Transforming Therapy Feb 23 2022

The Practice of Cognitive-Behavioural Hypnotherapy Aug 08 2020

This is a comprehensive evidence-based clinical manual for practitioners of cognitive-behavioural hypnotherapy. Cognitive-behavioural hypnotherapy is increasingly becoming the dominant approach to clinical hypnosis. At a theoretical level, it adopts a research-based cognitive-behavioural model of hypnosis. At a practical level, it closely integrates traditional hypnotherapy and cognitive-behavioural therapy techniques. This is the first major treatment manual to describe a fully integrated cognitive-behavioural approach to hypnotherapy, based on current evidence and best practice in the fields of hypnotism and CBT. It is the product of years of work by the author, a cognitive-behavioural therapist and specialist in clinical hypnosis, with over fifteen years' experience in the therapy field. This book should be essential reading for anyone interested in modern evidence-based approaches to clinical hypnosis. It's also an important resource for cognitive-behavioural therapists interested in the psychology of suggestion and the use of mental imagery techniques.

Confessions of A Hypnotist Dec 24 2021 CONFESIONS OF A

HYPNOTIST by Top Television & Media Hypnotist and International Celebrity Mind Therapist Dr. Jonathan Royle BSc is subtitled:

"Everything You Ever Wanted To Know About Hypnosis But Were Afraid to Ask" and the title pretty much says it all. For many years now most Industry Experts have regarded "Hypnotherapy" by Dave Elman as the Handbook for Hypnotherapists and anything by Ormond McGill as must study reading for Stage Hypnotists, However at long last that has all now changed with the release of "Confessions of a Hypnotist" by Dr. Jonathan Royle - BSc This encyclopaedic course available in both Hard Back and Paper Back formats is an amazing compilation of many of Royle's Ebooks including "The Professional Art of Stage Hypnosis, Hypnotherapy & Complete Mind Therapy" - "The Lazy Mans Guide To Stage Hypnotism" "Make A Million From Hypnotherapy" "Hypnotising Animals for Fun and Profits" "Hypno-Tricks How To Be an Instant Hypnotist" "Theres No Such Thing As Hypnosis" and many others! Not only have all of Royle's previous works been compiled into one volume, but all of the information has been completely updated and extensively added to making this without doubt the most comprehensive Home Study Training Course on all areas of the Hypnotic Industry ever written or released to the general public. Indeed many of the Secrets, Ploys, Methods & techniques revealed within the pages of this course have never appeared in print or any other form of training course before, indeed they have been jealously guarded by the Most Successful hypnotists for years, but here for the first time Royle has decided to lift the lid and reveal the True Secrets of Hypnotic Success which can change your life and your clients life forever! To detail all of the mind-blowing secrets, ploys. And tried, tested and proven to work in the real world of Hypnosis & NLP techniques that this combined course contains would take hours, so here are just a few brief examples of the contents: A brief example of the Hypnotherapy, NLP & CMT Contents: What hypnosis is about and how it works. * How the human mind works. * Rapport, observation, recognition, and leadership skills. * Principles of verbal, physical and reverse psychology. * Hypnotherapy, Advanced Hypnotherapy, Hypno-Analysis and Creative Visualisation. * Inductions for the consulting room * Standard phrases for hypnotic inductions and how to deepen the hypnotic trance. * How to identify the trance states and awaken clients. * How to deal with abreaction's and hard to awaken subjects. * Hypnotherapy scripts for

