Native American Fiction Mar 17 2021 An entirely new approach to reading, understanding, and enjoying Native American fiction This book has been written with the narrow conviction that if Native American literature is worth thinking about at all, it is worth thinking about as literature. The vast majority of thought that has been poured out onto Native American literature has puddled, for the most part, on how the texts are positioned in relation to history or culture. Rather than create a comprehensive

cultural and historical genealogy for Native American literature, David Treuer investigates a selection of the most important Native American novels and, with a novelist's eye and a critic's mind, examines the intricate process of understanding literature on its own terms. *Native American Fiction: A User's Manual* is speculative, witty, engaging, and written for the inquisitive reader. These essays—on Sherman Alexie, Forrest Carter, James Fenimore Cooper, Louise Erdrich, Leslie Marmon Silko, and James Welch—are rallying cries for the need to read literature as literature and, ultimately, reassert the importance and primacy of the word.

Maserati 250F Manual Mar 05 2020 Published to coincide with the 60th anniversary of the 250fF's debut and first World Championship success this new Haynes manual captures the best of this car. The Maserati 250F is one of the classic grand prix cars of all time and won F1 World Championships in 1954 and 1957, both in the hands of Juan Manuel Fangio. Stirling Moss, who won the 1956 Monaco Grand Prix in a 250F, described the car as the nicest front-engined F1 car he drove during his career. Here, in this new Haynes Manual, is a unique perspective on what it takes to restore, maintain and race a Maserati 250F, as well as an insight into the design, engineering, and development and period race history of this iconic racing car.
