Like, Comment, Subscribe Oct 11 2020 "Sharp and engaging" - The Times "The intricately-reported, elegantly-crafted story of the website that came out of nowhere, to change everything." - Brad Stone, author of *The Everything Store* and *Amazon Unbound* -----
----- Now, for the first time ever, discover the story of YouTube: how it started, how it works, and how it came to control our culture. It has entertained us with cat videos, flash mobs, gaming streams and Charlie Bit My Finger. It has educated us with makeup tutorials, DIYs and delicious recipes. It has changed us with advertising, extremism and political propaganda. Since its foundation in 2005, YouTube has existed on a pendulum. Its emergence established a valuable space for unique and important voices to share themselves and their views, and made global stars out of everyday people such as PewDiePie, Shane Dawson and Ryan Higa. It invented the attention economy we all live in today, forever changing how people are entertained, informed and paid online. At the same time, countless extremists have found a home on YouTube, using it to spread misinformation and propaganda - sometimes with real-world life-and-death consequences. The site is massively profitable for its parent company, Google (Alphabet), which has aggressively grown it into a ruthless advertising conglomerate with little regard for its impact beyond the bottom line. In *Like Comment Subscribe*, Bloomberg tech journalist Mark Bergen delivers the definitive, page-turning account of YouTube. Exploring the stories of the people behind the platform, he tells the story of a technical marvel that upended traditional media, created stars of everyday people, and ultimately changed the world through untamed freedom of speech.

The World Inside Oct 03 2022 Welcome to Urban Monad 116. Reaching nearly two miles into the sky, the one thousand stories of this building are home to over eight hundred thousand people living in peace and harmony. In the year 2381 with a world population of over seventy-five billion souls, the massive Urbmon system is humanity's salvation. Life in Urbmon 116 is highly regulated, life is cherished, and the culture of procreation is seen as the highest pinnacle of god's plan. Conflict is abhorred, and any who disturb the peace face harsh punishment—even being sent "down the chute" to be recycled as fertilizer. Jason Quevedo, a historian, searches records of the twentieth century hoping to find the root of his discontent with the

perfection of Urbmon life. Siegmund Kluser, a young and ambitious administrator, strives to reach the top levels of the Urbmon's government and discovers the civilization's dark truths. Michael Statler, a computer engineer, harbors a forbidden desire. He dreams of leaving the building—of walking in the open air and visiting the far-off sea. This is a dream he must keep secret. If anyone were to find out, he'd face the worst punishment imaginable. *The World Inside* is a fascinating exploration of society and what makes us human, told by a master of speculative fiction. *The World Inside* is a 1971 Hugo Award Nominee for Best Novella.

The World Turned Inside Out Feb 12 2021 A history and theory of settler colonialism and social control Many would rather change worlds than change the world. The settlement of communities in 'empty lands' somewhere else has often been proposed as a solution to growing contradictions. While the lands were never empty, sometimes these communities failed miserably, and sometimes they prospered and grew until they became entire countries. Building on a growing body of transnational and interdisciplinary research on the political imaginaries of settler colonialism as a specific mode of domination, this book uncovers and critiques an autonomous, influential, and coherent political tradition - a tradition still relevant today. It follows the ideas and the projects (and the failures) of those who left or planned to leave growing and chaotic cities and challenging and confusing new economic circumstances, those who wanted to protect endangered nationalities, and those who intended to pre-empt forthcoming revolutions of all sorts, including civil and social wars. They displaced, and moved to other islands and continents, beyond the settled regions, to rural districts and to secluded suburbs, to communes and intentional communities, and to cyberspace. This book outlines the global history of a resilient political idea: to seek change somewhere else as an alternative to embracing (or resisting) transformation where one is.

