Beneath the Second Sun Aug 24 2022 Indian summer, the succession of warm, fair days gracing New England in autumn, is at once a flourishing period signaling the end of fall, a meteorological event, a vernacular cultural construction, and a literary metaphor. In this appealing and elegant book, Sweeting plumbs Indian summer's use in literature as a symbol of second chance, rebirth, or reprieve before the onset of a harsher season. Well researched and charmingly written, *Beneath the Second Sun* is the first book to systematically treat the history and uses of Indian summer imagery in American life. The author focuses on the ways in which New Englanders have embraced the season, and he places the celebration of the season's beauty and its melancholy qualities within the context of Anglo-Native American relations. Sweeting does not try to locate the original definition of Indian summer, rather he explores the far more interesting ways in which the season has been imagined and described in American culture. Popular authors including Philip Freneau, Susan Cooper, Lydia Sigourney, John Greenleaf Whittier, Francis

Parkman Oliver, Wendell Holmes, and, especially, Henry David Thoreau, Emily Dickinson, and William Dean Howells freely employ Indian summer imagery in their works. In the context of modern American Studies, Sweeting's study is part of a "post-modern" scholarly discussion of how tangible realities such as climate are mediated, even forged, by social needs. Sweeting further investigates the imaginative, early-nineteenth-century "invention" of New England regional identity and integrates traditional American Studies literary and historical concerns with a contemporary interest in the environment and sense of place. Sweeting's graceful, lively, and accessible style beckons not only scholars of American literature and the nineteenth century but any traveler seeking the glories of autumn in New England.

The Great Bahamas Hurricane of 1866 Mar 07 2021 In October 1866, a powerful Category 4 hurricane struck the Bahamian Islands. With winds well over 140 miles per hour and even higher gusts that toppled trees, sank ships, peeled away rooftops, and destroyed vital infrastructures, the massive storm battered the islands with great ferocity. When the seas finally calmed and the winds died down, the massive storm had killed more than 387 people in the Bahamas alone and left a massive trail of destruction. Author Wayne Neely, a leading authority on Bahamian and Caribbean hurricanes, shares an engaging account of how the hurricane of 1866 not only devastated the islands, but also altered the course of Bahamian history forever. While demonstrating how the hurricane significantly impacted the wrecking and salvaging industry, Neely also educates others about the complex set of weather conditions that contribute to hurricanes. He includes fascinating stories of survival and heroism as the storm's victims struggled to move forward in the midst of tragedy. Hurricanes are no novelty to the Bahamas, but all who were lucky enough to live through the howling winds and the terror of a sky filled with flying debris surely never forgot The Great Bahamas Hurricane of 1866.

Nostradamus, Branham and the Little Book: Sep 13 2021 For 457 years the Prophet Nostradamus has been a MYSTERY. Hidden in dark speech he was misunderstood and rejected by the Protestant Christian Church, forbidden to be read by the Catholic Church, and totally discredited by psychics and worldly interpreters as being in the Occult. However, it was the occult interpreters that were instrumental in keeping his work alive and mysterious. Written from a Christian perspective, many questions about this mysterious man Nostradamus, and why his work has endured so long are answered in this book. Reverend Sunday has discovered the secrets and the intentions of his life's work, and you will be amazed to find out WHO Nostradamus really was. If you are curious about Planet X-Wormwood, then you will find out how that ties into these hidden revelations. There always comes a time when hidden things are revealed to a Prophet. (Daniel 2:22; Amos 3:7.) The second Prophet, William Branham, was way ahead of his time in his understanding of supernatural phenomenon; and his revelations on the Book of Genesis regarding the apple and its sexual connotations lost him favor with the approved church then, and now. Prophets are rarely understood in their own age. These TWO PROPHETS were brought together to this unknown Sophe/Scribe chosen to disclose the hidden, amazing information, and revelation for our day...To GOD be the GLORY. Prepare the way for the Lord.

A Dying Second Sun Jul 23 2022 A dying second sun has created increasingly desperate winters for the world of Fawe, driving tensions to boiling point between two major kingdoms. Abreeth, a humble spearman on a hunting boat, didn't ask to be thrust into the middle of a war, but circumstance and bad luck would place him at the centre of an epic battle. A power hungry foe with a newly discovered weapon that could help

overthrow the throne and destroy everything he cares for is beating the drums of war. Will a desperate adversary determined to overtake lands and enslave his countrymen be vanquished or will this new weapon prove to be the advantage the enemy needs? Epic in scale, fast paced and full of action, *A Dying Second Sun* hurls a group of individuals together and asks:- How do you know what you're made of until you're tested? How do you know what you love until it's threatened?

