Che, My Brother Jan 17 2022 On 9 October 1967, Ernesto Che Guevara, Marxist guerrilla leader and hero of the Cuban Revolution, was captured and executed by Bolivian forces. When

the Guevara family learned from the front pages that Che was dead, they decided to say nothing. Fifty years on, his younger brother, Juan Martin, breaks the silence to narrate his intimate memories and share with us his views of the character behind one of history's most iconic figures. Juan Martin brings Che back to life, as a caring and protective older brother. Alongside the many practical jokes and escapades they undertook together, Juan Martin also relates the two extraordinary months he spent with the Comandante in 1959, in Havana, at the epicentre of the Cuban Revolution. He remembers Che as an idealist and adventurer and also as a committed intellectual. And he tells us of their parents - eccentric, cultivated, bohemian - and of their brothers and sisters, all of whom played a part in his political awakening. This unique autobiographical account sheds new light on a figure who continues to be revered as a symbol of revolutionary action and who remains a source of inspiration for many who believe that the struggle for a better world is not in vain.

The Awakening of Latin America Nov 03 2020 This classic anthology on Latin America shows the Argentine-born revolutionary's cultural depth, rigorous intellect, and intense emotional engagement with a continent and its people. In a letter to his mother in 1954, a young Ernesto Guevara wrote, "The Americas will be the theater of my adventures in a way that is much more significant than I would have believed." In The Awakening of Latin America we have the story of those adventures, charting Che's evolution from an impressionable young medical student to the "heroic guerrilla," assassinated in cold blood in Bolivia. Spanning seventeen years, this anthology draws on from his family's personal archives and offers the best of Che's writing: examples of his journalism, essays, speeches, letters, and even poems. As Che documents his

early travels through Latin America, his involvement in the Guatemalan and Cuban revolutions, and his rise to international prominence under Fidel Castro, we see how his fervent commitment to social justice shaped and was shaped by the continent he called home. Nearly half of this book is published for the first time and pre-dates Che's arrival in Cuba with Fidel Castro's guerrilla expedition in 1956. Also included are his notes for his unfinished book, *The Social Role of Doctors in Latin America*.

Inside the League Dec 24 2019

Che's Travels Sep 13 2021 Ernesto "Che" Guevara twice traveled across Latin America in the early 1950s. Based on his accounts of those trips (published in English as *The Motorcycle Diaries* and *Back on the Road*), as well as other historical sources, *Che's Travels* follows Guevara, country by country, from his native Argentina through Chile, Peru, Colombia, and Venezuela, and then from Argentina through Bolivia, Peru, Guatemala, and Mexico. Each essay is focused on a single country and written by an expert in its history. Taken together, the essays shed new light on Che's formative years by analyzing the distinctive societies, histories, politics, and cultures he encountered on these two trips, the ways they affected him, and the ways he represented them in his travelogues. In addition to offering new insights into Guevara, the essays provide a fresh perspective on Latin America's experience of the Cold War and the interplay of nationalism and anti-imperialism in the crucial but relatively understudied 1950s. Assessing Che's legacies in the countries he visited during the two journeys, the contributors examine how he is remembered or memorialized; how he is invoked for political, cultural, and religious purposes; and how perceptions of him affect ideas about the revolutions and counterrevolutions

fought in Latin America from the 1960s through the 1980s. Contributors Malcolm Deas Paulo Drinot Eduardo Elena Judith Ewell Cindy Forster Patience A. Schell Eric Zolov Ann Zulawski

Thomas Cromwell Aug 20 2019 The long-awaited biography of the genius who masterminded Henry VIII's bloody revolution in the English government, which reveals at last Cromwell's role in the downfall of Anne Boleyn "This a book that - and it's not often you can say this - we have been awaiting for four hundred years." --Hilary Mantel, author of *Wolf Hall* Since the sixteenth century we have been fascinated by Henry VIII and the man who stood beside him, guiding him, enriching him, and enduring the king's insatiable appetites and violent outbursts until Henry ordered his beheading in July 1540. After a decade of sleuthing in the royal archives, Diarmaid MacCulloch has emerged with a tantalizing new understanding of Henry's mercurial chief minister, the inscrutable and utterly compelling Thomas Cromwell. History has not been kind to the son of a Putney brewer who became the architect of England's split with Rome. Where past biographies portrayed him as a scheming operator with blood on his hands, Hilary Mantel reimagined him as a far more sympathetic figure buffered by the whims of his master. So which was he--the villain of history or the victim of her creation? MacCulloch sifted through letters and court records for answers and found Cromwell's fingerprints on some of the most transformative decisions of Henry's turbulent reign. But he also found Cromwell the man, an administrative genius, rescuing him from myth and slander. The real Cromwell was a deeply loving father who took his biggest risks to secure the future of his son, Gregory. He was also a man of faith and a quiet revolutionary. In the end, he could not appease or control the man whose humors were so violent and unpredictable. But he made his mark on England, setting her on the path to religious

