The Innocent Man Jun 01 2020 "John Grisham's first work of non-fiction, an

exploration of small town justice gone terribly awry, is his most extraordinary legal thriller yet. In the major league draft of 1971, the first player chosen from the State of Oklahoma was Ron Williamson. When he signed with the Oakland A's, he said goodbye to his hometown of Ada and left to pursue his dreams of big league glory. Six years later he was back, his dreams broken by a bad arm and bad habits - drinking, drugs and women. He began to show signs of mental illness. Unable to keep a job, he moved in with his mother and slept 20 hours a day on her sofa. In 1982, a 21 year-old cocktail waitress in Ada named Debra Sue Carter was raped and murdered, and for five years the police could not solve the crime. For reasons that were never clear, they suspected Ron Williamson and his friend Dennis Fritz. The two were finally arrested in 1987 and charged with capital murder. With no physical evidence, the prosecution's case was built on junk science and the testimony"

The Smallest Man Jan 28 2020 'I want you to remember something, Nat. You're small on the outside. But inside you're as big as everyone else. You show people that and you won't go far wrong in life.' A compelling story perfect for fans of *The Doll Factory*, *The Illumination of Ursula Flight* and *The Familiars*. My name is Nat Davy. Perhaps you've heard of me? There was a time when people up and down the land knew my name, though they only ever knew half the story. The year of 1625, it was, when a single shilling changed my life. That shilling got me taken off to London, where they hid me in a pie, of all things, so I could be given as a gift to the new queen of England. They called me the queen's dwarf, but I was more than that. I was her friend, when she had no one else, and later on, when the people of England turned against their king, it was me who saved her life. When they turned the world upside down, I was there, right at the heart of it, and this is my story. Inspired by a true story, and spanning two decades that changed England for ever, *The Smallest Man* is a heartwarming tale about being different, but not letting it hold you back. About being brave enough to take a chance, even if the odds aren't good. And about how, when everything else is falling apart, true friendship holds people together. Praise for *The Smallest Man*: 'Nat Davy is so charming that I couldn't bear to put this book down. I loved it' Louise Hare 'A perfect fusion of history and invention... Nat's wit and humour make the poignancy of his story all the more powerful' Beth Morrey 'What a page-turner! A timely tale celebrating courage, determination and friendship' Anita Frank 'A perfectly formed masterpiece' C.S. Quinn 'I loved this book - a fascinating tale of extraordinary accomplishment, and a story about how anything is possible and how love has always been a beacon of hope' Phillip Schofield 'I found myself rooting for the Smallest Man in England from the very first page' Sonia Velton 'A beautiful, heartwarming tale, weaving history and fiction intricately and seamlessly... I loved this book' Louise Fein 'This book took me on an epic journey with a character that will always have a special place in my heart' Emma Cooper 'An engaging, compelling, thought-provoking story of a life less ordinary' Caroline Scott 'A

beguiling and well-written tale' Ellen Alpsten 'I absolutely fell for the book's narrator: an ebullient character whose voice and world view I adored' Polly Crosby

Flim-Flam Man Aug 23 2019 Major motion picture *Flag Day* starring Sean Penn and his daughter Dylan Penn is based on this father-daughter story of a charming criminal—told by the daughter who loved him. One frosty winter morning in 1995, Jennifer Vogel opened the newspaper and read that her father had gone on the run. John Vogel, fifty-two, had been arrested for single-handedly counterfeiting nearly \$20 million in U.S. currency—the fourth-largest sum ever seized by federal agents—and then released pending trial. Though Jennifer hadn't spoken to her father in more than four years, the police suspected he might turn up at her Minneapolis apartment. She examined the shadows outside her building, thought she spotted him at the grocery store and the bus stop. He had simply vanished. Framed around the six months her father eluded authorities, Jennifer's memoir documents the police chase—stakeouts, lie detector tests, even a segment on *Unsolved Mysteries*—and vividly chronicles her tumultuous childhood while examining her father's legacy. A lifelong criminal who robbed banks, burned down

