I Can't Believe I Lived the Whole Thing May 31 2022 His famous Alka Seltzer TV commercials had the whole world saying, "I can't believe I ate the whole thing" and "Try it, you'll like it." In this fun, fast-paced, and often hilarious memoir, Howie Cohen gives us a front row seat to those amazing revolutionary times: how pot and the pill opened the doors (and everything else) to sexual and creative freedom; the creative takeover by mensch-y Jewish copywriters and macho Italian art directors; the disruption of ad campaigns like "the dumb shoe" and "the exploding clown," the

madness of Hollywood movie moguls; the sacrifices, the struggles, the wins and the losses. *I Can't Believe I Lived the Whole Thing* chronicles Howie's personal journey from The Bronx to the Clio Hall of Fame in an era that changed the look and the language of American pop culture.

In Hindsight, What Really Happened: The Revised Edition

Sep 30 2019 Dear readers, When I wrote *What Really Happened* I was still very raw from the firestorm that my life had become due to my unwise decision to have an affair with John Edwards, a married man. I realize now what I have never admitted before. I behaved badly. That may strike you as obvious, but it's taken me a long time to admit this, even to myself. I was attacked so often, and so viciously, that I felt that I was the victim. I felt hurt, and betrayed, and somehow that justified my actions. But of course all of the attacks and all of the betrayal were beside the point. The point is ... I behaved badly. And the release of *What Really Happened* didn't help. When I look back at this book that I wrote, I want to throw it out and start again. But instead of attempting to erase my mistakes, I am now owning them. I've annotated the original book. Typos have been corrected but not a word has been changed, not even words that cause me to cringe when I reread them. Instead I have put notes throughout—notes that acknowledge what I couldn't when I wrote the book. Best, Rielle Kasher in the Rye Jan 15 2021 A hopeful and inspiring "act of comedic magic" from comedian—and now memoirist!—Moshe Kasher (Artie Lange, #1 New York Times bestselling author of *Too Fat to Fish*). Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But *Kasher in the Rye* is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of

vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland , California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

Gasping for Airtime Jul 09 2020 When 21-year-old Jay Mohr moved from New Jersey to New York City to pursue his dream of stand-up stardom, he never thought the first real job he'd land would be on Saturday Night Live. But, surprisingly, that's just what he did. What followed were two unbelievable, grueling, and exciting years of feverishly keeping pace with his talented cohorts, out-maneuvering the notorious vices that claimed the lives of other cast members, and struggling at all costs for the holy grail of late-night show business: airtime. In *Gasping for Airtime*, Jay offers an intimate account of the inner workings of Saturday Night Live. He also dishes on the guest hosts (John Travolta, Shannen Doherty, Charles Barkley), the musical guests (Kurt Cobain, Steven Tyler, Eric Clapton), and of course his SNL castmates (Chris Farley, Adam Sandler, Mike Myers, and David Spade). Refreshingly honest and laugh-out-loud funny, this book will appeal both to fans of Jay Mohr and to devotees of Saturday Night Live.

Expedition Deep Ocean Mar 05 2020 The riveting story of the exploration of the final frontier of our planet—the deep ocean—and history-making mission to reach the bottom of all five seas. Humankind has explored every continent on earth, climbed its tallest mountains, and gone into space. But the largest areas of our planet remain largely a mystery: the deep oceans. At over 36,000 feet deep, these areas closest to earth’s core have remained nearly impossible to reach—until now. Technological innovations, engineering breakthroughs and the derring-do of a team of explorers, led by explorer Victor Vescovo, brought together an audacious global quest to dive to the deepest points of all five oceans for the first time in history. The expedition pushed technology to the limits, mapped hidden landscapes, discovered previously unknown life forms and began to piece together how life in the deep oceans affects our planet—but it was far from easy. Expedition Deep Ocean is the inside story of this exploration of one of the most unforgiving and mysterious places on our planet, including the site of the Titanic wreck and the little-understood Hadal Zone. Vescovo and his team would design the most advanced deep-diving submersible ever built, where the pressure on the sub is 8 tons per square inch—the equivalent of having 292 fueled and fully loaded 747s stacked on top of it. And then there were hurricane-laden ocean waters and the byzantine web of global oceanography politics. Expedition Deep Ocean reveals the marvelous and other-worldly life found in all five deep ocean trenches, including several new species that

Then there are the newly discovered sea mounts that cause tsunamis when they are broken by shifting subduction plates and jammed back into the earth crust, something that can now be studied to predict future disasters. Filled with high drama, adventure and the thrill of discovery, Expedition Deep Ocean celebrates courage and ingenuity and reveals the majesty and meaning of the deep ocean.

