The Cold War Sep 10 2020 This collection brings together the most influential and commonly-studied articles on the Cold War. Together with an introduction and concise headnotes, this book provides students with easy access to seminal work and an analytical framework with which to approach their studies.

Mao's China and the Cold War Aug 22 2021 This comprehensive study of China's Cold War experience reveals the crucial role Beijing played in shaping the orientation of the global Cold War and the confrontation between the United States and the Soviet Union. The success of China's Communist rev

The Fifty-year War Apr 17 2021 The first comprehensive history of the Cold War retraces this protracted "World War III" as it was fought in sterile strategic planning rooms and on the battlefields of Third World proxy states, from the Spanish Civil War to the fall of the Soviet Union in 1991.

The Twilight Struggle Oct 12 2020 A leading historian 's guide to great-power competition, as told through America 's successes and failures in the Cold War " If you want to know how America can win today's rivalries with Russia and China, read this book about how it triumphed in another twilight struggle: the Cold War. " — Stephen J. Hadley, national security adviser to President George W. Bush The United States is entering an era of great-power competition with China and Russia. Such global struggles happen in a geopolitical twilight, between the sunshine of peace and the darkness of war. In this innovative and illuminating book, Hal Brands, a leading historian and former Pentagon adviser, argues that America should look to the history of the Cold War for lessons in how to succeed in great-power rivalry today. Although the threat posed by authoritarian powers is growing, America 's muscle memory for dealing with dangerous foes has atrophied in the thirty years since the Cold War ended. In long-term competitions where the diplomatic jockeying is intense and the threat of violence is omnipresent, the United States will need all the historical insight it can get. Exploring how America won a previous twilight struggle is the starting point for determining how America can successfully prosecute another high-stakes rivalry today.

Reviewing the Cold War Sep 03 2022 This volume takes stock of where new materials from China, the former Soviet Union and Europe have taken us in our understanding of what the Cold War was about and how we should study it.

Freedom's Laboratory Mar 05 2020 Closing in the present day with a discussion of the 2017 March for Science and the prospects for science and science diplomacy in the Trump era, the book demonstrates the continued hold of Cold War thinking on ideas about science and politics in the United States.

Running Time Oct 31 2019

[The Cold War on the Periphery](#) Jul 21 2021 And what combination of economic, political, and ideological variables best explain the motives that led the United States to seek friends and allies in virtually every corner of the planet?

How the Cold War Began Sep 30 2019 On September 5, 1945, cipher clerk Igor Gouzenko severed ties with the Soviet Embassy in Ottawa, reporting to the Royal Canadian Mounted Police allegations of extensive Soviet espionage in North America, providing stolen documents detailing Soviet intelligence matters to back his claims. This action sent shockwaves through Washington, London, Moscow, and Ottawa, changing the course of the twentieth century. Using recently declassified FBI and Canadian RCMP files on the Gouzenko case, author and Cold War scholar Amy Knight sheds new light on the FBI's efforts to incriminate Alger Hiss and Harry Dexter White in order to discredit the Truman Administration. FBI chief J. Edgar Hoover seized upon Gouzenko's defection as a means through which to demonize the Soviets, distorting statements made by Gouzenko to stir up "spy fever" in the U.S., setting the McCarthy era into motion. Through the FBI files and interviews with several key players, Knight delves into Gouzenko's reasons for defecting and brilliantly connects these events to the strained relations between the Soviet Union and the West, marking the beginning of the Cold War.

The Oxford Handbook of the Cold War Mar 29 2022 The Oxford Handbook of the Cold War offers a broad reassessment of the period war based on new conceptual frameworks developed in the field of international history. Nearing the 25th anniversary of its end, the cold war now emerges as a distinct period in twentieth-century history, yet one which should be evaluated within the broader context of global political, economic, social, and cultural developments. The editors have brought together leading scholars in cold war history to offer a new assessment of the state of the field and identify fundamental questions for future research. The individual chapters in this volume evaluate both the extent and the limits of the cold war's reach in world history. They call into question orthodox ways of ordering the chronology of the cold war and also present new insights into the global dimension of the conflict. Even though each essay offers a unique perspective, together they show the interconnectedness between cold war and national and transnational developments, including long-standing conflicts that preceded the cold war and persisted after its end, or global transformations in areas such as human rights or economic and cultural globalization. Because of its broad mandate, the volume is structured not along conventional chronological lines, but thematically, offering essays on conceptual frameworks, regional perspectives, cold war instruments and cold war challenges. The result is a rich and diverse accounting of the ways in which the cold war should be positioned within the broader context of world history.

