The Man who Fell in Love with the Moon May 02 2020 The plot twists around the questions of humanity in a comic contemporary novel that portrays the trials of Shed, a half-breed, bisexual boy who works at a Victorian whorehouse in the old West

The Boy Who Fell Dec 09 2020 One Saturday in June, a young boy climbed too high in a tall tree. The branch and air were thin, and the boy fell, and nearly died on the hard ground. An inch this way or that, and ours would be different lives. That boy was my son. Together we ended up by slow ambulance in the Trauma Department of the University Hospital; from

there we were transferred to live two weeks near death in the Intensive Care Unit. As people and community, we strived to overcome the traumatic brain injury meted out for his temerity, and sometimes we surrendered. I wrote to stay sane, and present. This is that story, as first shared over long hours from the hallway just outside the ICU.

Young Jewish Poets Who Fell as Soviet Soldiers in the Second World War

Jul 28 2022 This book deals with the work of fifteen young Jewish poets who were killed, died of wounds, or were executed in captivity while serving in the Red Army in the Second World War. All were young, all were poets, most were thoroughly assimilated into Soviet society whilst at the same time being rooted in Jewish culture and traditions. Their poetry, written mostly in Russian, Yiddish, and Ukrainian, was coloured by their backgrounds, by the literary and cultural climate that prevailed in the Soviet Union, and was deeply concerned with their expectation of impending death at the hands of the Nazis. The book examines the poets' backgrounds, their lives, their poetry and their deaths. Like the experiences and poetry of the British First World War poets, the lives and poems of these young Jewish poets are extremely interesting and deeply moving.

Cast down to Earth, the rebel angels ravaged the globe in an orgy of sin and violence as they indulged in their newfound freedoms. Their new home is the Perch, a black, towering monstrosity that blights what's left of the New York City skyline. Life inside the Perch means you watch your tongue, if you're a servant. Jana has lived there since she was a child, and now she's found herself thrust into the middle of angelic politics. Some of them want to torture her,

But some are still fighting, including William Holt. He leads a small cell of fighters, searching for a way to strike back against the angels without getting themselves killed in the process. And all around, the fallen angels inflict their savageries on the dwindling remains of humanity, enjoying every vice they'd been forbidden during their long centuries of service. *They Who Fell* is the first book in a trilogy.

The Girl Who Fell to Earth Sep 05 2020 Award-winning filmmaker and writer Sophia Al-Maria's *The Girl Who Fell to Earth* is a funny and wry coming-of-age memoir about growing up in between American and Gulf Arab cultures. Part family saga and part personal quest, *The Girl Who Fell to Earth* traces Al-Maria's journey to make a place for herself in two different worlds. When Sophia Al-Maria's mother sends her away from rainy Washington State to stay with her husband's desert-dwelling Bedouin family in Qatar, she intends it to be a sort of teenage cultural boot camp. What her mother doesn't know is that there are some things about growing up that are universal. In Qatar, Sophia is faced with a new world she'd only

imagined as a child. She sets out to find her freedom, even in the most unlikely of places. *The Girl Who Fell to Earth* takes readers from the green valleys of the Pacific Northwest to the dunes of the Arabian Gulf and on to the sprawling chaos of Cairo. Struggling to adapt to her nomadic lifestyle, Sophia is haunted by the feeling that she is perpetually in exile: hovering somewhere between two families, two cultures, and two worlds. She must make a place for herself—a complex journey that includes finding young love in the Arabian Gulf, rebellion in Cairo, and, finally, self-discovery in the mountains of Sinai. *The Girl Who Fell to Earth* heralds the arrival of an electric new talent and takes us on the most personal of quests: the voyage home.

Dauntless Courage on the Somme Oct 26 2019 The main focus of the book concentrates upon the sixty-four officers of the British Army's 19th Division (including a small number who were attached from elsewhere) who were either killed or died of wounds during the storming of the heavily-fortified village of La Boisselle, on the Somme, during early July 1916. The initial chapters deal with events from autumn 1914, when the area was captured from the French by the advancing Germans, through the deployment of British regiments the following year, the localized trench raids and digging of mine shafts, and the events of 1 July 1916, when the British attack was totally thwarted after sustaining heavy casualties. A separate section explores the reasons why certain individuals felt compelled to become officers in the first place, often dictated by their pre-war social standing, or simply because the authorities felt they possessed the necessary military attributes to do so. The later chapters deal with the region until the Armistice and beyond, plus a detailed breakdown of casualty figures for all ranks. Apart from a small number of books giving a general background to the village's capitulation, there has not been an in-depth volume dedicated solely to the endeavors of the 19th Division. (Whilst the officers provide the structure for the narrative, the bravery and contribution of the men who followed them into battle is not overlooked. One of them was awarded a Victoria Cross, as was his overall Commanding Officer, plus a gallant lieutenant who fell in action, and all three are indicative of the chaos and courage of the close-quarter fighting experienced by private soldiers through to lieutenant colonels alike). Contained within this text are eyewitness accounts (including some recently uncovered), war diary entries, numerous photographs of the fallen (a small proportion of these involved a lengthy search to obtain, and the collection as a whole has never been collated in one place before), biographical details, contemporary and modern images (a handful of the former have rarely been given a public

platform), and a critical overview of the battle as it unfolded. Coming so soon after the well-documented slaughter of 1 July 1916, the hard-fought tactical success at La Boisselle resulting in 3,500 casualties, of which 1,000 lost their lives is sometimes overlooked within the wider history of the Great War."

