**Alpha Divided** Jul 26 2019 From USA Today Bestselling Author Aileen Erin Life has been crazy since Tessa McCaide moved to Texas. She's gone from being a normal-ish girl with visions to a super-powered werewolf. She's fought off vampires and broken a nearly unbreakable curse. And she's got a hot mate, Dastien Laurent, to keep her busy. Things are looking up until the full moon ceremony rolls around. Before Tessa can strengthen her bond with Dastien, the local coven crashes the gates, demanding that Tessa--their heir apparent--be returned. If the pack wants to avoid a war with the witches, handing Tessa over is the only option. Tessa doesn't want to cause an all-out fight, but joining a dark-magic coven isn't on her to-do list, especially if embracing her magic side means parting with Dastien. When the coven leader tries to control Tessa with dark-magic, Tessa realizes she has to dismantle the coven or prepare the pack for war. Either choice will change her life--and her world--forever. **Lunar Court** Dec 23 2021 From USA Today Bestselling Author Aileen Erin Chris is the guy Cosette always wanted. Fun. Funny. Lighthearted and sweet. Chris always manages to find beauty and laughter, even when fighting a chapel full of demons. He's exactly what she needs. Except he's a werewolf and she's a member of the Lunar Court — the only fey court that holds sway over the werewolves. Even on his best day, Chris isn't strong enough to last a few hours in the Lunar Court without becoming a slave. No matter how much Cosette's heart wants him, she knows she has to let him go. But when Chris goes missing, Cosette realizes how much she has to lose if the worst happens. Except her mother — the Queen of the Lunar Court — won't let her go after Chris. Being forced to stay at court is dangerous for Cosette. Assassins keep coming after her, and unless she accepts a mate, it's only a matter of time before one of them kills her. Cosette is the girl Chris has always dreamed of. Chris sees through the tough facade to the girl exhausted from a lifetime of fighting off assassins and court politics. She needs a true friend, someone who she can be herself around, and craves solitude. The same solitude that Chris craves. But he knows he'll never be enough to survive in her world. So, when Eli — a mysterious archon — requests his help, he figures why not? The guy might be a little shady, but he needs every distraction he can get. But when Eli says that Cosette's in trouble, Chris is more than ready to play by Eli's rules. At least until Eli takes him to the Court of Gales. Chris knows he's about to play a very dangerous game. Bargaining with the fey is something only a desperate person would do. But what wouldn't Chris give up to save Cosette's life? **A Short History of the Girl Next Door** May 04 2020 Get your tissues ready for this unrequited love story that's equal parts hilarious and heartbreaking and will appeal to fans of Jennifer Niven, John Green, and Jesse Andrews. Seriously, how can you see a person nearly every day of your life and never think a thing of it, then all of a sudden, one day, it's different? You see that goofy grin a thousand times and just laugh. But goofy grin #1,001 nearly stops your heart? Right. That sounds like a bad movie already. Matt Wainwright is constantly sabotaged by the overdramatic movie director in his head. He can't tell his best friend, Tabby, how he really feels about her, he implodes on the JV basketball team, and the only place he feels normal is in Mr. Ellis's English class. If this were a movie, everything would work out perfectly. Tabby would discover that Matt's madly in love with her, be overcome with emotion, and would fall into his arms. Maybe in the rain. But that's not how it works. Matt watches Tabby get swept away by senior basketball star and all-around great guy Liam Branson. Losing Tabby to Branson is bad enough, but screwing up and losing her as a friend is even worse. After a tragic accident, Matt finds himself left on the sidelines, on the verge of spiraling out of control and losing everything that matters to him. From debut author Jared Reck comes a

fiercely funny and heart-wrenching novel about love, longing, and what happens when life as you know it changes in an instant. “This story broke my heart and made me laugh and gave me hope—and really, what more can you ask of a book than that?” —Jennifer E. Smith, author of *Windfall* and *The Statistical Probability of Love at First Sight* “In the blink of an eye, *A Short History of the Girl Next Door* goes from hilarious to haunting to harrowing to heartbreaking to hopeful and back.” —Jeff Zentner, award-winning author of *The Serpent King* and *Goodbye Days* “Pair this with . . . Jeff Zetner’s *Goodbye Days* or Adam Silvera’s *History is All You Left Me*.” —Booklist “Recommend this to readers who enjoyed Steven Levenson’s *Dear Evan Hansen*.” --VOYA

