***A New International History of the Spanish Civil War Sep 28 2022 '...a lucid and scholarly account of an important and immensely complex subject...Dr. Alpert's command of a broad range of archival material, printed documents and secondary works in six languages is extremely impressive.' - P. Preston, London School of Economics and Political Science It is now twenty years since a study was dedicated to the international aspects of the Spanish Civil War and this new synthesis covering the whole of the era and setting it against major events of the late 1930s is well overdue. Michael Alpert takes full advantage of newly accessible archival sources to disentangle the intricacies of this complex issue.***

*Righteous Porkchop Mar 22 2022 Asked to head up Robert F. Kennedy Jr.'s environmental organization's "hog campaign," Nicolette Hahn Niman embarked upon a fascinating odyssey through the inner workings of the "factory farm" industry. What she discovered transformed her into an intrepid environmental lawyer determined to lock horns with the big business farming establishment. She even, unexpectedly, found love along the way. A searing account of an industry gone awry and one woman's passionate fight to remedy it, Righteous Porkchop chronicles Niman's investigation and her determination to organize a national reform movement to fight the shocking practices of industrial animal operations. She offers necessary alternatives, showing how livestock farming can be done in a better way—and she details both why and how to choose meat, poultry, dairy, eggs, and fish from traditionally farmed sources.*

*Richard Wright Feb 21 2022 African-American writer Richard Wright (1908–1960) was celebrated during the early 1940s for his searing autobiography (Black Boy) and fiction (Native Son). By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris. But his writings changed American culture forever, and today they are mainstays of literature and composition classes. He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers. This volume presents a comprehensive annotated bibliography of those essays, books, and articles from 1983 through 2003. Arranged alphabetically by author within years are some 8,320 entries ranging from unpublished dissertations to book-length studies of African American literature and literary criticism. Also included as an appendix are addenda to the author's earlier bibliography covering the years from 1934 through 1982. This is the exhaustive reference for serious students of Richard Wright and his critics.*