awakening and indelibly transforming the system of government of the English-speaking world.
Che Guevara Feb 18 2022 Chronicles the life and accomplishments of the internationally famous Argentinian guerrilla fighter.

Deng Xiaoping May 09 2021 This book covers the entire life of Deng Xiaoping. Starting with his childhood and student years to the post-Tiananmen era.

Che Guevara Oct 26 2022 He Became A Myth In His Own Lifetime And An International Martyr-Figure Upon His Death; He Was A Revolutionary Fighter, A Military Strategist, A Social Philosopher, An Economist, A Medical Doctor, And A Friend And Confidant Of Fidel Castro. Che Guevara S Dream Was An Epic One To Unite Latin America And The Rest Of The Developing World Through Armed Revolution, And To End Once And For All The Poverty, Injustice And Petty Nationalisms That Had Bled It For Centuries. In The End Che Failed In His Quest But He Is Recognized As That One-In-A-Million Personality Who Just Might Have Pulled It Off.Che Guevara: A Revolutionary Life Shuttles Between The Revolutionary Capitals Of Havana And Algiers To The Battlegrounds Of Bolivia And The Congo; From The Halls Of Power In Moscow And Washington To The Exile Havens Of Miami, Mexico And Guatemala, In A Gripping Tale Of Revolution, International Intrigue And Covert Operations. It Has An Epic Sweep As It Evokes An Era Of Tumultuous Change, Describing Major Events Like The Bay Of Pigs Invasion, The October Missile Crisis And Kennedy S Assassination. Among Its Cast Of Characters Are Scores Of Historic Personalities Including Castro, Kennedy, Kruschev, Mao Tse-Tung, Jean Paul Sartre And Simone De Beauvoir, To Name But A Few.Jon Lee Anderson Has Been Given Unprecedented Access To The Cuban Government S Archives And Has Had Total

Co-Operation From Che S Widow, Aleida March, Who Has Never Previously Spoken For Publication About Her Late Husband. He Has Obtained Hitherto Unpublished Documents, Including Several Of Che S Personal Diaries And, In The Course Of His Research, Broke Open A Twenty-Eight-Year-Old Mystery The Whereabouts Of Che S Body In Bolivia. There Is No Doubt That This Monumental Work Will Stand As The Definitive Portrait Of One Of The Twentieth Century S Most Fascinating, Yet Largely Unexplored, Historical Figures.

An Ulster Slave Owner in the Revolutionary Atlantic Mar 27 2020 Born in Ulster, John Black left Ireland for the West Indies in 1771 and never returned. Settling first in Grenada, he moved on to Trinidad in 1784 and established himself as a major slave owner and a prominent figure among the island's planter elite. An Ulster slave owner in the revolutionary Atlantic presents and contextualizes a series of twenty revealing letters written by John Black during the period 1799 to 1836. Addressed to his brother George, who lived outside Belfast, Black's letters represent an attempt to maintain familial relationships across the distance of the Atlantic and reveal the close connections tying Ulster to the West Indies during the early nineteenth century. They shed light on the difficulties of mercantile life in an age of political and economic unrest and, above all, offer a vivid portrait of a world that revolved around the institution of slavery - a world of which Ulster was emphatically a part. [Subjects: Colonialism; Irish History; West Indies History; Slavery; Nineteenth-Century History; Letters; Biography]

Dear Time Oct 02 2020 Paranormal phenomena bring two strangers, John and Jeanne, together as they embark on a journey across the world in search of answers that connect the past, the present and the future. What hidden secrets are they about to acquire? What sinister plot lies

ahead of them? Follow John and Jeanne as they risk their lives to unravel the mystery of Time. *Self Portrait Che Guevara* Dec 04 2020 An intimate look at the man behind the icon, from the Guevara family's private archives. Includes extraordinary unpublished short stories and poems written to his wife and children as well as photos from the Guevara family album, showing a surprisingly sensitive and artistic side to the legendary revolutionary. Che's self-portrait photography are a key feature of the selection, presented alongside other material finally released for publication from his family's archives.