stopping smoking, weight loss, skin problems, and confidence building. * Psychotherapy and how to tackle advanced problems such as acute depression and sexual problems. * The use of hypnosis for past life regression. * Shortcuts to alternative medicine. * How to increase your hypnotherapy business and income. * How to earn money from stress management and motivational training. * The Fast Phobia Cure Treatment Known as Neuro Associative Conditioning (NAC) * The Complete Mind Therapy (CMT) session structure. Many people have gone on to become successful hypnotherapists after taking this course. Take this opportunity and you too can enter this wonderful and rewarding occupation. "Thanks for the training, which was excellent value for money and has provided me with a career for life which I enjoy immensely!" Bill Graham www.hypnosis4u.co.uk A brief breakdown of the Stage Hypnotism Methods taught: What hypnosis is about and how it works. * How the human mind works. * Rapport, observation, recognition, and leadership skills. * Principles of verbal, physical and reverse psychology. * Seven different suggestibility tests to use before hypnosis. * Over thirty different induction methods and techniques to hypnotize people. * How to create your own hypnotic inductions. * Standard phrases which hypnotists use. * Standard

Hidden Depths Jan 13 2021 In *Hidden Depths*, Robin Waterfield explores the fascinating world of hypnosis, tracing the history of this often misunderstood craft beginning with a passage in the book of Genesis, and continuing through his own personal experiences today. Waterfield uses the history and controversy surrounding the practice of hypnosis to gain insight into our behavior and psychology, and considers how hypnotic techniques have been absorbed into society through advertising, media and popular culture.

Self Mastery Through Conscious Autosuggestion Oct 29 2019 "We possess within us a force of incalculable power, which, when we handle it unconsciously is often prejudicial to us. If on the contrary we direct it in a conscious and wise manner, it gives us the mastery of ourselves and allows us not only to escape and to aid others to escape, from physical and mental ills, but also to live in relative happiness, whatever the conditions in which we may find ourselves." E. Coué

A History of Modern Psychology Aug 27 2019 The enhanced 5th Edition of Goodwin's series, *A History of Modern Psychology*, explores the modern history of psychology including the fundamental bases of psychology and psychology's advancements in the 20th century. Goodwin's 5th Edition focuses on the reduction of biographical information with an emphasis on more substantial information including ideas and concepts and on ideas/research contributions.

Stage Hypnosis Made Easy Oct 02 2022 *Stage Hypnosis Made Easy* by International Comedy Stage & Television Hypnotist Jonathan Royle is subtitled "How to Become A Comedy Hypnotist" and it will most certainly teach you that in a simple step by step easy to understand manner. No stone is left unturned in this large format A4 Encyclopedic Style Book of almost 250 pages made up of over 92,000 words which will reveal to you all of the until now most jealously guarded Secrets of the Comedy Stage Hypnotists and Street Hypnotism Performers. Numerous Rapid & Instant Hypnotic Inductions are taught within the pages of this book, many of which would also be of great use to the Hypnotherapist. From How to Book your very first shows, through to what to say and do every step of the way throughout your time on stage, absolutely everything is covered in this book which is arguably the most comprehensive Modern Book of Stage Hypnosis Insider Knowledge and Techniques. There is no outdated information or pipe dreams here, this is the real deal written by someone

who has travelled the world and been featured on Television and Radio Shows internationally with his Comedy Hypnosis talents. To date it is also likely that Royle has taught more people who are currently now working Stage Hypnotists than any other living Hypnosis Trainer and by reading this book you too could become as Successful as his students who are now filling Theatres, Headlining on Five Star Cruises and being featured in the Media and on TV Shows around the World. Included there are also links to further resources and learning materials including 47 Step by Step Hypnosis Training Videos which will help to bring to life many contents of the book and also will go beyond that which is included on the written page. Complete Novices could become Master Comedy Stage Hypnotists by studying this book and even Established Professionals will surely learn at least a few new tricks, techniques and routines to add to their existing repertoire.

