Ralph Waldo Emerson: Essays: First and Second Series Apr 16 2021 A compilation of the best essays written by the father of transcendentalism, with selections from Emerson's lectures on history, art, politics, and more. In the words of Harold Bloom, "Emerson's prose is his triumph, both as eloquence and as insight. After Shakespeare, it matches anything else in the language." Here are Ralph Waldo Emerson's classic essays, including the exhortation to "Self-Reliance," the embattled realizations of "Circles" and "Experience," and the groundbreaking achievement of "Nature." Our most eloquent champion of individualism, Emerson acknowledges at the same time the countervailing pressures of society in American life. Even as he extols what he calls "the great and crescive self," he dramatizes and records its vicissitudes. Also gathered here are his wide-ranging discourses on history, art, politics, friendship, love, and much more. For almost thirty years, The Library of America has presented America's best and most significant writing in acclaimed hardcover editions. Now, a new series, Library of America Paperback Classics, offers attractive and affordable books that bring The Library of America's authoritative texts within easy reach of every reader. Each book features an introductory essay by a leading writer, as well as a detailed chronology of the author's life and career, an essay on the choice and history of the text, and notes.

The Journals and Miscellaneous Notebooks of Ralph Waldo Emerson Feb 24 2022 Volume VI in this series contains quotation books and miscellaneous notebooks that Ralph Waldo Emerson kept between 1824 and 1838, and to which he added occasionally as late as the 1860s. With some attempt at a systematic listing, but more often at random, he set down an enormous variety of entries from Burke, Montaigne, Madame de Staël, Bacon, Plutarch, Jeremy Taylor, and a host of other writers both famous and obscure, with frequent comments of his own. One book contains Emerson's lengthy translations of Goethe, while another is devoted to his brother Charles, who died in 1836, and includes, among other items, excerpts from Charles's letters to his fiancée. A third contains an interview with a survivor of the battle of Concord and household accounts from the fall and winter of 1835, just after Emerson's marriage to Lydia Jackson. Frequent annotations show that Emerson referred to several of these books in composing the sermons he began to give late in 1826, and that many of the entries found their way into his public lectures, into *Nature*, and into *Essays: First Series*. These pages are a fascinating indication of the sources on which Emerson drew steadily in his writing and thinking, and reflect clearly, although indirectly, his own characteristic philosophy.

The Collected Works of Ralph Waldo Emerson Jan 02 2020 This meticulously edited collection contains the essential writings of Ralph Waldo Emerson. Letters and Social Aims Mar 28 2022

Love and Friendship Oct 30 2019 "A friend is a person with whom I may be sincere," wrote Ralph Waldo Emerson in *Love and Friendship*, a collection of essays on relationships. "Before him, I may think aloud. I do then with my friends as I do with my books. I would have them where I can find them, but I seldom use them."

The Philosophy of Ralph Waldo Emerson Feb 01 2020 This study offers the first comprehensive account of Emerson's philosophy since his philosophical rehabilitation began in the late 1970s. It builds on the historical reconstruction proposed in the author's previous book, *Emerson's Metaphysics*, and like that study draws on the entire Emerson corpus—the poetry and sermons included. The aim here is expository. The overall though not exclusive emphasis is on identity, as the first term of Emerson's metaphysics of identity and flowing or metamorphosis. This metaphysics, or general conception of the nature of reality, is what grounds his epistemology and ethics, as well as his esthetic, religious, and political thought. Acknowledging its primacy enables a general account like this to avoid the anti-realist overemphasis on epistemology and language that has often characterized rehabilitation readings of his philosophy. After an initial chapter on Emerson's metaphysics, the subsequent chapters devoted to the other branches of his thought also begin with their "necessary foundation" in identity, which is the law of things and the law of mind alike. Perception of identity in metamorphosis is what characterizes the philosopher, the poet, the scientist, the reformer, and the man of faith and virtue. Identity of mind and world is felt in what Emerson calls the moral sentiment. Identity is Emerson's answer to the Sphinx-riddle of life experienced as a puzzling succession of facts and events.

