Blood Legacy Jun 30 2020 LONGLISTED FOR THE BAILLIE GIFFORD PRIZE 'An incredible work of scholarship' Sathnam Sanghera Through the story of his own family's history as slave and plantation owners, Alex Renton looks at how we owe it to the present to understand the legacy of the past. When British Caribbean slavery was abolished across most of the British Empire in 1833, it was not the newly liberated who received compensation, but the tens of thousands of enslavers who were paid millions of pounds in government money. The descendants of some of those slave owners are

among the wealthiest and most powerful people in Britain today. Blood Legacy explores what inheritance – political, economic, moral and spiritual – has been passed to the descendants of the slave owners and the descendants of the enslaved. He also asks, crucially, how the former – himself among them – can begin to make reparations for the past.

The Owner's Role in Project Risk Management Jan 06 2021 Effective risk management is essential for the success of large projects built and operated by the Department of Energy (DOE), particularly for the one-of-a-kind projects that characterize much of its mission. To enhance DOE's risk management efforts, the department asked the NRC to prepare a summary of the most effective practices used by leading owner organizations. The study's primary objective was to provide DOE project managers with a basic understanding of both the project owner's risk management role and effective oversight of those risk management activities delegated to contractors.

The Beautiful Tree Dec 05 2020 Upon its release several years ago, The Beautiful Tree was instantly embraced and praised by individuals and organizations across the globe. James Tooley's extraordinary ability to braid together personal experience, community action, individual courage, and family devotion, brought readers to the very heart of education. This book follows Tooley in his travels from the largest shanty town in Africa to the mountains of Gansu, China, and of the children, parents, teachers, and entrepreneurs who taught him that the poor are not waiting for educational handouts. They are building their own schools and learning to save themselves. Now in paperback with a new postscript, The Beautiful Tree is not another book lamenting what has gone wrong in some of the world's poorest communities. It is a book about what is going right, and powerfully demonstrates how the entrepreneurial spirit and the love of parents for their children can be found in every corner of the globe.

First Overland Feb 19 2022 Why Not? After all, no-one had ever done it before. It would be one of the longest of all overland journeys - half way round the world, from the English Channel to Singapore. They knew that several expeditions had already tried it. Some had got as far as the deserts of Persia; a few had even reached the plains of India. But no one had managed to go on from there: over the jungle clad mountains of Assam and across northern Burma to Thailand and Malaya. Over the last 3,000 miles it seemed there were 'just too many rivers and too few roads'. But no-one really knew ... In fact, their problems began much earlier than that. As mere undergraduates, they had no money, no cars, nothing. But with a cool audacity, which was to become characteristic, they set to work - wheedling and cajoling. First, they coaxed the BBC to come up with some film for a possible TV series. They then gently persuaded the manufacturers to lend them two factory-fresh Land Rovers. A publisher was even sweet-talked into giving them an advance on a book. By the time they were ready to go, their sponsors (more than 80 of them) ranged from whiskey distillers to the makers of collapsible buckets. In late 1955, they set off. Seven months and 12,000 miles later, two very weary Land Rovers, escorted by police outriders, rolled into Singapore - to flash bulbs and champagne. Now, fifty years on, their book, 'First Overland', is republished - with a foreword by Sir David Attenborough. After all, it was he who gave them that film.