Watch This Book! May 30 2022 Get to know your favorite YouTube stars—Ryan ToysReview, HobbyKidsTV, JillianTubeHD, and EvanTubeHD—in this hilarious, insightful, and cool look at their lives behind the camera. Trust No One Nov 11 2020 Deepfake technology can create video evidence of just about anything: Hollywood superstar Margot Robbie in an orgy. Chinese president Xi Jinping declaring nuclear war. Basketball legend Michael Jordan winning the World Cup. The only limit is the imagination. In a time where fake news and disinformation is becoming harder and harder to identify, it is more essential than ever to understand the dark origins of deepfakes. Journalist Michael Grothaus goes down the rabbit hole as he interviews the often morally dubious, yet incredibly skilled creators of this content. It's a journey that opens a window into the communities transforming reality. Challenging, enlightening and terrifying, *Trust No One* asks the question other people are too scared to: what happens when you can no longer believe your own eyes? 'An alarming look at deepfakes' Sunday Times 'Michael Grothaus takes a hard look at the growth of deep fakes, examining cases that demonstrate the threats presented by morally dubious creators. From the personal to political, the impact of deep fakes is considered carefully by Grothaus, both on the victims and on society as a whole, creating an essential picture of a growing trend in disinformation' Eliot Higgins, founder of Bellingcat *Grimwood: Five Freakishly Funny Fables: World Book Day 2022* Aug 09 2020 A special World Book Day adventure in the wildly funny new series from award-winning Nadia Shireen. Welcome to Grimwood! Join the residents of the woods where anything can happen, as they tell stories around the campfire. You'll hear weird and wonderful tales from Titus the stag, mayor of Grimwood, Nancy the fox with attitude, Willow the excitable rabbit, Frank the no-nonsense owl, and Ingrid the movie-star duck. Expect the unexpected, and be warned: you may laugh your head off . . . Praise for Grimwood: 'Funny, anarchic, original and gloriously silly.' — Richard Osman 'Ted and Nancy are my

favourite funny foxes EVER.' — Liz Pichon, author of Tom Gates 'I CACKLED ALOUD on practically every page. Comic gold, tinged with such tenderness.'— Kiran Millwood Hargrave 'Gloriously anarchic, properly funny and highly illustrated with dynamic black-and-white art, this is a quirky delight for children - and their parents, too.' — The Bookseller 'Dark, original and laugh-out-loud funny' — The Times 'This book made my face hurt! Relentlessly funny.' — Rob Biddulph 'Like Watership Down, but funny. You'll laugh hysterically on every page.' — Caitlin Moran 'Fantastic.' — Lauren Laverne 'Pure genius!' — Louie Stowell 'Made us laugh out loud.' — Jim Smith, author of Barry Loser 'You're in for a treat!' — Selom Sunu, illustrator of Look Both Ways 'Utterly HILARIOUS' — Sophy Henn, author-illustrator of Pizazz 'Fizzes with mad energy. Brilliantly addictive. — Phil Earle, author of When the Sky Falls

Inside the World of Board Graphics Feb 01 2020 Inside the World of Board Graphics takes an in-depth, comprehensive look at the global nature and cultural influence of Surf/Skate/Snow board art and design. International design luminaries Art Chantry, Katrin Olina and James Victore are placed along side industry super stars Terry Fitzgerald, Martin Worthington, Yoshihiko Kushimoto and Rich Harbour (who has been shaping and designing surfboards since 1959). The book includes dozens of interviews and profiles from the people currently creating board art and design: Aaron Draplin, Emil Kozak, Morning Breath, Anthony Yankovic, Haroshi and Hannah Stouffer to name a few. There are many books about the art of board design, but there has never been a book like this that takes a rare look behind the scenes of the creative process. Countries represented: Iceland, Spain, Japan, Brazil, Australia, Canada, Russia, Poland, UK, Mexico, Venezuela, Romania, South Africa, Finland, Sweden, Germany, Croatia and the USA, among others.

See Inside the First World War May 18 2021 This is a fascinating flap book packed with essential information about the First World War, from the start of the conflict in 1914, to its resolution in 1918.

IMAGINARY WORLD Sep 29 2019 "THE IMAGINARY WORLD" is all about love and life. Everyone has experienced betrayal in their life but not everyone has seen true love... it's not easy. This book brings many writers together to show how love feels, with society issues in their way. I am very grateful to have so many amazing writers by my side, and I would like to thank each and every person present in this book and also those who aren't. My Parents for supporting me in this and my best friend Jeet Kakkar for making me strong enough and believing in me that I can do this, I love you. Lastly, A big Thank you to TOC for this opportunity and Somya Dii our project head for holding my hand the whole time, it wouldn't have been possible without you. Make the

world a better place With your smile... Live life with no regrets Love life with no debts. ~ Sanmeet K Sethi

