determine the moment of each of the three forces question solutions

Oct 04 2020 questionsolutions post author december 9 2017 at 2 55

pm hi if we look at force f_1 we notice that only the y component

creates a moment about a remember that moment is found by

multiplying the perpendicular distance times the force in this case

the perpendicular force is the y component of force f_1 and the

distance is 2 m
