Year 11 & 12 Mathematics Extension 1 Mar 12 2021 "This book has been specifically designed to help Year 11 students thoroughly revise all topics in the Year 11 Mathematics Standard course and prepare for their class tests, half-yearly and yearly exams. Comprehensive revision in Year 11 will enable students to confidently progress into the Mathematics Standard 1 and 2 courses in Year 12." -- Back cover.

Proposed Extension of the Reconstruction Finance Corporation: July 10-11, 1945; Sept. 17-21, 1945; Jan. 3-4, 1945; Mar. 12-13, 1946; July 26, 1946 Oct 26 2019

New Fundamental Mathematics Oct 19 2021 "This combined book is written for the new Year 12 Mathematics Advanced + Extension 1 courses, which are being introduced into the NSW syllabus in 2020. This book has been written with two main objectives: it can be used as a textbook for classroom use, as well as a step-by-step resource to be used independently by students for their own self-study purposes. This book provides sufficiently clear explanations about each topic in the syllabus, with worked out examples and alternative methods, where applicable Questions are categorised by topic and graded from easy to hard, to help guide students in their learning. Each chapter also contains a set of review exercises and challenge problems, as well as fully worked solutions for each question. The review exercises will help consolidate students' skills and knowledge, while improving their competence and confidence. The book also features challenge problems. While they may extend beyond the syllabus, they are designed to provide extra stimulus for highly motivated students and increase confidence for the harder questions in the Higher School Certificate examination." -- Publisher's website.