A Revolutionary Life Jul 19 2019 It Is Lakshmi Sahgal`S Autobiography In Original And Is One Of The Few First Person Accounts Of The Time, A Document Of Immense Political And Historical Value. Offers A Unique Perspective On Women In Armed Struggle And The Freedom Movement.

Young Castro Jun 10 2021 This intimate, revisionist portrait of Fidel Castro, showing how an unlikely young Cuban led his country in revolution and transfixed the world, is “sure to become the standard on Castro’s early life” (Publishers Weekly). Until now, biographers have treated Castro’s life like prosecutors, scouring his past for evidence to convict a person they don’t like or don’t understand. Young Castro challenges us to put aside the caricature of a bearded, cigar-munching, anti-American hothead to discover how Castro became the dictator who acted as a thorn in the side of US presidents for nearly half a century. In this “gripping and edifying narrative...Hansen brings imposing research and notable erudition” (Booklist) to Castro’s early life, showing Castro getting his toughness from a father who survived Spain’s class system and colonial wars to become one of the most successful independent plantation owners in Cuba. We

see a boy running around that plantation more comfortable playing with the children of his father's laborers than his own classmates at elite boarding schools in Santiago de Cuba and Havana. We discover a young man who writes flowery love letters from prison and contemplates the meaning of life, a gregarious soul attentive to the needs of strangers but often indifferent to the needs of his own family. These pages show a liberal democrat who admires FDR's New Deal policies and is skeptical of communism, but is also hostile to American imperialism. They show an audacious militant who stages a reckless attack on a military barracks but is canny about building an army of resisters. In short, *Young Castro* reveals a complex man. The first American historian in a generation to gain access to the Castro archives in Havana, Jonathan Hansen was able to secure cooperation from Castro's family and closest confidants. He gained access to hundreds of never-before-seen letters and interviewed people he was the first to ask for their impressions of the man. The result is a nuanced and penetrating portrait of a man at once brilliant, arrogant, bold, vulnerable, and all too human: a man who, having grown up on an island that felt like a colonial cage, was compelled to lead his country to independence.

Blackshirts and Reds Oct 14 2021 A bold and entertaining exploration of the epic struggles of yesterday and today. *Blackshirts & Reds* explores some of the big issues of our time: fascism, capitalism, communism, revolution, democracy, and ecology. These terms are often bandied about, but seldom explored in the original and exciting way that has become Michael Parenti's trademark. Parenti shows how "rational fascism" renders service to capitalism, how corporate power undermines democracy, and how revolutions are a mass empowerment against the forces of exploitative privilege. He also maps out the external and internal forces that destroyed

communism, and the disastrous impact of the "free-market" victory on eastern Europe and the former Soviet Union. He affirms the relevance of taboo ideologies like Marxism, demonstrating the importance of class analysis in understanding political realities and dealing with the ongoing collision between ecology and global corporatism. Written with lucid and compelling style, this book goes beyond truncated modes of thought, inviting us to entertain iconoclastic views, and to ask why things are as they are. "A penetrating and persuasive writer with an astonishing array of documentation to implement his attacks." —The Catholic Journalist "By portraying the struggle between fascism and Communism in this century as a single conflict, and not a series of discrete encounters, between the insatiable need for new capital on the one hand and the survival of a system under siege on the other, Parenti defines fascism as the weapon of capitalism, not simply an extreme form of it. Fascism is not an aberration, he points out, but a 'rational' and integral component of the system."—Stan Goff, author of Full Spectrum Disorder: The Military in the New American Century Michael Parenti, PhD Yale, is an internationally known author and lecturer. He is one of the nation's leading progressive political analysts. Author of over 275 published articles and twenty books, his writings are published in popular periodicals, scholarly journals, and his op-ed pieces have been in leading newspapers such as The New York Times and The Los Angeles Times. His informative and entertaining books and talks have reached a wide range of audiences in North America and abroad.