The Illegal Wildlife Trade Oct 23 2021 In this book the author examines the illegal wildlife trade from multiple perspectives: the historical context, the impact on the environment, the scope of the problem internationally, the sociocultural demand for illegal products, the legal efforts to combat it, and several case studies from inside the trade. The illegal wildlife trade has become a global criminal enterprise, following in the footsteps of drugs and weapons. Beyond the environmental impact, financial profits from the illegal wildlife trade often fund organized crime groups and violent gangs that threaten public safety and security in myriad ways. This innovative volume covers several key questions surrounding the wildlife trade: why is there a demand for illegal wildlife products, which actors are involved in the trade, how is the business organized, and what are the harmful consequences. The author performed ethnographic fieldwork in three key markets: Russia, Morocco, and China, and has constructed a detailed picture of how the wildlife trade operates in these areas. Conversations with informants directly involved in the illegal business ensure unique insights into this lively black market. In the course of his journey the author follows the route of the illegal wildlife trade from poor poaching areas to rich business districts where corrupt officials, legally registered companies, wildlife farms and sophisticated criminal organizations all have a share. A fascinating look inside the world of poachers, smugglers and traders.

The Antidote Aug 01 2022 "This is the Moneyball of the pharma world, the story of one drug company's quest to transform the pharmaceutical industry and a deeply revealing look into a world where breakneck capitalism meets life-saving medicine. The \$325 billion-a-year pharmaceutical business is America's most challenging and one of its most profitable. It is tougher in just about every way than any other enterprise: from the towering biological risks inherent in its mission to treat disease; to the thirty-to-one failure rate in bringing out a successful medicine after a candidate clears all the hurdles to get to human testing; to the billion-dollar-plus cost of ramping up a successful product; to operating in the world's most highly regulated industry with the possible exception of nuclear power. The Antidote tells the story of Vertex, a maverick drug company led by the charismatic Joshua Boger and a small group of entrepreneurial young scientists who broke off from Merck when it was the world's best drug maker, indeed the most admired business in America because they thought they could make drugs better. Building upon his widely praised *The Billion-Dollar Molecule*, Barry Werth captures the full scope of Vertex's twenty-five-year drive to liver breakthrough medicines and transform the drug industry. The Antidote draws upon unprecedented inside reporting spanning more than two decades to provide a groundbreaking close-up of Vertex's inner workings and the ferocious but indispensable world it inhabits"-- Provided by publisher.

Outdoor Kids in an Inside World Mar 28 2022 NEW YORK TIMES BESTSELLER • The "imperative call to action" (Nick Offerman) to get children off their screens and into nature, with tips for bonding activities that teach the importance of outside time and build tough, curious, competent kids—from the New York Times bestselling author and host of the TV series and podcast MeatEater "A revelation for families struggling to get kids to GO OUTSIDE, or to just stop using the darn smartphone."—Michaeleen Doucleff, PhD, New York Times bestselling author of *Hunt, Gather, Parent* In the era of screens and devices, the average American spends 90 percent of their time indoors, and children are no exception. Not only does this phenomenon have consequences for kids' physical and mental health, it jeopardizes their ability to understand and engage with anything beyond the built environment. Thankfully, with the right mind-set, families can find beauty, meaning, and connection in a life lived outdoors. Here, outdoors expert Steven Rinella shares the parenting wisdom he has garnered as a father whose family has lived amid the biggest cities and wildest corners of America. Throughout, he offers practical advice for getting kids radically engaged with nature in a muddy, thrilling, hands-on way, with the ultimate goal of helping them see their own place within the natural ecosystem. No matter their location—rural, suburban, or urban—caregivers and kids will bond over activities such as: • Camping to conquer fears, build tolerance for dirt and discomfort, and savor the timeless pleasure of swapping stories around a campfire. • Growing a vegetable garden to develop a capacity to nurture and an appreciation for hard work. • Fishing local lakes and rivers to learn the value of patience while grappling with the possibility of failure. • Hunting for sustainably managed wild game to face the realities of life, death, and what it really takes to obtain our food. Living an outdoor lifestyle fosters in kids an insatiable curiosity about the world around them, confidence and self-sufficiency, and, most important, a lifelong sense of stewardship of the natural world. This book helps families connect with nature—and one another—as a joyful part of everyday life.

