**X-Men and the Mutant Metaphor** Mar 17 2021 Among both fans and the academic community, there is a general assumption that the X-Men franchise is one of the most progressive and inclusive superhero comic books that has been published. However, this study challenges such assumptions, revealing that there is an unfortunate trend throughout the majority of the title's history: Minority characters are most likely to be villains, female characters are most likely to be supporting cast members, and white males are most likely to be members of the X-Men.

[The Long Southern Strategy](#) Mar 05 2020 In *The Long Southern Strategy*, Angie Maxwell and Todd Shields trace the consequences of the GOP's decision to court white voters in the South. Over time, Republicans adopted racially coded, anti-feminist, and evangelical Christian rhetoric and policies, making its platform more southern and more partisan, and the remodel paid off. This strategy has helped the party reach new voters and secure electoral victories, up to and including the 2016 election. Now, in any Republican primary, the most southern-presenting candidate wins, regardless of whether that identity is real or performed. Using an original and wide-ranging data set of voter opinions, Maxwell and Shields examine what southerners believe and show how Republicans such as Donald Trump stoke support in the South and among southern-identified voters across the nation.

*How to Choose a Leader* Aug 10 2020 Twenty essential tips for picking great leaders from the father of modern politics One of the greatest political advisers of all time, Niccolò Machiavelli thought long and hard about how citizens could identify great leaders—ones capable of defending and enhancing the liberty, honor, and prosperity of their countries. Drawing on the full range of the Florentine's writings, acclaimed Machiavelli biographer Maurizio Viroli gathers and interprets Machiavelli's timeless wisdom about choosing leaders. The brief and engaging result is a new kind of Prince—one addressed to citizens rather than rulers and designed to make you a better voter. Demolishing popular misconceptions that Machiavelli is a cynical realist, the book shows that he believes republics can't survive, let alone thrive, without leaders who are virtuous as well as effective. Among much other valuable advice, Machiavelli says that voters should pick leaders who put the common good above narrower interests and who make fighting corruption a priority, and he explains why the best way to recognize true leaders is to carefully examine their past actions and

words. On display throughout are the special insights that Machiavelli gained from long, direct knowledge of real political life, the study of history, and reflection on the political thinkers of antiquity. Recognizing the difference between great and mediocre political leaders is difficult but not at all impossible—with Machiavelli's help. So do your country a favor. Read this book, then vote like Machiavelli would.

**X-Men Milestones: Messiah War** Sep 03 2022 The biggest and best adventures of Marvel's mighty mutants - these are the X-Men Milestones! Months ago, Cyclops gave Cable custody of the first mutant born since M-Day, an infant many see as mutantkind's last hope. Cable took her into the future but soon found himself trapped there - with the relentless Bishop in hot pursuit, intent on killing the child. Now, Cyclops has finally located Cable, and is sending the black-ops squad X-Force forward in time to help - but Bishop has a horrifying new ally, and X-Force will find a death trap waiting for them! Is the child called Hope the savior of mutantkind, or the bringer of the Apocalypse? The past, present and future converge in one blockbuster blowout! COLLECTING: X-FORCE/CABLE: MESSIAH WAR (2009) 1, CABLE (2008) 13-15, X-FORCE (2008) 14-16, X-MEN: FUTURE HISTORY - THE MESSIAH WAR SOURCEBOOK (2009) 1

**Dune Messiah** Jun 07 2020 Book Two in the Magnificent Dune Chronicles—the Bestselling Science Fiction Adventure of All Time Dune Messiah continues the story of Paul Atreides, better known—and feared—as the man christened Muad'Dib. As Emperor of the known universe, he possesses more power than a single man was ever meant to wield. Worshipped as a religious icon by the fanatical Fremen, Paul faces the enmity of the political houses he displaced when he assumed the throne—and a conspiracy conducted within his own sphere of influence. And even as House Atreides begins to crumble around him from the machinations of his enemies, the true threat to Paul comes to his lover, Chani, and the unborn heir to his family's dynasty...

**The Apocalyptic Complex** Sep 22 2021 The attack on the World Trade Center in 2001, followed by similarly dreadful acts of terror, prompted a new interest in the field of the apocalyptic. There is a steady output of literature on the subject (also referred to as “the End Times.”) This book analyzes this continuously published literature and opens up a new perspective on these views of the apocalypse. The thirteen essays in this volume focus on the dimensions, consequences and transformations of Apocalypticism. The authors explore the everyday relevance of the apocalyptic in contemporary society, culture, and politics, side by side with the various histories of apocalyptic ideas and movements. In particular, they seek to better understand the ways in which perceptions of the apocalypse diverge in the American, European, and Arab worlds. Leading experts in the field re-evaluate some of the traditional views on the apocalypse in light of recent political and cultural events, and, go beyond empirical facts to reconsider the potential of the apocalyptic. This last point is the focal point of the book.

