Dvorak Jan 15 2021 Looks at the life and career of the Czech composer in a work accompanied by two sound discs with excerpts of his best-known works.

Puccini Jan 27 2022 Julian Budden provides a look at the process of putting an opera together, the cut-and-slash of nineteenth-century Italian opera, - the struggle to find the right performers for the debut of La Boheme, Puccini's anxiety about completing Turandot (he in fact died of cancer before he did so), and his animosity toward his rival Leoncavallo (whom he called Leonasino or "lion-ass"). Budden provides an analysis of the operas themselves, examining the music act by act. He highlights, among other things, the influence of Wagner on Puccini--alone among his Italian contemporaries, Puccini followed Wagner's example in bringing the motif into the forefront of his narrative, sometimes voicing the singer's unexpressed thoughts, sometimes sending out a signal to the audience of which the character is unaware. And Budden also paints a portrait of Puccini the man--talented but modest, a man who had friends from every walk of life: shopkeepers, priests, wealthy landowners, fellow artists. --From publisher's description.

The Little Book of Life and Death Jul 21 2021 In this book the author of On Having No Head investigates the most poignant problem our life poses - what lies at the end of it. He asks us to check four things. First, that to discover whether we are perishable, we must first discover what we are. Second, that outsiders are in no position to tell us this: they can only tell us what we look like at a distance. Third, that what we are is obvious as soon as we dare to look. And fourth, that we turn out to be in all respects the opposite of what we had been told. This revolutionary conclusion is arrived at by doing the nine "tests for Immortality" that form the backbone of the book. Then, our identity and immortality having been firmly established, we apply this knowledge to the fact of ageing and of dying itself, thus realizing their infinite potential for joy. Finally, the book explores in detail the true resurrection life - life lived in a Heaven which is none other than this earthly scene perceived as it is. "The "open secret" is no longer secret. Douglas Harding's Little Book of Life and Death makes the insights of the sages accessible to all. Courageous, personal and inspiring, this book asks the most difficult questions about life and death, and to our - and apparently even the author's - amazement, answers them. Like Harding's classic

book *On Having No Head*, this work is written in a down-home, heartfelt style. Read this book. Do the "experiments" which are Harding's unique and powerful contribution to what might be called the technology of enlightenment. Get ready to die, and to live anew.' Rober W. Fuller. Former president, Oberlin College. 'The literature on dying will never be the same again.' Ram Dass

**Chopin** Dec 14 2020 An intimate and thrilling portrait of the piano virtuoso, from Naxos, the world's leading classical music label-with two CDs and exclusive Web access.

**Episodes in the Life of the Early Modern Learned Book** Jun 19 2021 In *Episodes*, Ian Maclean investigates the ways in which the book trade operated through book fairs, and interacted with academic institutions, journals and intellectual life in various European settings (Germany, Italy, the Netherlands and England) in the long seventeenth century.

*The Life and Times of the Thunderbolt Kid* Feb 25 2022 Bill Bryson's first travel book opened with the immortal line, 'I come from Des Moines. Somebody had to.' In this deeply funny and personal memoir, he travels back in time to explore the ordinary kid he once was, in the curious world of 1950s Middle America. It was a happy time, when almost everything was good for you, including DDT, cigarettes and nuclear fallout. This is a book about one boy's growing up. But in Bryson's hands, it becomes everyone's story, one that will speak volumes especially to anyone who has ever been young.

*Einstein* Nov 05 2022 NOW A MAJOR SERIES 'GENIUS' ON NATIONAL GEOGRAPHIC, PRODUCED BY RON HOWARD AND STARRING GEOFFREY RUSH Einstein is the great icon of our age: the kindly refugee from oppression whose wild halo of hair, twinkling eyes, engaging humanity and extraordinary brilliance made his face a symbol and his name a synonym for genius. He was a rebel and nonconformist from boyhood days. His character, creativity and imagination were related, and they drove both his life and his science. In this marvellously clear and accessible narrative, Walter Isaacson explains how his mind worked and the mysteries of the universe that he discovered. Einstein's success came from questioning conventional wisdom and marvelling at mysteries that struck others as mundane. This led him to embrace a worldview based on respect for free spirits and free individuals. All of which helped make Einstein into a rebel but with a reverence for the harmony of nature, one with just the right blend of imagination and wisdom to transform our understanding of the universe. This new biography, the first since all of Einstein's papers have become available, is the fullest picture yet of one of the key figures of the twentieth century. This is the first full biography of Albert Einstein since all of his papers have become available -- a fully realised portrait of this extraordinary human being, and great genius. Praise for *EINSTEIN* by Walter Isaacson:- 'YOU REALLY MUST READ THIS.' Sunday Times 'As pithy as Einstein himself.' New Scientist '[A] brilliant biography, rich with newly available archival material.' Literary Review 'Beautifully written, it renders the physics understandable.' Sunday Telegraph 'Isaacson is excellent at explaining the science.' Daily Express