Advanced Hypnotism Feb 11 2021 You'll learn hundreds of techniques to enhance life from womb to tomb, from painless birth to peaceful death. The Encyclopedia of Hypnotherapy, Stage Hypnosis and Complete Mind Therapy - Vol 2 May 29 2022 With over 360 Pages of Liquid Gold Information, this book starts where Volume One of "The Encyclopedia of Hypnotherapy, Stage Hypnosis & Complete Mind Therapy" ended and will prove invaluable reading for the Novice or even Established Professional Hypnotist alike. There are comprehensive Sections on Health & Safety and Risk Assessments for The Stage Hypnotist, for Group Therapy Sessions and also for when treating individual clients. You'll learn what is arguably the Worlds Safest and most effective approach to Gastric Band Hypnotherapy Treatment Sessions. Discover how to conduct Enjoyable and Highly Profitable Hypnotic Past Life Regression Sessions. Learn The Secrets of Noesitherapy both for Pain Control and also to easily, rapidly and effectively treat most every problem and health issue you can think of. Plus you'll be enlightened to the use of Mesmeric Passes and other powerful Hypnosis Techniques that are rarely if ever taught by other trainers. And if that's not enough you'll also learn Dual Reality Hypnosis and How To Never Fail when giving Public Demonstrations of the Power of Hypnosis. From treating simple things such as Smoking Cessation and Weight Loss, all the way through to tried, tested and proven to work Strategies and treatment methods for high end issues such as Alcoholism and Drug Addiction, this book has it all. You'll learn how to help with the Symptoms of such serious illnesses and diseases as Cancer and AID's whilst also learning techniques that can help Asthma, Eczema, Psoriasis and numerous other Medical Issues and Complaints. It would be fair to say that after studying the contents of both this book and also Volume One (also available on Amazon and from all good book stores) you will then know more that is of practical use in the real world of Hypnotherapy and Stage Hypnosis than the vast majority of so called Skilled and Established Professional Hypnotists in the world today. Included is also a reprint of some thoughts and approaches to Hypnotherapy by the authors original Hypnosis Instructor and Mentor The Late and Great Delavar. In this, Volume Two, Dr. Jonathan Royle is joined by his Colleagues Dr. Wilf Archer, Dr. Brian Howard, Alasdair Bothwell Gordon, Stuart "Harrison" Cassels and of course Delavar to bring you the highest quality of training. But remember to gain the most from this book you would be wise to have studied (or order at same time) Volume One. And to add the icing to the cake, for the first time in print Royle Reveal's the True Psychological Keys To Success in all forms of Mind Therapies. Once you have a total understanding of these 7 Positive Pillars and also the Four Positive Foundations you will easily be able to help most any person with most any issue you could ever possibly imagine to achieve things and change things in all areas of their life way beyond their wildest dreams. We honestly feel that This Chapter on "The Keys to Hypnotic Success" is worth many times the cost of this book alone for those who study it, absorb it, understand it and then put the valuable insights and teachings it contains into use in the real world. Indeed taking notice of that Chapter alone will make you a far more Confident, Competant, Successful and Effective Hypnotist whether your desire is to work as a Hypnotherapist, a Comedy Stage Hypnotist or indeed both. And when you consider that Volume Two (this book) sells for just \$47 and that Volume One is only \$30, then for a total investment of just \$77 your Hypnosis Education will be complete. You could waste hundreds and hundreds of pounds on various NLP and Hypnosis Books or grab This and also Volume One of this Encyclopedia and then you truly will know everything that you'll ever need to know for Hypnosis Success and will have saved yourself a fortune into the bargain.

Powerful Mind Through Self-Hypnosis Apr 03 2020 Powerful Mind Through Self-Hypnosis is a practical, easy to follow guide to harnessing the power of your subconscious mind for better health. This book will literally change the way you think, feel, act and behave...forever. Clinical Hypnotherapist and Psychotherapist Cathal O'Briain will help you overcome emotional and psychological difficulties through self-hypnotic trance. Symptoms will become a thing of the past as your life transforms, taking you beyond the comfort zone into a world of inner peace and freedom, happiness and success.

Mastering Hypnosis Dec 12 2020 The book is ours. The applause will be yours. If you're interested in mastering the art and science of stage hypnosis, we're confident you'll find no better guide available today. This insightful, how-to guide will teach you everything you need to know to succeed in this fascinating and lucrative field - from how to hypnotize both individuals and groups to the closely-guarded professional techniques used to deepen hypnosis and maximize the power of hypnotic suggestions.

