*The Book of Magic* May 31 2022 Master storyteller Alice Hoffman brings us the conclusion of the Practical Magic series in a spellbinding and enchanting final Owens novel brimming with lyric beauty and vivid characters. The Owens family has been cursed in matters of love for over three-hundred years but all of that is about to change. The novel begins in a library, the best place for a story to be conjured, when beloved aunt Jet Owens hears the deathwatch beetle and knows she has only seven days to live. Jet is not the only one in danger—the curse is already at work. A frantic attempt to save a young man's life spurs three generations of the Owens women, and one long-lost brother, to use their unusual gifts to break the curse as they travel from Paris to London to the English countryside where their ancestor Maria Owens first practiced the Unnamed Art. The younger generation discovers secrets that have been hidden from them in matters of both magic and love by Sally, their fiercely protective mother. As Kylie Owens uncovers the truth about who she is and what her own dark powers are, her aunt Franny comes to understand that she is ready to sacrifice everything for her family, and Sally Owens realizes that she is willing to give up everything for love. *The Book of Magic* is a breathtaking conclusion that celebrates mothers and daughters, sisters and brothers, and anyone who has ever been in love.

Stella foresees a gruesome murder, and tells her charming, feckless father about it, but it is too late - the murder has already been committed and suspicion falls on him. Hoffman unlocks the caskets of family life and the secret history of a community in this magical story about young love and old love, about making choices - usually the wrong ones - about foresight and consequences, all suffused with the haunting scent of roses and wisteria, and the hum of bees on a summer evening.

**Alice I Have Been** Aug 29 2019 BONUS: This edition contains an Alice I Have Been discussion guide and an excerpt from Melanie Benjamin's *The Autobiography of Mrs. Tom Thumb*. Few works of literature are as universally beloved as Alice's *Adventures in Wonderland*. Now, in this spellbinding historical novel, we meet the young girl whose bright spirit sent her on an unforgettable trip down the rabbit hole—and the grown woman whose story is no less enthralling. But oh my dear, I am tired of being Alice in Wonderland. Does it sound ungrateful? Alice Liddell Hargreaves's life has been a richly woven tapestry: As a young woman, wife, mother, and widow, she's experienced intense passion, great privilege, and greater tragedy. But as she nears her eighty-first birthday, she knows that, to the world around her, she is and will always be only "Alice." Her life was permanently dog-eared at one fateful moment in her tenth year—the golden summer day she urged a grown-up friend to write down one of his fanciful stories. That story, a wild tale of rabbits, queens, and a precocious young child, becomes a sensation the world over. Its author, a shy, stuttering Oxford professor, does more than immortalize Alice—he changes her life forever. But even he cannot stop time, as much as he might like to. And as Alice's childhood slips away, a peacetime of glittering balls and royal romances gives way to the urgent tide of war. For Alice, the stakes could not be higher, for she is the mother of three grown sons, soldiers all. Yet even as she stands to lose everything she treasures, one part of her will always be the determined, undaunted Alice of the story, who discovered that life beyond the rabbit hole was an astonishing journey. A love story and a literary mystery, *Alice I Have Been* brilliantly blends fact and fiction to capture the passionate spirit of a woman who was truly worthy of her fictional alter ego, in a world as captivating as the Wonderland only she could inspire.

**Alice in the Land of Plants** Mar 29 2022 Why is it that plants do not need to move? How does a nonmotile organism have sex or defend itself? Why are some plants virtually immortal? What is the mechanism that allows plants to exploit a practically inexhaustible extraterrestrial energy source? How do plants regulate the composition of our planet's atmosphere? Why have there not been mass extinctions among plants as there have been among animals? How do plants communicate with one another? In the end, are plants intelligent organisms? These are some of the questions the author discusses to demonstrate that plants are wrongly considered to be simple organisms lacking

specific behaviour and intelligence. This book promises to be as pleasant a surprise as Alice's experience in the white rabbit's warren, in which she encountered a world very different from ours. The author explains the biology of plants following Einstein's maxim that everything should be made as simple as possible, but not simpler.