**Howard Hughes: His Life and Madness** Feb 13 2021 The life that inspired the major motion picture *The Aviator*, starring Leonardo DiCaprio and directed by Martin Scorsese. Howard Hughes has always fascinated the public with his mixture of secrecy, dashing lifestyle, and reclusiveness. This is the book that breaks through the image to get at the man. Originally published under the title *Empire: The Life, Legend, and Madness of Howard Hughes*.

*Antonio Stradivari, His Life and Work (1644-1737)* Sep 22 2021 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To

ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

**Subtle is the Lord: The Science and the Life of Albert Einstein** Mar 29 2022 Subtle is the Lord is widely recognized as the definitive scientific biography of Albert Einstein. The late Abraham Pais was a distinguished physicist turned historian who knew Einstein both professionally and personally in the last years of his life. His biography combines a profound understanding of Einstein's work with personal recollections from their years of acquaintance, illuminating the man through the development of his scientific thought. Pais examines the formulation of Einstein's theories of relativity, his work on Brownian motion, and his response to quantum theory with authority and precision. The profound transformation Einstein's ideas effected on the physics of the turn of the century is here laid out for the serious reader. Pais also fills many gaps in what we know of Einstein's life - his interest in philosophy, his concern with Jewish destiny, and his opinions of great figures from Newton to Freud. This remarkable volume, written by a physicist who mingled in Einstein's scientific circle, forms a timeless and classic biography of the towering figure of twentieth-century science.

The Life and Death of Peter Sellers Jan 03 2020 Traces the life and career of the British actor, discusses his major roles, and depicts his complex and often difficult personality

*Jackson Browne* Oct 31 2019 A biography of the singer-songwriter covers his rise to fame in the 1970s, his commitment to progressive causes, and his later career.

**A Day in the Life of America** Nov 24 2021 Contains color and black and white photographs taken over a twenty-four hour period in the United States.

David Crockett: His Life and Adventures Jul 29 2019 "David Crockett: His Life and Adventures" by John S. C. Abbott. Published by Good Press. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

*George Gershwin* May 31 2022 This comprehensive biography of George Gershwin (1898-1937) unravels the myths surrounding one of America's most celebrated composers and establishes the enduring value of his music. Gershwin created some of the most beloved music of the twentieth century and, along with Jerome Kern, Irving Berlin, and Cole Porter, helped make the golden age of Broadway golden. Howard Pollack draws from a wealth of sketches, manuscripts, letters, interviews, books, articles, recordings, films, and other materials—including a large cache of Gershwin scores discovered in a Warner Brothers warehouse in 1982—to create an expansive chronicle of Gershwin's meteoric rise to fame. He also traces Gershwin's powerful presence that, even today, extends from Broadway, jazz clubs, and film scores to symphony halls and opera houses. Pollack's lively narrative describes Gershwin's family, childhood, and education; his early career as a pianist; his friendships and romantic life; his relation to various musical trends; his writings on music; his working methods; and his tragic death at the age of 38. Unlike Kern, Berlin, and Porter, who mostly worked within the confines of Broadway and Hollywood, Gershwin actively sought to cross the boundaries between high and low, and wrote works that crossed over into a realm where art music, jazz, and Broadway met and merged. The author surveys Gershwin's entire oeuvre, from his first surviving compositions to the melodies that his brother and principal collaborator, Ira Gershwin, lyricized after his death. Pollack concludes with an

exploration of the performances and critical reception of Gershwin's music over the years, from his time to ours.

**Freddie Mercury** Sep 10 2020 "Freddie Mercury: A Life, In His Own Words" is the nearest thing to Freddie's autobiography as it is possible to achieve. A moving, witty, often irreverent collection of quotes from the man himself, covering an extraordinary life, meticulously edited together by Queen's long time archivists, with a Foreword by Freddie's mum. An essential read not just for fans of Queen and their iconic frontman, but anyone intrigued to know more about one of music's most endearing and enduring performers.