The Big Truck That Went By Jul 31 2020 On January 12, 2010, the deadliest earthquake in the history of the Western Hemisphere struck the nation least prepared to handle it. Jonathan M. Katz, the only full-time American news correspondent in Haiti, was inside his house when it

buckled along with hundreds of thousands of others. In this visceral, authoritative first-hand account, Katz chronicles the terror of that day, the devastation visited on ordinary Haitians, and how the world reacted to a nation in need. More than half of American adults gave money for Haiti, part of a monumental response totaling \$16.3 billion in pledges. But three years later the relief effort has foundered. Its most basic promises—to build safer housing for the homeless, alleviate severe poverty, and strengthen Haiti to face future disasters—remain unfulfilled. *The Big Truck That Went By* presents a sharp critique of international aid that defies today's conventional wisdom; that the way wealthy countries give aid makes poor countries seem irredeemably hopeless, while trapping millions in cycles of privation and catastrophe. Katz follows the money to uncover startling truths about how good intentions go wrong, and what can be done to make aid "smarter." With coverage of Bill Clinton, who came to help lead the reconstruction; movie-star aid worker Sean Penn; Wyclef Jean; Haiti's leaders and people alike, Katz weaves a complex, darkly funny, and unexpected portrait of one of the world's most fascinating countries. *The Big Truck That Went By* is not only a definitive account of Haiti's earthquake, but of the world we live in today.

Chasing the Scream Sep 20 2019 THE NEW YORK TIMES BESTSELLER It is now 100 years since drugs were first banned. On the eve of this centenary, journalist Johann Hari set off on an epic three-year, 30,000-mile journey into the war on drugs to uncover its secrets - and he found that there is a startling gap between what we have been told and what is really going on. As strange as it may seem at first, drugs are not what we have been told they are; addiction is not what we think it is; and the drug war has very different motives to the ones we have seen on our

TV screens. In *Chasing the Scream*, Hari reveals his startling discoveries entirely through the true and shocking stories of people across the world whose lives have been transformed by this war. They range from a transsexual crack dealer in Brooklyn searching for her mother, to a teenage hit-man in Mexico searching for a way out. It begins with Hari's discovery that at the birth of the drug war, Billie Holiday was stalked and killed by the man who launched this crusade - while it ends with the story of a brave doctor who has led his country to decriminalize every drug, from cannabis to crack, with remarkable results. *Chasing the Scream* lays bare what we really have been chasing in our century of drug war - in our hunger for drugs, and in our attempt to destroy them. This book will challenge and change how you think about the most controversial - and consequential - question of our time.

Karl Marx: A Nineteenth-Century Life Oct 22 2019 “Absorbing, meticulously researched. . . . [Sperber] succeeds in the primary task of all biography, re-creating a man who leaps off the page.” —Jonathan Freedland, *New York Times Book Review* In this magisterial biography of Karl Marx, “likely to be definitive for many years to come” (John Gray, *New York Review of Books*), historian Jonathan Sperber creates a meticulously researched and multilayered portrait of both the man and the revolutionary times in which he lived. Based on unprecedented access to the recently opened archives of Marx’s and Engels’s complete writings, *Karl Marx: A Nineteenth-Century Life* provides a historical context for the personal story of one of the most influential and controversial political philosophers in Western history. By removing Marx from the ideological conflicts of the twentieth century that colored his legacy and placing him within “the society and intellectual currents of the nineteenth century” (Ian Kershaw), Sperber is able to

present a full portrait of Marx as neither a soothsaying prophet of the modern world nor the author of its darkest atrocities. This major biography fundamentally reshapes our understanding of a towering historical figure.

Homage to Catalonia Nov 22 2019 'Above all, there was a belief in the revolution and the future, a feeling of having suddenly emerged into an era of equality and freedom.' In late 1936, the idealistic young George Orwell set out for Spain to join the Republican Army in its battle against the fascists. There he encountered a country in chaos. From the heady promises of revolutionary Barcelona to the betrayals, logistical nightmares, and petty factional conflicts, Orwell describes the war in all its gruesome detail with his characteristic flair for language. A fascinating, deeply personal account of how a movement gave up its ideals in pursuit of a victory that never came, the *Homage to Catalonia* is a remarkable chronicle of the Spanish Civil War. ABOUT THE SERIES: Arcturus Essential Orwell presents George Orwell's most acclaimed fiction and non-fiction titles with striking contemporary cover-designs. These unique paperback editions are wonderful collectibles which celebrate one of the most important voices of the 20th century.

