The Law of Restitution Aug 21 2019 Goff & Jones is the definitive work on restitution providing comprehensive interpretation of all aspects of the subject, and incorporating all developments since the last edition. It first examines the principles of unjust enrichment and then goes on to give detailed coverage of the principles and practical applications of Mistake, Compulsion, Necessity, Ineffective Transactions and Defences. * A new edition of the definitive work on restitution * Guides the reader through the theory, principles and practical application of the law * Covers major recent case law - such as the radical House of Lords decision in *A-G v. Blake* which contemplates the possibility of recovering profits from a breach of contract * Many chapters have been substantially rewritten to reflect the rapid evolution of this area of law

Law and the Business of Sport Feb 19 2022 Sport is an increasingly lucrative business presenting many commercial opportunities which need to be documented at each stage. This title offers guidance on the legal considerations and contractual arrangements required by companies involved in financing, organising and sponsoring major sporting events.

The Decline of Natural Law Oct 23 2019 An account of a fundamental change in American legal thought, from a conception of law as something found in nature to one in which law is entirely a human creation. Before the late 19th century, natural law played an important role in the American legal system. Lawyers routinely used it in their arguments and judges often relied upon it in their opinions. Today, by contrast, natural law plays virtually no role in the legal system. When natural law was part of a lawyer's toolkit, lawyers thought of judges as finders of the law, but when natural law dropped out of the legal system, lawyers began thinking of judges as makers of the law instead. In *The Decline of Natural Law*, the eminent legal historian Stuart Banner explores the causes and consequences of this change. To do this, Banner discusses the ways in which lawyers used natural law and why the concept seemed reasonable to them. He further examines several long-term trends in legal thought that weakened the position of natural law, including the use of written constitutions, the gradual

separation of the spheres of law and religion, the rapid growth of legal publishing, and the position of natural law in some of the 19th century's most contested legal issues. And finally, he describes both the profession's rejection of natural law in the late 19th and early 20th centuries and the ways in which the legal system responded to the absence of natural law. The first book to explain how natural law once worked in the American legal system, *The Decline of Natural Law* offers a unique look into how and why this major shift in legal thought happened, and focuses, in particular, on the shift from the idea that law is something we find to something we make.

The Oxford Handbook of Islamic Law Nov 16 2021 "The Oxford Handbook on Islamic Law offers a historiographic window into the scholarly treatment of a wide range of topics in the field of Islamic legal studies. Each essay, authored by an expert in the field, situates its subject in relation to historical academic scholarship. The historiographic feature of the volume is deliberate. It aims to assist readers-graduate students, scholars, and others-to appreciate the contested nature of key concepts and topics in Islamic law without taking any particular account for granted. The essays both describe and reflect on scholarly debates, and gesture to future areas of fruitful research."--webpage.

Going Digital Mar 28 2020 How to make change happen in business. A practical and

revealing guide for anyone dealing with transformation, whatever their business or sector. Understand how to deliver digital change at the coalface, alongside the relevant management theory. With case studies detailing the successes and challenges they have overcome, you'll learn from the experiences from managers, academics and relevant stakeholders in each chapter, including the FT.

Law, Corporate Governance and Partnerships at Work Nov 23 2019 This book examines how businesses manage their labour systems, and particularly how they manage the complex interaction of factors which give rise to instances of 'partnership' style relations between businesses and their employees. The book draws from the literature concerning 'Varieties of Capitalism' (VoC) and the different institutional and regulatory designs inherent in different types of political economy. The book is informed by a new and extensive set of empirical data from Australia that examines the activities of national and multinational business corporations, their outlooks and relationships with stakeholders, and relates these to new and evolving theoretical frameworks based in political economy and law. The book places the Australian regulatory model within this international debate, and assesses the extent to which the system does or does not fit into the general categorisation created in the VoC literature.

International Trade and Business Law Review Feb 07 2021 First published in 2003.

Routledge is an imprint of Taylor & Francis, an informa company.