**Árminius Vambéry, his life and adventures** Sep 30 2019 "Árminius Vambéry, his life and adventures" by Ármin Vambéry. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Stephen Hawking Mar 05 2020 In 1963 Stephen Hawking was given a couple of years to live. In January 2017 he celebrates his seventy-fifth birthday. This biography of the brilliant theoretical physicist and inspirational international celebrity, written with the help of Hawking himself and his close associates, now includes- A His leadership at the London Paralympic Games A The release of the film about his life The Theory of Everything A His BBC Reith Lectures in 2016 A His continuing work on black holes, gravitational waves, the new discovery of osupertranslationso A The launch of the astounding oStarshoto programme A The first presentation of the Stephen Hawking Medal for Science Communication at Starmus III in June 2016. Written with the clarity and simplicity for which all Kitty Ferguson's books have been praised, it is a captivating account of an extraordinary life and mind.

The Life and Rhymes of Benjamin Zephaniah May 07 2020 \*BBC Radio 4 Book of the Week\* Benjamin Zephaniah, who has travelled the world for his art and his humanitarianism, now tells the one story that encompasses it all: the story of his life. In the early 1980s when punks and Rastas were on the streets protesting about unemployment, homelessness and the National Front, Benjamin's poetry could be heard at demonstrations, outside police stations and on the dance floor. His mission was to take poetry everywhere, and to popularise it by reaching people who didn't read books. His poetry was political, musical, radical and relevant. By the early 1990s, Benjamin had performed on every continent in the world (a feat which he achieved in only one year) and he hasn't stopped performing and touring since. Nelson Mandela, after hearing Benjamin's tribute to him while he was in prison, requested an introduction to the poet that grew into a lifelong relationship, inspiring Benjamin's work with children in South Africa. Benjamin would also go on to be the first artist to record with The Wailers after the death of Bob Marley in a musical tribute to Nelson Mandela. The Life and Rhymes of Benjamin Zephaniah is a truly extraordinary life story which celebrates the power of poetry and the importance of pushing boundaries with the arts.

**First Man** Oct 12 2020 An authorized portrait of the first astronaut to set foot on the moon sheds light on other aspects of his career, from the honors he received as a naval aviator to the price he and his family paid for his professional dedication.

*From Manchester with Love* Feb 02 2020 THE TIMES & UN CUT MUSIC BOOK OF THE YEAR Critically-acclaimed and bestselling author Paul Morley's long-awaited biography of Factory Records co-founder and Manchester icon Tony Wilson. A BOOK OF THE YEAR SUNDAY TIMES, NEW STATESMAN, MOJO, LOUDER THAN WAR 'Compelling . . . befitting its extraordinary subject.' BRIAN ENO 'Bracing and often surprisingly tender . . . the perfect monument.' SUNDAY TIMES 'Via Morley's magical prose Tony Wilson comes back to life . . . inspiring.' RICHARD RUSSELL Tony Wilson was a man who became synonymous with his beloved city. As the co-founder of the legendary Factory Records and the Hacienda, he appointed

himself a custodian of Manchester's legacy of innovation and change, becoming a cultural pioneer for the North. To Paul Morley, he was this and much more: bullshitting hustler, flashy showman, inventive broadcaster, self-deprecating chancer, publicity seeker, loyal friend. It was Morley to whom Wilson left a daunting final request: to write this book. From Manchester with Love is the biography of a man who changed the world around him through sheer force of personality. In the cultural theatre of Manchester, Tony Wilson broke in and took centre stage. 'An immersive experience . . . very moving indeed.' MIRANDA SAWYER, OBSERVER 'Not just a "biog" but the story of a city's history and culture and a unique and disappearing figure.' STUART MACONIE, NEW STATESMAN 'Morley's biography is as illuminating on Wilson's strange ability to hold others in his orbit, even after his death, as it is on the story of his life.' THE SPECTATOR 'The man/myth Wilson died aged 57 in 2006, but here he burns on fantastically bright.' UNCUT

*The Life of Stephen Lawrence* Mar 17 2021 Stephen Lawrence was a bright, athletic, young man with high hopes for the future. He lived in south-east London with his parents, younger brother and younger sister. On 22 April 1993, he was brutally murdered while he was waiting for the bus. He was eighteen years old. He didn't know his killers; his killers didn't know him. This is his story. He will be remembered. This paperback edition revised with added material about the trial, the legacy of Stephen Lawrence and a final note from Doreen Lawrence.

