[American Motorcyclist](#) Oct 05 2022 American Motorcyclist magazine, the official journal of the American Motorcyclist Association, tells the stories of the people who make motorcycling the sport that it is. It's available monthly to AMA members. Become a part of the largest, most diverse and most enthusiastic group of riders in the country by visiting our website or calling 800-AMA-JOIN.

[Live to Ride](#) May 20 2021 Live to Ride is pure adrenaline—a full-throttle exploration of motorcycles that pushes to the limit, with heart-pounding accounts of riding the greatest bikes of all time, all over the world. “Live to ride, ride to live.” For many motorcycle riders, these words express life’s guiding principle. Just take a look at the patch emblazoned on the jackets of legions of riders. Whether they’re roaring down an empty highway on two wheels at an insane speed, hopping on for a few mind-boggling loops of motocross, joining in the “rolling thunder” of a veritable outlaw motorcycle club, or just cruising on a Harley on a Sunday afternoon, motorcyclists of all stripes share a common love of the freedom that is riding. Wayne Johnson, a lifelong motorcycle-lover and acclaimed writer, takes us around the globe and onto the terrain where the most extreme, thrilling forms of riding happen. Johnson shows where it all began more than a hundred years ago when the first motorcycle evolved from the bicycle and lands us on the track today with some of the world’s highest-paid athletes— professional motorcycle road racers. From there we go inside radically different competitions like the vertigo-inspiring “Widowmaker Hillclimb” and the fastest land racing on the planet at the Bonneville Salt Flats. Johnson also offers an inside look at the legendarily secretive culture of biker clubs with firsthand accounts of his own wild rides with an outlaw club. In every one of these venues, you aren’t just passing through as an observer—you are on a bike, racing across new and undiscovered country, the horizon your only destination. If you have ever wondered what it’s like to climb on a motorcycle and feel its engine roar to life, or have actually done it and felt the rush of flying off into the wild blue yonder, or have simply been intrigued by this iconic part of American culture and history, hold on tight for this irresistible, one-of-a-kind journey into motorcycling.

[Lawn Care for Your Home](#) Oct 13 2020 Abstract: This pamphlet, written for the homeowner in the midwestern United States, gives the EPA safety recommendations for private lawn care. Common and trade names for pesticides and herbicides are cross referenced. Advice for selection of a lawn care service is included.

[John Deere Snowmobiles](#) May 08 2020 Long respected as a manufacturer of sturdy agricultural machinery, the John Deere Company began in the 1960s to build a line of consumer products in a dedicated factory in Horicon, Wisconsin. Starting with a lawn and garden tractor in 1963, Deere soon entered the fast-growing snowmobile market, introducing two models in 1971. The next 13 years would see a succession of models as Deere vied against tough competitors in a weather-dependent market. This detailed history, written by two key participants in the snowmobile program, describes the development of John Deere snowmobiles from start to finish: the design and engineering decisions that shaped each important model; reception of the snowmobiles by consumers; the factory race teams; the introduction of front-engine and water-cooled models; the process of selecting engines and negotiating with suppliers, including when problems developed; and the snowmobiles’ impact on product engineering. The text provides an inside view of Deere’s Consumer Products Division at a time of rapid growth, and of the people and processes that made it all happen.

[Shooting Ghosts](#) Feb 03 2020 "A majestic book." --Bessel van der Kolk, MD, author of *The Body Keeps the Score* A unique joint memoir by a U.S. Marine and a conflict photographer whose unlikely friendship helped both heal their war-wounded bodies and souls "The dueling-piano spirit of SHOOTING GHOSTS works because its authors are so committed to transparency, admitting readers into the dark crevices of their isolation." Wall St Journal War tears people apart, but it can also bring them together. Through the unpredictability of war and its aftermath, a decorated Marine sergeant and a world-trotting war photographer became friends, their bond forged as they patrolled together through the dusty alleyways of Helmand province and camped side by side in the desert. It deepened after Sergeant T. J. Brennan was injured during a Taliban ambush, and both returned home. Brennan began to suffer from the effects of his injury and from the fallout of his tours in Iraq and Afghanistan. But war correspondents experience similar rates of posttraumatic stress as combat veterans. The causes can be different, but guilt plays a prominent role in both. For Brennan, it’s the things he’s done, or didn’t do, that haunt him. Finbar O’Reilly’s conscience is nagged by the task of photographing people at their most vulnerable while being able to do little to help, and his survival guilt as colleagues die on the job. Their friendship offered them both a shot at redemption. As we enter the fifteenth year of continuous war, it is increasingly urgent not just to document the experiences of the battlefield but also to probe the reverberations that last long after combatants and civilians have returned home, and to understand the many faces trauma takes. *Shooting Ghosts* looks at the horrors of war directly, but then turns to a journey that draws on our growing understanding of what recovery takes. Their story, told in alternating first-person narratives, is about the things they saw and did, the ways they have been affected, and how they have navigated the psychological aftershocks of war and wrestled with reforming their own identities and moral centers. While war never really ends for those who’ve lived through it, this book charts the ways two survivors have found to calm the ghosts and reclaim a measure of peace.

No Matter the Cost Jul 22 2021 She put her hand to her chest, still unable to breathe. He had dark hair and a beard, ripped pants, a dirty suit coat and wore such an intense expression of pursuit on his face, she just knew— He was going after Alan Martin. And she might never see him again. No. Not again. Not ever again. He passed her, didn't even look at her, his gaze pinned on Martin, who'd vanished down the stairs. And that's when she found her voice. With everything inside her, she let it out, praying he heard it through his haze of fury. "York!" Her worst nightmare has happened.... RJ refuses to believe it, and until she has proof, she's going to keep searching for answers. And most of all, for the man she loves, even if it means diving into the past he always wanted to keep secret. The kind of secrets that could have set York free. It'll take a trip back to Russia, to the sketchy and dark history of York's life to find the clues to the sinister plans of a global terrorist. And the answers that might lead her to a happy ending. Or has it? What if her happy ending is more than a dream? If RJ hopes to save her country—and find out the truth about York—she'll have to become the high-action, Sydney Bristow spy that she always dreamed of being. But really, does RJ really have what it takes—with, or without the man she loves—to save the world? And if she does...what will be the cost? The riveting conclusion to the Epic Story of RJ and York! Continue the adventure! Book 1: Out of the Night Book 2: I Will Find You Book 3: No Matter the Cost Find other epic romantic adventures by SMW!