Lexicon Technicum, Or, An Universal English Dictionary of Arts and Sciences May 21 2022

John Howard Payne Papers, 3-volume Set Apr 08 2021 This collection of John Howard Payne's Papers is a significant recovery of firsthand political and social histories of Indigenous cultures, particularly the Cherokees, a southeastern tribe, whose ancestral lands included parts of the present-day states of Georgia, Alabama, Tennessee, and North Carolina. The papers enable readers to understand how the Cherokees and many other American Indians endured and persevered as they encountered forced removal in the 1830s due to the Indian Removal Act. The papers are also a source of cultural revitalization, elucidating the work of Sequoyah, a Cherokee genius, who in 1821 introduced his syllabary, a phonemic system with eighty-five symbols. John Howard Payne (1791–1852), an American actor, poet, and playwright, was so taken by the Cherokees' story that he lobbied Congress to forgo their removal and wrote articles in contemporary newspapers supporting Cherokees. In 1835 Payne journeyed to the Cherokee Nation and met with John Ross, Cherokee chief from 1828 to 1866, who found in Payne a colleague to assist him and other Cherokees with their cause against removal and in preserving their ancient social, spiritual, and political heritages. Payne gathered and recorded correspondence between Cherokees such as Ross, who was fluent in English, and U.S. officials. These papers include multiple correspondences, ratified and unratified treaties, contemporary newspaper articles, and resolutions sent to Congress appealing for justice for the Cherokees. Payne also assembled letters and writings by New England Congregationalist missionaries who resided in mission stations throughout the Cherokee Nation. Available in print for the first time, this remarkable repository of information provides a fuller understanding of the political climates Cherokees encountered throughout the early to mid-nineteenth century.

Buddhism in Translations Dec 04 2020 Said the elder, "Your majesty, why are not all trees alike, but some sour, some salt, some bitter, some pungent, some astringent, some sweet?" "I suppose, bhante, because of a difference in the seed." - from "The Cause of Inequality in the World" Though published more than a century ago, in 1896, this beautiful translation of the fundamental teachings of the Buddha is still a worthy introduction-few of the numerous subsequent translations are as lucid, as well balanced, or as well organized as this one. Highly readable, this is no dry scholarly text, taken from the original palm-leaf manuscripts in the Pali language-akin to Sanskrit-and featuring simple yet radiant chapters on sentient existence, karma and rebirth, meditation and nirvana, and all the Buddha's wise and compassionate enlightenment. Namaste. HENRY CLARK WARREN (1854) was an American scholar of Buddhism.

Where Angels Fall May 29 2020 The war that began before we entered mortality is escalating into the final battle for freedom, liberty, and the

hearts and souls of all men. Into this world filled with turmoil, our Father will send some of his most valiant servants. A child is born who may have the power to change the course of history. But will Elizabeth remember the covenants she made in the premortal world? Will she and her brothers have the strength to withstand the terrible forces of evil that reign in the Last Days? Against the backdrop of Middle Eastern conflict, the story of war and intrigue will have you riveted!

The Great Bahamian Hurricanes of 1899 and 1932 Oct 02 2020 Hurricanes have long been a fact of life in the Bahamas. With extensive exposed coastlines jutting out of the Atlantic and uniquely flat lands and shallow coastal waters, these islands had seen many tempests before there was a Bahamas as we know it today. Hurricanes have shaped the islands landscape and, in a sense, their people as well. In the history of the Bahamas often considered a patriarchal society in which the hurricanes traditionally bore the names not of women, but of the islands they devastated-- the storms have impacted all aspects of everyday life. A growing number of studies covering many aspects of hurricanes have examined their social impacts. Even so, the historical ramifications of the hurricanes of the Bahamas and of the wider realm of the Caribbean have rarely been approached. The Great Bahamas Hurricane of 1899 and the Great Abaco Hurricane of 1932 hold special places in the archives of Bahamian history. These hurricanes were two of the worst natural disasters the country had experienced at the time, and even to this day these storms are considered among the top ten most destructive Bahamian storms of all time. These two notable and very destructive Bahamian hurricanes resulted in the deaths of over 334 Bahamians in 1899 and 18 in 1932. Learn why as author Wayne Neely explores the breadth and depth of each disaster not only how they impacted the society at the time, but how they impacted the progression of history.