*Marlborough* Sep 03 2022

Sigmund Freud Aug 10 2020 Freud's development of psychoanalysis is one of the great fault lines of twentieth-century cultural history. The field as such provides one of the great professional dramas of our time: a classic struggle between a new, vital idea and the ignorance, prejudice and refusal that so often attend major breakthroughs and innovations. Helen Puner's biography is far more than a professional appreciation. It is the story of a complex, by no means flawless individual, whose personal characteristics helped sow the seeds of controversy as well as ultimately establish a new field. Upon its initial appearance, the Herald Tribune identified the book as "the first authoritative and profoundly perceptive biography of the man who more than any other has shaped the thinking of the Western World." It was summarized as a "brilliant performance, done without fear."Puner did precisely what irritated Freud most: probe the sources, social no less than personal, religious no less than scientific, that made Freud such a towering figure. Dorothy Canfield caught the spirit of this work when she noted that in this book, we see Freud "as we never saw him before, as most of us never knew he was, a rigidly virtuous, deeply troubled, upright, dutiful Jewish son, husband and father. We see him tracing the significance of clues he hit upon in the practice of medicine, and then fit these clues into the bewildering mastery of human behavior."In his Foreword, Erich Fromm indicates that Puner looks at Freud with genuine admiration, but without idolatry. "She understands his own psychological problems and has a full appreciation of the pseudo-religious nature of the movement which he created." And the late Ernest Becker, in *The Denial of Death*, seconded this estimate by calling the Helen Walker Puner effort "a brilliant critical biography." This new edition contains a new introduction by Paul Roazen; with this, and the appreciation of the author by her husband, Samuel Puner, we can better locate the author of the book as well as the famous object of her analysis.

**The Life and Prayers of Saint Anthony of Padua** Jul 09 2020 One part biography, one part prayer book, *The Life and Prayers of Saint Anthony of Padua* is an essential book for any Christian. For centuries Saint Anthony of Padua, Thaumaturgist, Evangelical Doctor of the Church, has been regaled and venerated as a wonder-worker, eminent theologian, and preacher. To him infertile women, sailors, the poor, seekers of lost articles, to name a few, have prayed to intercede. Thousands upon thousands flocked to hear him preach, and witnessed his miraculous deeds. We hope that with this book, the reader might realize an invitation to call upon Anthony, not just to find lost things, but as a companion in a quest to find a renewed and challenged faith, hope, and love.

**Cosby** Nov 12 2020 In a book based on extensive research and in-depth interviews with Bill Cosby and more than 60 of his closest friends and associates, the author offers a frank account of the comedian's life and legacy. 75,000 first printing.

Johnny Cash May 19 2021 'Johnny Cash ... Every man could relate to him, no man could be him, and only one man could get inside his head - Robert Hilburn' BONO People don't just listen to Johnny Cash: they believe in him. But no one has told the Man in Black's full story, until now. In Johnny Cash: The Life, Robert Hilburn conveys the unvarnished truth about a musical icon, whose colourful career stretched from his days at Sun Records with Elvis Presley and Jerry Lee Lewis to his remarkable, brave and deeply moving 'Hurt' video, aged sixty-nine. As music critic for the Los Angeles Times, Hilburn knew Cash well throughout his life: he was the only music journalist at the legendary Folsom Prison concert in 1968, and he interviewed Cash and his wife June Carter for the final time just months before their deaths in 2003. Hilburn's rich reporting shows the remarkable highs and deep lows that followed and haunted Cash in equal measure. A man of great faith and humbling addiction, Cash aimed for more than another hit for the jukebox; he wanted his music to lift people's spirits. Drawing upon his personal experience with Cash and a trove of never-before-seen material from the singer's inner circle, Hilburn creates an utterly compelling, deeply human portrait of one of the most iconic figures in modern popular culture - not only a towering figure in country music, but also a seminal influence in rock, whose personal life was far more troubled, and whose musical and lyrical artistry much more profound, than even his most devoted fans ever realised.

**Einstein** Dec 02 2019 Albert Einstein is synonymous with genius. From his remarkable theory of relativity and the famous equation  $E=mc^2$  to his concept of a unified field theory, no one has contributed as much to science in the last 150 years. As well as showing how Einstein developed his theories, Einstein reveals the man behind the science, from his early years and experiments in Germany and his struggle to find work at the Swiss patent office to his marriages and children, his role in the development of the atomic bomb and his work for civil rights groups in the United States. Drawing on new research and personal documents belonging to Einstein, this book also includes reproductions of documents that reveal more than this scientist's groundbreaking theories.