The Cambridge History of the Cold War May 19 2021 This volume examines the origins and early years of the Cold War in the first comprehensive historical reexamination of the period. A team of leading scholars shows how the conflict evolved from the geopolitical, ideological, economic and sociopolitical environments of the two world wars and interwar period.

A New History of the Cold War Aug 29 2019 First ed. published in 1961 under title: A history of the cold war.

The Origins of the Cold War, 1941-1949 Jun 07 2020 "The Origins of the Cold War, Third Edition covers the formative years of the extraordinary struggle between the two superpowers, the Soviet Union and the United States. In a clear and concise manner, Martin McCauley explains how the Cold War originated and developed and unravels some of the complex issues that gave rise to the Cold War."--BOOK JACKET.

[A Brief History of the Cold War](#) Mar 17 2021 The Cold War was a crucial conflict in American history. At stake was whether the world would be dominated by the forces of totalitarianism led by the Soviet Union, or inspired by the principles of economic and political freedom embodied in the United States. The Cold War established America as the leader of the free world and a global superpower. It shaped U.S. military strategy, economic policy, and domestic politics for nearly 50 years. In *A Brief History of the Cold War*, distinguished scholars Lee Edwards and Elizabeth Edwards Spalding recount the pivotal events of this protracted struggle and explain the strategies that eventually led to victory for freedom. They analyze the development and implementation of containment, détente, and finally President Reagan's philosophy: "they lose, we win." The Cold War teaches important lessons about statecraft and America's indispensable role in the world. Facing the Bear Jul 29 2019 Between the end of the Second World War and the collapse of Communism confrontation with the Soviet Union was an everyday reality. As part of Nato's response, Scotland played a key role in the alliance's forward maritime defence strategy, aimed at containing the Soviet threat from naval and air forces. During this period 10 per cent of the UK's naval and air forces were based in Scotland, and there was a substantial US presence as well as top secret satellite and command stations. In this book Trevor Royle paints a fascinating portrait of this extraordinary period, examining not just the wider military and political contexts, but also showing how the defence industry brought huge economic benefits, how CND maintained a high-profile presence, and how anti-nuclear sentiments underpinned much of the left's thinking in Scotland and contributed to the hegemony enjoyed by the Labour Party in Scotland during the Cold War.

[Why Did the Cold War Happen?](#) Dec 02 2019 Includes firsthand speeches, letters, diary entries, and other primary source materials that give the reasons these unforgettable events unfolded as they did, this book describes what caused the Cold War between the United States and the Soviet Union.

Statecraft and Security Feb 25 2022 In this book a group of influential and distinguished scholars analyse some of the key questions in contemporary international relations. The book is in three parts. In the first, the lessons and legacies of Cold War are examined, including debates about its rise and fall, and the implications of the superpower nuclear confrontation. Part II asks questions about powers and politics in the post-Cold War world: the USA's potential as a world leader, Russia's troubled future, Japan's potential power, the China syndrome, and Africa's problems. The final part looks further into the future, discussing international organisation, life politics, and the potentialities for human society under the conditions of globalisation. The book shows how different countries and different groups of countries are confronting urgent issues of statecraft in a period of radical global transformation.

[The Culture of the Cold War](#) Dec 26 2021 The author examines the culture of the United States in the post- World War II era with its air raid drills, spy trials, anti-Communist activity, and TV quiz show scandals.

The Cold War Jun 19 2021 In today's worlds of drones, military strikes, and weapons of mass destruction, it's difficult to imagine a nonviolent war of constant hostility between world super powers. Readers will be intrigued by this conflict known as the Cold War. They will learn that it was a geopolitical, ideological, and economic struggle between two world superpowers, the USA and the USSR, starting in 1947 and ending in 1991.

