The Anglesey Murders May 17 2021 DI Alan Williams is called to the recovery of two bodies from the sea at Trearddur Bay, during a storm. The lifeboat crew suspect they're fishermen, washed away by a wave but they're wrong. Alan and his detective sergeant, Kim Davies, realise the men were beaten and tied together before they entered the water. Two miles along the headland at Porth Dafarch, a third victim is found but there are no obvious links. As the number of victims increases, a major investigation team battles to unravel a deadly puzzle which, appears to have links to a series of historic murders from the 90's. In 1995, Peter Moore owned and operated the cinema in Holyhead. It is thought he assaulted over 40 men and he was arrested and charged with four murders, which he'd committed in as many months. He was jailed for life in 1996 and is still the only recorded Welsh serial killer. Fast forward to today and Detective Inspector Alan Williams is investigating a series of murders with uncanny similarities to the Peter Moore attacks. Is there a copycat on the loose or are the murders connected to the local underworld, which controls the supply of narcotics across North Wales and the North West? Finding a motive, is the challenge he might not win. ALL THE TIME THEY'RE TRACKING THE KILLER, THE KILLER IS STALKING THEM... WHAT READERS ARE SAYING ABOUT CONRAD JONES "If you're looking for something to open your eyes, break your heart, and look to take action to promote change, start with The Journey." Code Name Camelot - A Noah Wolf Thriller Sep 28 2019 "AMAZON #1 BESTSELLING AUTHOR" ONE OF THE BEST NEW VOICES IN THE ACTION THRILLER GENRE David Archer is back with a vengeance with his newest hero, Noah Wolf. After fans raved about his debut series, The Sam Prichard Novels, Archer now is about to back even harder. People are already throwing out names like Mitch Rapp and Alex Cross, but don't take my word for it. See what all the fuss is about before Archer becomes a household name! After witnessing the murder-suicide of his parents as a child, Noah suffers from a form of PTSD that has left him without emotion, without a conscience and without the ability to function as a normal human being. With the help of childhood friends, he learns to watch others around him and mimic their behaviors, in order to conceal the fact that his mind operates more like a computer that he has spent years programming. That program is what allows Noah to pass himself off as normal, by establishing parameters of right and wrong that are completely inviolable to him. As a young adult, Noah finds structure in the U.S. Army, and becomes an excellent and exemplary soldier, but when his self-imposed programming is put to the test by the murderous acts of the superior officer, Noah finds himself quickly made expendable, charged with crimes he did not commit and facing the possibility of execution. Without any reasonable hope for a reprieve, Noah's logic-based mind accepts his fate. Sometimes, though, things are not all as they seem to be, and Noah is offered one chance to save himself. It was his disability, his lack of emotion, that made him the soldier he had become. Now, an ultrasecret organization known as E & E wants Noah's talents, offering him a chance to survive... As the most deadly assassin the world has ever known."