**X-Men Milestones: Messiah Complex** Oct 04 2022 The biggest and best adventures of Marvel's mighty mutants - these are the X-Men Milestones! With no more mutants being born, the future of Homo superior has never looked bleaker. At the seeming end of their evolutionary cycle, a miracle arrives - in the form of the first child born with the X-gene since the tragic events of M-Day! But this sudden source of hope spawns a bloody, violent - and tragic - conflict for control over the baby girl's fate. It is a battle in which every mutant on the planet has a stake. The fight is on! Messiah Complex mines the rich tapestry of X-Men history for a dizzying thrill ride of suspense that sets a new course for the future of mutantkind! COLLECTING: X-MEN: MESSIAH COMPLEX ONE-SHOT (2007), UNCANNY X-MEN (1981) 492-494, X-MEN (1991) 205-207, NEW X-MEN (2004) 44-46, X-FACTOR (2005) 25-27

**The Messiah in the Old and New Testaments** Feb 02 2020 When the ancients talked about "messiah", what did they picture? Did that term refer to a stately figure who would rule, to a militant who would rescue, or to a variety of roles held by many? While Christians have traditionally equated

the word "messiah" with Jesus, the discussion is far more complex. This volume contributes significantly to that discussion. Ten expert scholars here address questions surrounding the concept of "messiah" and clarify what it means to call Jesus "messiah." The book comprises two main parts, first treating those writers who preceded or surrounded the New Testament (two essays on the Old Testament and two on extrabiblical literature) and then discussing the writers of the New Testament. Concluding the volume is a critical response by Craig Evans to both sections. This volume will be helpful to pastors and laypersons wanting to explore the nature and identity of the Messiah in the Old and New Testament in order to better understand Jesus as Messiah.

**Dirty! Dirty! Dirty!** Feb 13 2021 A wild and uncompromising history of four infamous magazines and the outlaws behind them, Dirty! Dirty! Dirty! is the first book to rip the sheet off of the sleazy myth-making machine of Hugh Hefner and Playboy, and reveal the doomed history of Hefner's arch rival, Penthouse founder Bob Guccione, whose messiah complex and heedless spending — on a legendary flop of a movie paid for with bags of cash, a porn magazine for women, and a pie-in-the sky scheme for a portable nuclear reactor — fueled the greatest riches to rags story ever told. The adventure begins in the early 1950s and rips through the tumultuous '60s and '70s —when Hustler's Larry Flynt and Screw's Al Goldstein were arrested dozens of times, recklessly pushing the boundaries of free speech, attacking politicians, and putting unapologetic filth front and center — through the 1990s when a sexed-up culture high on the Internet finally killed the era when men looked for satisfaction in the centerfold. As America goes, so goes it's porn. Along the way we meet many unexpected heroes—John Lennon, Lenny Bruce, Helen Gurley Brown, and the staff of Mad magazine among them—and villains—from Richard Nixon and the Moral Majority to Hugh Hefner himself, whose legacy, we learn, is built on a self-perpetuated lie.

**50 Jewish Messiahs** May 07 2020 It is a little known fact that there have been more than fifty prominent Jewish Messiahs. These characters, though unrenowned today, inspired messianic fervour that at times seized the whole Jewish, Christian, Muslim and even secular worlds. The stories of these fifty Messiahs, both male and female, are unknown -- suppressed by Jewish religious authorities or ignored by historians of all religions. Until now. In this book, these Jewish Messiahs are remembered, and now their forgotten stories -- whether humorous, bizarre, tragic or solemn -- are finally told. The Messiah who killed the Pope; The Messiah who was saved from the Inquisition when the Pope hid him in the Vatican; The Messiah who demanded that his head be cut off in order to prove his immortality The Messiah who defied the Holy Roman Emperor; The 17th century Messiah whose followers continued their secret society into the 20th century. And to contemporary times and the story of the late Lubavitcher Rebbe, Menachem Mendel Schneerson, and how he inspired a passionate and devoted following. Above all, Fifty Jewish Messiahs examines humanity, not divinity, and history rather than theology. Taken together, these intriguing stories paint a vivid portrait of the universal and timeless human need for optimism, and hope in a better future.

**Bare-Faced Messiah** Dec 14 2020 Bare-Faced Messiah tells the extraordinary story of L. Ron Hubbard, a penniless science-fiction writer who founded the Church of Scientology, became a millionaire prophet and convinced his adoring followers that he alone could save the world. According to his 'official' biography, Hubbard was an explorer, engineer, scientist, war hero and philosopher. But in the words of a Californian judge, he was schizophrenic, paranoid and a pathological liar. What is not in dispute is that Hubbard was one of the most bizarre characters of the twentieth century. Bare-Faced Messiah exposes the myths surrounding the fascinating and mysterious founder of the Church of Scientology - a man of hypnotic charm and limitless imagination - and provides the definitive account of how the notorious organisation was created.