**Dear Dawn** Dec 11 2020 The chilling autobiography of the notorious female serial killer who was recently the subject of a two-hour Investigation Discovery special. Between 1989 and 1990, Aileen Wuornos, a hitchhiking prostitute, shot, killed, and robbed seven men in remote Florida locations. Arrested in 1991, she was condemned to death on six separate counts and executed by lethal injection in 2002. An abused runaway who turned to prostitution to survive, Wuornos has become iconic of vengeful women who lash out at the nearest target. She has also become a touchstone for women’s, prostitutes’, and prisoners’ rights advocates. Her story has inspired myriad books and articles, as well as the 2003 movie *Monster*, for which Charlize Theron won an Academy Award. But until now, Wuornos’s uncensored voice has never been heard. *Dear Dawn* is Wuornos’s autobiography, culled from her ten-year death row correspondence with beloved childhood friend Dawn Botkins. Authorized for publication by Wuornos and edited under the guidance of Botkins, the letters not only offer Wuornos’s riveting reflections on the murders, legal battles, and media coverage, but go further, revealing her fears and obsessions, her rich humor and empathy, and her gradual disintegration as her execution approached. A candid life story told to a trusted friend, *Dear Dawn* is a compelling narrative, unwaveringly true to its source. “It is both empowering and heartbreaking, because Wuornos represents the fury of a wronged girl-gone-wild, whose rage was unleashed on men.” —The Rumpus “Condenses ten years of obsessive correspondence into a fragmented, sometimes funny, sometimes nightmarish, often paradoxical portrait of Wuornos.” —Muzzle Magazine

**Talkin' Up to the White Woman** Apr 14 2021 A twentieth-anniversary edition of this tour de force in feminism and Indigenous studies, now with a new preface The twentieth anniversary of the original publication of this influential and prescient work is commemorated with a new edition of *Talkin' Up to the White Woman* by Aileen Moreton-Robinson. In this bold book, of its time and ahead of its time, whiteness is made visible in power relations, presenting a dialogic of how white feminists represent Indigenous women in discourse and how Indigenous women self-present. Moreton-Robinson argues that white feminists benefit from colonization: they are overwhelmingly represented and disproportionately predominant, play the key roles, and constitute the norm, the ordinary, and the standard of womanhood. They do not self-present as white but rather represent themselves as variously classed, sexualized, aged, and abled. The disjuncture between representation and self-presentation of Indigenous women and white feminists illuminates different epistemologies and an incommensurability in the social construction of gender. Not so much a study of white womanhood, *Talkin' Up to the White Woman* instead reveals an invisible racialized subject position represented and deployed in power relations with Indigenous women. The subject position occupied by middle-class white women is embedded in material and discursive conditions that shape the nature of power relations between white feminists and Indigenous women—and the unjust structural relationship between white society and Indigenous society.

**Off Balance** Oct 21 2021 Nightmares are plaguing me. I wake up smelling sulfur, feeling my skin burning, knowing that I'm burning to death on the surface of Abaddon, but I'm not. I'm on Sel' Ani, my father's home planet. I'm alive and using my true name and finally free to be myself. And yet, I'm completely falling apart. Every time I wake up screaming, Lorne is there. I don't understand how he knows when I need him, but he does, and even if I can't say the words aloud, I'm so thankful that he's there. Because I wouldn't survive this without him. It's not just my nightmares and exhaustion and trauma making this hard. I thought escaping Earth, Abaddon, and SpaceTech would mean I was safe, but I'm not. The Aunare don't want me here, mostly because if I'm here that means my betrothal to the heir to the Aunare High Throne is back on. I would call it off, but I can't seem to make myself say the words because Lorne is the heir. Everything in me is drawn to Lorne, the man that haunted my dreams, the man that lures me in with his every look, the man that I can't seem to get away from because everywhere I go, every time I need him, he's there. Lorne makes me forget that the Aunare hate me enough to send assassins to kill me. I can't resist him. Lorne makes me think that everything is possible, that I will be okay, that I should just say yes to him. Because being with him means that I will eventually become the High Queen of the Aunare, and I'm not sure I can do that job. I'm not sure I should. Because the Aunare hate me for being a half-Earther, and I'm just one more assassination attempt away from being dead. hr From Aileen Erin, the USA Today Bestselling Author of the Alpha Girl series, comes an epic adventure in space: The Aunare Chronicles! The Aunare don't understand what SpaceTech is capable of. They don't understand what happened on Earth thirteen years ago. They don't understand who I am and why anyone—especially their High King—thinks I should rule. When they question what happened, what I lived through, all the horrors of Liberation Week—I want to scream at them until they realize how blind and ignorant they've been, but I can't. I can't let my anger and frustration take over. They don't