Origins of the Cold War Feb 13 2021 The Cold War dominated the world political arena for forty-five years. Focusing on the international system and on events in all parts of the globe, Melvyn P. Leffler and David S. Painter have brought together a truly international collection of articles that provide a fresh and comprehensive analysis of the origins of the Cold War. Moving beyond earlier controversies, this edited collection focuses on the interaction between geopolitics and threat perception, technology and strategy, ideology and social reconstruction, national economic reform and patterns of international trade, and decolonization and national liberation. The editors also consider how and why the Cold War spread from Europe to Asia, Africa, the Middle East and Latin America and how groups, classes and elites used the Cold War to further their own interests. This second edition includes the newest research from the Communist side of the Cold War and the most recent debates on culture, race and the role of intelligence analysis. Also included is a completely new section dealing with the Cold War crises in Iran, Turkey and Greece and a guide to further reading.

The Cold War Nov 05 2022 Bradley Lightbody here examines the complex arguments which divided East and West following the Second World war, and analyzes its eight major phases from the emergence of the Cold War through the late 1980s.

[American-Soviet Trade in the Cold War](#) Jul 09 2020 American-Soviet Trade in the Cold War Understanding the Cold War Apr 05 2020

Proclaiming the Truman Doctrine May 07 2020 In this work, Denise M. Bostdorff considers President Truman's address to a joint session of Congress on March 12, 1947. She focuses on the public and private language that influenced administration perceptions about the precipitating events in Greece and Turkey and explores the news management campaign that set the stage for Truman's speech. Bostdorff even examines how the president's health may have influenced his policy decision and how it affected his delivery of the address and campaign for congressional approval. After a rhetorical analysis of the Truman Doctrine speech, the book ends with Bostdorff's conclusions on its short- and long-term impact. She identifies themes announced by Truman that resound in U.S. foreign policy down to the present day, when George W. Bush has compared his policies in the war on terror to those of Truman and members of his administration have compared Bush to Truman. This important work is a major contribution to scholarship on the presidency, political science, and public rhetoric.

The Cold War Oct 04 2022 " Outstanding . . . The most accessible distillation of that conflict yet written. " —The Boston Globe " Energetically written and lucid, it makes an ideal introduction to the subject. " —The New York Times The " dean of Cold War historians " (The New York Times) now presents the definitive account of the global confrontation that dominated the last half of the twentieth century. Drawing on newly opened archives and the reminiscences of the major players, John Lewis Gaddis explains not just what happened but why—from the months in 1945 when the U.S. and the U.S.S.R. went from alliance to antagonism to the barely averted holocaust of the Cuban Missile Crisis to the maneuvers of Nixon and Mao, Reagan and Gorbachev. Brilliant, accessible, almost Shakespearean in its drama, *The Cold War* stands as a triumphant summation of the era that, more than any other, shaped our own. Gaddis is also the author of *On Grand Strategy*.

From the Cold War to a New Era Nov 12 2020 First published in 1991 as *THE TURN*, this is the gripping narrative of the passage of the United States and the Soviet Union from the Cold War to a new era. Now this widely praised book is available in a new, updated paperback edition that brings the narrative up to the dramatic collapse of the Soviet Union. Replete with historical personalities, as riveting as a spy thriller, this is an enthralling record of history in the making. 34 photos.

The Cold War Apr 29 2022 The definitive history of the Cold War and its impact around the world We tend to think of the Cold War as a

bounded conflict: a clash of two superpowers, the United States and the Soviet Union, born out of the ashes of World War II and coming to a dramatic end with the collapse of the Soviet Union. But in this major new work, Bancroft Prize-winning scholar Odd Arne Westad argues that the Cold War must be understood as a global ideological confrontation, with early roots in the Industrial Revolution and ongoing repercussions around the world. In *The Cold War*, Westad offers a new perspective on a century when great power rivalry and ideological battle transformed every corner of our globe. From Soweto to Hollywood, Hanoi, and Hamburg, young men and women felt they were fighting for the future of the world. The Cold War may have begun on the perimeters of Europe, but it had its deepest reverberations in Asia, Africa, and the Middle East, where nearly every community had to choose sides. And these choices continue to define economies and regimes across the world. Today, many regions are plagued with environmental threats, social divides, and ethnic conflicts that stem from this era. Its ideologies influence China, Russia, and the United States; Iraq and Afghanistan have been destroyed by the faith in purely military solutions that emerged from the Cold War. Stunning in its breadth and revelatory in its perspective, this book expands our understanding of the Cold War both geographically and chronologically, and offers an engaging new history of how today's world was created.