**What If?** Oct 12 2020 Marvel once again poses the question, "What If...?" What if Annihilus had not been defeated in the outskirts of our galaxy, and instead had brought his devastating alien armada to Earth? What if Iron Man had lost the Civil War? What if the Hulk had landed on a peaceful planet, as the Marvel heroes had intended when they exiled him into space? Or Banner had landed on Sakaar instead of the Hulk? Or the Hulk's warrior bride, Caiera the Oldstrong, had come to Earth seeking vengeance instead of her husband? What if Vulcan had become Phoenix? And finally, what if Peter Parker had never come home years ago after following Wolverine to Russia and accidentally killing a friend? Collects What If?

**I See You** May 31 2022 In the blockbuster film Avatar, science fiction and the technological prowess of director James Cameron meet in a heady concoction that, while visually ravishing, could easily be dismissed as "eye candy." While critics most frequently acclaimed its breakthrough 3-D technology, close scrutiny of the film raises provocative questions about the relationship between mind and body, appearance and reality. It brings into focus the relationships of humans to their technology, their planet, and each other and highlights the nature and potential of film itself. This work explores the theoretical and philosophical issues brought to bear in Avatar, exploring the spaces between human and machine; technology and nature; chick flick and action-adventure; and old-fashioned storytelling and cutting-edge technology. Central to the book's analysis is an examination of the extent to which Avatar melds the seer and the seen, illuminating an alternative visual paradigm. Instructors considering this book for use in a course may request an examination copy here.

**Profusely Illustrated** Oct 31 2019 The fabulous life and times of one of our wittiest, most endearing and enduring caricaturists—in his own words and inimitable art. Sorel has given us "some of the best pictorial satire of our time ... [his] pen can slash as well as any sword" (The Washington Post). Alongside more than 172 of his drawings, cartoons, and caricatures—and in prose as spirited and wickedly pointed as his artwork—Edward Sorel gives us an unforgettable self-portrait: his poor Depression-era childhood in the Bronx (surrounded by loving Romanian immigrant grandparents and a clan of mostly left-leaning aunts and uncles); his first stabs at drawing when pneumonia kept him out of school at age eight; his time as a student at New York's famed High School of Music and Art; the scrappy early days of Push Pin Studios, founded with fellow Cooper Union alums Milton Glaser and Seymour Chwast, which became the hottest design group of the 1960s; his two marriages and four children; and his many friends in New York's

art and literary circles. As the “young lefty” becomes an “old lefty,” Sorel charts the highlights of his remarkable life, by both telling us and showing us how in magazines and newspapers, books, murals, cartoons, and comic strips, he steadily lampooned—and celebrated—American cultural and political life. He sets his story in the parallel trajectory of American presidents, from FDR’s time to the present day—with the candor and depth of insight that could come only from someone who lived through it all. In *Profusely Illustrated*, Sorel reveals the kaleidoscopic ways in which the personal and political collide in art—a collision that is simultaneously brilliant in concept and uproarious and beautiful in its representation.

**Jesus of Nazareth** Sep 10 2020 Dale Allison's clearly written Jesus of Nazareth will enable people who have followed recent discussions to vindicate and reclaim the central religious significance of the historical Jesus. Allison makes a creative contribution to Jesus studies in several ways: -- He offers new suggestions for establishing the authenticity of Jesus' words -- including what he calls "the index of intertextual linkage" -- and for the process of framing a convincing picture of the central thrust and purpose of the activity of Jesus. -- Referring to fascinating cross-cultural millenarian parallels, he shows that the impetus for the pre-Easter Jesus movement was apocalyptic in nature and that the historical Jesus can best be understood as an eschatological prophet. -- He presents the first full-length treatment of the question of Jesus and asceticism and shows that Jesus, far from the image suggested by some today, was driven by an apocalyptic asceticism that extended to matters of sex, food, and social relations.

Superheroines and the Epic Journey Aug 22 2021 The heroine's journey echoes throughout ancient legend. Each young woman combats her dark side and emerges stronger. This quest is also a staple of American comic books. Wonder Woman with semi-divine powers gives us a new female-centered creation story. Batgirl, Batwoman and Black Widow discover their enemy is the dark mother or shadow twin, with the savagery they've rejected in themselves. Supergirl similarly struggles but keeps harmony with her sister. From Jessica Jones and Catwoman to the new superwomen of cutting-edge webcomics, each heroine must go into the dark, to become not a warrior but a savior. Women like Captain Marvel and Storm sacrifice all to join the ranks of superheroes, while their feminine powers and dazzling costumes reflect the most ancient tales.

*The Ages of the X-Men* Apr 29 2022 The X-Men comic book franchise is one of the most popular of all time and one of the most intriguing for critical analysis. With storylines that often contain overt social messages within its "mutant metaphor," X-Men is often credited with having more depth than the average superhero property. In this collection, each essay examines a specific era of the X-Men franchise in relationship to contemporary social concerns. The essays are arranged chronologically, from an analysis of popular science at the time of the first X-Men comic book in 1963 to an interpretation of a storyline in light of rhetoric of President Obama's first presidential campaign. Topics ranging from Communism to celebrity culture to school violence are addressed by scholars who provide new insights into one of America's most significant popular culture products.