Quotations from Chairman Mao Tsetung Mar 07 2021

Guerrillas Jul 23 2022 Prior to gaining international renown for his definitive biography of Che Guevara and his firsthand reports on the war in Iraq in the acclaimed *THE FALL OF BAGHDAD*, Jon Lee Anderson wrote *GUERRILLAS*, a daring on-the-ground account of five diverse insurgent movements around the world: the mujahedin of Afghanistan, the FMLN of El Salvador, the Karen of Burma, the Polisario of Western Sahara, and a group of young Palestines

fighting against Israel in the Gaza Strip. Making the most of unprecedented, direct access to his subjects, Anderson combines powerful storytelling with a balanced, penetrating analysis of each situation. A work of phenomenal range, analytical acuity, and human empathy, *GUERRILLAS* amply demonstrates why Jon Lee Anderson is one of our most important chroniclers of societies in crisis.

American Lion Feb 24 2020 The definitive biography of a larger-than-life president who defied norms, divided a nation, and changed Washington forever Andrew Jackson, his intimate circle of friends, and his tumultuous times are at the heart of this remarkable book about the man who rose from nothing to create the modern presidency. Beloved and hated, venerated and reviled, Andrew Jackson was an orphan who fought his way to the pinnacle of power, bending the nation to his will in the cause of democracy. Jackson's election in 1828 ushered in a new and lasting era in which the people, not distant elites, were the guiding force in American politics. Democracy made its stand in the Jackson years, and he gave voice to the hopes and the fears of a restless, changing nation facing challenging times at home and threats abroad. To tell the saga of Jackson's presidency, acclaimed author Jon Meacham goes inside the Jackson White House. Drawing on newly discovered family letters and papers, he details the human drama—the family, the women, and the inner circle of advisers— that shaped Jackson's private world through years of storm and victory. One of our most significant yet dimly recalled presidents, Jackson was a battle-hardened warrior, the founder of the Democratic Party, and the architect of the presidency as we know it. His story is one of violence, sex, courage, and tragedy. With his powerful persona, his evident bravery, and his mystical connection to the people, Jackson moved the

White House from the periphery of government to the center of national action, articulating a vision of change that challenged entrenched interests to heed the popular will— or face his formidable wrath. The greatest of the presidents who have followed Jackson in the White House—from Lincoln to Theodore Roosevelt to FDR to Truman—have found inspiration in his example, and virtue in his vision. Jackson was the most contradictory of men. The architect of the removal of Indians from their native lands, he was warmly sentimental and risked everything to give more power to ordinary citizens. He was, in short, a lot like his country: alternately kind and vicious, brilliant and blind; and a man who fought a lifelong war to keep the republic safe—no matter what it took.

Fidel & Che Jul 11 2021 The first dual biography of the most remarkable political friendship of the twentieth century.

The Lockhart Plot Apr 27 2020 This is the extraordinary story of the British plot in the summer of 1918 to overthrow the Bolshevik government in Russia, murder the Bolshevik leaders, and install a new government in Moscow that would re-open the war against the Germans on the Eastern Front. Conceived by the British envoy to the Bolsheviks, Robert Bruce Lockhart, a dashing, cynical, urbane 30-year-old Scot, and involving French, American, and Russian accomplices, the plan ultimately failed - which is why it has until now remained shrouded in mystery. It was a plot in which the fate of the Revolution and the future shape of world history were up for grabs, and the story behind it is a thrilling one involving a game of cat and mouse with the Bolshevik secret police, the Cheka, as well as murder, attempted murder, and a passionate love affair between Lockhart and one of his Russian accomplices, the beautiful

Russian aristocrat Moura von Benckendorff.

The City Dwellers May 21 2022 A novel of a 21st century dystopia where urbanization has reached its limits.

Wild Swans May 29 2020 The story of three generations in twentieth-century China that blends the intimacy of memoir and the panoramic sweep of eyewitness history—a bestselling classic in thirty languages with more than ten million copies sold around the world, now with a new introduction from the author. An engrossing record of Mao’s impact on China, an unusual window on the female experience in the modern world, and an inspiring tale of courage and love, Jung Chang describes the extraordinary lives and experiences of her family members: her grandmother, a warlord’s concubine; her mother’s struggles as a young idealistic Communist; and her parents’ experience as members of the Communist elite and their ordeal during the Cultural Revolution. Chang was a Red Guard briefly at the age of fourteen, then worked as a peasant, a “barefoot doctor,” a steelworker, and an electrician. As the story of each generation unfolds, Chang captures in gripping, moving—and ultimately uplifting—detail the cycles of violent drama visited on her own family and millions of others caught in the whirlwind of history.