A Life Worth Living Jun 07 2020 Exploring themes that preoccupied Albert Camus--absurdity, silence, revolt, fidelity, and moderation--Robert Zaretsky portrays a moralist who refused to be fooled by the nobler names we assign to our actions, and who pushed himself, and those about him, to challenge the status quo. For Camus, rebellion against injustice is the human condition.

**Gorbachev** Aug 02 2022 SHORTLISTED FOR THE PUSHKIN HOUSE BOOK PRIZE 2018 From the Pulitzer Prize-winning author of Khrushchev: The Man and his Era 'A phenomenally researched life of the man who did more than any other to change Europe and the world in the last half of the 20th century'. Jonathan Steele, The Guardian 'An engaging, poignant portrayal of one of the most significant of Russian leaders' Kirkus review ' ... deeply penetrating history and engrossing psychological study.' Robert Legvold, Foreign Affairs Magazine 'Impressive... full of fascinating detail' Peter Conradi, Sunday Times 'Comprehensive and immensely readable' The Economist 'Superb...an extraordinary story of one man and history in a tense wrestling match' The Washington Post This is the definitive biography on one of the most important and controversial figures of the 20th century. Drawing on interviews with Gorbachev himself, transcripts and documents from the Russian archives, and interviews with Kremlin aides and adversaries, as well as foreign leaders, Taubman's intensely personal portrait extends to Gorbachev's remarkable marriage to a woman he deeply loved, and to the family that they raised together. Nuanced and poignant, yet unsparing and honest, this sweeping account has all the amplitude of a great Russian novel. When Mikhail Gorbachev became its leader in March 1985, the USSR was still one of the world's two superpowers. By the end of his tenure six years later, the Communist system was dismantled, the cold war was over and, on 25th December 1991, the Soviet Union itself ceased to exist. While not solely responsible for this remarkable upheaval, he set decisive changes in motion. Assessments of Gorbachev could not be

more polarised. In the West, he is regarded as a hero. In Russia, he is widely hated by those who blame him for the collapse of the USSR. Admirers marvel at this vision and courage. Detractors, including many of his Kremlin comrades, have accused him of everything from naivete to treason.

**Einstein** Oct 04 2022 The definitive, internationally bestselling biography of Albert Einstein from the author of *The Innovators*, *Steve Jobs* and *Benjamin Franklin*. \*\*Now the basis of *Genius*, the ten-part National Geographic series on the life of Albert Einstein, starring the Oscar, Emmy, and Tony Award-winning actor Geoffrey Rush\*\* How did Einstein's mind work? What made him a genius? Isaacson's biography shows how Einstein's scientific imagination sprang from the rebellious nature of his personality. His fascinating story is a testament to the connection between creativity and freedom. Isaacson explores how an imaginative, impertinent patent clerk - a struggling father in a difficult marriage who couldn't get a teaching job or a doctorate - became the locksmith of the mysteries of the atom, and the universe. His success came from questioning conventional wisdom and marvelling at mysteries that struck others as mundane. This led him to embrace a morality and politics based on respect for free minds, free spirits and free individuals. Einstein, the classic No.1 New York Times bestseller, is a brilliantly acclaimed account of the most influential scientist of the twentieth century, 'An illuminating delight' New York Times 'Dramatic and revelatory' Sunday Times 'Beautifully written' Sunday Telegraph 'Astonishing' Mail on Sunday

**The Secret Life of Books** Jul 01 2022 We love books. We take them to bed with us. They weigh down our suitcases on holiday. We display them on our bookshelves, give them as gifts, write our names in them. We take them for granted. And all the time, our books are leading a double life. *The Secret Life of Books* is about everything that isn't just the words. It's about how books transform us as individuals, the stories they tell us about ourselves. It's about how books - and readers - have evolved over time. And it's about why, even with the arrival of other media, books still have the power to change our lives. In this stylish and thought-provoking meditation, Tom Mole looks at everything from binding innovations to binding errors, to books defaced by lovers, to those imprisoning professors in their offices, to books in art, to burned books, to the books that create nations, to those we'll leave behind. A striking text in a stunning package, it will change how you think about books.