The Stage & Street Hypnosis Handbook Mar 15 2021 Hypnotism is a SKILL not a gift. YOU can learn to be a confident stage or street hypnotist by reading this book. If you want to learn comedy hypnosis, i.e. methods to hypnotise family, friends and strangers for fun (and yes, it is a lot of fun!) then act now and snatch up this 'how-to' manual that's full of information and over 100] scripts to walk you through it! This book is not about 'hypnotherapy' and helping people with hypnosis. THIS book is about GETTING PEOPLE DOING FUNNY STUFF WITH HYPNOSIS... Guiding you from basic safety precautions all the way through to hypnotising people and delivering your own advanced comedy hypnosis routines, Rory Z gives you all you need to know to begin practicing hypnosis straight away, either for fun with your mates, as a roving street hypnotist or as a professional stage-hypnotist. This book is also a very useful tool for the aspiring Hypnotherapist, because learning how to deliver effective suggestions is one of the key elements covered in the book. This is an integral tool of the hypnotherapist (and one that's not always taught well on courses). All of the methods within the book are tried, tested and verified - i.e. they all work! This book cuts away all of the linguistic mumbo-jumbo, dispels all the myths and gets down to cold hard facts, straight away. If you want to be confused and bogged down with unnecessary information - this book is NOT for you. If you want to easily learn how to hypnotise with skill and confidence - this is the book that you need to add to your collection today!

Street Hypnosis May 17 2021

Secrets of Stage Mindreading Jun 05 2020 Including authentic background information on recorded telepathy demonstrations and objective evidence of mindreading, Ormond McGill offers the opportunity to practice and hone your own natural telepathic abilities. " A spectacular piece of work ... an exciting and fascinating volume of enormous mental experiments that will enthrall your audiences over and over again."

Illness and Power Oct 10 2020 Wenegrat (psychiatry, Stanford U. School of Medicine) argues that women's lack of social power, as defined as the ability to provide for one's needs and security and to make decisions based on one's own desires, is to blame for their excess risk for certain mental disorders such as anxiety, depression, eating disorders, and multiple personality. He reviews women's social power and mental illness from an evolutionary and cross-cultural perspective and addresses 19th- century women's disorders and illness roles. Annotation copyright by Book News, Inc., Portland, OR

Hypnosis Jun 17 2021 The contributors in this volume cover a range of themes on the subject of hypnosis including individual differences in hypnotic suggestibility, neuropsychological and neurophysiological research and theories, clinical applications, and professional and legal issues.

The Art of Hypnotic Regression Therapy May 05 2020 Hypnotic Regression Therapy, or HRT, is a type of hypnotherapy in which, following the induction of a good trance state, specialized suggestions are given to guide the client in reviewing and emotionally reframing earlier experiences that have either caused or contributed to the client's current symptoms. HRT is considered one of the most valuable hypnotherapy techniques available today, yet it remains controversial, partly due to inadequate training of psychotherapists and hypnotherapists which has contributed to numerous cases of false memory syndrome.

Hypnotized Jan 31 2020 Unlocking her mind... Will unleash his darkest desires. Marlow Kane Two years ago I had the perfect life.

Then...BOOM...everything was gone in a one shocking instant that left me dead inside. Now I'm a hypnotist on London's famous Harley Street. I'll help you kick a habit, lose an irrational fear, shed some pounds, or explore your past... My new client Olivia Swanson is an incredibly beautiful, mysterious and troubled young woman who has lost her memory. As our sessions commence her deepest darkest desires are laid bare and I realize she is not at all what she seems to be. What I uncover is so intoxicating I begin to lose all sense of professionalism. I know I should abandon our weekly encounters--I know I should stop--but I can't... What I fear most is what I am discovering about myself... Olivia Swanson. Marlow Kane is unlike any man I've ever known. He has film star looks, a ripped body and a very sexy American accent. But sometimes when he thinks no one is looking I see pain swimming in his eyes. To excavate my buried memories I gave him permission to delve into the darkest recesses of my mind, but I've now begun to experience flashbacks. The problem is I don't recognize the woman in my memories. But I say nothing because I fear he may suddenly stop and I cannot let him walk away. I live for his smoldering gaze and forbidden touch. He has no idea that the deeper he goes the more entangled we become....