buildings, scammed investors, and even plotted murder, John Vogel was also a hapless dreamer who wrote a novel, baked lemon meringue pies, and took his ten-year-old daughter to see Rocky in an empty theater on Christmas Eve. When it came time to pass his counterfeit bills, he spent them at Wal-Mart for political reasons. Culling from memories, photo albums, public documents, and interviews with the handful of people who knew the real John Vogel, this is an intimate and intensely moving psychological portrait of a charismatic, larger-than-life figure—as told by the daughter who nearly followed in his footsteps.

Yes Man Sep 28 2022 One word. Unlimited consequences. The book that inspired the major film starring Jim Carrey and Zooey Deschanel 'I, Danny Wallace, being of sound mind and body, do hereby write this manifesto for my life. I swear I will be more open to opportunity. I swear I will live my life taking every available chance. I will say Yes to every favour, request, suggestion and invitation. I WILL SWEAR TO SAY YES WHERE ONCE I WOULD SAY NO.' Danny Wallace had been staying in. Far too much. Having been dumped by his girlfriend, he really wasn't doing the young, free and single thing very well. Instead he was avoiding people. Texting them instead of calling them. Calling them instead of meeting them. That is until one fateful date when a mystery man on a late-night bus told him to 'say yes more'. These three simple words changed Danny's life forever. Yes Man is the story of what happened when Danny decided to say YES to everything, in order to make his life more interesting. And boy, did it get more interesting.

The Men Who Stare at Goats Aug 15 2021 Bizarre military history: In 1979, a crack commando unit was established by the most gifted minds within the U.S. Army. Defying all known laws of physics and accepted military practice, they

believed that a soldier could adopt the cloak of invisibility, pass cleanly through walls, and—perhaps most chillingly—kill goats just by staring at them. They were the First Earth Battalion, entrusted with defending America from all known adversaries. And they really weren't joking. What's more, they're back—and they're fighting the War on Terror. An uproarious exploration of American military paranoia: With investigations ranging from the mysterious "Goat Lab," to Uri Geller's covert psychic work with the CIA, to the increasingly bizarre role played by a succession of U.S. presidents, this might just be the funniest, most unsettling book you will ever read—if only because it is all true and is still happening today.

Owens even threatened to down aircraft to garner attention. Was there any truth to Owens' abilities, or was he a fraud with a knack for picking the times and places of catastrophes? Jeffrey Mishlove, PhD, a respected parapsychologist and host of the popular public television program *Thinking Allowed*, analyzes correspondence, interviews, newspaper reports, and remarkable life of "the world's greatest psychic," as Owens claimed to be. Books of 2018 A “no-holds-barred examination of masculinity” (BuzzFeed) and violence from award-winning author Thomas Page McBee. In this “refreshing and radical” (The Guardian) narrative, Thomas McBee, a trans man, sets out to uncover what makes a man—and what being a “good” man even means—through his experience training for and fighting in a charity boxing match at Madison Square Garden. A self-described “amateur” at masculinity, McBee embarks on a wide-ranging exploration of gender in society, examining sexism, toxic masculinity, and privilege. As he questions the limitations of gender roles and the roots of masculine aggression, he finds intimacy, hope, and even love in the experience of boxing and in his role as a man in the world. Despite personal history and cultural expectations, “Amateur is a reminder that the individual can still come forward and fight” (The A.V. Club). “Sharp and precise, open and honest,” (Women’s Review of Books), McBee’s writing asks questions “relevant to all people, trans or not” (New York Newsday). Through interviews with experts in neuroscience, sociology, and critical race theory, he constructs a deft and thoughtful examination of the role of men in contemporary society. Amateur is a graceful and uncompromising look at gender by a fearless, fiercely honest writer.