**The Dovekeepers** Jun 19 2021 An ambitious and mesmerizing novel from the bestselling author of *Rules of Magic*. The Dovekeepers is "striking... Hoffman grounds her expansive, intricately woven, and deepest new novel in biblical history, with a devotion and seriousness of purpose" (Entertainment Weekly). Nearly two thousand years ago, nine hundred Jews held out for months against armies of Romans on Masada, a mountain in the Judean desert. According to the ancient historian Josephus, two women and five children survived. Based on this tragic and iconic event, Hoffman's novel is a spellbinding tale of four extraordinarily bold, resourceful, and sensual women, each of whom has come to Masada by a different path. Yael's mother died in childbirth, and her father, an expert assassin, never forgave her for that death. Revka, a village baker's wife, watched the murder of her daughter by Roman soldiers; she brings to Masada her young grandsons, rendered mute by what they have witnessed. Aziza is a warrior's daughter, raised as a boy, a fearless rider and expert marksman who finds passion with a fellow soldier. Shirah, born in Alexandria, is wise in the ways of ancient magic and medicine, a woman with uncanny insight and power. The lives of these four complex and fiercely independent women intersect in the desperate days of the siege. All are dovekeepers, and all are also keeping secrets—about who they are, where they come from, who fathered them, and whom they love.

Left waiting at the clubhouse is the Property of the Orphans, tough girls in mascara and leather who have declared their allegiance to the crew. Tonight, a new girl has joined their ranks. She waits only for McKay. Drag races, dope, knife fights in the street. She wears black stretch pants instead of Bermuda shorts, owns twenty-three shades of nail polish, and sings along to Elvis like a schoolgirl. Though Nora is eager to fit in on Hemlock Street, her effect on the neighbors is anything but normal. The wives distrust her, the husbands desire her, and the children think she's a witch. But through Nora's eyes, the neighborhood appears far from perfect. Behind every neatly trimmed hedge and freshly painted shutter is a family struggling to solve its own unique mysteries. But the Owens siblings are desperate to uncover who they really are. Each heads down a life-altering course, filled with secrets and truths, devastation and joy, and magic and love. **Illumination Night** Mar 17 2021 A "wondrous" novel of fear, desire, loss, and discovery on Martha's Vineyard by the New York Times–bestselling author of *Practical Magic* and *Seventh Heaven* (Chicago Tribune). Elizabeth Renny has only made two decisions of consequence in her seventy-plus years. While the first, marrying her husband, had adequate results, the second—deciding she could fly from her bedroom window—is less successful. But her flight sets in motion a series of events that will forever change the lives of six residents of Martha's Vineyard: a young boy who refuses to grow, a wife stifled by her irrational anxiety, a husband tempted by the unknown, a girl flirting with disaster, a gentle giant tortured by his size, and an old woman with nothing to lose. Praised as "an intelligent novel" by the New York Times and "achingly vivid" by Newsday, *Illumination Night* is a sparkling and heartbreaking narrative that explores marriage, friendship, youth, yearning, disillusionment, and desire, a book as bright and memorable as the festival of lanterns for which it is named.

**Scattered All Over the Earth** Apr 05 2020 \*From the author of *The Last Children of Tokyo*\* A mind-expanding, cheerfully dystopian novel about friendship, difference and what it means to belong, by a National Book Award-winning novelist. Welcome to the not-too-distant future. Japan, having vanished into the sea, is now remembered as 'the land of sushi'. Hiruko, a former citizen and a climate refugee herself, has a job teaching immigrant children in Denmark with her invented language Panska (Pan-Scandinavian): 'homemade language. no country to stay in. three countries I experienced. no time to learn three different languages. might mix up. insufficient space in brain. so made new language. homemade language most Scandinavian people understand'. Hiruko soon makes new friends to join her in her travels searching for anyone who can still speak her mother tongue: Knut, a graduate student in linguistics, who is fascinated by her Panska; Akash, an Indian man who lives as a woman, wearing a red sari; Nanook, an Eskimo from Greenland, first mistaken as another refugee from the land of sushi; and Nora, who works at the Karl Marx House in Trier. All these characters take turns narrating chapters, which feature an umami cooking competition; a dead whale; an ultra-nationalist named Breivik; Kakuzo robots; uranium; and an Andalusian bull fight. Episodic, vividly imagined and mesmerising, *Scattered All Over the Earth* is another sui generis masterpiece by Yoko Tawada.

