bibliographical essay. Taken together, these pieces afford a fresh and searching set of perspectives on Melville's connections both with his own age and also with our own. *Sufism-The Soul of Islam* Jun 26 2022 Sufism is a journey. A miraculous one. Filled with hurdles yet easy for those who are born pure and those who choose. It is the choices and not always the actions as they could be deceptive. Sufism is the spiritual and mystical aspect of Islam. The esoteric cosmos has every spiritual blessing, notion and trial. In the universe of Sufism, the destination is being One with the Divine Essence (tawhid) and the dear friend and leader on this path is the spiritual guide. Motivation and power to accomplish comes from loving Allah only, as Sultan Bahoo has famously said, "Only Allah! Everything other than Allah is lust." The names Allah and Mohammad (Ism-e-Allah Zaat and Ism-e-Mohammad) are sustenance which strengthen the very soul of man. After all it is the journey of soul. Deep respect embedded in the heart for the family of Prophet Mohammad (peace be upon him) is like Noah's Arc and the sacred Companions are guiding stars. The Mohammadan Assembly is the determining factor declaring one worthy to embark on the quest of Sufism or to demote or worse to forever halt. Wolves, brigands and the negative powers that drive one away are Satan, innerself (an-nafs) and the mortal world. Sharia is the door into this esoteric world. This journey of gnosis has its own set of guidelines. These can come in the form of inspiration, unveiling, waham (inward conversation with Hoo ﷻ) and ilm-e-dawat (communication with sacred souls of shrines). This book is all and MORE! A must read for every spiritual traveller. The Neyer/James Guide to Pitchers Mar 12 2021 Pitchers, the pitches they throw, and how they throw them -- these days it's the stuff of constant scrutiny, but there's never been anything like a comprehensive source for such information. That's what preeminent baseball analyst Bill James and ESPN.com baseball columnist Rob Neyer realized over lunch more than a dozen years ago. Since then, they've been compiling the centerpiece of this book, the "Pitcher Census," which lists specific information for nearly two thousand pitchers, ranging throughout the history of professional baseball. The Guide also offers: A "dictionary" describing virtually every known pitch The origins and development of baseball's most important pitches Top ten lists: best fastballs, best spitballs, and everything in between Biographies of some of the great pitchers who have been overlooked More knuckleballers and submariners than you ever thought existed An open debate concerning pitcher abuse and durability A formula for predicting the Cy Young Award winner Something fresh and new: Bill James' "Pitcher Codes" The Neyer/James Guide to Pitchers is about understanding pitchers, and baseball's action always starts with the pitchers. It's also about entertaining debates and having a great deal of fun with the history of a game that obsesses so many.
