Chevrolet Parts Interchange Manual, 1959-1970 Dec 19 2021 Swapping or interchanging parts is a time-honored practice, and this book is the source for Chevrolet parts interchanges.

The Mobilgas Economy Run Jul 22 2019 The Mobilgas Economy Runs were annual competitions in which new American production automobiles vied not for speed, but for fuel economy--even as the industry was turning out bigger, more powerful cars year by year. This first complete history of the runs (including the predecessor Gilmore Economy Runs) follows each year's competitors day by day, covers some aspects not reported at the time and features a wealth of photographs. It includes coverage of the related Mobil Mileage Rally, held for imported cars from 1958 through 1961. Complete results for all of the competitions are provided in an appendix.

Engineering Marvels: Muscle Cars: Graphs, Tables, and Equations Nov 06 2020 Muscle cars combined steel, power, and ingenuity. Much more than a way of getting from point A to B, muscle cars defined a way of life for a generation. Collecting Muscle Car Model Kits May 12 2021 In the 1960s, model kit building was a huge hobby. Kids built plastic kits of planes, tanks, race cars, space ships, creatures from scary movies, you name it. Before baseball card collecting, Pok é mon, and video games, model kit building was one of the most popular hobby activities. Car and airplane kits were the most popular, and among the car kits, muscle cars, as we know them today, were one of the most popular categories. Many owners of real muscle cars today were not old enough to buy them when the cars were new, of course. Yet kids of the 1960s and 1970s worshiped these cars to an extent completely foreign to kids today. If you couldn't afford or were too young to buy a muscle car back then, what could you do? For many, the next best thing was to buy, collect, and build muscle car kits from a variety of kit companies. Hundreds were made. Many of these kits have become collectible today, especially in original, unassembled form. Although people still build kits today, there is a broad market for collectors of nostalgic model kits. People love the kits for the great box art, to rekindle fond memories of building them 40 years ago, or even as a companion to the full-scale cars they own today. Here, world-leading authority Tim Boyd takes you through the entire era of muscle car kits, covering the options, collectability, variety availability, and value of these wonderful kits today. Boyd also takes you through the differences between the original kits, the older reproduction kits, and the new reproduction kits that many people find at swap meets today. If you are looking to build a collection of muscle car kits, interested in getting the kits of your favorite manufacturer or even just of the cars you have owned, this book will be a valuable resource in your model kit search.

[Muscle Cars An Illustrated Guide](#) Aug 23 2019 Get the facts on 75 of America's greatest muscle cars, from the classic 1960s Pontiac GTO to the Ford Mustang Cobra.

Chevy SS Sep 28 2022 On the 1957 auto show circuit, Chevrolet unveiled a show car based on its Corvette and dubbed it the Super Sport. The performance car world took one look and never looked back. A combination of styling and performance upgrades, the SS package could turn something as mundane as a six-cylinder Malibu into the fire-breathing Chevelle SS396. This book traces the long line of legendary SS models, from Chevy's Super Sport version of its popular Impala, which marked the dawn of the muscle car era, to today's Impala SS. Featuring the work of acclaimed photo ace David Newhardt, Chevy SS: The Super Sport Story provides a close-up, detailed, full-color look at such classic muscle cars as the Chevelle, the El Camino, the Malibu, and the Monte Carlo as well as today's hot Camaro SS. The book is a fittingly elegant celebration of the cars that redefined high performance and defined an era.

Chevy SS Apr 23 2022 On the 1957 auto show circuit Chevrolet unveiled a show car based on its Corvette and dubbed the "Super Sport." The performance car world took one look, and never looked back. A combination of styling and performance upgrades, the SS package could turn something as mundane as a 6-cylinder Malibu into the fire-breathing Chevelle SS396. This book traces the long line of legendary SS models from Chevy's Super Sport version of its popular Impala, which marked the dawn of the muscle car era, to today's Impala SS. Featuring the work of acclaimed photo ace David Newhardt, Chevy SS: 50 Years of Super Sport provides a close-up, detailed, full-color look at such beloved muscle cars as the Chevelle, the Camaro, the El Camino, the Malibu, and the Monte Carlo. The book is a fittingly elegant celebration of the cars that redefined "high performance" and defined an era.

Ultimate Hot Rod Dictionary: A-Bombs to Zoomies Feb 27 2020 Every hot rodding magazine ever published (not to mention numerous books and countless web sites) has taken stabs at creating comprehensive glossaries of automotive enthusiasts terms and phrases. Finally Motorbooks has done it right with the publication of The Ultimate Hot Rod Dictionary. The title says it all. This book is 243 pages thick and includes more than 1,600 words and phrases, with definitions, phrase origins and examples of usage. In addition, the dictionary includes more than 225 line-art illustrations. "If you never thought you'd find yourself reading a dictionary, this informative and fun book may surprise you. - Rod and Custom, October, 2004 Perplexed about Peg Leggers? Curious about Crazy Stacks? Every enthusiast group inevitably spawns its own slang, but few are as rich as that which has evolved around the world of hot rods and customs. Once a unique American sub-language, the gearhead vernacular has long since gone global. Containing some 1,700 entries, this first-ever dictionary of the colorful language and phraseology that has developed in the world of hot rodding and customizing features not just terms used to describe the technologies and designs, but also those pertaining to the culture itself. In the end it's not just a dictionary with something for everyone from newbies to vets, but a book that reveals how the customizers have, in fact, customized their lingo. Includes specially commissioned line-art illustrations and cross-references for related or like terms.

The Essential Muscle Car Mar 30 2020 Essential Muscle Cars pays tribute to the legend and is lavishly illustrated with large format, full-color photographs of all the major models, along with a comprehensive technical specification of each. It is the perfect reference book for everyone interested in America's most interesting performance cars. Essential Muscle Cars tells the full story of America's most exciting cars from their early days, covering the developments in style, and details of the increases in power. Knudsen's Pontiac Division probably deserves to be credited with introducing the first bona fide Muscle Car, the mighty and magnificent GTO. Based on the Tempest, the Pontiac GTO was as fast, if not faster, in a straight line than the Italian stallion whose initials it had cheekily usurped. The motorists of America simply revelled in it combination of style and potency. Soon everyone was in on the act, furiously pumping iron - and a lot of gas. The Oldsmobile 4-4-2 and the Chevrolet Impala Super Sport were followed in '67 by the Camaro. Ford soon added the splendid Shelby Mustangs to its celebrated 'Pony Car' line and Chrysler rounded out the decade with their incredible Dodge Daytona Charger and Plymouth Superbird. For a brief, glorious, uninhibited, period before the arrival of the oil crisis and restrictive legislation of the nineteen-seventies, American enjoyed the thrill of unfettered automotive power and every stop light became the start line of a drag strip. Essential Muscle Cars pays tribute to the legend and is lavishly illustrated with large format, full-colour, cut-out photographs of all the major models, along with a comprehensive technical specification of each. It will be the perfect reference book for everyone interested in America's most interesting performance cars.