Ralph Waldo Emerson: Selected Journals Vol. 1 1820-1842 (LOA #201) Oct 23 2021 When Emerson died in 1882 he was the most famous public intellectual in America. Yet his most remarkable literary creation--his journals--remained unpublished. Begun when he was a precocious Harvard junior of 16 and continued without significant lapse for almost 60 years, Emerson's journals were his life's work. They were the starting point for virtually everything in his celebrated essays, lectures, and poems. It would be a hundred years after his death before these intimate records would appear in print in their entirety, and they are still, at over three million words, among the least known and least available of Emerson's writings. With *Selected Journals 1820-1842* and its companion volume *Selected Journals 1841-1877*, The Library of America presents

the most ample and comprehensive nonspecialist edition of Emerson's great work ever published—one that retains the original order in which he composed his thoughts and preserves the dramatic range of his unique style in long, uninterrupted passages, but without the daunting critical apparatus of the 16-volume scholarly edition. Each volume includes a 16-page portfolio of images of Emerson and his contemporaries, a note on the selections, extensive notes, biographical sketches, a chronology, and an index. This volume begins with Emerson's first journal entry, on January 25, 1820, in a homemade booklet he titled *The Wide World*, and follows him through his early years at Harvard College and the Divinity School, his ordination as a Unitarian minister, his marriage to Ellen Tucker and her untimely death, his fateful decision to leave the ministry, and his travels in England and on the Continent. It offers an irreplaceable perspective on the intellectual currents of the day—the emergence of Transcendentalism; the furor over Emerson's "Divinity School Address"; the founding of *The Dial*; experiments in communal living at Fruitlands and Brook Farm—and intimate sketches of Emerson's friends and contemporaries, including Henry David Thoreau, Margaret Fuller, Thomas Carlyle, William Wordsworth, Samuel Taylor Coleridge, Nathaniel Hawthorne, and others. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

[The Complete Works of Ralph Waldo Emerson](#) Jan 26 2022 This book is the sixth volume in the 1904 Riverside Press's Concord Edition of Ralph Waldo Emerson's collected works. This volume contains images of Emerson and his work "The Conduct of Life." The works were compiled and edited by Ralph Waldo Emerson's son, Edward Waldo Emerson.

[The Later Lectures of Ralph Waldo Emerson, 1843-1871](#) May 30 2022 Drawing primarily from previously unpublished manuscripts in the Ralph Waldo Emerson Memorial Association Collection in the Houghton Library at Harvard University, recent editions of Emerson's correspondence, journals and notebooks, sermons, and early lectures have provided authoritative texts that inspire readers to consider Emerson's place in American culture afresh. The two-volume *Later Lectures of Ralph Waldo Emerson, 1843-1871*, presents the texts of forty-eight complete and unpublished lectures delivered during the crucial middle years of Emerson's career. They offer his thoughts on New England and "Old World" history and culture, poetic theory, education, the history and uses of intellect—as well as his ideas on race relations and women's rights, subjects that sparked many debates. These final volumes contain some of Emerson's most timelessly relevant work and are sure to engage and inform any reader interested in discovering one of our country's greatest intellectuals. The following sections, although appearing only in the volume designated, contain information that pertains to both volumes and are available on the University of Georgia Press website. Volume 1: 1843-1854 contains: Preface Works Frequently Cited Historical and Textual Introduction Volume 2: 1855-1871 contains: Manuscript Sources of Emerson's Later Lectures in the Houghton Library of Harvard University Index to Works by Emerson General Index

[Ralph Waldo Emerson: Selected Journals Vol. 2 1841-1877 \(LOA #202\)](#) Sep 02 2022 When Emerson died in 1882 he was the most famous public intellectual in America. Yet his most remarkable literary creation—his journals—remained unpublished. Begun when he was a precocious Harvard junior of 16 and continued without significant lapse for almost 60 years, Emerson's journals were his life's work. They were the starting point for virtually everything in his celebrated essays, lectures, and poems; a "Savings Bank," in which his occasional insights began to cohere and yield interest; a commonplace book, in which he gathered the choicest anecdotes, ideas, and phrases from his voracious and wide-ranging reading; and a fascinating diary in the ordinary sense of the term. It would be a hundred years after his death before these intimate records would appear in print in their entirety, and they are still, at over

three million words, among the least known and least available of Emerson's writings. The journals reveal what Emerson called "the infinitude of the private man"—by turns whimsical, incisive, passionate, curious, and candid—in astonishing new ways. With *Selected Journals 1841-1877* and its companion volume *Selected Journals 1820-1842*, The Library of America presents the most ample and comprehensive nonspecialist edition of Emerson's great work ever published—one that retains the original order in which he composed his thoughts and preserves the dramatic range of his unique style in long, uninterrupted passages, but without the daunting critical apparatus of the 16-volume scholarly edition. Each volume includes a 16-page portfolio of images of Emerson and his contemporaries, a note on the selections, extensive notes, biographical sketches, a chronology, and an index. This volume opens with an Emerson at the height of his powers, soon to write his celebrated essays "Experience" and "Self-Reliance," and in the midst of a vibrant intellectual circle. It follows his anguished reactions to the nation's intensifying political turmoil: his anger at the Fugitive Slave Law of 1850, his antislavery activism, and his day-to-day experience of the Civil War (including a wartime trip to Washington, D.C., where he met President Lincoln). LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

Emerson's Prose and Poetry May 18 2021 This new volume is the most comprehensive collection of Emerson's writings available in a paperback edition.