In the Beginning Jul 19 2019 This book is a sequel (or better: a prequel) to Immanuel Velikovsky's main work, the best-selling *Worlds in Collision*, in which he gave a detailed reconstruction of two global natural catastrophes based on information handed down by our ancestors. He mentioned there that, as part of his intensive research, he found numerous indications of even more catastrophes that took place earlier in the history of mankind. In the present book, the material collected by Velikovsky about this topic is presented to the public for the first time. His findings show just how turbulent the history of Earth and our planetary system was during the time of mankind and how little we actually know of all that today.

Redmanship in Kentucky for Fifty Great Suns Jul 31 2020 DigiCat Publishing presents to you this special edition of "Redmanship in Kentucky for Fifty Great Suns" by Frank L. Smith. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Samuccaya Dec 24 2019 This is the first Indian edition of the English translation of Siksasamuccaya- a Mahayana Buddhist treatise edited by Dr. Bendall from a single Nepalese manuscript for the Russian Bibliotheca Buddhica. The book is a compendium of Buddhist doctrine preserved in the schools of the great Vehicle-Mahayana. It presents as its subject matter the code of righteous conduct for the enlightenment of the aspirant. The translation is authentic and authoritative. The book is interesting and instructive. There is also an alphabetical index of quoted works and a general index.

A Buddhist Reader Jan 05 2021 This much-cited scholarly anthology of key Theravada Buddhist documents offers an excellent, accessible presentation of the vast range of Pāli Buddhist literature. Among the first English translations of Buddha's words.

Flight of the Feathered Serpent Feb 24 2020 Guide to the Xultun (Mayan) Tarot Deck. Peter Balin, the painter of the Xultun Tarot deck, has written a book about the tarot and the Maya Indians' view of the world. Although the approach is new and deals with American knowledge, it will serve all Tarot decks regardless of their origin. The reader journeys with the Fool towards the impeccability of the sorcerer, with each step along the way clearly defined. The graphics alone are so spellbinding that even if you are not interested in the Mayas or the tarot, there is something in this book for you.

Horae Aegypticae Feb 18 2022

The Great Bahamas Hurricane of 1929 Jun 10 2021 The Great Bahamas Hurricane of 1929, also known as the Great Andros Island Hurricane of 1929, was the only major hurricane during the very inactive 1929 North Atlantic hurricane season. The Great Bahamas Hurricane of 1929 was perhaps one of the greatest and deadliest hurricanes to impact the Bahamas and is often regarded as the greatest Bahamian hurricane of the twentieth century. It was the only storm on record to last for three consecutive days over the Bahamas, with pounding torrential rainfall and strong, gusty winds. The storm killed 134 persons in the Bahamas, mostly mariners and sponge fishermen, as it directly hit the islands of Nassau and Andros. This thoroughly researched history considers this intense storm and its aftermath, offering an exploration of an important historical weather event that has been neglected in previous study. Also included is a harrowing account of a dog called Speak Your Mind who rescued a sponge fisherman at sea. Through unique historical photographs of actual damage, author and veteran meteorologist Wayne Neely shows the widespread devastation left in the wake of this tremendous storm. Drawing upon many newspaper accounts, ship reports, and Family Island Commissioners reports from throughout the Bahamas, the author provides a fascinating glimpse of this hurricane and the devastation it caused the Bahamas.

The Path of Purification Oct 14 2021

World of the Buddha Feb 06 2021 Selections from the most significant texts in the body of Buddhist literature. For readers who want a deeper understanding of Buddhism, this is a rich, varied, and comprehensive collection in one volume. It includes the most significant texts from the vast body of Buddhist literature, and includes translations from Pali, Sanskrit, Tibetan, Chinese, Japanese, and Lao. For the benefit of the newcomer to Buddhism—or for those using it in an academic context—the pieces are arranged in chronological order, and each chapter is preceded by a separate commentary. In addition, there is a comprehensive description of life in India at the time of the Buddha and an outline of his life and mission. “The best available translations.” —Library Journal

The Second Sun Oct 26 2022

Earth Under Fire May 09 2021 An investigation of the connection between ancient world catastrophe myths and modern scientific evidence of a galactic destruction cycle • Provides scientific evidence of past Earth-wide catastrophes and their galactic superwave origins • Decodes the ancient message encrypted in the zodiac constellations and symbolism of the Sphinx • Describes how explosions of our Galaxy's core pose a threat to humanity in the future Many ancient myths from around the world tell of catastrophic destruction by fire and flood. These ubiquitous legends are so extreme that they are often dismissed as imaginative exaggerations. In *Earth Under Fire*, Paul LaViolette connects these "myths" to recent scientific findings in astronomy, geology, and archaeology to reconstruct the details of prehistoric global disasters and to explain how similar tragedies could recur in the near future. Compelled by his decryption of an ancient warning hidden in zodiac constellation lore, LaViolette