Nepotism in Organizations Jan 06 2021 There is a huge elephant in the room: organizational decisions are often based on family relationships, rather than on the 'rational' approach advocated by many professionals. Textbooks on Human Resources, Management, Organizational Behavior, Economics, Public Administration, and a host of related areas seem to have entirely missed this important aspect of organizational decision making. This book seeks to change all of this. By clearly identifying and defining nepotism in organizations, this book pulls back the curtain on the primary basis for many of the important things that really happen in organizations, large and small. The authors skillfully weave examples of nepotism in real organizations with the usual scholarly textbook topics (hiring, leadership, employment law, career search, culture, etc.) in a way that defines an entire new field of quantitative organizational research. This new book in SIOP's Organizational Frontiers series represents the first time IO psychologists have looked at the important subject of nepotism in organizations.

Re-imagining Capitalism Feb 25 2020 "Capitalism has been an unprecedented engine of wealth creation for many centuries, leading to sustained productivity gains and long-term growth and lifting an increasing proportion of humanity out of poverty. But its

effects, and hence its future, have come increasingly under question: Is capitalism still improving wealth and well-being for the many? Or, is long-term value creation being sacrificed to the pressures of short-termism, with potentially far-reaching consequences for society, the natural environment, prosperity, and global order?" --Publisher's website.

Business Law Concentrate May 10 2021 Business Law Concentrate is written and designed to help you succeed. The ideal companion both for getting up to speed with a new topic of law and preparing for law exams. This is the law in a nutshell!

Profits and Sustainability Jul 12 2021 Are profits and sustainability compatible? This book brings unique perspectives to this key debate by exploring the history of green entrepreneurship since the nineteenth century, and its spread globally in industries

including renewable energy, organic food, natural beauty, ecotourism, recycling, architecture, and finance. The book uses the lens of the extraordinary and often eccentric men and women who defied convention and imagined that business could help save the planet, rather than consume it. The social and religious beliefs that drove many of these individuals are explored as the book looks at how they overcame huge obstacles to execute their strategies. The green entrepreneurs seen here are shown to have created new markets and industries, and driven innovations in sustainable practices, even at times when most consumers and governments marginalized the entire subject. The struggles of early pioneers appear to have been rewarded by the growth of environmental awareness among consumers, business leaders, and others in recent years, but the Earth's environmental health continues to deteriorate. If profits and sustainability have proved challenging to reconcile, the book argues that one reason was how they were both defined.

Business Law Jul 24 2022 Marson and Ferris' Business Law provides a thorough account of the subject for students on Business degrees. It introduces students to the essential topics by exploring current and pertinent examples. It emphasizes the importance of cases and demonstrates the relevance of the law in a business environment.

Cross and Jones' Introduction to Criminal Law Mar 08 2021

Publishing Law Jun 11 2021 A comprehensive handbook for all those who need a practical understanding of where and how the law may apply, including publishers, authors, and agents.

Human Trafficking and Modern Slavery Law and Practice Jul 20 2019 "1KBW on International Child Abduction is a guide to the practice and procedure in international child abduction proceedings, in particular applications under the 1980 Hague Convention. It provides guidance as to the law of England and Wales and relevant international law in child abduction cases, as well as the procedures for making applications in the High Court and for pursuing appeals in the Court of Appeal and the Supreme Court. It condenses a large body of case law and international instruments into a digestible format, so that practitioners have all the tools needed for day-to-day practice in one place. 1KBW on International Child Abduction provides: - Flow charts to explain key legal principles and procedural steps, as well as diagrams which summarise important cases - A dedicated section on the 1980 Hague Convention, with individual chapters devoted to key principles such as rights of custody, habitual residence and the relevant 'defences' to applications for a summary return order - Chapters pertaining to the 1996 Hague Convention and applications under the inherent

jurisdiction - Practical guidance about the procedure for making applications in the High Court, such as: how to make urgent without notice applications; the criteria for obtaining different types of Tipstaff orders; and when to seek specific orders for disclosure to assist in tracing a child - A summary of Covid-19 guidance Legislation and guidance covered includes: - 1980 Hague Convention - 1996 Hague Convention - Child Abduction and Custody Act 1985 - Family Law Act 1986 - President's Practice Guidance: Case Management and Mediation of International Child Abduction Proceedings 1KBW on International Child Abduction is aimed primarily at practitioners who already specialise, or are looking to specialise, in international child abduction. It can also be used as a reference tool by all family practitioners and those who have an interest in the subject."--