The Man Who Loved Books Too Much May 24 2022 In the tradition of *The Orchid Thief*, a compelling narrative set within the strange and genteel world of rare-book collecting: the true story of an infamous book thief, his victims, and the man determined to catch him. Rare-book theft is even more widespread than fine-art theft. Most thieves, of course, steal for profit. John Charles Gilkey steals purely for the love of books. In an attempt to understand him better, journalist Allison Hoover Bartlett plunged herself into the world of book lust and discovered just how dangerous it can be. John Gilkey is an obsessed, unrepentant book thief who has stolen hundreds of thousands of dollars worth of rare books from book fairs, stores, and libraries around the country. Ken Sanders is the self-appointed "bibliodick" (book dealer with a penchant for detective work) driven to catch him. Bartlett befriended both outlandish characters and found herself caught in the middle of efforts to recover hidden treasure. With a mixture of suspense, insight, and humor, she has woven this entertaining cat-and-mouse chase into a narrative that not only reveals exactly how Gilkey pulled off his dirtiest crimes, where he stashed the loot, and how Sanders ultimately caught him but also explores the romance of books, the lure to collect them, and the temptation to steal them. Immersing the reader in a rich, wide world of literary obsession, Bartlett looks at the history of book passion, collection, and theft through the ages, to examine the craving that makes some people willing to stop at nothing to possess the books they love.

Thorne's soft charcoal drawings deftly capture the triumphal spirit of this cautionary tale.

Holding the Man Dec 19 2021 The mid-seventies – and satin baggies and chunky platforms reigned supreme. Jethro Tull did battle with glam-rock for the airwaves. At an all-boys Catholic school in Melbourne, Timothy Conigrave fell wildly and sweetly in love with the captain of the football team. So began a relationship that

was to last for 15 years, a love affair that weathered disapproval, separation and, ultimately death. *Holding the Man* recreates that relationship. With honesty and insight it explores the highs and lows of any partnership: the intimacy, constraints, temptations. And the strength of heart both men had to find when they tested positive to HIV. This is a book as refreshing and uplifting as it is moving; a funny and sad and celebratory account of growing up gay.

[Moon Man](#) Apr 11 2021 *Moon Man* is Bart Sibrel's revealing memoir recalling his harrowing journey investigating what really happened during America's famous "Apollo" missions. It features truly hair-raising and life-threatening encounters with agents from the US government's secret agencies. Sibrel's memoir divulges, for the very first time, his real-life espionage adventures while uncovering one of the CIA's greatest secrets, including Sibrel's discovery of privately recorded audio of an Apollo astronaut plotting his assassination by the CIA, which would not be necessary if the Apollo missions were real. *Moon Man* also exposes, for the very first time, the official CIA Code-Name for the real Apollo project, the military base where the first fake Moon landing was filmed, as well as the names of fifteen US government scientists and officials who were recorded in attendance for the first Moon landing falsification, some of whom are still alive today. This highly revealing information was provided to Sibrel by the Chief of Security of this secretive military base, who finally confessed his regrettable participation in this despicable government fraud on his deathbed. Bart Sibrel is an award-winning filmmaker, writer, and investigative journalist, who has produced television programs and documentaries for over thirty-five years. He has been employed by two of the three major US networks, worked as a television news reporter, and has produced segments for ABC, NBC, and CBS. Sibrel regularly speaks as a guest commentator regarding the Moon landing fraud, and has appeared as such on NBC, FOX, CNN, and HBO to discuss his films "A Funny Thing Happened on the Way to the Moon" and "Astronauts Gone Wild". Bart Sibrel grew up as a devout supporter of the supposed Moon landings, yet over the years, gradually began to recognize their unfortunate falsification. In Sibrel's mind, the claim that astronauts walked on the moon on the very first attempt with antiquated untried 1960s technology, when today with five decades of more advanced technology the US can only send astronauts one-thousandth the distance to the Moon, simply defies logic. Sibrel is convinced that until the Moon landing fraud is exposed, the governments of the world will continue deceiving the people under their care until their eventual demise. Sibrel.com
