, The She-Hulk Diaries tells her story, as she juggles looking for Mr. Right and climbing the corporate ladder by day with battling villains and saving the world by night. Maybe she'll finally take on a case that will define her career. Maybe she won't meet one Mr. Right, but two, and she'll have to choose. Maybe bad guys will stop trying to destroy the planet so she can read her Perez Hilton in peace.

Digital Photogrammetry Jun 24 2022 Photogrammetry is a science based technology with more than a century of history and development. During this time, the techniques used to get information about objects represented in photos have changed dramatically from pure optic mechanical equipment to a fully digital workflow in our days. Parallel to this, the handling became easier, and so its possible also for non-photogrammetrists to use these methods today. This book is especially written for potential users which have no photogram metric education but would like to use the powerful capabilities from time to time or in smaller projects: Geographers, Geologists, Cartographers, Forest Engineers who would like to come into the fascinating field of photogrammetry via "learning by doing". For this reason, this book is not a textbook - for more and deeper the ory, there exists a lot of literature, and it is suggested to use some of this. A special recommendation should be given to the newest book from KONECNY (2002) for basic theory and the mathematical backgrounds or to the book from SCHENK (1999) for the particular situation in digital photogrammetry. For a quick reference especially to algorithms and technical terms see also the Photogrammetric Guide from ALBERTZ & KREILING (1989). This book includes a CD-ROM which contains all you need from software and data to learn about the various methods from the beginning (scanning of the photos) to final products like ortho images or mosaics.

PHOTOVIDEO1 Mar 21 2022 A local Singaporean magazine dedicated to photography and videography.

2003 Miller GAAP Practice Manual Aug 26 2022 Miller GAAP Practice Manual analyzes authoritative GAAP literature contained in Levels B

through D of the GAAP hierarchy, established by Statement on Auditing Standards No. 69. Pronouncements in these levels include: Level B-FASB Technical Bulletins, AICPA Statements of Position, and AICPA Industry Audit and Accounting Guides; Level C-EITF Consensus positions, FASB and SEC staff announcements, and AICPA Practice Bulletins; and Level D-AICPA Accounting Interpretations of APB Opinions, and FASB Implementation Guides. The book organizes accounting pronouncements alphabetically by topic. Pronouncements covering the same subject are compiled and incorporated in a single chapter so that the authoritative information is immediately accessible.

Bad Love Strikes Apr 29 2020 In October 1939, Albert Einstein warns President Franklin D. Roosevelt that Nazi Germany is actively pursuing an atomic bomb and urges him to make sure that the United States develops the bomb first. Roosevelt heeds the warning and launches the "Manhattan Project" in June 1942.

Amnesty International Report 2008 Jun 19 2019 This annual report documents human rights abuses by governments and armed opposition groups in 150 countries across the world. It provides an invaluable reference guide to international human rights developments.

Martensite Jan 07 2021 Explanations of the mechanisms and kinetics of martensitic transformations and behavior of martensitic materials (such as shape memory alloys and high performance steels) form the backbone of this collection of reviews honoring materials science pioneer Morris Cohen of MIT. Among the topics: thermodynamics

Kasher in the Rye May 11 2021 A hopeful and inspiring "act of comedic magic" from comedian-and now memoirist!-Moshe Kasher (Artie Lange, #1 New York Times bestselling author of Too Fat to Fish). Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But Kasher in the Rye is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland, California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carroll...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

Confessions of a Conjuror Nov 17 2021 The inside of Derren Brown's head is a strange and mysterious place. Now you can climb inside and wander around. Find out just how Derren's mind works, see what motivates him and discover what made him the weird and wonderful person he is today. Obsessed with magic and illusions since childhood, Derren's life to date has been an extraordinary journey and here, in Confessions of a Conjuror, he allows us all to join him on a magical mystery tour - to the centre of his brain... Taking as his starting point the various stages of a conjuring trick he's performing in a crowded restaurant, Derren's endlessly engaging narrative wanders through subjects from all points of the compass, from the history of magic and the fundamentals of psychology to the joys of internet shopping and the proper use of Parmesan cheese. Brilliant, hilarious and entirely unlike anything else you have ever read before, Confessions of a Conjuror is also a complete and utter joy.

The Complete Photo Guide to Needlework Feb 26 2020 "This book is a comprehensive how-to book about all of the most popular hand needle arts: embroidery, cross-stitch, needlepoint, crewel, silk ribbon embroidery, and bead embroidery. For each type of needlework, there is an overview of the tools and materials used and complete instructions with photos and diagrams for all the stitches and techniques used for the craft. The organization provides easy access to information with step-by-step directions and 600 full-color photos for clear understanding. Easy projects allow the reader to try the techniques in each section. Galleries of needlework by various artists offer the reader examples and inspiration to pursue the hobby for themselves"--

A Taste of Pesach Dec 26 2019 The authors of Yeshiva Me'on HaTorah's wildly popular A Taste of Pesach mailings have put together a complete collection of kosher for Pesach family favorites in a magnificently presented, down-to-earth compilation you will find yourself referring to again and again. The stunning, full-color photography and clear, easy-to-read layout are a treat for the eyes; while delicious, mouthwatering recipes are a treat for the palate. Using familiar ingredients, A Taste of Pesach offers fabulous, easy-to-prepare recipes and gourmet presentations that family and friends will find irresistible on Pesach and year round. A Taste of Pesach incorporates timeless classics that have been used for generations and modern cuisine to present a cookbook that appeals to young and old alike. These are recipes that you will love to cook, serve and enjoy year after year.