**Alice Walker: Living by the Word** Nov 12 2020 'An extraordinarily diverse collection; pure Walker, fresh-eyed and sassy' NEW YORK TIMES *Living by the Word* is a memorable collection of essays, letters and journal extracts from Pulitzer Prize winner, Alice Walker. In her own immaculate prose, Alice Walker opens an intimate window to her world - whether it be her troubled relationship with her father, her upbringing amidst the poverty of rural Georgia, her daughter Rebecca, or simply her joy in choosing plants for her garden, planning the colours of her home, or relishing the taste of freshly picked vegetables. In other essays she explores themes such as the nature of dreams, justice, folklore and the role of ancestors. She details the story of Dessie Woods who was sent to jail for murdering her would-be rapist and highlights the role of racism and prejudice in the law's treatment of black women. Finally we travel with her on her journey to China, to Bali, and a visit to Nine Miles - the birthplace of the legendary Bob Marley.

**My 1001 Nights** Jul 29 2019 TV presenter, writer and adventurer Alice Morrison gives her own unique and personal insight into Morocco, her home for 1001 nights. When Alice Morrison headed out to Morocco, it was to take on one of the most daunting challenges: to run in the famous Marathon des Sables. Little did she expect to end up living there. But as soon as she settled in a flat in Marrakech, she was won over by the people, the spectacular scenery and the ancient alleyways of the souk. Soon she was hiking over the Atlas mountains, joining nomads to sample their timeless way of life as they crossed the Sahara desert, and finding peace in a tranquil oasis. Despite more than 10 million tourists coming to Morocco each year, there is remarkably little that has been written about its people, their customs and the extraordinary range of places to visit, from bustling markets to vast, empty deserts. Alice makes sure she samples it all, and as she does she provides a stunning portrait of a beautiful country. As a lone woman, she often attracts plenty of curiosity, but her willingness to participate - whether thigh deep in pigeon droppings in a tannery or helping out herding goats - ensures that she is welcomed everywhere by a people who are among the most hospitable on the planet. Alice came to fame with her BBC2 series *Morocco to Timbuktu*, and now she joins the ranks of great travel writers who can bring a country vividly to life and instantly transport the reader to a sunnier place. If you're thinking of going to Morocco, or you want to recall your time there, *My 1001 Nights* is the ideal book.

Maize fuelled the growth of empires. Potatoes brought us feast and famine. Chickens led us to wonder about tomorrow. Rice promised us a golden future. Horses gave us strength and speed. Apples travelled with us. HUMANS TAMED THEM ALL. For hundreds of thousands of years, our ancestors depended on wild plants and animals to stay alive - until they began to tame them. Combining archaeology and cutting-edge genetics, *Tamed* tells the story of the greatest revolution in human history and reveals the fascinating origins of ten crucial domesticated species; and how they, in turn, transformed us. **ALICE'S ARMY** Mar 05 2020 Ten years have passed since the events of *The Final Alice*. While mourning the death of a team member, Alice Pleasance must come to terms with the sacrifices inherent in the job she accepted, one that does not allow vacations or weekends. A job which forces her to never age and never die, making friendships outside the team nearly impossible. Now a perfect hunter and tracker, Alice is emotionally isolated and haunted by a constant stream of nightmares involving twins, a screaming man, and a mysterious shack. When a serial killer embarks on a murder spree in Nigeria, Alice and her team prepare to eliminate the threat. They join forces with the heir of a petroleum dynasty gifted with a unique and powerful ability all his own. But before long, they realize the current murders involve an angry and vengeful old enemy. Gritty and atmospheric, *Alice's Army* centers on the forces of good and evil in our modern world. It examines the powerful grip of emotional addictions as well as the psychology of fear. This middle chapter of the trilogy reflects on each team member's beginnings and defines the concept of family as those who stand alongside us in the darkest of hours against the most terrible of threats. Ripley's undeniable, infectious love for these characters is superpowered. Alice is back with her motley crew of supernatural karma commandos in tow. Battle-tested, wiser, and more complex as a team, the new dynamic serves as rocket fuel for the author's unmistakable voice to shine. Filled with wild imagery, fierce action, genuine emotion and pure whimsy, few authors can so effortlessly glide between a high-velocity narrative and complete phantasmagoria. I loved it! -Michael Wandmacher, film composer: *My Bloody Valentine*, *The Last Exorcism: Part II* Alycia Ripley writes with grace and delicacy about the sometimes very violent fantasies of young women in a threatening world.
