The Office of Scarlet Letter Dec 23 2021 "The Scarlet Letter has proved our most enduring classic," writes Sacvan Bercovitch, "because it is the liberal example par excellence of art as ideological mimesis. To understand the office of the A is to see how culture empowers symbolic form, including forms of dissent, and how symbols participate in the dynamics of culture, including the dynamics of constraint." With an approach that both reflects and contests developments in literary studies, Bercovitch explores these connections from two perspectives: first, he examines a historical reading of the novel's unities; and then, a rhetorical analysis of key mid-nineteenth-century issues, at home and abroad. In order to highlight the relation between rhetoric and history, he focuses on the point at which the scarlet letter does its office at last, the moment when Hester decides to come home to America. In *The Office of "The Scarlet Letter,"* Bercovitch argues that the process by which the United States usurped "America" for itself, symbolically, is also the process by which liberalism established political and economic dominance. In the course of his study, he offers sustained discussions of Hawthorne's irony and ambiguity, of aesthetic and social strategies of cohesion, and of the conundrums of liberal dissent. Winner of the Modern Language Association's James Russell Lowe prize, *The Office of "The Scarlet Letter"* provides a theoretical redefinition of the function of symbolism in culture and an exemplary literary-ideological reading of a major text.

The Originals the Scarlet Letter Feb 10 2021 She had not known the weight until she felt the freedom. Nathaniel Hawthorne masterpiece, the Scarlet letter, set in 17th-century Puritan Massachusetts Bay colony, is the tale of Hester Prynne 'shame' following the birth of a child whose father remains unidentified for the larger part of the narrative. Hester's defiance in the face of expulsion and repudiation makes her a heroine ahead of her time. Pearl, the illegitimate daughter, Arthur Dimmesdale, the 'cheating' minister of church, Reverend John Wilson and the malicious Roger Chillingworth are Hawthorne's characters whose lives, premised on guilt and pride, take a tumultuous turn as the cataclysmic outcome of an act of passion. The embroidered Scarlet 'a'—that she is required to wear on her dress on the day of her punishment— becomes a manifestation of Hester's 'adultery', her erratic past and ignominious present. Will she break her vow of silence?

The better part of my companion's character, if it have a better part, is that which usually comes

uppermost in my regard, and forms the type whereby I recognise the man. As most of these old Custom-House officers had good traits, and as my position in reference to them, being paternal and protective, was favourable to the growth of friendly sentiments, I soon grew to like them all. It was pleasant in the summer forenoons—when the fervent heat, that almost liquefied the rest of the human family, merely communicated a genial warmth to their half torpid systems—it was pleasant to hear them chatting in the back entry, a row of them all tipped against the wall, as usual; while the frozen witticisms of past generations were thawed out, and came bubbling with laughter from their lips." "The Scarlet Letter" tells the story of Hester Prynne, who conceives a daughter through an affair and struggles to create a new life of repentance and dignity in a puritan environment. It is Nathaniel Hawthorne's most successful novel. "The Scarlet Letter" was first published in 1850.