Mandemic Oct 15 2021 The Mandemic is a thriving pandemic, the victims at the core of it being men, where the sharing of feelings and emotions is almost unacceptable-- especially in the workplace.

Card & James' Business Law for Business, Accounting, & Finance Students Apr 21 2022 This text provides the most rigorous analysis of business law to students taking business and finance related courses. Building on the 30 year success of Card & James: Law for Accountancy Students, Lee Roach has taken this classic text and developed it to create a new textbook suited to today's business student.

Butterworths In-House Lawyers Handbook Nov 04 2020 Butterworths In House Lawyers' Handbook is the first and only text to bring together all the practical

guidance, precedents, expert commentary and key source material for the in-house law department. In-house lawyers in all types of institutions will benefit from the insights Ian Jones' commentary provides. The book covers all the key planks of the internal legal advisors' role, from managing a legal team to handling the procurement process. In today's world, in-house counsel in businesses and the public sector are expected to have a thorough understanding of the aims and activities of their institution, and relate that understanding to the advice they give their employer. Aside from this requirement, the in-house lawyer needs a high level understanding of a range of legal issues in multiple jurisdictions and to know how to access that information quickly. This book assists that by providing key precedents and accessible information on a range of the most common issues in core jurisdictions.

Butterworths In House Lawyers' Handbook also:

- * Helps in-house legal teams demonstrate their value to the business and especially to the FD
- * Provides comprehensive best practice guidance on the role of the in-house lawyer
- * Includes useful precedents
- * Is accessible and portable
- * Teaches you how to make decisions about the legal team and outsourcing/in-sourcing based on value to the business
- * Collates useful black letter sources, making it a one-stop shop
- * Is of use particularly to in-house lawyers newly managing teams
- * Benefits solicitors in private practice by providing unique insights into the world of clients

Business Accounting May 30 2020 The 'must have' book for all accounting students
Art Law Jun 30 2020 Between the countless works of art in the world and numerous laws on their care, the task of deciphering correct procedure can seem daunting. In *Art Law: A Concise Guide for Artists, Curators, and Art Educators*, Michael E. Jones breaks down the legal language into a concise tool for all those involved in the art world. While most art law books are written for law students or museum directors, trustees, and curators, Jones' book appeals to a far larger audience, particularly undergraduate and graduate students studying art, graphic design, photography, museum studies, art education and art business. It is also a useful research guide for museum professionals, gallery directors, foundation heads, working professional visual fine artists and board/trustee members. *Art Law* distinguishes itself by providing a broad scope of art law in relation to the world of artists and those organizations that

support, preserve, govern, display, and even sell art. Covering topics such as acquisition, grants, and buying and selling, this book takes a look at the ethical and legal issues and rights that confront the art community and museums. Through case studies complete with images, readers can see these topics in action. Art Law is a must-have guide for art educators, museum studies students, art law and business programs, and artists looking for clear and readable descriptions and answers to the relevant legal issues facing the art world community.

When Business Kills Apr 09 2021 This book aims to explain in clear, accessible language, the approach taken by government to corporate offending resulting in a fatality in both the United Kingdom and the United States. The key provisions of the statutory offense of corporate manslaughter, introduced into the United Kingdom in 2008, are examined, and set in context through a consideration of their relationship with prosecution for fatalities at work via the Health and Safety at Work etc Act 1974. Further contextualization is made through comparison with the current position in the United States, highlighting both similarities and differences in approach to occupational fatalities. The range of potential penalties is discussed with particular focus on the sentencing guidelines that apply after February 2016. Concluded corporate homicide cases are reviewed in order to assess the current regime in terms of financial

penalties and to shine light on the evolving approach of the prosecuting authorities and the courts to these offenses.