Hypnotherapy Nov 22 2021

The New Encyclopedia of Stage Hypnotism Jul 31 2022 This phenomenal work by the 'Dean of American Hypnotists' is the most comprehensive text ever to be published on stage hypnotism. It also has widespread therapeutic applications. "A masterwork on Stage Hypnosis" Gil Boyne, President, American Council of Hypnotist Examiners

Hypnosis Jan 25 2022 Although research and practice in hypnosis has seen unprecedented expansion, there has been a definite lack of inclusive and comprehensive surveys to aid the student and researcher. This collection of original chapters written by leading experimental investigators is the first work to offer a current state-of-the-art in hypnosis research. A compendium of the historical background, theories, issues, and trends in hypnosis, this volume represents all major experimental viewpoints while providing a virtual "who's who" in the field of hypnosis. The first two chapters (written by the editors) establish the current theoretical base of the field and review the historical background. Seventeen contributions focus directly on key aspects of present day hypnosis research. These contributions are organized as surveys of broad topic areas, descriptions in depth of individual investigator's programmatic lines of research, and reports on research within specific areas, especially those representing new viewpoints and holding promise for programmatic development. A final chapter develops questions for future research. Offering an inclusive survey of the field from its historical inceptions to its current and predictive state, this book presents many new ideas while updating established positions in research and theory. The vital areas covered in connection with hypnosis include: psychophysiology, creativity, dreams, imagination, suggestibility, simulator controls, cognitive activity, and ego-psychological theory. In addition there are chapters on hypnosis as a research method, the measurement of altered states of consciousness, and hypnotic programming techniques in psychological experiments. "Hypnosis: Research Developments and Perspectives" is written for researchers in hypnosis and clinical practitioners in medicine and psychology. The book will serve as a basic text in all courses in hypnosis at the graduate level. , One man alone cannot construct an entire profession, but David Shakow is one of the architects responsible for shaping clinical psychology into the profession it is today. Reflecting the ideas of a man whose name is synonymous with the field, this volume brings together for the first time his most significant papers in this area and presents a comprehensive, far-reaching overview of clinical psychology addressed to all of its professionals and students. Dr. Shakow's forty years of influence as a clinician, training program administrator, professor, researcher, and public servant are profoundly reflected in these papers. They offer insight into the work and world of

the clinician, the nature of training programs, the history and development of the profession, and the relationship between clinical psychology and other disciplines. Not simply a descriptive record of one man's achievements, the thinking mirrored in this volume is pertinent, even crucial, to the future development of the field. The author's persistent and continuing concern for top quality in training and practice pervades these essays, making them a unified chronicle of the professional growth of clinical psychology and of a master professional's ideas and involvements with the problems and issues in his field. No clinician or student can fully understand the nature of the field, how it came to be, and where it is going, without reading this volume. "David Shakow" (1901-1981) was Senior Research Psychologist at the National Institute of Mental Health. He was Chief Psychologist and Director of Psychological Research at the Worcester State Hospital for eighteen years. He has taught at the University of Illinois College of Medicine and at the University of Chicago. He was also Chief Psychologist at the Illinois Neuropsychiatric Institute and a past president of the Division of Clinical Psychology of the American Psychological Association as well as chairman of the Association's Committee on Training in Clinical Psychology. "Erika Fromm" (1909-2003) was Professor Emeritus of Psychology at the University of Chicago; she was President of the American Board of Psychological Hypnosis, and the Clinical Editor of the "International Journal of Clinical and Experimental Hypnosis" and associate editor of "The Bulletin of the British Society of Experimental and Clinical Hypnosis." She was also past president of The American Psychological Association psychological hypnosis division, Society for Clinical and Experimental Hypnosis, and American Board of Psychological Hypnosis. Ronald E. Shor is Associate Professor of Psychology at the University of New Hampshire and Vice-Chairman of the Education and Research Foundation of the American Society of Clinical Hypnosis.

