*The Naturally Clean Home* Dec 14 2020 Keep your home clean, green, and healthy! Learn how to disinfect and freshen your house using powerful all-natural cleaners made by mixing essential oils together with common nontoxic kitchen ingredients like baking soda, lemon, and vinegar. Discover how fruits and herbs can brighten any room with revitalizing scents.

*The New Mindful Home* Sep 22 2021 Make your home more mindful and discover a more considered way to decorate with this beautifully presented guide by acclaimed interior stylist, Joanna Thornhill. We often think of mindfulness in relation to meditation, but our homes and interior design can play a big part in our emotional well-being. *The New Mindful Home* demystifies the links between body, mind and soul to explain how you can harness the power of mindfulness to help our homes support a more

considered lifestyle. How do we create spaces that can calm and revives us? With the same practical attention to problem-solving as in her first book, *My Bedroom is an Office*, author Joanna Thornhill helps you create an environment you will always want to come home to. *The New Mindful Home* explores how you can use interiors to aid living with intention, slow living, creating supportive room layouts, considering mindful effects of color, and embracing plants and natural elements in our homes. Enhanced by beautiful contemporary photography, this book will provide interior design inspiration for a generation who want to consider how they can live more mindfully.

*A Simply Homemade Clean* May 07 2020 ABOUT THE BOOK Would you like to rid your home of commercial, toxic products but don't want to pay the price for the 'all natural', 'organic' products that line the

shelf? Learn to make your own! Create everything from your own laundry soap, to homemade dryer sheets, antibacterial spray cleaners, potpourri blends, fabric softeners, calendula salve, homemade 'Vaseline,' handcrafted Eucalyptus Chest Rub . . . even tips for the outside of the homestead and much more! A must have for those looking not only to simplify, but to cut that grocery bill down, create a healthier environment for our families, and revive the art of making our own! FROM THE BOOK If we knew how to make our own cleaning products to replace the toxic, commercial ones . . . would we? Would we put forth the effort required? The desire to make my own products stemmed from the frugal, self reliant side of me. I wanted simple; homemade; natural. Remember the definition of simple is NOT 'easier.' Living "simply" in our times, means making a deliberate choice to

differ from the mainstream of today's societal norm. My desire changed over to sheer determination, when one of my children was diagnosed with a myriad of allergies, chemical sensitivities, and asthma. After much study and research, we were determined that we could not have those products in our home, they are useless (when God has provided all we need to make our own) and harmful to everyone in our home. Join me, as I show you how to easily make your own natural, homemade, handcrafted products that are not only less expensive but truly better for our families, our home and God's Creation.

**Chickens in the Road** Feb 13 2021 Suzanne McMinn, a former romance writer and founder of the popular blog [chickensintheroad.com](http://chickensintheroad.com), shares the story of her search to lead a life of ordinary splendor in Chickens in the Road, her inspiring and funny memoir. Craving a life that would connect her to the earth and her family roots, McMinn packed up her three kids, left her husband and her sterile suburban existence behind, and moved to rural West Virginia. Amid the rough landscape and beauty of this rural mountain country, she pursues a natural lifestyle filled with chickens, goats, sheep—and no pizza delivery. With her new life comes an unexpected new love—"52," a man as beguiling and enigmatic as his nickname—a turbulent romance that reminds her that peace and fulfillment can be found in the wake of heartbreak. Coping with

formidable challenges, including raising a trio of teenagers, milking stubborn cows, being snowed in with no heat, and making her own butter, McMinn realizes that she's living a forty-something's coming-of-age story. As she dares to become self-reliant and embrace her independence, she reminds us that life is a bold adventure—if we're willing to live it. Chickens in the Road includes more than 20 recipes, craft projects, and McMinn's photography, and features a special two-color design.

#### **Natural Cleaning Recipes**

Apr 05 2020 Books are written about recipes all the time, but "Natural Cleaning Recipes" is a bit different. This book focuses on cleaning recipes that can be used to sanitize not only the home, but anywhere else that needs cleaning as well. What most people don't realize is that a lot of simple ingredients that they have in the kitchen can safely help to clean up a mess and kill germs. Protecting yourself from breathing in harsh chemicals while cleaning is very important! In this book the author explains what the process of natural cleaning is, and also how various products can be used to clean a number of different things. The book is ideal for anyone seeking to be more environmentally conscious. The cleaning products that you can make from these recipes can not only be used in the home, but may be used in the office as well. There are even recipes that will help you clean your car! If a stronger cleaning solution is required, then suggestions are made for chemical based alternatives that are not extremely hazardous. This simple book will help you take care of the majority of your cleaning needs naturally and safely.

**DIY Cleaning Products** Jul 21 2021 If you haven't really considered making your own cleaning products before now, it is very likely that by the end of "DIY Cleaning Products: Homemade Cleaning Recipes for Sustainable Living," you will be wondering why you waited so long. Doing this yourself is easy, saves a ton of money, and ensures you know what chemicals and other substances are entering your family's environment. Best Selling Author Gaia Rodale introduces you to DIY cleaning products, provides a list of the most common ingredients in cleaning product recipes, and lists any special tools and equipment you need to get started. The majority of the guide is packed with recipes

for all the different kinds of cleaning solutions you need to clean your house from top to bottom. You'll learn just how easy it is to stop spending so much money on heavily perfumed versions of products you can make in your own kitchen for pennies on the dollar. The list of common ingredients, which is fairly short, demonstrates just how simple greener cleaning can be. You will learn: • Why making your own natural cleaning products is better for your family, the environment, and your wallet (with just one of these recipes you can save over \$150 a year on cleaning products!) • What kinds of ingredients are commonly used, there are really only a few and they're easy to find (no scouring the internet to find a source necessary) • What each common ingredient does with respect to cleaning, this way you can develop your own recipes if you like • The tools and equipment you will need to get started, most of these things you already have laying around the house • How to make cleaning products for the bathroom, from toilet bowl cleaner to shower spay and everything in between • How to make cleaning products for the kitchen, like oven cleaner, a microwave scrub, and even powdered and liquid dishwasher soaps and a rinse agent • How to make general cleaning products for all the other rooms in the house from floor cleaner to window spray, furniture polish to dusting rags, even reusable disinfecting wipes and carpet stain remover • How to make all the products

you need to do laundry with powdered or liquid laundry soap, fabric softener, stain remover, and reusable dryer sheets With this guide you can toss out all the potentially-toxic, chemical-laden, perfume-heavy high priced cleaning products you grew up using and get started making healthier natural products that will clean your house without endangering your family or your finances.