After all, girls love a sensitive guy, and what's more sensitive than dedicating your life to selling yarn and ... stuff? (Okay, so maybe it'd be a good idea to actually learn what one sells at an arts 'n crafts store.) But things don't go exactly according to plan. Coworker #1 is Kristy: blonde, bubbly, unattainable perfection. Coworker #2 is Cora: tiny, much-pierced, and way too fierce to screw with in any sense. And Coworker #3 is, well, Arthur. It goes without saying that he's not an option. Right?... Right? Yeah, Howie's life just got straight up confusing. Pun intended.

Tune It Out Sep 22 2021 From the author of the acclaimed *Roll with It* comes a moving novel about a girl with a sensory processing disorder who has to find her own voice after her whole world turns upside down. Lou Montgomery has the voice of an angel, or so her mother tells her and anyone else who will listen. But Lou can only hear the fear in her own voice. She's never liked crowds or loud noises or even high fives; in fact, she's terrified of them, which makes her pretty sure there's something wrong with her. When Lou crashes their pickup on a dark and snowy road, child services separate the mother-daughter duo. Now she has to start all over again at a fancy private school far away from anything she's ever known. With help from an outgoing new friend, her aunt and uncle, and the school counselor, she begins to see things differently. A sensory processing disorder isn't something to be ashamed of, and music might just be the thing that saves Lou—and maybe her mom, too.

not just supervisors. Teaming with one's dog involves unobtrusively providing physical and emotional support as well as respectful guidance in what to do. Being a teammate requires attention to the handler's behavior, not just the dog's. This book reminds all handlers that being conscious of what they do with their dogs increases the effectiveness of therapy visits as well as providing a more rewarding experience for all involved. Written by a nationally famous practitioner with decades of real-world experience, the book introduces the "STEPS of Teamwork" and how those STEPs fit with a Therapy Dog's Bill of Rights. These general principles free handlers to apply them in their own way to their therapy dog's individual personality and work. As the author writes, "The book explores a way of being conscious of what you do with and to your therapy dog to support him in his work. It describes functional principles of behavior you can learn and use immediately, either together as a package or independently." Using an exciting new methodology, the author guides readers to deepen their relationship with their dogs by acting consciously and respectfully.

In *Epic Survival*, written with Josh Young, coauthor of five New York Times bestsellers, Matt relays captivating stories from his life to show just how terrifying--and gratifying--living off the grid can be. He learns the secrets of the Tarahumara Indians that helped him run the 1,600-mile Pacific Crest Trail in just fifty-eight days and endure temperature swings of 100 degrees. He takes us with him as he treks into the wilderness to live alone for half a year, armed with nothing but a loincloth, a pair of sandals, a stone knife, and chia seeds. He recounts near-death experiences of hiking alone through the snowdrifts at the bottom of the Grand Canyon, and tells us about the time he entered a three-day Arabian horse race on foot--and finished third. Above all, *Epic Survival* is a book about growing closer to the land that nurtures us. No matter how far our modern society takes us from the wilderness, the call remains. Whether you're an armchair survivalist or have taken the plunge yourself, Matt's story is both inspiration and invigoration, teaching even the most urbane among us important and breathtaking lessons.