Practical Lessons in Hypnotism Sep 20 2021 Dr. William Wesley Cook's Practical Lessons in Hypnotism was originally published in 1901, but this scholarly study is as relevant as it ever was. In spite of the skeptics, hypnotism has long been a psychological science that has earned the respect of many in the medical profession (notably, Sigmund Freud) and hypnotherapy is widely used in many treatment programs. Here, Cook approaches the subject in a constructive way, covering the history and philosophy of the science, as well as practical techniques and considerations. Most compelling are the studies of hypnotism's many applications, such as in self-healing, anesthesia, behavioral therapy, and even persuasion in the field of business. Cook's work also includes intellectual discussions on tangential-and fascinating-subjects such as telepathy, clairvoyance, and magnetic healing. Comprehensive and erudite, it promises satisfaction for the curious as well as the studious.

Don't Look in His Eyes Nov 10 2020 Don't Look In His Eyes - how to be a confident original hypnotist is the simple way to learn hypnosis. With simple illustrated inductions to the uses of hypnosis with hypnotic symbolism. "From one hypnotist to another: Having got hold of a copy of this book, you are going to learn about hypnosis today. You are going to learn what it is all about and you are going to have fun doing so. Read. Enjoy. Read again." --Adam Eason

The Nervous Stage Jul 27 2019 The Nervous Stage examines the relations between theatrical practices and the scientific study of the nervous system.

Mindshift Jul 19 2021 Im too fat. I MUST be successful. Im scared. Its because when I was a kid Daddy is never home. We all have frameworks weve built for ourselves throughout life. Ways of being. Of believing. Glasses through which we see life. Whether positive or negative, they shape our whole being and affect our daily lives. From being unsatisfied at home or in a relationship, to impressions left with us from childhood, we constantly live out of lives through these lenses we create in our mind. In Mindshift, Drs. Marty Lerman and Samuel Kupper seek to take the reader on an experiential journey to show how simple changes in perception, a reworking of the way we see through our own lenses, can create drastic positive change. Read about how one woman conquered cancer, how a veteran came home and now lives without the lasting effects of war, how kids no longer suffer from ADHD, and more. If these people can create these kinds of changes in their lives with just a simple shift of the mind, imagine what you could do. Your mind is powerful. Harness it. Shift.

Nicotine Mar 27 2022 The long-awaited second volume of the book which explains how the brain operates Compulsive Habits like smoking, and how hypnotherapy can shut them down. Of Volume I, reviewer Michael O'Sullivan (Hypnotherapy Articles) said: "The author's case is

simple: nicotine is not addictive, and he makes a strong case in support of his argument... Numerous asides to various issues undoubtedly made for a more entertaining read... It's not often that parts of a book on a very serious subject have me by turns howling in laughter and clapping in appreciation of the author's attention to detail - this one did both. This has the potential to be a landmark book, and as such deserves a wide audience."

