Louisiana Rocks! May 22 2022 An in-depth history of rock and roll's Louisiana roots. Taking the position that rock and roll started in New Orleans in 1947 when Roy Brown recorded "Good Rockin' Tonight," Aswell provides an expansive history of this beloved American music form. By looking at the Louisianan influences of swamp pop, Cajun, zydeco, R&B, rockabilly, country, and blues music, the author explores the way these musical forms gave birth to rock and roll as we know it today.

Get More Fans: The DIY Guide to the New Music Business Sep 26 2022 How Do I Promote My Music On A Small Budget? How Do I Get My YouTube Videos to Spread? How Do I Turn Casual Fans Into One's Who Buy From Me? How Do I Get Written About On Blogs? How Do I Increase Turnout At Shows? How Do I Make Fans Using Facebook, Twitter, Tumblr And SoundCloud? With every day that passes, the power the major labels once had dies a little more. The chance to get the same exposure as your favorite musicians gets easier and easier. The hurdles that would only allow you to get popular, if the right people said your music was good enough, are gone. You can now get exposed to thousands of potential fans without investing 1% of what musicians used to by building a fanbase based on listeners love for your music. No more writing letters hoping that A&R writes you back. This book explains how you do it. While many books will tell you obvious information, legal mumbo-jumbo and marketing catchphrases that don't help you get more fans. Our experience working with real bands - from upstarts like Man Overboard and Transit to legends like The Cure, The Misfits and Animal Collective, has led us to understand the insider tricks and ideas that go into some of the most important groups of our time. We produce records, do licensing deals, negotiate record contracts and get the musicians we work with written about on websites like Pitchfork and

Vice. We have worked with bands who started off as nothing and became something. Unlike any other book written on the subject we have compiled the knowledge no one else has been willing to print in fear of obsoleting their own career. We give you thousands of ideas on how to get people to hear your music and turn them into fans who pay to support your music. Whether you are a label owner, musician, manager, booking agent or publicist there is information in this book that will help you do what you do better. Enjoy! Guide to Linux Networking and Security Mar 20 2022 Guide to Linux Networking and Security is a hands-on, practical guide that can be used to master Linux networking and security, in preparation for the Linux certification exams from SAIR/GNU and LPI. This book begins by introducing networking technologies and protocols, then moves into configuring a Linux network using a variety of command line and graphical utilities. Specific protocols and applications are covered in the networking chapters, including the r-utilities, NFS, Samba, and FTP, plus business-critical services such as e-mail, Web, and DNS. The second half of this book includes a discussion of security in the context of protecting business assets and user privacy, with emphasis on system administrator ethics. Cryptography and encrypted protocols lay a foundation for discussion of specific Linux security tools, including PAM, sudo, and GPG.

User, file, and network security are covered. The network security discussion includes firewalls, VPNs, and utilities such as nmap, ethereal, and the SAINT profiling tool. Throughout, the book provides examples of sample commands and output, plus screen shots of related graphical utilities.

Soul of the Man Nov 04 2020 Bobby "Blue" Bland's silky smooth vocal style and captivating live performances helped propel the blues out of Delta juke joints and into urban clubs and upscale theaters. Until now, his story has never been told in a book-length biography. *Soul of the Man: Bobby "Blue" Bland* relates how Bland, along with longtime friend B. B. King, and other members of the loosely knit group who called themselves the Beale Streeters, forged a new electrified blues style in Memphis in the early 1950s. Combining elements of Delta blues, southern gospel, big-band jazz, and country and western music, Bland and the Beale Streeters were at the heart of a revolution. This biography traces Bland's life and recording career, from his earliest work through his first big hit in 1957, "Farther Up the Road." It goes on to tell the story of how Bland scored hit after hit, placing more than sixty songs on the R&B charts throughout the 1960s, '70s, and '80s. While more than two-thirds of his hits crossed over onto pop charts, Bland is surprisingly not widely known outside the African American community. Nevertheless, many of his recordings are standards, and he has created scores of hit albums such as his classic 1961 *Two Steps from the Blues*, widely considered one of the best blues albums of all time. *Soul of the Man* contains a select discography of the most significant recordings made by Bland, as well as a list of all his major awards. A four-time Grammy nominee, he received Lifetime Achievement Awards from the National Academy of Recording Arts and Sciences and the Blues Foundation, as well as the Rhythm & Blues Foundation's Pioneer Award. He was also inducted into the Rock and Roll Hall of Fame and the Blues Foundation's Hall of Fame. This biography at last heralds one of America's great music makers.

The Yahoo! Style Guide Apr 21 2022 Is it Web site, website or web site? What's the best on-screen placement for a top story? How can I better know my site's audience? The rapid growth of the Web has meant having to rely on style guides that are intended for print publishing and do not address writing for the Internet. The Yahoo! Style Guide does. Writers and programmers at Yahoo!, faced with a lack of industry guidance fifteen years ago, began creating a set of guidelines for web writing. The seeds of The Yahoo! Style Guide were planted with their first in-house reference, which has been added to ever since, making it the go-to manual inside Yahoo! Polished and expanded for its public debut, this resource will cover the basics of grammar and punctuation as well as Web-specific ways to perfect a site. It includes: identifying the audience and making the site accessible to everyone; constructing a clear and compelling story; developing a site's unique voice; streamlining text for mobile devices; optimizing webpages to increase the chances of appearing in search results; streamlining text so it can be read at Internet speed.