The Story of Son Nov 24 2019 First released in the anthology Dead After Dark, dive into this hot novella from #1 New York Times bestselling author J.R. Ward. Available for the first time ever as a standalone ebook, get lost in the sinful pleasures of a vampire so obsessed with one woman, he will relinquish her blood, if only he can have her heart... Held captive by a dark, seductive vampire with an unworldly hunger, the beautiful Claire Stroughton fears her life as a lawyer has irrevocably taken a turn for the worse. But when this deeply sensual-and highly dangerous-vampire convinces Claire that his desire for her is stronger than his lust for blood, she is compelled to give everything up to him, body and soul...in The Story of Son.

Girl Last Seen Mar 29 2020 Kadence Mulligan's star was rising. She and her best friend, Lauren DeSanto, watched their songs go viral on YouTube, then she launched a solo career when a nasty throat infection paralyzed Lauren's vocal chords. Everyone knows Lauren and Kadence had a major falling-out over Kady's boyfriend. But Lauren knows how deceptive Kadence could be sometimes. And nobody believes Lauren when she claims she had nothing to do with the disappearance. Or the blood evidence... As the town and local media condemns Lauren, she realizes the only way to clear her name is to discover the truth herself. Lauren slowly unravels the twisted life of Kadence Mulligan and sees that there was more to her than she ever knew. But will she realize she's unknowingly playing a part in an elaborate game to cover up a crime before it's too late?

Application of Super Absorbent Polymers (SAP) in Concrete Construction Feb 20 2022 This is the state-of-the-art report prepared by the RILEM TC "Application of Super Absorbent Polymers (SAP) in concrete construction". It gives a comprehensive overview of the properties of SAP, specific water absorption and desorption behaviour of SAP in fresh and hardening concrete, effects of the SAP addition on rheological properties of fresh concrete, changes of cement paste microstructure and mechanical properties of concrete. Furthermore, the key advantages of using SAP are described in detail: the ability of this material to act as an internal curing agent to mitigate autogenous shrinkage of high-performance concrete, the possibility to use SAP as an alternative to air-entrainment agents in order to increase the frost resistance of concrete, and finally, the benefit of steering the rheology of fresh cement-based materials. The final chapter describes the first existing and numerous prospective applications for this new concrete additive.

High School English Grammar and Composition Key Aug 14 2021 High School English Grammar & Composition provides ample guidance and practice in sentence building, correct usage, comprehension, composition and other allied areas so as to equip the learners with the ability to communicate effectively in English.

How to Fix Your Credit Jul 13 2021 You're not alone. About 51 million American households carry credit card debt at an average balance of nearly \$12,000. Credit trouble is a problem you can't ignore. No matter how much money you earn or where you live, if you've made mistakes with credit in the past, those mistakes will haunt you -- unless you empower yourself to fix them. And you can. Managing your credit can be a complicated issue, but the Reverend Luis Cortés Jr. provides an easy-to-follow guide to help you handle the process. Any amount of debt, no matter how scary the number, can be paid off with a little planning and a lot of determination. The sooner you begin, the easier your task will be. Let Reverend Cortés help you today before your situation becomes worse tomorrow.

Pat the Zoo (Pat the Bunny) Sep 22 2019 A fun and exciting touch-and-feel book featuring one of the best-selling children's book characters of all time - Pat the Bunny! Pat the Bunny has been creating special first-time moments between parents and their children for over 75 years. This engaging touch-and-feel book takes babies on a playful trip to the zoo where they can pet animals like lions, pandas, turtles, and more, all the while making cherished memories that will last a lifetime.

In Camera: How to Get Perfect Pictures Straight Out of the Camera Apr 22 2022 With amazing low-light capabilities, incredible definition, intelligent autofocus and a host of other features, digital cameras have now become so powerful that they have left their users behind. Most photographers can take competent shots in a range of conditions, or fix imperfect exposures in Photoshop or Lightroom, but very few have the skill to push their cameras to the limit and capture the perfect shot, under all conditions, with no post-processing required. In Camera is

the perfect way to take your photography to that level; to master your camera, understand light, exposure and composition, and make amazing photographs, whatever your camera, without cheating after the event. One hundred of Gordon's beautiful photos are given with his own expert commentary; full settings and camera details are included, and a host of tips and tricks let photographers of any level learn something from every example. The shots are taken with a wide range of cameras, and the emphasis is on getting results by improving your own skills, not wasting money on expensive equipment.