worked with information from many scientific sources, including astronomical observations, polar ice core measurements, and other geological data, to confirm that our Galaxy's core exploded near the end of the last ice age. This explosion unleashed a barrage of cosmic rays and enveloped the solar system in a dense nebula, which led to periods of persistent darkness, frigid cold, severe solar storms, searing heat, and mountainous floods that plagued mankind for many generations. Linking his scientific findings to details preserved in the myths and monuments of ancient civilizations, he demonstrates how past civilizations accurately recorded the causes of these cataclysmic events, knowledge of which may be crucial for the human race to survive the next catastrophic superwave cycle. This information reveals the intelligence and ingenuity of our ancestors who, when faced with extinction, found the means to warn us that the apocalypse that destroyed them could occur once again.

Wisdom, Compassion, and the Search for Understanding Mar 27 2020 The field of Buddhist studies is an international and interdisciplinary one. By its nature, the study of Buddhism must take into account phenomena that cross national and cultural boundaries, as well as the more artificial boundaries of modern academic fields. This volume presents 18 studies, the subjects of which range over India, China, Tibet and Japan, and deal with an ever broader range of subjects. It includes many essays on Buddhist philosophy, a number of which deal with the Madhyamaka tradition of Nagarjuna and his successors, while others examine the Yogacara tradition of Asanga, Vasubandhu, and their successors. These essays investigate areas of doctrinal interest such as the so-called Two-Truth theory, and the doctrine of the equivalence of nirvana and samsara, as well as such topics as the nature and practice of compassion, and Indian Buddhist cosmology. Still other studies examine topics such as the meditation practices of the Japanese Pure Land founder Honen, some of the earliest Chinese Buddhist art objects yet known and their importance for the transmission of Buddhism to China, later Indian logic, epistemology and the theory of meaning, what we know about the ear

Our Solar System (Sun, Moons & Planets) : Second Grade Science Series Jan 25 2020 Yes, science can be made fun and easy! This book features the solar system in all its glory. You can see pictures of the planets and the galaxy in full color. The layout is definitely going to amaze and

delight a child. As a result, learning becomes highly entertaining. Grab a copy today!

The Great Hurricane of 1780 Jun 29 2020 The Great Hurricane of 1780, also known as Hurricane San Calixto II, is one of the most powerful and deadliest North Atlantic hurricanes on record. Often regarded as a cataclysmic hurricane, the storm's worst effects were experienced on October 10, 1780. In *The Great Hurricane of 1780*, author Wayne Neely chronicles the chaos and destruction it brought to the Caribbean. This storm was likely generated in the mid Atlantic, not far from the equator; it was first felt in Barbados, where just about every tree and house on the island was blown down. The storm passed through the Lesser Antilles and a small portion of the Greater Antilles in the Caribbean between October 10 and October 16 of 1780. Because the storm hit several of the most populous islands in the Caribbean, the death toll was very high. The official death toll was approximately 22,000 people but some historians have put the death toll as high as 27,500. Specifics on the hurricane's track and strength are unclear since the official North Atlantic hurricane database only goes back as far as 1851. Even so, it is a fact that this hurricane had a tremendous impact on economies in the Caribbean and parts of North America, and perhaps also played a major role in the outcome of the American Revolution. This thoroughly researched history considers the intense storm and its aftermath, offering an exploration of an important historical weather event that has been neglected in previous study.

Chosen of the Sun Jun 22 2022

The Great Bahamian Hurricanes of 1926 Sep 01 2020 Every year, hurricanes seem to be increasingly severe and unpredictable, ensuring that they remain one of the most frequent topics of conversation in our everyday lives. *The Great Bahamian Hurricanes of 1926* provides the perfect introduction to the complexities and dynamics of hurricanes. It focuses on how they develop, what causes them to be so powerful, the history behind them and how hurricanes affect us all. Wayne Neely tells the story of three of the worst natural catastrophes in the history of the Bahamas. However, this is not just the story of three big storms, but also of the many Bahamians who had to endure them. The individual stories of heroism and cowardice; tragedy and redemption vividly bring these storms to life. Each hurricane season brings with it a reminder that we are constantly subject to natural occurrences over which we have no control. Through unique historical photographs of actual damages from these three storms, this book shows the widespread devastation that these storms inflicted on the Bahamas. Drawing upon many newspaper accounts, ship reports and Family Island Commissioners reports from throughout the Bahamas, the author provides a fascinating glimpse of these hurricanes as they devastated the Bahamas.