My Life With Che Mar 19 2022 He stayed to talk that day for some time. Eventually Lucila left the room. Then we turned to more personal matters, the disagreement completely forgotten. I confessed that I had been deeply moved by what he had written in the book 'Che Guevara's first wife, Hilda Gadea, was with him during a tumultuous period in his life, the period which turned him from an intellectual theorist to a dedicated revolutionist. After 5 years of marriage and the

birth of their daughter, Hildita, Hilda Gadea paints an intimate and extraordinary portrait of this legendary figure; one who is a romantic wanderer, a philosopher and doting suitor and father. Ernesto Guevara and Hilda Gadea met in Guatemala as members of the political-exile community. Later they were forced to flee Mexico, where their friendship grew stronger and where, stimulated by the intelligence and knowledge of Hilda, Che's vista's broadened and his convictions hardened. Hilda's account of their life together in Mexico is filled with joy but at times is terribly strained. They found it difficult to make a living and Che suffered from severe asthmatic attacks. Nevertheless the excitement of involvement with the Castros and other Cuban refugees infuses every page. Gradually the character of this great leader is revealed by the woman who knew him best, providing a vital key to a comprehension of Che's legendary qualities.

Che Sep 25 2022 “A remarkable accomplishment, one that belongs next to such works of graphical history as the March series and Shigeru Mizuki's Showa books. By foregrounding the tension between myth and truth, Che illuminates the present state of our politics as well as the past.” —NPR The graphic adaptation of the groundbreaking and definitive biography of Che Guevara Che Guevara's legend is unmatched in the modern world. Since his assassination in 1967 at the age of thirty-nine, the Argentine revolutionary has become an internationally recognized icon, as revered as he is controversial. As a Marxist ideologue who sought to end global inequality by bringing down the American capitalist empire through armed guerrilla warfare, Che has few rivals in the Cold War era as an apostle of revolutionary change. In *Che: A Revolutionary Life*, Jon Lee Anderson and José Hernández present the man behind the myth,

creating a complex and human portrait of this passionate idealist. Adapted from Jon Lee Anderson's definitive masterwork, *Che* vividly transports us from young Ernesto's medical school days as a sensitive asthmatic to the battlefields of the Cuban revolution, from his place of power alongside Castro, to his disastrous sojourn in the Congo, and his violent end in Bolivia. Through renowned Mexican artist José Hernández's drawings we feel the bullets wing past the head of the young rebel in Cuba, we smell the thick smoke of his and Castro's cigars, and scrutinize his proud face as he's called "Comandante" for the first time. With astonishing precision, color, and drama, Anderson and Hernández's *Che* makes us a witness to the revolutionary life and times of Che Guevara.

José Martí Nov 15 2021 José Martí (1853–1895) was the founding hero of Cuban independence. In all of modern Latin American history, arguably only the “Great Liberator” Simón Bolívar rivals Martí in stature and legacy. Beyond his accomplishments as a revolutionary and political thinker, Martí was a giant of Latin American letters, whose poetry, essays, and journalism still rank among the most important works of the region. Today he is revered by both the Castro regime and the Cuban exile community, whose shared veneration of the “apostle” of freedom has led to his virtual apotheosis as a national saint. In *José Martí: A Revolutionary Life*, Alfred J. López presents the definitive biography of the Cuban patriot and martyr. Writing from a nonpartisan perspective and drawing on years of research using original Cuban and U.S. sources, including materials never before used in a Martí biography, López strips away generations of mythmaking and portrays Martí as Cuba’s greatest founding father and one of Latin America’s literary and political giants, without suppressing his public missteps and personal flaws. In a

lively account that engrosses like a novel, López traces the full arc of Martí's eventful life, from his childhood and adolescence in Cuba, to his first exile and subsequent life in Spain, Mexico City, and Guatemala, through his mature revolutionary period in New York City and much-mythologized death in Cuba on the battlefield at Dos Ríos. The first major biography of Martí in over half a century and the first ever in English, *José Martí* is the most substantial examination of Martí's life and work ever published.

