Stalking, Tracking, and Playing Games in the Wild Apr 26 2022 “ Excellence and care guide every quiet step Mark Warren makes; to follow him teaches unique, wonderful truths about one ’ s connection to the Earth and its inhabitants. “ – Rhyse Bendell, Medicine Bow summer camper and student “ Mark leads the modern reader along the almost forgotten paths of wood lore, natural medicine, and self-sufficiency. “ – Emily Ghiz, baker and Montessori teacher In this third volume of the “ Secrets of the Forest ” series, outdoor educator Mark Warren opens the door to experiences with wildlife such as: · how to stalk animals of the wild without being detected by their keen senses. This discipline addresses posture, clothing, diet, descending, and “ soft-walking, ” the ultra-slow-motion technique that falls below the radar of wildlife ’ s peripheral vision. · how to read individual tracks and multiple gaits of specific animal species. · how to convert animal skins into rawhide and leather for crafts and clothing. · how to differentiate species of snakes and, in the process, demystify their often misunderstood intentions. The second half of the book is dedicated to games. Its main purpose is to ensure that young ones (under an adult leader) simply have fun on an outing and will want to return to nature for another adventure. Some of these games come from Native American traditions, but many are new and range from “ high-action ” to “ pensive around the campfire ” kinds of activities. This volume contains more than one hundred fifty original adventures.

Use All the Crayons! Jun 04 2020 Chris Rodell likes to consult with a five-year-old anytime he needs a reminder as to what is important in life. In his uplifting, humorous, and spiritual guidebook Use All the Crayons!, Rodell encourages others to become universally happy by becoming more colorful, interesting,

and, most importantly, fun! Rodell insists that colorful people are invited to the coolest parties; with that goal in mind, he presents over five hundred tips and entertaining, Dale Carnegie-like anecdotes that provide a glimpse into how he has successfully transformed his life into one not focused on money or fame, but instead on inspirational experiences, laughter, and fulfillment. Accompanied by personal diary entries, Rodell shares simple ideas for living a more colorful life, including adding the title "Rev." to all subscriptions and charitable donations, keeping handfuls of confetti ready for impromptu celebrations, and understanding the advantages of getting a \$75 wrist tattoo of an \$18,000 Rolex instead of the real thing. Like a box of crayons, we are all born with an astounding range of color options. This effervescent guidebook combines populist common sense with a healthy dose of optimism in the hopes of teaching others how to make every day as vivacious as the brightest crayon in the box.

The Lumberjacks Sep 19 2021 Short-listed for the 1978 Governor General 's Award for Non-Fiction The 19th century spawned a unique breed of men who took pride in their woodsmen skills and rough codes of conduct. They called themselves lumberers, shantymen, timber beasts, les bucherons -- and, more recently, lumberjacks, working in the vast forests of eastern Canada and British Columbia. Across the country, farm boys would go to the woods, lumbering being the only winter work available. Immigrants -- Swedes and Finns more often than not -- resumed the trades they had learned so well in the forests of northern Europe. They broke the cold, hard monotony of camp life with songs, tall tales and card games. Within these pages, author Donald MacKay allows us a glimpse into that moment in our heritage when men entered the virgin forest to carve out an industry from the seemingly endless array of pine, spruce, maple and balsam fir found there.