Look Inside the World of Bees Sep 21 2021 A gorgeously illustrated flap book that gives a glimpse into the amazing and important world of bees. Why do bees have furry bodies? What happens inside a bee hive? How do bees know where to find flowers? The Deal Sep 09 2020 'Excellent . . . an in-depth excavation of the murky and mysterious world of football business. Smith's candid and often shocking book reveals the true workings of football business that take into account things few of us even could even imagine . . . The Deal answers some of those questions and leaves you wanting more. It is an educational tool that most fans could do with researching' Joe Short, Express Football analysis has grown at the same exponential rate as the sport's popularity and yet one of its most intrinsic elements remains tantalisingly opaque: the role of 'agent'. The Deal is a unique and fascinating perspective into the business of sports management through the eyes of 'Mr Football', 'super-agent', Jon Smith. 800,000 watch their professional football team play each week and TV pulls in audiences of around 600 million. Despite these phenomenal figures, the complex money-making scene behind sport is one of its biggest mysteries. The Deal will be an unprecedented insight into this world, showing what goes on as players and big money change hands. The Deal is also the story of one of the shrewdest and most successful businessmen of our time. Documented through Jon's personal rollercoaster of high-flying success to near bankruptcy, the book's over-arching narrative will offer an inspiring personal journey as well as insider knowledge of brokering deals at a high level and under extreme pressure. The Deal will appeal strongly to buyers of business books as well as a significant number of sports fans interested to know what goes on in the back room of their favourite sport.

See Inside the World of Dinosaurs Sep 02 2022 For millions of years, dinosaurs roamed the Earth. To see how they lived, peer through the bushes, peek under rocks and watch as hungry dinosaurs spring into action.

Those Guys Have All the Fun Jun 06 2020 In the exclusive behind the scenes look, sports fans can unlock the fascinating history of the channel that changed the way people watch and interact with their favorite teams. It began, in 1979, as a mad idea of starting a cable channel to televise local sporting events throughout the state of Connecticut. Today, ESPN is arguably the most successful network in modern television history, spanning eight channels in the United States and around the world. But the inside story of its rise has never been fully told—until now. Drawing upon over 500 interviews with the greatest names in ESPN's history and an All-Star collection of some of the world's finest athletes, bestselling authors James Miller and Tom Shales take us behind the cameras. Now, in their own words, the men and women who made ESPN great reveal the secrets behind its success—as well as the many scandals, rivalries, off-screen battles and triumphs that have accompanied that ascent. From the unknown producers and business visionaries to the most famous faces on television, it's all here.

Look Inside Our World Nov 04 2022 Take a trip around the world in this fascinating book. Find out what the Earth is made of, who lives in steamy rainforests, how rivers flow into the sea, and much more.

Could Have, Would Have, Should Have Apr 28 2022 What does it take to be a serious art collector? What drives someone to go after a particular work regardless of the cost? What form of addiction or compulsion causes an individual to devote vast amounts of time, money and emotional energy in pursuit of something that is unobtainable to most of us? Tiqui Atencio has been collecting since she was eighteen years old. Decades later she is one of the most prominent collectors of contemporary art, on the boards of international museums and art-world power lists. For *Could Have, Would Have, Should Have*, she has interviewed more than eighty of the world's most influential collectors - from financiers to artists - and asked them to tell their own story of how they started to collect and what continues to motivate them. In a series of thirty chapters - among them 'Serendipity', 'Obsessions', 'Auction moments', 'What was I thinking?', 'To sell or not sell', 'Being custodians' - they reveal their highs and lows, the successes and regrets, the shared passions and intense rivalries, the works that got away ... and the ones that perhaps should have done. Their anecdotes and recollections reveal the many practical and emotional aspects of collecting art, all the unexpected pleasures and challenges. What emerges is a frank and honest, surprising and eye-opening, and sometimes hilarious account of a lifelong dedication that is described by some as a heroic commitment and by others as a crazy sickness. Cartoons throughout the book by celebrated artist and satirist Pablo Helguera complement the humorous and entertaining tone of the text.

Inside the World of Comic Books Feb 24 2022 With the popularity of comic book properties at an all-time high, the time is right for a collection of essays and original interviews devoted to all things comic book. As well as essays on contemporary issues and trends associated with comic books and comic book culture, this diverse collection also features original interviews with top comic industry professionals. From visionary writers and artists, to award-winning editors and publishers, interviewees include: Joe Quesada, artist, writer, and Marvel Comics editor-in-chief; Victor Lucas, creator, producer, and co-host of the award-winning *Electric Playground*; Steve Englehart, acclaimed writer for Marvel Comics and DC Comics; John Romita Sr, legendary *Amazing Spiderman* artist and Marvel Comics art director; Steve Niles, writer of *30 Days of Night*, *Dark Days*, and *Wake the Dead*; Eric Searleman, *Viz Media* editor; Chris Warner, *Dark Horse Comics* senior editor; Scott Allie, writer and *Dark Horse Comics Conan* editor; Norm Breyfogle, acclaimed *Batman* artist. Addressing the role comic books play in reflecting the mood of popular culture, essay topics include: comic book fan communities; comics in relation to cinema and video games; the issue of censorship, in particular, of horror comics; comic book content and social attitudes of the 1950s and 1960s; detective comics of the 1970s; and women collectors and the image of women in comic books, in general.