Essential Buddhist Discourses (Annotated Edition) Aug 12 2021 This is the extended and annotated edition including * an extensive annotation of more than 10,000 words about the history and basics of Buddhism, written by Thomas William Rhys Davids * an interactive table-of-contents * perfect formatting for electronic reading devices This book contains the most important passages selected from the Buddhist Sacred Books. The aim of the present work is to take different ideas and conceptions found in Pāli writings, and present them to the reader in English. Translation has been the means employed as being the most effectual, and the order pursued is in the main that of the Buddhist "Three Jewels" (in Pāli, *Ti-Ratana*), to wit, The Buddha, the Doctrine, and the Order. The selections of the first chapter are on The Buddha; next follow those which deal chiefly with the Doctrine; while others concerning the Order and secular life constitute the closing chapter of the book. Contents: Chapter I. The Buddha. Introductory Discourse. § 1. The Story Of Sumedha. § 2. A List Of Former Buddhas. § 3. The Characteristics Of A Future Buddha. § 4. The Birth Of The Buddha. § 5. The Young Gotamid Prince. § 6. The Great Retirement. § 7. The Great Struggle. § 8. The Attainment Of

Buddhaship. § 9. First Events After The Attainment Of Buddhaship. § 10. The Conversion Of Sâriputta And Moggallâna. § 11. The Buddha's Daily Habits. § 12. The Death Of The Buddha. Chapter Ii. Sentient Existence. § 13. Questions Which Tend Not To Edification. § 14. King Milinda And Nâgasena Come To An Understanding. § 15. There Is No Ego. § 16. All Signs Of An Ego Are Absent. § 17. No Continuous Personal Identity. § 18. The Mind Less Permanent Than The Body. § 19. What Is Unity Or One? § 20. Analysis Of The Human Being. § 21. The Composition Of The Body. § 23. The Origin And Cessation Of The Human Being. § 24. Inanimate Nature. § 25. The Middle Doctrine. § 26. Ignorance. § 27. Karma. § 28. Consciousness. § 29. Name And Form. § 31. Contact. § 33. Desire. § 34. Attachment. § 35. Existence. § 36. Birth Etc. § 37. Discussion Of Dependent Origination. Chapter Iii. Karma And Rebirth. § 38. Be A Friend To Yourself. § 39. The Cause Of Inequality In The World. § 40. Fruitful And Barren Karma. § 41. The Death Of Moggallâna. § 42. Good And Bad Karma. § 43. How To Obtain Wealth, Beauty, And Social Position. § 45. Cause Of Rebirth. § 47. Rebirth Is Not Transmigration. § 48. Reflections On Existence. § 49. Different Kinds Of Death. § 50. How Existence In Hell Is Possible. § 51. Death's Messengers. The Three Warnings. § 52. The Ass In The Lion's Skin. § 53. The Devoted Wife. § 54. Friendship. § 55. Virtue Is Its Own Reward. § 56. The Hare-Mark In The Moon. Chapter Iv. Meditation And Nirvana. § 57. The Way Of Purity. § 59. The Thirty-One Grades Of Being. § 60. The Forty Subjects Of Meditation. § 61. The Earth-Kasina. § 62. Beauty Is But Skin-Deep. § 63. The Conversion Of Animals. § 64. Love For Animals. § 65. The Six High Powers. § 66. Spiritual Law In The Natural World. § 67. Going Further And Faring Worse. § 68. Sâriputta And The Two Demons. § 69. World-Cycles. § 71. The Summum Bonum. § 72. Mâra As Plowman. § 73. The Fire-Sermon. § 74. The Four Intent Contemplations. § 77. The Attainment Of Nirvana By Godhika. § 78. The Trance Of Cessation. § 79. The Attainment Of Nirvana. Chapter V. The Order. § 81. The Admission And Ordination Ceremonies. The Ordination Service. The Three Refuges. The Ten Precepts Or Laws Of The Priesthood. § 82. The Serpent Who Wanted To Be A Priest. § 83. The Buddhist Confession Of Priests. § 84. The Order Receive Leave To Dwell In Houses. § 85. Residence During The Rainy Season. § 86. The Mendicant Ideal. § 87. The Value Of Training In Religion. § 90. The Body Is An Open Sore. § 92. The Saints Superior To The Gods. § 93. The Anger-Eating Demon. § 94. Contentment Is Riches. § 95. The Story Of A Priest. § 96. The Young Stone-Thrower. § 97. "And Hate Not His Father And Mother." § 98. No Buddhist Should Commit Suicide. § 99. The Admission Of Women To The Order. § 100. A Family Of Magicians. § 101. The Story Of Visâkhâ. § 102. The Buddhist Apocalypse.