The Cold War: Hot wars of the Cold War Jan 03 2020 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew*, and includes extensive discussions of the play's various printed versions and its theatrical productions. Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play. The issues discussed include gender, authority, female autonomy and unruliness, courtship and marriage, language and speech, and performance and theatricality.

East Plays West Jan 27 2022 This is a collection of essays on the symbolic role of sport in the delicate interplay of the superpowers during the Cold War, showing how sport and politics became inextricably intertwined.

The Cold War May 31 2022 Surveys the military and diplomatic history of the long Cold War, from 1917 to the present.

Stalin and the Cold War in Europe Nov 24 2021 This intriguing book, based on recently accessible Soviet primary sources, is the first to explain the emergence of the Cold War and its development in Stalin's lifetime from the perspective of Soviet policy-making. It pays particular attention to the often-neglected "societal" dimension of Soviet foreign policy as a crucial element of the genesis and development of the Cold War. Gerhard Wettig provides readers with new insights into Stalin's willingness to initiate crisis with the West while still avoiding military conflict.

Encyclopedia of the Cold War Jul 01 2022 Between 1945 and 1991, tension between the USA, its allies, and a group of nations led by the USSR, dominated world politics. This period was called the Cold War – a conflict that stopped short of a full-blown war. Benefiting from the recent research of newly open archives, the *Encyclopedia of the Cold War* discusses how this state of perpetual tensions arose, developed, and was resolved. This work examines the military, economic, diplomatic, and political evolution of the conflict as well as its impact on the different regions and cultures of the world. Using a unique geopolitical approach that will present Russian perspectives and others, the work covers all aspects of the Cold War, from communism to nuclear escalation and from UFOs to red diaper babies, highlighting its vast-ranging and lasting impact on international relations as well as on daily life. Although the work will focus on the 1945–1991 period, it will explore the roots of the conflict, starting with the formation of the Soviet state, and its legacy to the present day.

Origins of the Cold War, 1941-1949 Aug 02 2022 The Cold War is one of the most important and widely studied areas of history. Martin McCauley's best-selling *Seminar Study* unravels the complex issues which gave rise to the Cold War and explains how it originated. This new edition is revised, updated and expanded with new material on areas such as the KGB and spying, and the contribution of intelligence to Stalin's picture of the world. The new introduction looks at our perceptions of the Cold War, the various approaches that have been adopted for reviewing the Cold War and the difficulties of developing a theory of the Cold War. The book incorporates the most recent scholarship, theories and newly-released information to provide students with an invaluable introduction to the subject.

Turning Points in Ending the Cold War Dec 14 2020 Twenty years ago, as the United States and the Soviet Union were sliding into yet another round of dangerous confrontation, no one could have imagined that only a decade later the cold war would be over and that Russia and the West would embark on an unprecedented course of economic, political, and military cooperation. How did it happen? The essays in this collection offer illuminating insights into the key players--Ronald Reagan, Mikhail Gorbachev, Boris Yeltsin, and others--and the monumental events that led to the collapse of communism. The expert contributors examine the end of detente and the beginning of the new phase of the cold war in the early 1980s, when U.S.-Soviet relations seemed to hit a new low. They detail Reagan's radical new strategies aimed at changing Soviet behavior. And they analyze the essence and origins of Mikhail Gorbachev's "new political thinking"--his realization that the cold war was not in Russia's interest and could not end unless his country changed itself-and its critical role in the ultimate transformation of the Soviet Union. In addition the authors describe the peaceful democratic revolutions in Poland and Hungary, the events that brought about the reunification of Germany, the role of events in Third World countries, the critical contributions of Yeltsin, and more.

