Caught in the Middle East Jul 05 2020

Postwar American officials desired, in principle, to promote Arab-Israeli peace in order to stabilize the Middle East. This book shows how, during the Truman and Eisenhower administrations, the desire for peace was not always an American priority. Instead, they consistently gave more weight to their determination to contain the Soviet Union.

The Selected Papers of Elizabeth Cady Stanton and Susan B. Anthony Apr 01 2020

Their Place Inside the Body-Politic is a phrase Susan B. Anthony used to express her aspiration for something women had not achieved, but it also

describes the woman suffrage movement's transformation into a political body between 1887 and 1895. This fifth volume opens in February 1887, just after the U.S. Senate had rejected woman suffrage, and closes in November 1895 with Stanton's grand birthday party at the Metropolitan Opera House. At the beginning, Stanton and Anthony focus their attention on organizing the International Council of Women in 1888. Late in 1887, Lucy Stone's American Woman Suffrage Association announced its desire to merge with the national association led by Stanton and Anthony. Two years of fractious negotiations preceded the 1890 merger, and years of sharp disagreements followed. Stanton made her last trip to Washington in 1892 to deliver her famous speech "Solitude of Self." Two states enfranchised women—Wyoming in 1890 and

Colorado in 1893—but failures were numerous. Anthony returned to grueling fieldwork in South Dakota in 1890 and Kansas and New York in 1894. From the campaigns of 1894, Stanton emerged as an advocate of educated suffrage and staunchly defended her new position.

The Frederick Douglass Papers Jun 15 2021

This volume of The Frederick Douglass Papers represents the first of a four-volume series of the selected correspondence of the great American abolitionist and reformer. Douglass's correspondence was richly varied, from relatively obscure slaveholders and fugitive slaves to poets and politicians, including Horace Greeley, William H. Seward, Susan B. Anthony, and Henry Wadsworth Longfellow. The letters acquaint us with Douglass's many roles—politician, abolitionist, diplomat, runaway slave, women's rights advocate, and family man—and include many previously unpublished letters between Douglass and members of his family. Douglass stood at the epicenter of the political, social, intellectual, and cultural issues of antebellum America. This collection of Douglass's early correspondence illuminates not only his growth as an activist and writer, but the larger world of the times and the abolition movement as well.

The Kashmir Conflict Sep 06 2020 This book presents a study of the international dimensions of the Kashmir dispute between India and Pakistan from before its outbreak in October 1947 until the Tashkent Summit in January 1966. By focusing on Kashmir's under-

researched transnational dimensions, it represents a different approach to this intractable territorial conflict. Concentrating on the global context(s) in which the dispute unfolded, it argues that the dispute's evolution was determined by international concerns that existed from before and went beyond the Indian subcontinent. Based on new and diverse official and personal papers across four countries, the book foregrounds the Kashmir dispute in a twin setting of Decolonisation and the Cold War, and investigates the international understanding around it within the imperatives of these two processes. In doing so, it traces Kashmir's journey from being a residual irritant of the British Indian Empire, to becoming a Commonwealth embarrassment and its eventual metamorphosis into a security concern in the Cold War climate(s). A princely state of exceptional geo-strategic location, complex religious composition and unique significance in the context of Indian and Pakistani notions of nation and statehood, Kashmir also complicated their relations with Britain, the United States, Soviet Union, China, the Commonwealth countries and the Afro-Arab-Asian world. This book is of interest to scholars in the field of Asian History, Cold War History, Decolonisation and South Asian Studies.