Make Your Own Rules Jan 27 2022 Wayne Rogers, star of the classic TV series M*A*S*H*, has had even more success as a businessman and entrepreneur than as an actor. Rather than accepting the stifling constraints of the corporate system, the iconoclastic star applied his own unique viewpoint to a wide range of businesses (a restaurant, a vineyard, a chain of convenience stores, the world of banking, real estate, a film distribution company, and even a famous bridal boutique) and experienced major success. Now, in this award-winning book, he reveals the keys to his success over the past four decades and teaches readers how to thrive outside of their familiar establishment. Make Your Own Rules does this by painting a fascinating portrait of how Rogers excelled precisely because he didn't have prior experience before working in those many businesses--or any preconceived notions of how they should be run. Writing for Social Scientists Feb 13 2021 Students and researchers all write under pressure, and those pressures—most lamentably, the desire to impress your audience rather than to communicate with them—often lead to pretentious prose, academic posturing, and, not infrequently, writer's block. Sociologist Howard S. Becker has written the classic book on how to conquer these pressures and simply write. First published nearly twenty years ago, *Writing for Social Scientists* has become a lifesaver for writers in all fields, from beginning students to

how to write, take a deep breath and then begin writing. Revise. Repeat. It is not always an easy process, as Becker wryly relates. Decades of teaching, researching, and writing have given him plenty of material, and Becker neatly exposes the foibles of academia and its “publish or perish” atmosphere. Wordiness, the passive voice, inserting a “the way in which” when a simple “how” will do—all these mechanisms are a part of the social structure of academic writing. By shrugging off such impediments—or at the very least, putting them aside for a few hours—we can reform our work habits and start writing lucidly without worrying about grades, peer approval, or the “literature.” In this new edition, Becker takes account of major changes in the computer tools available to writers today, and also substantially expands his analysis of how academic institutions create problems for them. As competition in academia grows increasingly heated, *Writing for Social Scientists* will provide solace to a new generation of frazzled, would-be writers.

You're Only as Good as Your Next One Nov 24 2021 “An under-read and engaging show-biz memoir.” -The New Yorker “If I had a talent for anything, it was a talent for knowing who was talented.” Mike Medavoy is a Hollywood rarity: a studio executive who, though never far from controversy, has remained well loved and respected through four decades of moviemaking. What further sets him apart is his role in bringing to the screen some of the most acclaimed Oscar-winning films of our time: *Apocalypse Now*, *One Flew Over the Cuckoo's Nest*, *Amadeus*, *The Silence of the Lambs*, *Philadelphia*, and *Sleepless in Seattle* are just some of the projects he green-lighted at United Artists, Orion, TriStar, his own Phoenix Pictures. “The ultimate lose-lose situation for a studio executive: to wind up with a commercial bomb and a bad movie.” Of course, there are the box office disasters, and the films, as Medavoy says, “for which I should be shot.” They, too, have a place in his fascinating memoir -- a pull-no-punches

with the industry's brightest star power, including Steven Spielberg, Martin Scorsese, Francis Ford Coppola, Kevin Costner, Robert De Niro, Jodie Foster, Sharon Stone, Michael Douglas, Meg Ryan, and countless others. "Putting together the elements of a film is a succession of best guesses." Medavoy speaks out on how movie studio buyouts have stymied the creative process and brought an end to the "hands-off" golden age of filmmaking. An eyewitness to Hollywood history in the making, he gives a powerful and poignant view of the past and future of a world he knows intimately.

All My Life Nov 12 2020 "See that moon up there? You can reach that high. Never be afraid because you can be anything you want to be." Susan Lucci was only five years old when her father shared these encouraging words with her. They inspired the highly imaginative child who loved make-believe to craft one of the most enduring characters in television history, an achievement that would earn her a record twenty-one Emmy nominations—the most for an actor in the award's history—and the crown as "Leading Lady of Daytime." When Lucci and All My Children were introduced to the world in 1971, American television changed forever. Susan's character, the beautiful, spirited, and mercurial Erica Kane, was an original—the first vixen viewers loved to hate. But while millions have enjoyed getting to know Erica's many sides—and have been awed at how this character has continually remade herself—the woman who plays her has remained a mystery. In her long-awaited memoir, this very private actress, wife, mother, daughter, grandmother, sister, friend, and entrepreneur pulls back the curtain to reveal her story. Susan, like Erica Kane, has undergone a metamorphosis many times. All My Life shares the stories of those transformations: starring in roles on television and stage, where she took Broadway not just by storm but "by tsunami" as one critic raved about her performance in Annie Get Your Gun;