The Nut That Fell from the Tree Mar 31 2020 A playful story about one acorn's arduous journey to becoming a tree. In the style of "The House That Jack Built," here's a cumulative, rhyming tale about a nut that falls from an oak that holds the house where Jill plays. The acorn travels inside an old shoe, above the trees and under a stream, as one animal after another steals it, drops it or tosses it. But in the end, the acorn lands on a hillside, where it grows into another grand oak, which now holds the house where Jack (Jill's grandson) plays. It's the circle of life ... well, not quite a circle. But loads of fun all the same!

The Whale that Fell in Love with a Submarine Jun 22 2019 A whale falls in love with a military submarine, and dies courting her; a mother caught in a fire following a bombing gives all her body's water to save her son, and her desiccated form turns into a kite; a wolf rescues a sick child abandoned by her parents, only to die himself at the hand of men. However, bunkers can also become real homes, a small Japanese girl and an American POW briefly understand each other and a miraculous tree feeds starving children... This is war, no doubt, but told by someone who understands how children truly experience war and its aftermath - the bombings and parents' deaths, the life of orphans who roam the streets, the starvation and blind violence in a society beyond destruction. Akiyuki Nosaka remembers what it was like to be a child caught in war-torn Japan in 1945, and he retells his experiences in this collection of powerful and beautifully expressive stories for children.

The Man Who Fell to Earth Feb 29 2020 The "beautiful" novel that inspired the Showtime series, from a Nebula Award finalist (The New York

Times). *The Man Who Fell to Earth* tells the story of Thomas Jerome Newton, an alien disguised as a human who comes to Earth on a mission to save his people. Devastated by nuclear war, his home planet, Anthea, is no longer habitable. Newton lands in Kentucky and starts patenting Anthean technology—amassing the fortune he needs to build a spaceship that will bring the last three hundred Anthean survivors to Earth. But instead of the help he seeks, he finds only self-destruction, sinking into alcoholism and abandoning his spaceship, in this poignant story about the human condition—which has inspired both a film starring David Bowie and the new series starring Chiwetel Ejiofor—by the acclaimed author of *Mockingbird*. “Beautiful science fiction . . . The story of an extraterrestrial visitor from another planet is designed mainly to say something about life on this one.” —The New York Times “An utterly realistic novel about an alien human on Earth . . . Realistic enough to become a metaphor for something inside us all, some existential loneliness.” —Norman Spinrad, author of *The Iron Dream* “Those who know *The Man Who Fell to Earth* only from the film version are missing something. This is one of the finest science fiction novels of its period.” —J. R. Dunn, author of *This Side of Judgment*

The Woman Who Fell from the Sky Aug 05 2020 "I had no idea how to find my way around this medieval city. It was getting dark. I was tired. I didn't speak Arabic. I was a little frightened. But hadn't I battled scorpions in the wilds of Costa Rica and prevailed? Hadn't I survived fainting in a San José brothel? Hadn't I once arrived in Ireland with only \$10 in my pocket and made it last two weeks? Surely I could handle a walk through an unfamiliar town. So I took a breath, tightened the black scarf around my hair, and headed out to take my first solitary steps through Sana'a."—from *The Woman Who Fell From The Sky* In a world fraught with suspicion between the Middle East and the West, it's hard to believe that one of the most influential newspapers in Yemen—the desperately poor, ancestral homeland of Osama bin Laden, which has made international headlines for being a terrorist breeding ground—would be handed over to an agnostic, Campari-drinking, single woman from Manhattan who had never set foot in the Middle East. Yet this is exactly what happened to journalist, Jennifer Steil. Restless in her career and her life, Jennifer, a gregarious, liberal New Yorker, initially accepts a short-term opportunity in 2006 to teach a journalism class to the staff of *The Yemen Observer* in Sana'a, the beautiful, ancient, and very conservative capital of Yemen. Seduced by the eager reporters and the challenging prospect of teaching a free speech model of journalism there, she extends her stay to a year as the paper's editor-in-chief. But she is quickly confronted with the realities of

Yemen—and their surprising advantages. In teaching the basics of fair and balanced journalism to a staff that included plagiarists and polemicists, she falls in love with her career again. In confronting the blatant mistreatment and strict governance of women by their male counterparts, she learns to appreciate the strength of Arab women in the workplace. And in forging surprisingly deep friendships with women and men whose traditions and beliefs are in total opposition to her own, she learns a cultural appreciation she never could have predicted. What's more, she just so happens to meet the love of her life. With exuberance and bravery, *The Woman Who Fell from the Sky* offers a rare, intimate, and often surprising look at the role of the media in Muslim culture and a fascinating cultural tour of Yemen, one of the most enigmatic countries in the world.

The Boy Who Fell to Brooklyn May 26 2022

Out of the Dark, 1914-1918 Nov 07 2020 This timely and compelling book records the experiences of Irishmen from South County Dublin who fought in World War I, while also accounting for the lives of their families who remained at home. Principally a social history, the main body of the book is broken up into seven chapters that each disclose the history of a particular district in South Dublin. These local histories expand upon the background of the families subsequently related, providing a fascinating portrait of the lives that soldiers left behind. *The Roll of Honor* covers individuals with riveting life stories and tales of anecdotal intrigue. Families of interesting power and wealth are included, such as the great merchant families of Dublin at the time: the Dockrells, Findlaters, Lees, Martins, and

McCormicks. The book also provides an illuminating history of Ireland's involvement in World War I generally, and how the war and its fighters have been subsequently recognized within Irish society. Reasons for enlistment, the effect of Gallipoli and the Easter Rising, as well as examples of how ex-British servicemen were treated when they returned home to Ireland following the end of the war - all are accounted for in this fascinating history that highlights the enduring contentions related to Ireland's involvement in 'the Great War.'