Hypnosis Jan 01 2020 Hypnosis: A Brief History crosses disciplinary boundaries to explain current advances and controversies surrounding the use of hypnosis through an exploration of the history of its development. examines the social and cultural contexts of the theories, development, and practice of hypnosis crosses disciplinary boundaries to explain current advances and controversies in hypnosis explores shifting beliefs about the nature of hypnosis investigates references to the apparent power of hypnosis over memory and personal identity

The Hypnotist Mar 03 2020 WINNER OF THE HISTORICAL ASSOCIATION'S YOUNG QUILLS AWARD 2017 Jack has left his native Ireland and is making a new life as Professor of Neurology at a university in the American South. He has certain skills, honed over his lifetime, that he mostly keeps hidden. Skills in hypnotism and mind control . . . Thirteen-year-old Pip is plucked out of an orphanage by a farmer, hired as a farm-hand, and as carer for the farmer's wife. But Pip is black. The farmer and his wife are white. And this is 1960s America, where race defines you and overshadows everything. As racial tensions reach boiling point with a danger closer to home and more terrifying than either thought possible, Jack and Pip's lives become inextricably linked. And Jack's hypnotic skills are called on as never before . . .

The Beginner's Guide to Hypnotherapy Jul 07 2020 Anybody can learn to become a hypnotherapist, even if you have little or no experience. This book will teach you how to hypnotise anybody, how to deepen the state of hypnosis. What to do when you have your subject hypnotised - i.e. how to help them resolve their problems (whether, quitting smoking, losing weight, curing a phobia, fixing insomnia, gaining confidence... the list goes on) and how to wake them up at the end of the session. Whether you are recently trained, new to hypnotherapy or have no idea at all about hypnotherapy and would like to learn about it, the Beginner's Guide to Hypnotherapy is the perfect tool for you to get a grasp of the basics principles of hypnotherapy, methods used in real hypnotherapy sessions and the reasons why we do these things. A lot of "Hypnotherapists" read from scripts and have no idea why they are saying what they are saying... A GOOD Hypnotherapist does not do this. To become a GOOD Hypnotherapist takes an equal measure of skill, knowledge, positive intention and a great deal of practice. One size does not fit all with Hypnotherapy, and as a GOOD Hypnotherapist, it is up to you to provide a "tailor-made" solution for your future-clients. The Hypnotherapy methods and techniques set out in this Book will give you a solid foundation upon which to build your own Hypnotherapy scripts and sessions.

EXTREME RAPID WEIGHT LOSS HYPNOSIS & HYPNOTIC GASTRIC BAND Oct 22 2021 Are you fed up with trying to lose weight and never being able to maintain your weight loss? Investigative Forensic Hypnosis Nov 30 2019 Historically viewed as a vehicle for entertainment or the occult, hypnosis has slowly gained recognition as an effective tool in the medical arts, sports programs, and stress seminars. Gradually law enforcement specialists also have used hypnosis - specifically forensic hypnosis - as a powerful tool when collecting information from the witness. Hypnosis serves police and prosecutors by enabling the witness to recall minute details that they had previously forgotten due to momentary excitement or fear. Investigative Forensic Hypnosis presents the practical application and scientific side of this subject, explaining forensic hypnosis in an understandable way, answering many common questions, and identifying its practical use in the courtroom. The author, with 22 years of experience in law enforcement and 14 years experience in forensic hypnosis, brings his outstanding law enforcement background and valued expertise to this important, informative handbook, dissolving misconceptions or doubts and illuminating forensic hypnosis as a valuable advantage in any case. Two parts divide the discussion: The

Essence of Hypnosis - covers the origins of hypnosis to its current uses o explains hypnosis from a scientific approach o clarifies misleading information o provides a logical approach to this unusual phenomenon o illustrates its potential in law enforcement Investigative Forensic Hypnosis - arms its reader with a clear understanding of hypnosis o discusses applications to the criminal justice system o outlines essential guidelines for correctly using forensic hypnosis o identifies specific procedures for determining the facts of a case The information presented assists: the hypnotist performing this investigative technique the investigator considering hypnosis lawyers and judges determining the appropriate application of hypnosis in a case This book provides the framework for hypnosis as a successful and dependable tool to assist in investigations - not to solve crimes by magic but to provide useful, indispensable clues and details. This technique improves information gained from that most important asset in a case - the witness.

Understanding the proper guidelines provided in Investigative Forensic Hypnosis can make a good witness a great witness.