The Cold War as History Sep 22 2021 Den kolde krig er betegnelsen på den sikkerhedspolitiske tilstand mellem Sovjetunionen samt den Nord Amerikanske alliance. Den kolde krig startede i 1945 og var karakteriseret af eksistensen af atomvåben på amerikansk side, siden på sovjetisk side. Perioden var også kendetegnet ved, at der ikke var en tredje magt, som havde en tilstrækkelig militær styrke til at balancere de to blokke. Berlin-krisen i 1948 samt Cuba-krisen i 1962 er behandlet.

Southeast Asia and the Cold War Jan 15 2021 The origins and the key defining moments of the Cold War in Southeast Asia have been widely debated. This book focuses on an area that has received less attention, the impact and legacy of the Cold War on the various countries in the region, as well as on the region itself. The book contributes to the historiography of the Cold War in Southeast Asia by examining not only how the conflict shaped the milieu in which national and regional change unfolded but also how the context influenced the course and tenor of the Cold War in the region. It goes on to look at the usefulness or limitations of using the Cold War as an interpretative framework for understanding change in Southeast Asia. Chapters discuss how the Cold War had a varied but notable impact on the countries in Southeast Asia, not only on the mainland countries belonging to what the British Foreign Office called the "upper arc", but also on those situated on its maritime "lower arc". The book is an important contribution to the fields of Asian Studies and International Relations.

The Cold War Oct 24 2021 The Cold War is one of the furthest-reaching and longest-lasting conflicts in modern history. It spanned the globe - from Greece to China, Hungary to Cuba - and lasted for almost half a century. It has shaped political relations to this day, drawing new physical and ideological boundaries between East and West. In this meticulously researched account, Bridget Kendall explores the Cold War through the eyes of those who experienced it first-hand. Alongside in-depth analysis that explains the historical and political context, the book draws on exclusive interviews with individuals who lived through the conflict's key events, offering a variety of perspectives that reveal how the Cold War was experienced by ordinary people. From pilots making food drops during the Berlin Blockade and Japanese fishermen affected by H-bomb testing to families fleeing the Korean War and children whose parents were victims of McCarthy's Red Scare, the Cold War covers the full geographical and historical reach of the conflict. Accompanying a landmark BBC Radio 4 series, *The Cold War: Stories from the Big Freeze* is essential reading for anyone seeking to understand how the tensions of the last century have shaped the modern world, and what it was like to live through them.

The Press, the Rosenbergs, and the Cold War Jun 27 2019 A concisely written documentary history of the Rosenberg case that interprets the news media's unexplored role in reporting the case.

The Cold War Feb 02 2020 This guide exposes the reality behind the war between capitalism and communism, two ideologies divided by the Iron Curtain. New revelations show that what was once regarded as simply a struggle between good and evil was in fact a far more complex affair. Merrillyn Thomas peels back the layers of deception and intrigue and offers a penetrating assessment of the legacy of instability that continues today.

Cultures at War Aug 10 2020 "These innovative essays compel us to reevaluate our understanding of the Cold War as a predominantly political and military event. Their consideration of a broad range of cultural forms---from literature and film to glossy magazines and body-building---reminds us that the Cold War's influence on culture and its producers was as varied and complex as the Southeast Asian countries it touched. Lively and insightful, this rich collection is a valuable contribution to both Cold War studies and the modern histories of Southeast Asia."---Richard A. Ruth, Ph.D., Department of History, U.S. Naval Academy; and author of *In Buddha's Company: Thai Soldiers in the Vietnam War* *Cultures at War* examines how the cultures of postcolonial Southeast Asia responded to the Cold War. Based on fieldwork throughout the diverse region, these essays analyze the ways in which art, literature, theater, film, physical fitness programs, and the popular press reflected complex Southeast Asian reactions to the ideological conflict between the United States and the Soviet Union, and, to a degree, China. Determined to remain "nonaligned," artists synthesized traditional and modern, local and international sources to produce a vibrant constellation of work. For each of the national cultures discussed here, any Cold War tendency toward anxiety and conformity was challenged by creative pluralism and individual expression