understand what happened, and I need to find a way to make them understand. The war with SpaceTech isn't coming. It's already here. And we are losing. *On Mission* Jan 12 2021 Sometimes my life doesn't feel real to me. It's so different—infinately better—than anything I had on Earth. I'm not running or hiding or afraid anymore. I'm not dealing with the trauma of my past. I'm not alone because I have Lorne. Every time I look into his eyes, everything else fades away—the war, the fight ahead, the fact that we have so much work to do if we want to win. I see him and I forget that SpaceTech is moving against us, but it's not just me I'm trying to save anymore. It's the Aunare. And yet, the Aunare High Council isn't listening to a word I say. I'm the only one who seems to understand the danger that we're up against, and that if we don't start acting soon, it'll be too late. I want to dissolve the High Council, but I'm not sure I should. I don't even know if I can. But I know that SpaceTech is closing in. Their war ships are stationed at the edges of our colonies' territory, and I can feel the fight growing closer every minute of every day. The time for us to act is coming, and I'm not sure how much more politicking I can do. That's not who I am. It's not who I'm meant to be. I can only be a fighter. A warrior. A queen. If no one else will fight with me, then I will do what I need to take down SpaceTech. Because I'm Amihanna di Aetes, the future High Queen of the Aunare, and I won't quit. **Dream Girl** Aug 26 2019 How can a woman who never existed come back to haunt you? 'Spine chilling . . . Misery for the #MeToo generation.' Erin Kelly Gerry Anderson has been having trouble sleeping. He's unwell - bed-bound - and has only his night nurse and his personal assistant for company. But what's really troubling him are the phone calls. Phone calls from a woman claiming to be the 'real' Aubrey. But that can't be. Aubrey's just a character Gerry made up in a book, years ago. Can Gerry see past the ever-blurring lines of fact and fiction and figure out who is threatening him, or has his long-overdue moment of reckoning finally arrived? 'The sharpest, clearest-eyed take on our #MeToo reckoning yet. Plus: enthralling.' Megan Abbott 'What readers are saying 'A twisty and delightfully sharp thriller.' 'Chillingly addictive.' 'Witty, timely, prescient and skewering the reception of the #MeToo movement.' 'One of the best books I have read this year . . . that ending was brilliant.' 'A great summer read.'

**Tinder Translator** Jun 24 2019 The Tinder Translator is a dictionary of douchebaggery for the modern dater - and a hilariously sharp read for all feminists - from Aileen Barratt of @tindertranslators. A fun small hardback, it is the perfect gift for friends (or for yourself), and will make you laugh, cry, think, and leave you feeling empowered and resilient. Ten years after the introduction of Tinder, dating apps have changed the terrain of human interaction, but many feel like they've been sent into the wilderness without a guide. For those dating cis-het men especially, the blatant misogyny encountered during every swipe session is depressing and enraging in equal measure. And then there is the not-so-blatant stuff. Scrolling through profile after profile, you'll see the same stock phrases - 'Good vibes only.' 'Must have banter.' 'Just ask.' But what do they actually mean? The Tinder Translator, aka Aileen Barratt, takes you through an A to Z of terminology that permeates not just the dating world but the wider world. Through her Instagram account, Aileen has heard from thousands of people on their dating experiences, in addition to her own three and half years spent on dating apps after separating from her husband of ten years. This book is part reference, part rant and part rallying cry for anyone navigating the sometimes gross and exhausting experience of dating, but also just for everyone who is sick of the patriarchy, whatever their relationship status.