[Ralph Waldo Emerson](#) Jun 30 2022 A new, wide-ranging selection of Ralph Waldo Emerson's most influential writings, this edition captures the essence of American Transcendentalism and illustrates the breadth of one of America's greatest philosophers and poets. The writings featured here show Emerson as a protester against social conformity, a lover of nature, an activist for the rights of women and slaves, and a poet of great sensitivity. As explored in this volume, Emersonian thought is a unique blend of belief in individual freedom and in humility before the power of nature. "I become a transparent eyeball," Emerson wrote in *Nature*, "I am nothing; I see all; the currents of the Universal Being circulate through me; I am part or particle of God." Written over a century ago, this passage is a striking example of the passion and originality of Emerson's ideas, which continue to serve as a spiritual center and an ideological base for modern thought.

Journals and Miscellaneous Notebooks of Ralph Waldo Emerson, Volume I: 1819-1822 Jul 28 2019 Ralph Waldo Emerson, the man and thinker, will be fully revealed for the first time in this new edition of his journals and notebooks. The old image of the ideal nineteenth-century gentleman, created by editorial omissions of his spontaneous thoughts, is replaced by the picture of Emerson as he really was. His frank and often bitter criticisms of men and society, his "nihilizing," his anguish at the death of his first wife, his bleak struggles with depression and loneliness, his sardonic views of woman, his earthy humor, his ideas of the Negro, of religion, of God--these and other expressions of his private thought and feeling, formerly deleted or subdued, are here restored. Restored also is the full evidence needed for studies of his habits of composition, the development of his style, and the sources of his ideas. Cancelled passages are reproduced, misreadings are corrected, and hitherto unpublished manuscripts are now printed. The text comes as close to a literal transcription as is feasible. A full apparatus of annotation, identification of quotations, and textual notes is supplied. Reproduced in this volume are twelve facsimile manuscript pages, many with Emerson's marginal drawings. The first volume includes some of the "Wide Worlds," journals begun while Emerson was at Harvard, and four contemporary notebooks, mostly unpublished. In these storehouses of quotation, juvenile verse, themes, and stories are the first versions of Emerson's "Valedictory Poem," Bowdoin Prize Essays, and first published work. Together they give a faithful picture of Emerson's apprenticeship as an artist and reveal the extent of his hidden and frustrated ambition--to become a writer.

Ralph Waldo Emerson: Essays and Lectures (LOA #15) Mar 16 2021 Our most eloquent champion of individualism, Emerson acknowledges at the same time the countervailing pressures of society in American life. Even as he extols what he called "the great and crevice self," he dramatizes and records its vicissitudes. Here are all the indispensable and most renowned works, including "The American Scholar" ("our intellectual Declaration of Independence," as Oliver Wendell Holmes called it), "The Divinity School Address," considered atheistic by many of his listeners, the summons to "Self-Reliance," along with the more embattled realizations of "Circles" and, especially, "Experience." Here, too, are his wide-ranging portraits of Montaigne, Shakespeare, and other "representative men," and his astute observations on the habits, lives, and prospects of the English and American people. This volume includes Emerson's well-known Nature; Addresses, and Lectures (1849), his Essays: First Series (1841) and Essays: Second Series (1844), plus Representative Men (1850), English Traits (1856), and his later book of essays, The Conduct of Life (1860). These are the works that established Emerson's colossal reputation in America and found him admirers abroad as diverse as Carlyle, Nietzsche, and Proust. The reasons for Emerson's influence and durability will be obvious to any reader who follows the exhilarating, exploratory movements of his mind in this uniquely full gathering of his work. Not merely another selection of his essays, this volume includes all his major books in their rich entirety. No other volume conveys so comprehensively the exhilaration and exploratory energy of perhaps America's greatest writer. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

Ralph Waldo Emerson, a Descriptive Bibliography Dec 01 2019

The Complete Works of Ralph Waldo Emerson May 06 2020 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations.