I Embrace You with All My Revolutionary Fervor Feb 06 2021 The first-ever edition of Che Guevara's letters, the vast majority never-before published in English in any form. Ernesto Che Guevara was a voyager—and thus a letter writer—for his entire adult life. The letters collected in *I Embrace You with All My Revolutionary Fervor: Letters 1947-1967* range from letters home during his Motorcycle Diaries trip, to the long letter to Fidel after the success of the Cuban revolution in early 1959 (from which the book's title comes), from the most personal to the intensely political, revealing someone who not only thought deeply about everything he encountered, but for whom the process of social transformation was a constant companion from his youth until shortly before his death. His letters give us Che the son, the friend, the lover, the guerrilla fighter, the political leader, the philosopher, the poet. Che in these letters is often playful, funny, sometimes sarcastic, and deeply affectionate. His life was short, and these twenty years, from when he was 19 until days before his death, show it was also incredibly rich and full. As his daughter Aleida Guevara, also a doctor like her father, writes, "When you write a speech, you pay attention to the language, the punctuation and so on. But in a letter to a friend or a member of your family, you don't worry about those things. It is you speaking, in your authentic

voice. That's what I like about these letters; they show who Che really was and how he thought. This is the true political testimony of my father."

Guerrillas Jan 25 2020 A portrait of guerrilla warfare plunges readers into the tumultuous lives of warriors fighting for survival on five different fronts, from the Gaza strip to the bamboo forests of Burma. 15,000 first printing.

Che Apr 08 2021 Che is the story of the man behind the famous photograph—a richly illustrated biography of the Marxist revolutionary, guerrilla leader, military theorist, and pop icon. Che Guevara was a Marxist revolutionary and an ally of Fidel Castro who became a major figure during the Cuban Revolution. Born into a middle-class family in Rosario, Argentina, he studied medicine, but after seeing terrible poverty in Latin America, he concluded that the only way to change society was through violent rebellion. He then became a champion for worldwide revolution. Since his death, Guevara has become a legendary political figure. His name is often equated with rebellion, revolution, and socialism. Others, however, remember that he could be ruthless and ordered prisoners executed without trial in Cuba. In any case, Guevara's life continues to be a subject of great public interest and has been explored and portrayed in numerous books and films, including *The Motorcycle Diaries*. On October 9, 1967, he was executed by the Bolivian army, his hands were cut off, and preserved in formaldehyde to confirm his identity. After he died, "Che" became an even bigger hero for revolution with *Time* magazine naming him one of the 100 most influential people of the twentieth century and an iconic photograph of him being cited as "the most famous photograph in the world." While Che Guevara documented his life meticulously, this book encapsulates him in one carefully crafted volume.

Magnum Revolution Dec 16 2021 Photographs from uprisings in Prague, Nicaragua, Romania, Ukraine, Poland, Tunisia, Egypt, Libya, and other locations featuring the images of Magnum photographers

Che Wants to See You Jun 22 2022 For the first time, **Ciro Bustos**, Che's right-hand man in the struggle for Argentina, tells his story. As a young man inspired by the example of Cuba, Bustos was determined to bring revolution to the home country he shared with his hero. After a failed attempt to liberate Argentina, it was not until 1966 that he was contacted by the Cubans once again and told, "Che wants to see you." Under false papers, Bustos crossed the border into Bolivia, where Che was in hiding with his guerrilla forces; and here, for the first time, Che shared his plans for a continental revolution. In this fascinating memoir, **Ciro Bustos** tells us a story only he is able to recount: what really happened in Bolivia in 1967 and why he did not betray Che.

Remembering Che Jan 05 2021 Forty-five years after Che's assassination in Bolivia in 1967, his widow and the great love of his life has finally released her memoir of their years together. They met as fellow guerillas during the revolutionary war in Cuba and married in June 1959, a few months after the revolution. They had four children together. Here, with great passion and poignancy, **Aleida** describes their shared dreams for the future and their family.

Che Jun 17 2019 "For me, it has always been hard to accept the idea that Che is dead. I dream of him often, that I have spoken to him, that he is alive." ? **Fidel Castro** The classic biography of one revolutionary by another. **Fidel Castro** writes with great candor and emotion about a historic revolutionary partnership that changed the face of Cuba and Latin America. **Fidel** creates a vivid

portrait of Che Guevara ? revealing much about his own inimitable determination and character. This new edition of a unique political memoir includes Fidel's speech on the return of Che's remains to Cuba 30 years after his assassination in Bolivia in 1967, and provides a frank assessment of the Bolivian mission.

