The 5 Levels of Formality Oct 11 2020 Have you ever experienced the following? A new, fired-up distributor joins your business, excited about the opportunity to change their life circumstances for the better. They "get" the business, they know what they have to do to make a success of it and they can't wait to get started. Equally, you're excited about your new recruit. You feel that you've finally found "the one" person that is going to take the business seriously, someone you can work with, someone who is going to stick around no matter what. Within a few

short days/weeks, they're no longer taking your phone calls or replying to your messages. You're eager to catch up with them because the customers they promised to sign up never showed on your system, and the new recruits failed to materialise. What happened? Where did it go wrong? In the eager and enthusiastic rush to get into action with their Network Marketing business, new distributors often fall at the first hurdle and suffer rejection, ridicule and resistance because not enough forethought is put into what they are going to say to prospects before they say it. In Network Marketing, we do a fantastic job of equipping distributors with skills and systems that will help them to jump the 'hurdles' that they'll encounter throughout their Network Marketing career; from writing their list to overcoming objections, closing techniques, presentation skills, coaching, leadership principles... Indeed, we seem to have a proven system for all of these areas of the business - and they work fantastically well, in the main! Strangely, for some reason, we don't seem to have any such system for helping distributors make initial sense of their contact list. By reading this book, you will learn: How, when it comes to prospecting scripts, one size does not fit all How to prospect everyone on your contact list using an approach that is based upon your existing relationship with them How to overcome the mental brick wall that many distributors hit when deciding who to contact first How to go back to people who you've already "blown out"! How to reframe your thinking about your contact list before blowing them out! How to approach your closest family and friends and avoid coming across as "salesy" or weird, given that "you only get one chance to make a first impression" How to overcome the fear of making the initial contact with people on your list How to clear the fog of who to approach first - and why How to identify and maximise prospecting opportunities that arise within your everyday life How to develop relationships with people, over time, that will make it feel completely natural to share your business opportunity with them How to get prospects to ask you about your business How to successfully approach those intimidating people on your chicken list How to get your new team members into action and off to a resistance-free start How to reduce the chances of new team members quitting by teaching them skills that will get them off to the best possible start How to embrace rejection by building an effective "No For Now" list. How to duplicate these philosophies and skills through your team How to minimise resistance, suspicion and ridicule from the people who know you best How to combat the fear of approaching people with the help of helium balloons! Written as a story, based on real-life events, we follow the transformation of Sam Hirst on his rollercoaster journey - from the highs of being an excited new distributor, to the lows of personal rejection, disillusionment and frustration - and finally through to becoming an accomplished and successful Network Marketer.

Holding Back The Tears Mar 16 2021 This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you"; - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her beliefs about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

The Cambridge Companion to Shakespeare and Race Aug 21 2021 *The Cambridge Companion to Shakespeare and Race* shows teachers and students how and why Shakespeare and race are inseparable. Moving well beyond *Othello*, the collection invites the reader to understand racialized discourses, rhetoric, and performances in all of Shakespeare's plays, including the comedies and histories. *Race* is presented through an intersectional approach with chapters that focus on the concepts of sexuality, lineage, nationality, and globalization. The collection helps students to grapple with the unique role performance plays in constructions of race by Shakespeare (and in Shakespearean performances), considering both historical and contemporary actors and directors. *The Cambridge Companion to Shakespeare and Race* will be the first book

that truly frames Shakespeare studies and early modern race studies for a non-specialist, student audience.
