Playtime: B: Class Book Feb 05 2021 There are 60 core lessons for Levels A and B, which can be boosted by an extra 30 lessons in the Work Book. The Class Book contains a Starter Unit and six units with core teaching materials and two festival and holiday units. There are 6 pages of mini flashcards (smaller versions of the flashcards) along with pop outs. Great home-school links with the Class Book 1. Class Book activity pages are perforated - so children can take them home 2. In every unit the children make a pop-out based on the story that they can take home to tell the story there. The Class Book contains EIGHT activities per unit: 1. Two consolidation activities - following the story 2. Two vocabulary activities - to practise the vocabulary song 3. Cross-curricular/DVD activity - to consolidate the theme 4. Own life activity - to personalise the topic to the child's life 5. Key language activity - to bring together all of the language learnt in the unit 6. Song activity - using the pop outs

**Music as Discourse** Jun 28 2020 The question of whether music has meaning has been the subject of sustained debate ever since music became a subject of academic inquiry. Is music a language? Does it communicate specific ideas and emotions? What does music mean, and how does this meaning occur? Kofi Agawu's Music as Discourse has become a standard and definitive work in musical semiotics. Working at the nexus of musicology, ethnomusicology, and music philosophy and aesthetics, Agawu presents a synthetic and innovative approach to musical meaning which argues deftly for the thinking of music as a discourse in itself--composed not only of sequences of gestures, phrases, or progressions, but rather also of the very philosophical and linguistic props that enable the analytical formulations made about music as an object of study. The book provides extensive demonstration of the pertinence of a semiological approach to understanding the fully-freighted language of romantic music, stresses the importance of a generative approach to tonal understanding, and provides further insight into the analogy between music and language. Music as Discourse is an essential read for all who are interested in the theory, analysis and semiotics of music of the romantic period.

*Canada's Cold Environments* Nov 21 2019 Low temperatures, wind-chill, snow, sea ice, and permafrost have been primary characteristics of Canada's northern and alpine environments for the past two million years. The evolution of Canada's cultural landscapes, the processes of settlement of rural areas, and the present interaction of Canadian industrial society with its biophysical environment are all deeply influenced, directly or indirectly, by the frigidity of the greater part of the country. The phenomenon of global warming, if it occurs, will lessen this coldness, but its impact on temperature extremes, sea ice regimes, vegetation, snow distribution, permafrost, glaciers, lakes, rivers, and mountain hazards is the subject of intensive research - the highlights of which are reviewed in Canada's Cold Environments. Eleven of Canada's leading geographers, geologists, and ecologists provide an authoritative yet readable scientific statement about the physical nature of Canada's coldness. They focus on the distinctive attributes of Canada's cold environments, their temporal and spatial variability, and the constraints that coldness places on human activity. The book is aimed at environmental scientists at all levels who need informed overviews of the substantive findings on a range of cold-related topics.

**Writing Engagement, Grade 8** May 20 2022 These fun writing exercises will improve students' understanding of the writing process along with their language arts skills. This engaging reinforcement workbook includes reproducible practice and application work pages, evaluation rubrics for teacher and students, student writing prompts, writing skills tests, and an answer key. *1 Timothy, Volume 1* Apr 19 2022 1 Timothy is one of the more controversial documents in the New Testament. For years, critical scholars have rejected Pauline authorship, highlighted the apparent misogynistic quality of the text, and argued against any coherence in the letter. Jeon takes a fresh look at the letter, incorporating many recent advancements in NT scholarship. In detail he demonstrates the macro- and micro- chiasmic arrangement of the entire letter and explains how the presumed first-century audience would have heard and responded to an oral performance of the letter. In doing so, Jeon offers a fresh challenge to more popular ways of (mis)understanding the letter and points a way forward for appropriating the letter both in academia and in the church.
