Queen of Scots Sep 18 2021 Mary Queen of Scots is perhaps one of the most controversial and divisive monarchs in regal history. Her story reads like a particularly spicy novel, with murder, kidnap, adultery, assassination and execution. To some she is one of the most wronged women in history, a pawn used and abused by her family in the great monarchical marriage game; to others, a murderous adulteress who committed regicide to marry her lover and then spent years in captivity for the crime, endlessly plotting the demise of her cousin, Queen Elizabeth I of England. This book covers the breathtaking scope of her amazing life and examines the

immense cultural legacy she left behind, from the Schiller play of the 1800s to The CW teen drama *Reign*. Temptress, terrorist, or tragic queen, this book will give you the lowdown on one of history's most misunderstood monarchs.

the redemptive power of song Mary Gauthier was twelve years old when she was given her Aunt Jenny's old guitar and taught herself to play with a Mel Bay basic guitar workbook. Music offered her a window to a world where others felt the way she did. Songs became lifelines to her, and she longed to write her own, one day. Then, for a decade, while struggling with addiction, Gauthier put her dream away and her call to songwriting faded. It wasn't until she got sober and went to an open mic with a friend did she realize that she not only still wanted to write songs, she needed to. Today, Gauthier is a decorated musical artist, with numerous

“[Mary] Ruefle . . . brings us an often unnerving, but always fresh and exhilarating view of our common experience of the world.”—Charles Simic Fans of Lydia Davis and Miranda July will delight in this short prose from a beloved and cutting-edge poet. Here are thirty stories that deliver the soft touch and the sucker punch with stunning aplomb. Ducks, physicists, detectives, and The New York Times all make appearances. From “The Dart and the Drill”: I do not believe that when my brother pierced my skull with a succession of darts thrown from across our

paneled rec room on the night of November 18th in my sixth year on earth, he was trying to transcend the notions of time and space as contained and protected by the human skull. But who can fathom the complexities of the human brain? Ten years later—this would have been in 1967—the New York Times reported a twenty-four year old man, who held an honor degree in law, died in the process of using a dentist’s drill on his own skull, positioned an inch above his right ear, in an attempt to prove that time and space could be conquered . . . Mary Ruefle’s poems and prose have appeared in Harper’s Magazine, The Best American

Poetry, and The Next American Essay. Her many awards include NEA and Guggenheim fellowships. She is a frequent visiting professor at the University of Iowa, and she lives and teaches in Vermont.

Having been raised in Jamaica and worked in Panama, Mary Seacole came to England in the 1850s and volunteered to help out during the Crimean War. When her services were turned down, she financed her own expedition to Balaclava, where she earned her reputation as a nurse and for her compassion. Popularly known as 'Mother Seacole', she was the most famous Black celebrity of her generation - an extraordinary achievement in Victorian Britain. She regularly mixed with illustrious royal and military patrons and they, along with grateful war veterans, helped her recover financially when she faced bankruptcy. However, after her