**The Life of Rylan** Apr 17 2021 Well hark at you, stumbling upon my autobiography. Bet you wouldn't have put money on that three years ago, eh?! Please don't stress yourself out too much, though, it's actually socially acceptable nowadays that you're interested. Firstly I'd like to emphasise that I have WRITTEN THIS BOOK MYSELF, so be assured you're getting the TOOTH, the WHOLE TOOTH and NOTHING BUT THE TOOTH! (Which was my original choice of title, but babe, we're so over that.) This book documents my story, year by year, from my humble beginnings growing up in the East End of London, becoming one of the nation's most talked-about people overnight to finally moving up the spectrum from guilty pleasure, and getting nearer to national treasure. It will make you laugh, cry, and most importantly you'll discover who I really am. If it doesn't do any of those things you're not legally entitled to a refund - just clearing that up ;-). I hope you enjoy reading this book as much as I have enjoyed writing it. This book has been like therapy, and LORD was I in need. Enjoy!

[Edison: His Life and Inventions](#) Aug 29 2019 Reproduction of the original.

[Titian](#) Oct 24 2021 The first definitive biography of the master painter in more than a century, *Titian: His Life* is being hailed as a "landmark achievement" for critically acclaimed author Sheila Hale (Publishers Weekly). Brilliant in its interpretation of the 16th-century master's paintings, this monumental biography of Titian draws on contemporary accounts and recent art historical research and scholarship, some of it previously unpublished, providing an unparalleled portrait of the artist, as well as a fascinating rendering of Venice as a center of culture, commerce, and power. Sheila Hale's *Titian* is destined to be this century's authoritative text on the life of greatest painter of the Italian High Renaissance.

*Oscar's Books* Jun 27 2019 For Wilde, as for many people, reading could be as powerful and transformative an experience as falling in love. He

devoured books, talked books, luxuriated in books and lavished books on his friends- they played, too, a vital part in his seductions of young men. Oscar's Books tells the story of Wilde's life through his reading, from his childhood in Dublin, where he was nurtured on Celtic myth, Romantic poetry and Irish folklore; through his undergraduate years in which he built his intellect out of books; to prison, where his friends supplied him with literature which saved his sanity; to his final years in Paris where he consoled himself with old favourites such as Flaubert and Balzac. Fresh, utterly engaging and wholly original, Oscar's Books is an entirely new kind of biography.

**The Life of Lee** Dec 26 2021 Lee Evans is one of the best-loved comedians in the country; a Hollywood star able to sell out arenas in the blink of eye. But he was not always such a roaring success. The Life of Lee is an utterly hilarious and very moving autobiography charting his ups and downs on the way to the top. Lee takes us on a darkly humorous journey through his childhood spent running wild on a Bristol housing estate, his unconventional school days and through a grim teenage period of numerous dead-end jobs. The book also reveals how as a boy Lee got his first taste of showbiz, accompanying his entertainer father around the rowdy, unforgiving working-men's club and theatre circuit. Desperately struggling to be accepted, this quiet young loner always saw himself as an outsider. But he finally met the love of his life and accidentally discovered the one place where he felt at home: the stage.

The Life of Death Aug 22 2021

*Andrew Jackson* Apr 05 2020

**Lightnin' Hopkins** Apr 29 2022 Based on scores of interviews with the artist's relatives, friends, lovers, producers, accompanists, managers, and fans, this brilliant biography reveals a man of many layers and contradictions. Following the journey of a musician who left his family's poor cotton farm at age eight carrying only a guitar, the book chronicles his life on the open road playing blues music and doing odd jobs. It debunks the myths surrounding his meetings with Blind Lemon Jefferson and Texas Alexander, his time on a chain gang, his relationships with women, and his lifelong appetite for gambling and drinking. This volume also discusses his hard-to-read personality; whether playing for black audiences in Houston's Third Ward, for white crowds at the Matrix in San Francisco, or in the concert halls of Europe, Sam Hopkins was a musician who poured out his feelings in his songs and knew how to endear himself to his audience--yet it was hard to tell if he was truly sincere, and he appeared to trust no one. Finally, this book moves beyond exploring his personal life and details his entire musical career, from his first recording session in 1946--when he was dubbed Lightnin'--to his appearance on the national charts and his rediscovery by Mack McCormick and Sam Charters in 1959, when his popularity had begun to wane and a second career emerged, playing to white audiences rather than black ones. Overall, this narrative tells the story of an important blues musician who became immensely successful by singing with a searing emotive power about his country roots and the injustices that informed the civil rights era.