Inside the World's Major East Asian Collections Jul 08 2020 *Inside the World's Major East Asian Collections* examines the rise of the "LAM," an acronym that stands for libraries, archives and museums. In doing so, this book profiles leading experts—librarians,

archivists and museum curators—who specialise in East Asian collections from across the world. In examining the dynamically shifting role of the cultural institution in the context of managing information and collections, this book provides important themes offered by these cultural experts in understanding the necessary professional skills, knowledge and personalities that are required for working in such environments of varying size, scope and composition in LAMs. As galleries, LAMs manage preservation and access of history and culture, and their missions and goals as cultural institutions continue to converge. As collecting institutions, LAMs share the common mandate to preserve and make accessible primary resources valuable for researchers and professionals, as well as the public. LAMs are mostly publicly funded, publicly accountable institutions collecting cultural heritage materials. Another aim of this book is to enhance the visibility and recognise the efforts of the LAM professionals as cultural institution leaders, since much of their great contributions in the respective fields to preserving our cultural and documentary heritages have gone unnoticed outside their parent institutions. Examines the roles and goals of cultural institutions Brings collections to life through interviews with LAM experts Presents LAMs with a focus on East Asia Serves as a platform for LAM professionals to share and exchange experiences and insights

Inside In Oct 30 2019 Discover nature's secret world with this amazing collection of X-ray photographs of animals and plants! Simple text helps kids understand the animals and plants in each image. Pops of neon colors make animals and plants come to life.

Army of Roses Jan 14 2021 "By presenting the intimate personal history of the first five female bombers who have succeeded in blowing themselves up, as well as the troubling stories of some of those who've tried and failed, the author reveals not only the crushing poverty and religious zealotry that one might suspect as motivating factors in their fall, but also a startling emotional component to their death wishes: their broken dreams and blighted inner lives. Victor shows, without dismissing or diminishing the horror of their actions, how far a person can be pushed when she is convinced she has nothing to lose."--BOOK JACKET.

Flora May 06 2020 Let the experts at the Royal Botanic Gardens in Kew e-guide you around the beautiful and mysterious world that is the plant kingdom. From regulating the air we breathe, to providing food, clothes, fuels, and medicines - plants are fundamental to our lives. Discover an extraordinary diversity of species, which includes a grass that grows a metre a day, roots that breathe air, and "queen of the night" cactuses whose rare blooms vanish before dawn. In a

Access Free oldredlist.iucnredlist.org on December 5, 2022 Free Download Pdf

combination of art and science, Flora celebrates plants from majestic trees to microscopic algae, explaining how they germinate, grow, and reproduce. It presents species that have evolved to accommodate pollinating insects such as the foxglove, and plants that have adapted to flourish in even the most hostile of habitats. Pierre-Joseph Redoute in the 18th-century was described as the "Raphael of flowers". Flora showcases his botanical paintings as well as those of Georg Ehret and others in this gorgeous visual celebration of plants through the ages. Whether you are a keen gardener, naturalist, or botany student, this beautiful ebook is a treat that will entice, inform, and amaze.

North Korea Undercover Jul 28 2019 A unique and timely account of life in North Korea. North Korea is like no other tyranny on earth. It is Orwell's 1984 made reality. The regime controls the flow of information to its citizens, pouring relentless propaganda through omnipresent loud speakers. Free speech is an illusion: one word out of line and the gulag awaits. State spies are everywhere, ready to punish disloyalty and the slightest sign of discontent. You must bow to Kim Il Sung, the Eternal Leader and to his son, Generalissimo Kim Jong Il. Worship the dead and then hail the living, the Supreme Leader Kim Jong Un. North Koreans are told their home is the greatest nation on earth. Big Brother is always watching. Posing as a university professor, award-winning BBC journalist John Sweeney travelled undercover to gain unprecedented access to the world's most secret state. Drawing on his own experiences and his extensive interviews with defectors and other key witnesses, North Korea Undercover pulls back the curtain, providing a rare insight into life there today, examining the country's troubled history and addressing important questions about its uncertain future. Sweeney's highly engaging, authoritative account illuminates the dark side of the Hermit Kingdom and challenges the West's perception of this paranoid nationalist state.