International Trade and Business Law Review: Jan 18 2022 The International Trade and Business Law Review publishes leading articles, comments and case notes, as well as book reviews dealing with international trade and business law, arbitration law, foreign law and comparative law. It provides the legal and business communities with information, knowledge and understanding of recent developments in international trade, business and international commercial arbitration. The Review contributes in a scholarly way to the discussion of these developments while being informative and having practical relevance to business people and lawyers. The Review also devotes a section to the Willem C. Vis International Commercial Arbitration Moot and publishes the memoranda prepared by teams coached by Professor Gabriël A. Moens. The Review is edited at the Murdoch University School of Law in Perth, Australia. The Editors-in-Chief are Mr Roger Jones, Partner, Latham & Watkins LLP, Chicago and Gabriël A. Moens, Dean and Professor of Law, Murdoch Law School. It is an internationally-refereed journal. The Review is supervised by an international board of editors that consists of leading international trade law practitioners and academics from the European Union, the United States, Asia and Australia. The Student Editors for

Volume XII are Sybil Almeida, Gianni Bei, Luke Rotondella, and Nicholas Summers from the Murdoch Law School.

Managing Risk in Reinsurance Jan 26 2020 This publication traces the global development of reinsurance from the early 19th-century until today. It gives a detailed account of how the nature of risk itself changed over the last 200 years, and highlights all aspects relevant in shaping the industry including the development of risk, risk engineering and risk management, actuarial science, market conditions, impacts of politics, and the effects of regulatory changes.

The Successful Law Student: An Insider's Guide to Studying Law Apr 28 2020 The Successful Law Student: An Insider's Guide to Studying Law is the ultimate companion for all prospective and current law students. Packed full of insights, advice and perspectives from current and past law students it is the only student guide to offer

you the inside track on how to make the most of your law degree and your time at university. *The Successful Law Student: An Insider's Guide to Studying Law* is perfect for you whether you're taking a one-, two-, three- or four-year degree course or planning to take a year abroad, whether you're a full-time, part-time, or mature student, or whether you'll be balancing your studies with work or other commitments. The focus is on the things that will make a big difference to your student experience, including making a smooth transition to university level study, getting the most out of lectures and feedback from tutors, advice on how to approach law exams, and finding a rewarding career. Complemented by a variety of insider voices from students and alumni, which add valuable context and real-life insight, Imogen Moore and Craig Newbery-Jones use their extensive experience as law teachers to explore the learning process and look beyond it to consider the wider definition of success, and help you manage the pressures of legal study. Digital formats This edition is available for students and institutions to purchase in a variety of formats. The e-book offers a mobile experience and convenient access along with functionality tools and navigation features. www.oxfordtextbooks.co.uk/ebooks

Digital Lawyering Dec 05 2020 In today's rapidly changing legal landscape, becoming a digital lawyer is vital to success within the legal profession. This textbook

provides an accessible and thorough introduction to digital lawyering, present and future, and a toolkit for gaining the key attributes and skills required to utilise technology within legal practice effectively. Digital technologies have already begun a radical transformation of the legal profession and the justice system. Digital Lawyering introduces students to all key topics, from the role of blockchain to the use of digital evidence in courtrooms, supported by contemporary case studies and integrated, interactive activities. The book considers specific forms of technology, such as Big Data, analytics and artificial intelligence, but also broader issues including regulation, privacy and ethics. It encourages students to explore the impact of digital lawyering upon professional identity, and to consider the emerging skills and competencies employers now require. Using this textbook will allow students to identify, discuss and reflect on emerging issues and trends within digital lawyering in a critical and informed manner, drawing on both its theoretical basis and accounts of its use in legal practice. Digital Lawyering is ideal for use as a main textbook on modules focused on technology and law, and as a supplementary textbook on modules covering lawyering and legal skills more generally.

Criminal Law Sep 14 2021
