Studies of Death Feb 02 2020 During his lifetime the eccentric Count Eric Stenbock published a single collection of short stories, Studies of Death. These seven tales, at once feverish, morbid, and touching, are a key work of English decadence and the Yellow Nineties. This disquieting collection, long out of print, is here presented for the first time in paperback.

Death of a Lady's Man Nov 12 2020 To mark the publication of Leonard Cohen's final book, The Flame, McClelland & Stewart is proud to reissue six beautiful editions of Cohen's cherished early works of poetry, many of which are back in print for the first time in decades. A freshly packaged new series for devoted Leonard Cohen fans and those who wish to discover one of the world's most adored and celebrated writers. Originally published by McClelland & Stewart in 1978, Death of a Lady's Man reinvented Cohen on the printed page, featuring a daring series of poems and prose poems, each of which is addressed--and often rebutted--in accompanying pieces of commentary. Maddening, thrilling, and truly singular, Cohen's sixth book contains some of the most challenging and startling work of his oeuvre. It is a genre-busting masterpiece well ahead of its time.

Medieval Bodies Mar 05 2020 A SUNDAY TIMES HISTORY BOOK OF THE YEAR 'A triumph' Guardian 'Glorious ... makes the past at once familiar, exotic and thrilling.' Dominic Sandbrook 'A brilliant book' Mail on Sunday Just like us, medieval men and women worried about growing old, got blisters and indigestion, fell in love and had children. And yet their lives were full of miraculous and richly metaphorical experiences radically different to our own, unfolding in a world where deadly wounds might be healed overnight by divine intervention, or the heart of a king, plucked from his corpse, could be held aloft as a powerful symbol of political rule. In this richly-illustrated and unusual history, Jack Hartnell uncovers the fascinating ways in which people thought about, explored and experienced their physical selves in the Middle Ages, from Constantinople to Cairo and Canterbury. Unfolding like a medieval pageant, and filled with saints, soldiers, caliphs, queens, monks and monstrous beasts, it throws light on the medieval body from head to toe - revealing the surprisingly sophisticated medical knowledge of the time in the process. Bringing together medicine, art, music, politics, philosophy and social history, there is no better guide to what life was really like for the men and women who lived and died in the Middle Ages. Medieval Bodies is published in association with Wellcome Collection.

Hogfather Jan 27 2022 It's the night before Hogswatch. And it's too quiet. Superstition makes things work in the Discworld, and undermining it can have consequences. This Is How You Die Oct 24 2021 If a machine could predict how you would die, would you want to know? This is the tantalizing premise of This Is How You Die, the brilliant follow-up anthology to the self-published bestseller, Machine of Death. THIS IS HOW YOU DIE Stories of the Inscrutable, Infallible, Inescapable Machine of Death The machines started popping up around the world. The offer was tempting: with a simple blood test, anyone could know how they would die. But the machines didn't give dates or specific circumstances—just a single word or phrase. DROWNED, CANCER, OLD AGE, CHOKED ON A HANDFUL OF POPCORN. And though the predictions were always accurate, they were also often frustratingly vague. OLD AGE, it turned out, could mean either dying of natural causes, or being shot by an elderly, bedridden man in a botched home invasion. The machines held onto that old-world sense of irony in death: you can know how it's going to happen, but you'll still be surprised when it does. This addictive anthology—sinister, witty, existential, and fascinating—collects the best of the thousands of story submissions the editors received in the wake of the success of the first volume, and exceeds the first in every way.