On Destiny Jan 24 2022 The moment I realized I had to go back to Earth, I panicked. It wasn't a little bit of panic. It was the kind that sucked the air and light from the room and made my body go cold with sweat and fear. I knew that if I did this, if I went back, then I had a shot of saving everyone—Earthers, Aunare, everyone—but it could cost me everything and everyone I love. And it could cost me my life. But that moment of panic passed. It was still an insane, stupid, deadly idea, but the more I thought about it, the more I knew going back to Earth was the only plan that made sense. Lorne agrees that this is the right plan, but he wants to come with me. We're married now. A team. A unit. Where I go, he goes. It was in our marriage vows. And while I love that, I know that going to Earth will hurt him. He'll want to see where I lived, how I survived, and seeing, knowing, understanding my past better will only hurt him. And yet, I don't have a better plan. There will be no hiding there. Not anymore. Everyone on Earth knows my face. The vids of what happened on Abaddon and Sel' Ani have played throughout the known universe for months. But seeing those vids opened the Earthers' eyes. They realized that I'd been fighting for them for years before I left. I'd taught martial arts, patrolled the streets, and helped save as many of them as I could. And now, somehow, my story has inspired Earthers to speak up and act out. My name has become the rallying cry of the revolution. Returning to Earth is risky, but nothing in life is without risk. I'm not afraid anymore. All I feel is determination to win. I won't stop until SpaceTech has been destroyed. > hr From Aileen Erin, the USA Today Bestselling Author of the Alpha Girl series, comes an epic adventure in space: *The Aunare Chronicles!* Book1: *Off Planet* Book 2: *Off Balance* Book 3: *In Command* (an eBook Novella) Book 4: *On Mission* Book 5: *On Destiny* hr "Counting the days until the next installment." - Nicole B, Goodreads "If you're looking for a well written, engrossing sci-fi read filled with romance, action and intrigue you will love this series." - Sharon, *Obsession with Books* "Suspenseful sci-fi with complex world-building and a tough-as-nails heroine you'll want to root for!" — Elizabeth Briggs, *NYT Bestselling Author of Future Shock* "Action adventure, space drama, political schemes, and just the right hit of romance has this series turning into an absolute must-read. Monster Nov 21 2021 Aileen Wuornos was executed in Florida, on the 9th of October, 2002 at the age of 46. She was the 10th woman to be sentenced to death in the USA since the death penalty resumed in 1976. Convicted for the murder of six men, in a two month period, Aileen claimed she acted in self defence however the investigation into these claims was poor and she later retracted her statement announcing to the Supreme Court, "I'm one who seriously hates human life and would kill again." All-too-often female prostitutes have been the victims of male serial killers - the killings of Aileen 'Lee' Wuornos were the inverse of this. She was a child prostitute, fleeing an abusive childhood at the hands of her grandparents, which led straight into a disastrous adulthood of difficult affairs with both men and women. Her metamorphosis from victim to attacker had brutal consequences: a stream of dead men. Following a renewed interest in this woman after the film "Monster", this is her story in her own words.

Off Planet Jul 18 2021 Every day I wake up with fear screaming through every cell of my body, telling me to run, run, run before they find me. Run before they pull me from my bed and drag me through the streets. Run before they throw me in an execution arena and cheer while I'm tortured until the last scream is ripped from my body. But every day I shove that fear down and get out of bed. I tell myself they won't find me today. I'll be okay. I can make it one more day without being found. I just have to keep going. But it's a lie. Everything about me is a lie. I'm not sure how much longer I can keep living a life of lies before I'm caught. And yet, I have to keep going. I have no other choice. I've lasted thirteen years stuck on Earth with my mother, hiding, hunted, knowing that one wrong move could mean our deaths, and I'm not giving up now. It's not our fault we're stuck on the wasteland that is Earth. It's high crime, high poverty, high pollution, run by a corporate conglomerate—SpaceTech. They seemed like a savior when the world's economy collapsed but having them in control is even worse than our former fascist government. And just my luck—the only thing that SpaceTech wants more than money is me. Alive. Dead. I don't think they care as long as I'm found because I'm the half-Earther daughter of the Head of the Aunare military, the biggest alien threat to SpaceTech's authority. I haven't seen my father since I was six. When everything went violent between SpaceTech and the Aunare, he was off planet. Returning Earth to save us would've meant war, and apparently my life wasn't worth the risk. He abandoned me and my mother here, and so far, we've survived. But every day is hard. Whenever things get truly bad, I close my eyes and see myself on a beach, hear a voice calling out my true name—the one I can never say aloud—and I know wherever that is, whoever that is, it's home. I have to find my way home somehow. One day, my luck will end. I have to leave Earth and SpaceTech territory before they find me. If there's one thing I've learned, it's that no one is coming to save me. Not the Aunare. Not my father. No one is coming. I'm going to have to find a way to save myself. hr "In this bleak world, one spark of hope soon turns into an inferno. Being Alpha Jul 30 2022 From USA Today Bestselling Author Aileen Erin For the first time since Tessa met Dastien, life is quiet. The evil witch, Luciana, is six glorious feet under, St. Ailbe's is closed due to human trespassers, and people are finally getting used to the fact that supernaturals exist in the world. It seems like the perfect time for a honeymoon. After traveling to Dastien's house in Provence, clubbing in Paris, and attending Meredith and Donovan's Full Moon Ceremony in Ireland, Tessa and Dastien head to the Caribbean. Their trip is turning out to be the honeymoon that fantasies are made of-sunset cruises, long walks on the beach, and every romantic cliché you can imagine. Tessa couldn't be happier. Except that Tessa's visions are on the fritz. She hopes that means that nothing is brewing. That everything is quiet because all is well. But Tessa's never been one to assume anything. When she's magically attacked and nearly dies, Tessa knows she can't ignore the signs anymore. Something huge is going on. As much as she doesn't want to call an end to their six-week honeymoon, it's time to head back to Texas. Whoever messed with Tessa is in for a rude awakening.