The Three Escapes of Hannah Arendt Jun 29 2020 'A genre-breaking insight into one of the greatest thinkers of the 20th century' Stylist's Emerald Street 'Incredible' Deborah Levy A hero of political thought, the largely unsung and often misunderstood Hannah Arendt is perhaps best known for her landmark book, *The Origins of Totalitarianism*. Arendt led an extraordinary life. Having endured Nazi persecution firsthand, she fled across Europe, coming to live in a world inhabited by such luminaries as Marc Chagall, Marlene Dietrich, Albert Einstein and Sigmund Freud. She ultimately sacrificed her unique genius for philosophy and her love of a much-compromised man – the philosopher and Nazi-sympathiser Martin Heidegger – for what she called 'love of the world'. Strikingly illustrated, this compassionate and timely biography illuminates the life of a complex, controversial, deeply flawed yet irrefutably courageous woman whose experiences and writings shine a light on how to live as an individual and a public citizen in troubled times.

The Lion's Grave Aug 12 2021 The New Yorker correspondent and author of *Che Guevara: A Revolutionary Life* shares a series of reports from Afghanistan in the wake of the September 11, 2001 terrorist attacks, describing a dangerous world of violence, feudal society, conspiracy, religious fanaticism, hardship, and war. Reprint.

The Fall Of Baghdad Apr 20 2022 For every great historical event, at least one reporter writes

an eye-opening account of such power and literary weight that it becomes joined with its subject in our minds - George Orwell's *Homage to Catalonia* and the Spanish Civil War; John Hersey's *Hiroshima* and the dropping of the first atomic bomb; Philip Gourevitch's *We Wish to Inform You That Tomorrow We Will Be Killed with Our Families* and the Rwandan genocide.

Whatever else is written about the Iraqi people and the fall of Saddam, Jon Lee Anderson's *The Fall of Baghdad* will remain the classic book about the Iraq War. No subject has become more hotly politicized than the toppling of Saddam Hussein's regime, and so a thick fog of propaganda has obscured the reality of what the Iraqi people have endured and are enduring, under Saddam Hussein and now. Jon Lee Anderson has created an astonishing portrait of humanity in extremis, a work of great wisdom, human empathy, and moral clarity. In channelling a tragedy of epic dimensions through the stories of real people caught up in the whirlwind of history, Jon Lee Anderson has written a book of timeless significance.

SCUM Manifesto Sep 01 2020 Avital Ronell reconsiders Solanas in light of her social milieu. *SCUM Manifesto* was considered one of the most outrageous, violent and certifiably crazy tracts when it first appeared in 1968. Valerie Solanas, the woman who shot Andy Warhol, self-published this work just before her rampage against the king of Pop Art made her a household name and resulted in her confinement to a mental institution. But the *Manifesto*, for all its vitriol, is impossible to dismiss as just the rantings of a lesbian lunatic. In fact, the work has indisputable prescience, not only as a radical feminist analysis light-years ahead of its timepredicting artificial insemination, ATMs, a feminist uprising against under-representation in the artsbut also as a stunning testament to the rage of an abused and destitute woman. The focus of this edition is not

on the nostalgic appeal of the work, but on Avital Ronell's incisive introduction, "Deviant Payback: The Aims of Valerie Solanas." Here is a reconsideration of Solanas's infamous text in light of her social milieu, Derrida's "The Ends of Man" (written in the same year), Judith Butler's Excitable Speech, Nietzsche's Übermensch and notorious feminist icons from Medusa, Medea and Antigone, to Lizzie Borden, Lorena Bobbit and Aileen Wournos, illuminating the evocative exuberance of Solanas's dark tract.

Che Aug 24 2022 The classic graphic biography of Che Guevara—the most iconic revolutionary of the twentieth century This dramatic and extensively researched book breathes new life into the story of Ernesto “Che” Guevara. It portrays his revolutionary struggle through the appropriate medium of the underground political comic—one of the most prominent countercultural art forms since the 1960s. Spain Rodriguez’s powerful artwork illuminates Che’s life and the experiences that shaped him: his motorcycle journey through Latin America, his rise to prominence as a leader in Fidel Castro’s revolutionary movement, his travels in Africa, the desperate mission in Bolivia that led to his death, and his extraordinary legacy.