See Inside the Microscopic World Aug 21 2021 An incredible lift-the-flap look at a world invisible to human eyes This book peers through the microscope to reveal TINY unimaginable wonders. Discover bizarre minibeasts and peculiar plants, meet the millions of microbes that live around and inside you, and marvel at miniature technology. The perfect introduction to a fascinating area of science.

Inside the World of Matter Dec 01 2019 Everything around us is made up of matter. Understanding how matter can change properties

and how the position of molecules determines the state of matter helps explain everything from energy to why certain substances have chemical reactions when mixed together.

Japan Pop: Inside the World of Japanese Popular Culture Mar 04 2020 A fascinating illustrated look at various forms of Japanese popular culture: pop song, jazz, enka (a popular ballad genre of music), karaoke, comics, animated cartoons, video games, television dramas, films and "idols" -- teenage singers and actors. As pop culture not only entertains but is also a reflection of society, the book is also about Japan itself -- its similarities and differences with the rest of the world, and how Japan is changing. The book features 32 pages of manga plus 50 additional photos, illustrations, and shorter comic samples.

Total S Club Apr 16 2021 An intimate portrait of S Club, focusing on their exciting lives in 2002 as one of the biggest pop bands in the world. With behind-the-scenes access to the Carnival 2002 tour, this book covers the making of S Club's fourth TV series and the inside track on their romances and career highlights.

The Magical World Inside of You Jun 26 2019

The Shadow World Jun 18 2021 Exposes the global arms trade, revealing the corruption behind a range of weapons deals, both public and illicit, and discusses the impact these trades have on conflicts around the world.

Step Inside the Viking World Jul 20 2021 Take a tour of a bustling Viking village in this friendly book. Find out how Vikings dressed and what Viking children did all day, and see explorers set sail on a dangerous voyage to new lands.

Inside the World of Microbes Jun 30 2022 Microbes are everywhere! They live on and under the ground. They live in all kinds of water on Earth, even around the hottest deep-sea vents. They even live on and inside your body! Since the advent of powerful microscopes, scientists have been studying our world's smallest denizens. Many people get scared just hearing the words "bacteria," "fungus," and "virus" because of the diseases they cause. However, scientists have discovered many beneficial microbes that actually help support all life on Earth. Geneticists have sequenced the genomes of numerous microbes, extending our knowledge of the organisms and how they affect our lives.

Inside the Books Dec 13 2020 "I love to look inside the books. They

beckon me from wooden shelves that guard the stories hidden there ... All across the world, on every continent, there are libraries filled with books. Some libraries are big, and others small. Some libraries sit on land, others float on water, and still others nestle amidst ice and snow. Some libraries even bump along in wheel barrows!"--

American Radical Nov 23 2021 The explosive New York Times bestselling memoir of a Muslim American FBI agent fighting terror from the inside. A longtime undercover agent, Tamer Elnoury joined an elite counterterrorism unit after September 11, 2001. Its express purpose was to gain the trust of terrorists whose goals were to take out as many Americans in as public and devastating a way as possible. It was a furious race against the clock for Elnoury and his unit to stop them before they could implement their plans. Yet the techniques were as old as time: listen, record, and prove terrorist intent. It's no secret that federal agencies have waged a broad, global war against terror, through and after the war in Afghanistan. But for the first time, in this memoir, an active Muslim American federal agent reveals his experience infiltrating and bringing down a terror cell in North America. Due to his ongoing work for the FBI, Elnoury writes under a pseudonym. An Arabic-speaking Muslim American, a patriot, a hero: To many Americans, it will be a revelation that he and his team even existed, let alone the vital and dangerous work they have done keeping all Americans safe.

See Inside World Religions Mar 16 2021 More than five billion people across the world follow a religion. Lift the flaps to discover the many ways people pray, worship and celebrate the major world religions.

Inside the World of Harry Potter Jan 26 2022 Many scholars recognize the importance of Harry Potter as a vehicle for discussions about society—from race relations and gender studies to economic, political, religious and educational applications of the texts. This interdisciplinary collection of new essays brings to the forefront a critique of modern Western society, using Harry's world as a mirror to our own. Covering issues surrounding parenting and family relations, social class, life and death, the link between identity and morality and even the risks of time travel, this collection provides many jumping-off points for scholars and nonscholars alike to spark discussions about both Harry's world and our own.
